EDPH (A)

College - Presidency, Madras - Levy of
Research Fee.

From the DPI, R.O.C. No 1274 E-3/46 & 9-9-46 plant

According to G.O. No 1877 Edu

& 2-9-36, University Stipendiaries doing research
works in the Science laboratories of the Presidency College,
Madras are required to pay their research fees
monthly in advance for ten months in the year.

The DPI is requested to state whether fees at the
rates mentioned above, are being levied since 1936
and if so, to clarify on what points, the orders of
Govt are now solicited

 ms

The Govt direct that Research fees at the following rates be levied from the recipients of the ten studentships sanctioned in C.O. No. 860 Edu d 23-4-46 for the Presidency College, Madras: -

Subject	Rates of fees per mensem
Physics	Rs 15
Chemistry	Rs 15
Other Subjects	Rs 10

The fees are payable monthly in advance for ten months in the year.

 27/11/46

Colleges - Court - Levy of Research Fee in Presidency College

S3387/46, From the DPE, Rec no 1274 E-3/46 & 9-9-46

Fees at the following rates are levied from the University Stipendiaries doing research works in the Science laboratories of the Presidency College, Madras.

Subject	Rates or fees	
	Fellows	Students
Physics	20	15
Chemistry	20	15
Other subjects	15	10

The fees are payable monthly in advance for ten months in the year. In C.O. No 860 Edn & 23-4-46, the Court have sanctioned ten Research Studentships of the monthly value of Rs 75/- one for each of the subjects mentioned below in the Presidency College, Madras for a period of one year from the academic year 1946-47.

- (1) English (2) Indian Language (3) Maths.
- (4) Physics (5) Chemistry (6) Botany
- (7) Zoology (8) Geology (9) History and Politics
- (10) Economics.

The DPE now wants to know whether research fee at the rates collected from the University Stipendiaries, may also be levied from the recipients of the ten Studentships mentioned above. It may be noted that Research fee is levied from University Stipendiaries for the concession allowed to them for using the Science laboratories of the Presidency College. The recent creation of the ten Studentships, on the other hand, is a direct result of the recommendation of the University of Madras with a view to encourage research works by way of grants

from the Govt. It does not seem to have been the intention to levy any fees from the holders of research by way of grants on the one hand and

(a) 11/2/47

2
 If these studentships for their research work in Govt Laboratories. Such a levy would in effect mean a considerable reduction in the value of the studentships. Further, it will create a major portion by way of fees levied from the recipients of such grants. The very purpose of the institution of such studentships will be defeated if such a course is followed. In the circumstances, the D.P.I. may be told that research fee need not be levied from the recipients of the ten Studentships referred to. Finance may see for remarks.

disparity in the value of the studentships between those in Scientific subjects involving laboratory work & those not, like English, History etc.

10.10.46
 10.10.46

11/10/46

16/10/46

Finance (Accts. A)

The case relates to the question of levy of research fees from the recipients of the ten studentships sanctioned in G.O. No. 860 Edn. dated 23-11-46.

2. At present, fees at the following rates are levied from the following University Stipendiaries doing research work in the Science Laboratories of the Presidency College, Madras.

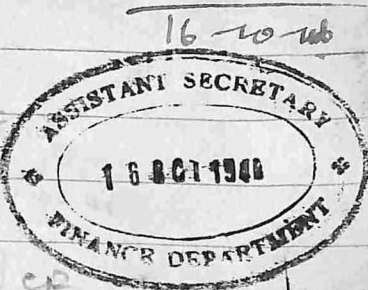

Subject.	Rates of fees.	
	Fellows.	Students.
Physics.	20	15
Chemistry.	20	15
Other subjects.	15	10

E.P.H. consider that it does not seem to have been the intention to levy any fees from the holders of these studentships for their research work in Government laboratories.

They propose that no research fees may be levied from the recipients of the ten studentships referred to above, as the collection of fees will create ^{disparity} in the value of studentships between those in Scientific subjects involving laboratory work and those not, like English, History, etc.

3. It is not clear why research fees should not be levied from the recipients of the studentships sanctioned in G.O. 860 dated 23-4-46, when similar fees are collected from the

Edn. No. 5388 P. 11/10/46

56058

p 8 of (a)

There was not then any intention to exempt them from research fees

NAV
 22.10.46

B above.

(X)

Research work involves the constant use of Scientific instruments and it is only ~~not~~ reasonable that some ~~small~~ fees should be collected towards cost of wastage, replacements etc. The cost of laboratory ^{apparatus} chemicals and other materials are very expensive and ^{scarce} in these days. Research work done by the University stipendiaries and the recipients of the studentships sanctioned in the G.O. at (X) stand on the same footing.

4. In the circumstances, there does not appear to be any strong case at all for foregoing the fees that could legitimately be collected for the use of the Science laboratories in the Presidency College.

Finance may, therefore, advise that research fees may be levied from the recipients of studentships sanctioned in the G.O. at (X) on the same rates as in the case of University Stipendiaries.

The Fellows and the Students from whom fees are levied in accordance with G.O. 1874 Edn. & 2-9-36 are also paid stipends by the University - see portion M on p. 3 of the G.O. at (a). There is no particular reason why the Govt. stipendiaries should be accorded a more favorable treatment.

I agree and the concession if given to the Govt. stipendiaries will give rise to a similar claim in respect of the University stipendiaries also. The intention as far as can be gathered from the Adviser's minute on p. 4 of (X) was for the Govt. to do their bit along with the University and to be more generous to the individual than the University.

The question is whether similar fees should be levied from the recipients of the ten ~~Studentship~~ ^{Studentships} sanctioned in C.O.N. 860 Edu of 23-11-46. ~~This Dept~~ ^{This Dept} considers that similar the fees should not be levied ~~in the present~~ for the reasons stated at Aor pp 1-2 ante. On the other hand, Finance are of opinion that research fees should be levied from the recipients of the studentships in question. This Dept may perhaps adhere to its former views.

The Com may be circulated to H M (Edn) and HPM for orders. In the circumstances stated by Finance it is for consideration whether that Department's view may be accepted ^{May be accepted} and fees levied from the recipients of the ten studentships at the rates levied from University stipendaries.
