MINISTER FOR EDUCATION
5 AUG 1946
GOVT. OF MADRAS

SECRETARY, EDN. AND P. H. DEPT.
7 - AUG 1946
GOVERNMENT OF MADRAS

44712

While enclosing herewith two letters from 'Deccan Times' and 'Muslim India' dated 14-7-46 and 7-7-46 respectively, I am to inform you that the Muslims of Perambur, Perambur Barracks, and Purasawalkam have already submitted Memorials to the Govt. last year without any result. I regret to bring to your kind notice that as many as 250 Muslim boys of school age from the above localities are remaining idle for want of a Muslim High School as they cannot prosecute their studies in Hindu Schools where the medium of instruction is Tamil.

I also enclose herewith statistics of boys who are at present studying in the lower classes of the two Govt.High Schools which are situated not less than 3 Miles from the localities above mentioned. The long distance coupled with the poverty of parents is a serious impediment for the educational progress of Muslim boys of these localities.

I therefore request you to be so good as to look into this case and cause the opening of a Govt. High School for Muslim boys at Perambur Barracks at least from the next year - I need hardly say that the local Muslims would indeed feel grateful to the present Govt: if the educational needs of their children are attended to at an early date.

Yours faithfully,

Hony SECRETARY.

A MUSLIM HIGH SCHOOL, PLEASE !

The crying and urgent need of a Muslim High School in this part of the city comprising Periamet, Purasawalkam, Vepery, Perambur Barracks and Perambur, is keenly and irresistibly felt, as about two hundred and fifty boys residing in these localities have been refused admission in lower and higher forms in the two Government institutions: Government Madrassa-e-Azam, Mount Road, and Government Muhammadan High School, George Town, due to want of seats and this fact can be ascertained from the Headmasters of the respective institutions. The attention of the Government was repeatedly drawn to the urgency of the opening of a Muslim High School in Perambur Barracks catering to the educational needs of the students of this and the surrounding localities and they have shelved the matter to be taken up belatedly after a period of two years.

The educational necessities cannot tolerate any more delay and call for the immediate opening of a Government Muslim High School imparting education upto Sixth Form.

Schools - Opening of a Government Middle School for Muslim Boys in Perambur area - Madras - Proposals - submitted.

Ref: Govt.Endt.No.44712-B-1/46-1 Edn., dated 10th August 1946.

In resubmitting herewith the Government Endorsement cited above, I have the honour to state as follows:

Put up in another file not available

In reply to Government Memorandum No.48997-B-45-1 and 2 dated 2-11-45 and 9-11-45, I had stated in my letter Rc.No. 915 A/45 dated 30-11-45 that I would submit a report in regard to the opening of a Government Middle School for Muslim Boys in Perambur area for consideration of Government in connection with Part II Schemes for 1947-48. Government have also informed the Secretary of the Young Muslim Students Association, Madras that the existing Corporation Muslim Boys Elementary School, Perambur would be converted into a Government Middle School after it was developed into a complete Higher Elementary Schoolsby opening standards VII and VIII in the next two years. Please see Government Memorandum No.3889 B/46-1 Edn., dated 31-1-46. In the Corporation Muslim Boys Higher Elementary School, Dodashamakan Standard VII was opened during the school year and standard VIII has to be opened in 1947-48. Since there is an urgent demand for a middle school in the locality, I recommend that Government may be pleased to sanction the opening of the Middle school for Muslim boys with Forms I to III only by taking over the management of the Corporation Higher Elementary School for Muslim Boys, Dodashamakan from the beginning of the next school year.

Put up in another file not available

The bulk of the Muslim population in Perambur area is found in Dodashamakan, Perambur Barracks, Sembiam, Choolai and Puliantop and the approximate muslim male population in the area comprising these localities is estimated at 18,000. The District Educational Officer, reports that Dodashamakan in Straham's Road is central to the area. At present this area is served by two schools for Muslim Boys viz. (1) Corporation Higher Elementary School for Muslim Boys, Dodashamakan and (2) Corporation Muslim Boys School, Perambur Barracks. The latest standardwar strength of these schools is as follows:

		Corporation Higher Ele. School for Muslim Boys Dodashamakan.	Corpporation Muslim Boys School, Parambur Barracks.
Std.	VII	22	7
	VI	50	-
	V	24	47
	IV	33	58
	III	43	66
	II	47	75
	I	29	57

p.t.o.

12

It is also reported that 27 muslim Boys from these areas are also attending the R.B.C.C.C. High School Perambur and the Elementary School Agaram. For want of facilities for Secondary Education Boys are also attending the Muslim Schools in George Town and Mount Road. The number of Muslim Boys from this area attending the Government Madrasa - i - azam and Government Muhammadan High School George Town is reported to be 112 and 42 respectively. From the above facts it may be seen that there is need for a secondary school in the area and that there is also much scope for the development of a Secondary School.

The Corporation Muslim Boys Higher Elementary School Dadashamakan is held in a rented building on a monthly rent of Rs.70/- The District Educational Officer reports that the accommodation cannot be considered adequate but that it is understood that the owner has agreed to put further extensions on payment of increased rent of Rs.50/-. The existing accommodation with the proposed extension will be sufficient for meeting the requirements of the proposed middle school.

The Corporation may be requested to run the elementary school with classes I to V in some ~~otherxx~~ other building so that it might serve as a good feeder school to the middle School.

The financial effect of the proposal is summarised below:

Cost in 1947-48.

Recurring.				
Pay of	1 Headmaster in the cadre of School Assistants on Rs.70--200.	70 x 9. +18	630	162

1 OCT 1946

SIR,

SUB: Opening of a Government Muslim Secondary School at Payangadi, Madai Amsom, Chirakkal Taluk - North Malabar - Proposals.

57953

I have the honour to submit herewith a proposal for the opening of Government Muslim Secondary School at Payangadi, Chirakkal Taluk in June 1947.

2. The Madai Amson in the Chrikkal Taluk has the largest concentration of Muslim population in North Malabar excluding the three Municipalities and the census town of Badagara. The next in point of population is Matool, a neighbouring amsom. The population of these amsoms is as follows:

	Muslims	Others	Total
Madai	6576	5604	12180
Mattool	5267	1891	7158

There are at present three higher elementary boys schools in Madai, two of which are Mappilla schools; two Mappilla higher elementary schools, one boys and another girls in Mattool. It has been reported that there is a great desire among the Mappilla citizens of the two amsons to give higher education for their children and for want of facilities in this direction many of the pupils discontinue their studies after standard VIII. The Darse Committee at Puttiangadi and the Vidyabhi Vardhini Sangam at Payandi have requested that a second school should be opened in the locality and Payangadi being a central place serving the two amsoms will be a suitable place for opening the new school. The Dt.Edl.Officer, North Malabar anticipates that there will be sufficient strength in forms I to III of the new school. The nearest high school is the Board High School at Chenkunup, which is about 5 miles away from the place. As the proposed middle school is to serve predominantly Muslim interests I do not consider that the Board High School will be affected by the opening of the school. There is thus a need for the opening of a middle school in the locality. As the locality consists of a large population of non-muslim also. As in the case of the Government High Schools at Kasargod and Malappuram, special scholarships have to be provided for the new school also, proposals for which will be submitted later.

3. As regards accommodation, the Darse Committee at Pudiangadi have agree to place at the disposal of Government 5 acres of land and a temporary shed, while the Vidyabivardhini Sangam at Payangadi have also agreed to donate 5 acres of land with a building together with an endowment of Rs.10,000/-. This will be sufficient for the present.

4. The following staff will be required:-

1	Headmaster	Rs. 70 - 130
2	Secondary Grade Assistants	30-55
1	Malayalam Pandit	35-45
1	Physical Training Instructor	30-55
1	Drawing Master	30 - 55
1	Manual Training Instructor	30 - 55
1	Peon	12 - 17

P.T.O.

5. The financial effect of the proposal will be as follows:

1947-48.

Recurring:	Rs.	
Pay of One Headmaster (10 months)	700	180
2 Secondary Grade assistants	540	160
1 Pandits	315	864
1 Physical Training Instructor Rs. 23 - 45 plus Rs.5 special pay	252	1204
1 Drawing Master	207	
1 Manual Training Instructor	207	
1 Peon	120	
	2341	+1204 = 3545
Non-Recurring:		
Furniture	3000	
Apparatus and Materials	500	
Books and Periodicals	500	
	~~4000~~	
	6341 or 6300	
Ultimate cost.		
Average pay 1 1 L.T. Asst. 114 8/9 x 12	1379	240
-do- 2 Secy Grade 42 2/9 x 12 x ~~12~~ 2	1013	648
-do- 1 P.T.I. 33 4/15 plus 5 x 12	459	768
-do- 1 Drawing master 33 4/15 x 12	399	1656
-do- 1 Manual Trg. Instructor 33 4/15 x 12	399	
-do- 1 Pandit 41 4/9 x 12	497	
-do- 1 Peon 14 7/10 x 12	176	
Contingencies	300	
Books	200	
Apparatus and materials	200	
	5022 or 5000	6675

I consider that in the first year the Headmaster and the peon should be appointed a month in advance to attend to the arrangements connected with the opening of the schools and hence I have made provision for them for 10 months in 1947-48

6. I am including the negessary provision in part II of my Budget Estimate for 1947-48.

PRIME MINISTER
1 AUG 1948
GOVT. OF MADRAS

To
The Chief Minister to
The Government of Madras
M A D R A S.

The humble representation of the people of Jangareddigudem, Polavaram (Agency) Taluk, West Godavari District, requesting the sanction of a Middle school.

Honoured Sir,

We the humble villagers of Jangareddigudem beg to represent the following for favour of your Honour's kind consideration and immediate action.

53950

Jangareddigudem is one of the three big villages of Polavaram Taluk. It is situated in the interior having a population of about 4 to 5 thousand. The other two villages are Polavaram and Gutala. They are both on the Godavari river side. There is one Government High School at Polavaram. Gutala having a Government Higher Elementary school is only five miles from it. Jangareddigudem being in the interior is not having any secondary school within a radius of 30 miles. Thus the poor Agency people of these parts are deprived of the benefits of Secondary Education. Their poor status cannot afford to get their children educated in distant places even from middle school classes the chances of secondary education for them have been far remote.

Further Jangareddigudem forms the centre for several villages which solely depend on it for marketing, medical aid, and transport. A big shandy takes place here every thursday which transact business worth about a lakh of rupees of Agency produce. There is a Government dispensary for medical aid. There are proposals to devolop it into Hospital with a pucca impatient ward also. This is a junction of roads leading to Polavaram, Kovvur, Ellore and Nizam States with regular bus communications.

Also Jangareddigudem stands first in the taluk for its commercial importance. To add to the shandy there is a ~~ex~~ Graphite Factory and many Timber Depots here regularly transporting the commodities on lorries to the plains. This village also deals in foreign export of palmyrah fibre.

Jangareddigudem is also the official Headquarters of several Officers such

Edn. JPH (B1) Department.

DIRECTOR OF PUBLIC INSTRUCTION
19 SEP
MADRAS

as the Police Circle Inspector, Sub Inspector, P.W.D.Supervisor, the provincial Excise Sub Inspector, Central Excise Sub Inspector and the Forest Range officer. This is also the station for the Denary Chairman of the C.M.S.Mission. The branch post office here is rece devoloped into a Sub office with telegram connection from Ellore. There is travellers - bungalow and Radio ~~xxx~~.and cooperative stores for the village.

Though Agency the country here is almost opened and brought under cultivation. Several agricultural families are emigrating here from plains and settling in these parts. for the purpose. Thus it is needless to say that this place is devoloping commercially agriculturally and industrially as well. All these devolopments naturally predict a heavy increase in population in the near future.

Further the village was managed by the union Board till October 1942 when it was abolished the local board Act having been withdrawn from the taluk. But to the hard pligh of the poor villagers the taxes and the local cess levied under the local Board Act are --- still being collected though the management was taken over by Provincial Government. With all that the education of the poor children is not receiving proper attention of the --- Government. They are not even given the benefit of compulsory education.

We therefore beg to represent to your Honour to kindly consider the educational need of the locality and take immediate steps to devolop the esisting Government Higher Elementary School of this Jangareddigudem village into a middle school for the benefit of the backward Agency people of these interior parts. We assure that many ~~xxxxx~~ surrounding villages contribute strength to the middle School .

We also beg to submit that the present rented school building with an open site of about 4000 sq. yards is offered for sale by the owner to the Government and the matter is receiving attention. The building is located in an open site at the extrimity of the village. There is land available for acquisition all round and extention on any side to suit the requirements of a middle school is possible. Site is also available for play-ground. The building is in good sanitary condition and is having a well in the compound fit for drinking purposes.

The strength of the school is steadily increasing and would increase all the more if its status is raised. We therefore beseech the benign Government to kindly consider the needs of education of these Agency tracts in the light of the above facts and may be pleased to take immediate steps to convert existing Higher Elementary School into a Middle School for which we shall all be ever faithful to your Honour.

We beg to remain
Honoured Sir,
Your Most obedient members of the Parents Association.

Jangareddigudem.

ASST. SECRETARY TO GOVERNMENT
2 - OCT 1946
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

58155

Sub: Education - Agency - West Godagari District - Polavaram agency Taluk - Govt. Higher Elementary School at Jangareddigudem - Conversion into a middle school - proposals.

18 ante

Ref: Govt; Endt. No.53950-B1/46, Education, dated 17-9-46.

In resubmitting herewith the Government Endorsement cited above, I have the honour to state that the Government Higher Elementary School at Jangareddigudem in Polavaram Agency Taluk, West Godavari District may be converted into a middle school with classes I to V and Forms I to III with effet from the next school year 1947-48.

I also submit herewith a copy of the letter Roc.No.A-7-8362-46, dated 19-9-46 from the Agent to Government, West Godavari District recommending the conversion of the Higher Elementary School in question into a middle school. The Agent reports that there is one High School at Polavaram and all other schools in the taluk are Elementary Schools. Jangareddigudem is reported to be a prominent commercial centre. The population of the place is 3618 and there is every prospect for a middle school to thrive at this place. The number of pupils in the Higher Elementary Standards is encouraging and the Agent reports that the opening of a middle school at Jangareddigudem will not affect the High School at Polavaram.

The following staff is required for a middle school with Class I to Form III. With single section in each class and form.

1 Headmaster in the cadre of School Assistants & Deputy Inspectors
7 Secondary Grade teachers, 1 Pandit, 1 Physical Training Instructor
1 Manual Training Instmactor, 1 Drawingmaster,
1 Clerk and 1 Peon.

The financial effect of the proposal is summarised below:

Copy of Roc. A.7-8362-46, dated 19-9-46 from the Agent to the Government of Madras, West Godavari.

"Sub: Education - Elementary West Godavari District - Polavaram Agency Taluk - Jangareddigudem Village - Conversion into a middle school - sanction - Proposals.

--

Sri M. Bapineedu, M.L.A., Ellore has suggested in his letter dated 10-7-46 enclosed, that two middle schools may be opened one at Jangareddigudem and the other at Koyyalagudem of Polavaram Agency Taluk, as there are lack of educational facilities in the Agency tracts of West Godavari District. There is one High School at Polavaram and all the other schools in the Taluk are elementary schools. The Taluk is extensive and the village of Jeelugumilli which borders the Nizam Dominions is at a distance of 45 miles from Polavaram. It is not therefore possible for the people residing at Jeelugumilli and its surroundings to have their children educated at Polavaram. The village of Jangareddigudem is at a distance of 14 miles from Jeelugumilli and is situated between Polavaram and Jeelugumilli. It is a prominent commercial centre with a police station, and is the Headquarters of the Circle Inspector of Police, the Rev.Inspector the Excise Sub-Inspector, the P.W.D. Supervisor, and the Forest Range Officers. There is a post and telegraph office in the village. The population of the village is 3618 according to the latest census. There is at present one Higher Elementary School for boys in the village and it is inadequate for the present day needs of the public. The present strength of the Higher Elementary Classes of the Govt. Higher Ely. School at Jangareddigudem is as follows:-

VI Standard-28, VII Standard-13, VIII Standard-10.

The same strength for I, II and III Forms respectively, may be expected and there is every scope, for the increase of the strength in course of time. The Special Assistant Agent, Kovvur and the Dt. Educational Officer, West Godavari, Ellore, have recommended the opening of a middle school at Jangareddigudem. The sanction of a middle school at Jangareddigudem does not affect the strength of the High School at Polavaram. As a middle school is proposed to be opened at Jangareddigudem the opening of a middle school at Koyyalagudem which is at a distance of only 8 miles from Jangareddigudem does not arise. I therefore recommend that the Govt. Higher Elementary School at Jangareddigudem may be converted into a middle school and necessary budget provision may be made"

To

The Collector of West Godavari and Agent, Polavaram Taluk,
Ellore.

Dear Sir,

In my recent tour in the Polavaram Taluk I have had many representation from the people about the lack of educational facilities in the Taluk. At present there is only one High School at Polavaram for the whole Taluk, and it is quite inadequate to serve the needs of the Taluk. Besides the above there is not even a middle school any where in the Taluk. The necessity for middle schools is keenly felt both at Jangareddigudem and Koyalagudem two important places in the Taluk.

I therefore request you to take immediate steps for the opening of two middle schools at the places mentioned above and relieve the long felt want of the people."

The humble representation of the people of Jangareddigudem, Polavaram (Agency) Taluk, West Godavari District, requesting the sanction of a Middle school.

46550

ASST. SECRETARY TO GOVERNMENT
16 AUG 1946
EDUCATION AND PUBLIC HEALTH DEPT.

Honoured Sir,

We the humble villagers of Jangareddigudem beg to represent the following for favour of your Honour's kind consideration and immediate action.

Jangareddigudem is one of the three big villages of Polavaram Taluk. It situated in the interior having a population of about 4 to 5 thousand. The other two villages are Polavaram and Gutala. They are both on the Godavari river side. There is one Government High School at Polavaram. Gutala having a Government Higher Elementary school is only five miles from it. Jangareddigudem being in the interior is not having any secondary school within a radius of 30 miles. Thus the poor Agency people of these parts are deprived of the benefits of Secondary Education. Their poor status cannot afford to get their children educated in distant places even from middle school classes the chances of secondary education for them have been far remote.

Further Jangareddigudem forms the centre for several villages which solely depend on it for marketing, medical aid, and transport. A big shandy takes place here every thursday which transact business worth about a lakh of rupees of Agency produce. There is a Government dispensary for medical aid. There are proposals to develop it into Hospital with a pucca impatient ward also. This is a junction of roads leading to Polavaram, Kovvur, Ellore and Nizam States with regular bus communications.

Also Jangareddigudem stands first in the taluk for its commercial importance. To add to the shandy there is a ~~x~~ Graphite Factory and many Timber Depo here regularly transporting the commodities on lorries to the plains. This village al deals in foreign export of palmyrah fibre.

Jangareddigudem is also the official Headquarters of several Officers such

Commissioner. proposals

as the Police Circle Inspector, Sub Inspector, P.W.D.Supervisor, the provincial Excise Su inspector,Central Excise Sub Inspector and the Forest Range officer. This is also the station for the Denary Chairman of the C.M.S.Mission. The branch post office here is rec devoloped into a Sub office with telegram connection from Ellore. There is travellers - bungalow and Radio ~~xxx~~.and cooperative stores for the village.

Though Agency the country here is almost opened and brought under cultivation. Several agricultural families are emigrating here from plains and settling in these parts for the purpose. Thus it is needless to say that this place is devoloping commercially agriculturally and industrially as well. All these devolopments naturally predict a heavy increase in population in the near future.

Further the village was managed by the union Board till October 1942 when it was abolished the local board Act having been withdrawn from the taluk. But to the hard plig of the poor villagers the taxes and the local cess levied under the local Board Act are -- still being collected though the management was taken over by Provincial Government. With all that the education of the poor children is not receiving proper attention of the --- Government. They are not even given the benefit of compulsory education.

We therefore beg to represent to your Honour to kindly consider the educational need of the locality and take immediate steps to devolop the esisting Government Higher Elementary School of this Jangareddigudem village into a middle school for the benefit of the backward Agency people of these interior parts. We assure that many ~~xxxxxxxxxx~~ surrounding villages contribute strength to the middle School .

We also beg to submit that the present rented school building with an open sit of about 4000 sq. yards is offered for sale by the owner to the Government and the matter is receiving attention. The building is located in an open site at the extrimity of the village. There is land available for acquisition all round and extention on any side to suit the requirements of a middle school is possible. Site is also available for play-ground. The building is in good sanitary condition and is having a well in the compound fit for drinking purposes.

Education and Public Health Dept.,
Secretariat.

Referred to the Director of Public Instruction for remarks.

(By order)

Assistant Secretary to Govt.

To

The Director of Public Instruction
Madras.

Page3.

The strength of the school is steadily increasing and would increase all the more if its status is raised. We therefore beseech the benign Government to kindly consider the needs of education of these Agency tracts in the light of the above facts and may be pleased to take immediate steps to convert existing Higher Elementary School into a Middle School for which we shall all be ever faithful to your Honour.

ORDER MS.NO. 2310 EDUCATION, dated 2. 12- 1946.

30/11/46

The Director of Public Instruction is informed that the proposals for the opening of Government Middle Schools for Muslim boys in Perambur area in the Madras City and at Payangadi in North Malabar and for the conversion of the Government Higher Elementary School at Jangareddigudem into a middle school should be deferred.

To the D.P.I.

29/11/46 29/11/46 30.11.46

Edn. & P.H. Department (B1). 25

5 1953 B1146

SCHOOLS - Secondary - Opening of additional schools for Boys - Part II Scheme for 1947-48.

---

pp11-13 cf From the D.P.I., No.3215-K3/46 dated the 30th September '46.
pp15-16 cf Do No.6716-K3/46 dated the Do.
pp23-25 cf Do No.4698-K3/46 dated the Do.

The Director of Public Instruction has submitted proposals for the opening of three middle schools for boys in 1947-48 as detailed below:-

pp11-13 cf (i) Opening of a middle school for Muslim boys with Forms I to III in Perambur area by taking over the management of the Corporation Higher Elementary School for Muslim Boys, Dodashamakan.

pp15-16 cf (ii) Opening of a middle school for Muslim boys with Forms I to III at Payangadi in Chirakkal Taluk, North Malabar District.

pp23-25 cf (iii) Conversion of the Government Higher Elementary School at Jangareddigudem in the Polavaram Agency into a middle school with class I to Form III.

2. The policy of Government is to open separate secondary schools for Muslims at centres with a large Muslim population. The Muslim male population in Perambur area is estimated at 18,000/-. There are two Corporation Elementary Schools - one at Dodashamakan and the other at Perambur Barracks and for want of facilities for secondary education in the locality the boys have to attend the Government Muhammadan High School, Georgetown or the Government Madrasa-i-Azam, Mount Road. Representations have been made to Government that a separate high school should be opened for the Muslim boys in Perambur area. The Director's proposal for the opening of a middle school by taking over the management of the Corporation Higher Elementary School at Dodashamakan may be accepted. The Corporation is not likely to have objection to the proposal. The Director may be asked to ascertain whether it is agreeable to the proposal if he has not already done so.

pp11 cf

pp1-10 cf

P.T.

3. The proposed middle school at Pyangadi in Chirakkal Taluk in North Malabar District is intended to serve the needs of the Mappillas in Madai and Matool amsams where there is a large concentration of muslims. The nearest high school is said to be five miles away and two local Committees have agreed to donate 10 acres of land with a building and a temporary shed to house the school and to endow a sum of Rs.10,000/-. The Director reports that this will be sufficient for the present. The necessity for the opening of the school may therefore be accepted.

p15 cf

4. The Government High School at Polavaram is the only institution for the whole taluk and there is not even a middle school anywhere in the taluk. As the existing facilities for secondary education are inadequate the Agent, West Godavari, has proposed the opening of two middle schools at Jangareddigudem and Koyalagudem.- the two important places in the taluk. The Director considers that it will be sufficient to convert the higher elementary school at Jangareddigudem into a middle school and there is every prospect of a middle school thriving at this place. His proposal may be accepted. Being an agency tract no private body is likely to establish a middle school.

p25 cf

p23 cf

5. The extra cost involved in the proposal is as shown below:-

Head of Account.	Item of expenditure.	Cost in 1947-8. Recurring.	Cost in 1947-8. Non-recurring.	Ultimate cost. Recurring.	Ultimate cost. Non-recurring.
