Rc.No.3113 K3/46 dated 26-9-1946.

Sir,

57128

Sub: Opening of a Government High School for girls in Cocanada - proposals.

I have the honour to submit herewith a proposal for the opening of a Government High School for Girls in Cocanada in 1947-48.

2) The proposal for the opening of a Government Secondary School for girls in Cocanada was considered in connection with Part II scheme for 1944-45, but it was deferred by me. Again this proposal was considered by me in connection with Part II for 1945-46 but as there was a proposal to open higher forms in the existing aided school, viz., A.B.M. Middle School, it was deferred. The Inspectress of Girls Schools, I Circle has again submitted a proposal for the opening of a High School for girls in the town as there is no prospect of the aided middle school being developed into a High School in the near future. She also states that even if the middle school should be developed into a high school, there will be still a need for a Government High School in view of the large number of girls reading in the existing Boys High Schools in the town.

3) The female population of the locality is 50,000 and there is a great demand for Secondary education for girls in the town. There are at present 456 girls reading in the Boys High Schools in Cocanada as shown below:

	Cl.5	F.I.	II	III	IV	V	VI	Total.
P.R.College High School, Cocanada.	14	35	55	70	58	39	34	305
McLaurin High do.	10	18	30	16	23	24	30	151
	24	53	85	86	~~23~~ 81	~~25~~ 63	64	456

p.t.o

The fact that in spite of the existence of a middle school for girls in the locality, about 460 girls are studying in the Boys High Schools, shows there is a need for a separate Girls' High Schools in the town. The Inspectress proposes to have classes 4 and 5 and Form I--VI in the new High School and expects to have a strength of 40 pupils in each of these classes with a prospect of having 2 sections in Forms I to IV.

4) Accommodation: The Inspectress reports that a big upstair building belonging to the Pydah Zamindar of Cocanada is available This building was once occupied by the A.R.P. office and is now vacant. This is considered suitable for the location of the High School. Sufficient space in the Compound is reported to be available for games and Physical Education demonstrations and there is a compound wall on all sides. The probable rent of the building is reported to be Rs.100/- p.m. and the landlord is willing to rent it but for any length of time.

5) The following staff will be required:

1. Headmistress
3 School assistants and 5 secondary grade teachers
1 Telugu Pandit
1 Physical Training Instructress
1 Music Mistress
1 Drawing mistress
1 Sewing Mistress
1 Clerk
2 Peons.

6) The financial effect of the proposal will be as shown below:

In working out the cost provision has been made in the case of the Headmistress and one peon for 10 months in 47-48 i.e. one month in advance and I consider this is necessary as preliminary arrangements have to be made for the opening of the school.

		Rs.

Sir,

SUBJECT: Opening of a middle school for girls at Gudivada - Kistna District.

54334

I have the honour to submit for the favourable consideration of Government the following proposal for the opening of a Government Middle School for girls at Gudivada as a part II Scheme for 1947-48.

The Inspectress, II Circle, Nellore reports that the public of Gudivada are much interested in girls Education and have stressed the need for a girls middle school. The opening of a Secondary school by Government at Ongole about 5 miles from Gudivada has been very successful - and the public of Gudivada desire that such facilities should also be provided for them. Gudivada Municipality has a population of about 17,000. There are 3 municipal Elementary Schools for girls, 25 for Boys and 1 High school for boys. The number of girls studying in various schools is furnished below:

1)	No. of girls in Higher Elementary standards of Girls Ely. Schools	.. 118
2)	No. Boys ,,	.. 121
3)	No.of Girls in class V and Forms I to VI of Boys High School.	.. 134

The strength of the Municipal Higher Elementary School for girls is as follows:-

Standard I	58	Standard V	33
" II	44	" VI	45
" III	38	" VII	21
" IV	25	" VIII	18

The Inspectress suggests that Government may take over the management of the Municipal Higher Elementary School, for girls, Gudivada and convert it into a Middle School for girls with - classes IV and V and Forms I to III. The building housing the Municipal Higher Elementary School for girls is of a type design and it is reported that there is sufficient accommodation for the opening of a middle school - the Inspectress expects not less than 1 section of 40 pupils in each of classes IV and V and 30 in each of Forms I to III.

The probable fee income may be Rs.1400/- per annum.

The Inspectress has further reported that the question of transfer of the building and Equipment of the Municipal Elementary School proposed to be taken over by Government is under correspondence with the Commissioner, Municipal Council, Gudivada. I shall submit a report to Government on receipt of particulars from the Inspectress. In the circumstances I request that Government may be pleased to sanction the opening of a Government Middle School for girls at Gudivada with classes IV and V and Forms I to III from the beginning of the school year 1947-48.

The financial effect of the proposal is as shown below. Provision has been made for the pay of the Headmistress and the peon for 10 months, as it is necessary to appoint the headmistress and the peon, a month in advance of the opening of the Schools after summer vacation

Rc.No.4909 K3/46 dated 16-9-1946.

Sir,

Opening of a Government Middle School for Girls at Krapa - Guntur District - proposals - submitted.

In connection with Part II of the Budget Estimate for 1947-48, I have the honour to submit for the sanction of Government the following proposal for the opening of a Government Middle School for Girls at Krapa, Guntur District.

The female population of Krapa is 12065. The Inspectress reports that there is urgent need for the provision of secondary education facilities for girls at this place. The public are very enthusiastic in this matter. There is only a Board Higher elementary mixed School in the locality and the nearest High School (Boys) is at Kollur 2½ miles away. Krapa has 7 hamlets adjoining it within a radius of 2 to 3 miles and girls from these hamlets will also attend the school at Krapa. The Inspectress reports that in the first a Government Middle School may be opened with classes IV and V and Forms I to III. The following will be the probable strength in each class and Form.

Class	IV	..	25.
,,	V	..	20.
Form	I	..	25
,,	II	..	18
,,	III	..	8

I consider that there is much prospect for a new middle school for girls at Krapa and request that Government may be pleased to accord sanction for the opening of the same.

As regards Accommodation a suitable private building may be secured for rent.

The financial effect of the proposal is summarised below. In working out the cost, provision has been made in regard to the pay of the headmistress and the peon for 10 months as I consider it desirable to appoint the headmistress and the peon a month in advance to do the organisation needed for opening the school.

Cost in 1947-48.

Recurring.

Pay of	1 Headmistress in the cadre of L.T.Assistants.	on Rs.70--200- /70 x 10	= 700

R.C.No.4904-K3/46 dated 21st September, 1946.

Sir,

Opening of a Government Middle School for Muslim girls, Nellore by taking over the management of the Municipal Higher Elementary School for Muslim girls,Nellore-- Sanction requested.

Reference:-Government Endorsement No.12884-Bi-Edn./46 dated 9.3.1946 and my reply thereto R.C.No.227-K/46 dated 11..4..1946.

In continuation with Part II of the Budget Estimate for 1947-48, I have the honour to submit for favourable consideration of Government the following proposal for the opening of a Government Middle School for Muslim girls at Nellore by taking over the management of the Municipal Higher Elementary School for Muslim girls, Nellore.

The need for a middle school for Muslim girls has been stated by the Muslim public in their Mahazar to Government which was referred to me for remarks with the Government Endorsement cited above. The Inspectress also reports that due advantage will be taken by the Muslim public if a middle school is opened for Muslim girls and that the strength will also be encouraging. Since Nellore is a big Muslim centre it is just that it should have a Muslim secondary school for girls. There are 4 Municipal Elementary Schools for Muslim girls at Nellore with a strength of 449 girls. Of the 4 Elementary Schools one is a Higher Elementary School and the strength in this school alone is 211 and there is therefore every prospect for a middle school to thriving at this centre.

The Inspectress recommends that the Municipal Higher Elementary School for Muslim girls,Nellore may be taken over by Government and that a middle school be opened.

As the Municipal Council has resolved to transfer the management of the school to Government I support the recommendation of the Inspectress for the starting of a Middle school for Muslim girls at Nellore with classes IV and V and Forms I to III in the first instance.

The Municipal Higher Elementary School under reference is located in two buildings. The main building is the Government building handed over to the Municipality. The other building is a rented one. These buildings are in the centre of the Muslim locality and the accommodation provided in these buildings is adequate for the present needs of the middle school.

The financial effect of the proposal is as shown below. In working out the cost provision has been made in regard to the pay of the Headmaster and the peon for 10 months as I consider that the Headmaster and the peon should be appointed a month in advance to attend to the organisation and other work connected with the opening of the school.

Sir,

SUBJECT:- Opening of a Government Middle School for Girls at Bezwada - Sanction - requested.

In connection with Part II of the Budget Estimate for 1947-48, I have the honour to submit for favourable consideration of Government the following proposal for the opening of a Government Middle School for Girls at Bezwada.

Bezwada is a very extensive town with a population of 1,50,000. The Dornakal Diocesan High School for Girls is the only school of the type that centers to the educational needs of the girls of this town. The Inspection reports that this school is not as popular as it ought to be and that the public are anxious to have a Secondary school for girls under Government management. The Diocesan High School is at the Eastern end of the town. There is no school for Indian girls at the Western part of the town which is equally populous and perhaps more backward a secondary school for girls will thrive if opened in this part of the town with Forms I to III to start with in view of the following.

(a) The number of girls studying in the elementary schools for girls in the locality is -2096 of which 175 are in Standards VI to VIII.

(b) The number of girls studying in the Boys' High School in the locality in classes V to VI is 178.

(c) The probable number of girls that may join the proposed school is 280 (Form I to III).

The Inspectress reports that for the present the reply has offered for the school the municipal building housing the Muslim girls school at Islampet. The accommodation in this building is reported to be sufficient to meet the present needs of the school and this building is about 2½ miles from the Dornakal Diocesan Girls' High School.

The staff that will be required for the Middle School is 1 L.T. Assistant, 2 Secondary Grade Teachers, 1 Tamil Pandit 1 Physical Training Instructress, 1 combined Drawing and Sewing Mistress, 1 Music Mistress, 1 clerk and peon will be necessary.

The financial effect of the proposal is summarised below. The pay of the Headmistress/ and the peon has been worked out for 10 months as it will be necessary to appoint the Headmistress and the peon a month in advance of the opening of the school, to organise and make necessary arrangements therefor.

The probable fee income of the proposed school will be about Rs.1,500/-.

Cost in 1947-48.

Sub: Schools - Opening of Government Middle School for Girls at (1) Kuthuparamba, (2) Chokli and (3) Dharmadam - proposals - submitted.

In connection with Part II of the Budget Estimate for 1946-47 I have the honour to submit for favourable consideration of Government the following proposals for the opening of a Government Middle School for girls with Forms I to III at (1) Kuthuparamba (2) Chokli and (3) Dharmadam, in North Malabar Dt.

(1) Kuthuparamba: The female population of the locality is 5130 and there are no high school for girls within a radius of 10 miles. There is every prospect for a middle school to thrive in the locality as may be seen from the following

(a) the number of girls studying in the Higher Elementary Standards of Ely. Schools is .. 118

(b) the number of girls studying in the local Boys' High School in Forms I to VI is .. 80

(c) the number of girls that will join the new school will be (Forms I-36, II-30, III-30) .. 96.

As regards accommodation the Inspectress reports that suitable private buildings are available for rent at Rs.80/- per mensem.

(2) Chokli: The female population of the locality is 3779. The nearest Girls' High School to Chokli is 6 miles away at Tellicherry - 371 girls are reported to be studying in the neighbouring Higher Elementary Girls Schools of which 110 are in Standards VI to VIII. The Inspectress reports that after completing their studies in the Higher Elementary Schools the girls have no chance to continue their High School study.

The probable strength of Forms I to III will be 111 (Forms I -40, II -35, III -35).

A private building suitable for school purposes is available for rent at Rs.50/- per mensem.

(3) Dharmadam: The female population of the locality is 6072. The area is reported to be thickly populated. The Inspectress reports that there is real demand for a middle school in the locality. The nearest Girls' High School is reported to be 3 miles away. 343 girls are studying in the higher elementary schools of whom 104 are in standards VI to VIII. The probable strength of the new class will be 85 (Forms I-30, II - 30, III - 25).

A suitable private buildings with play ground is reported to be available for rent - Rs.100/- per mensem.

In the circumstances explained above, I request that Government may be pleased to sanction the opening of a middle school for girls with Forms I to III in (1) Kuthuparamba (2) Chokli, and (3) Dharmadam in the North Malabar District from June 1947.

P.T.O.

The financial effect of the proposal is summarised below:

COST IN 1947-48.

Sir,

R.C.No. 4908-K3/46 dated 20th September,1946.

Opening of a Middle School for girls at Kanigiri, Nellore District--Proposals submitted.

55928

In connection with Part II of the Budget Estimate for Estimate for 1947-48, I have the honour to submit for the sanction of the Government the following proposal for the opening of a Government Middle School for girls at Kanigiri with classes IV and V and & Forms I to III.

The Inspectress reports that there are no facilities for the Secondary Education of girls at Kanigiri, the taluk headquarters. There is a secondary school for boys in the locality but none for girls. There are four Elementary Schools for girls at Kanigiri of which one is exclusively intended for Muslims and one a Higher Elementary School under Mission management. The Higher Elementary school is at one extfimity of the town and the management is not prepared to run a middle school for girls. The Inspectress reports that owing to the lack of facilities for secondary education at Kanigiri/about 30 to 40 girls are sent to Ongole and the A.B.M.High School for girls at Nellore. At Ongole there being no girls school, the girls put up with in a hostel attend the boys High School. Here the public are very eager to have a secondary school for girls in the locality. It is also reported that there are 5 villages within a radius of 5 miles from Kanigiri which will also benefit by the opening of a Middle School for girls.

The Inspectress expects the following strength when the school is opened:

Class IV	..	30
Class V	..	20
Form I	..	40
Form II	..	20
Form III	..	30
Total	...	140

There is every prospect for the new school as the number of girls studying in the local Elementary schools is 573 of which 50 girls are in Standard VI to VIII and as the number of girls studying in the local boys school in Forms I to VI is 34.

As regards accommodation it is reported that a private building on a rental roll of Rs. 25/- per mensem is available for the school. This building is reported to be centrally situated with a compound space. Ultimately the school may be located in a building of its own built in the vacant Government land available in the locality.

The financial effect of the proposal is worked out below. In working out the cost provision has been made in regard to the pay of the Headmistress and the peon for 10 months as I consider it necessary to appoint Headmistress and the peon a month in advance to do the organisation needed for opening the school.

P.T.O.

The probable fee income is reported to bd Rs. 1,000/- per annum.

Cost in 1947 - 1948.

Recurring:

Pay of 1 Headmaster in the cadre of L.T. Assistants on Rs. 70 - 200.	70 x 10	Rs. 700
Pay of 4 Secondary Grade teachers on Rs. 30-55.	30 x 9 x 4	1080
Pay of 1 Physical Training Instructor on Rs. 30-55 with special pay of Rs. 10/-	40 x 9	360
Pay of 1 Music Mistress	30 x 9	270
Pay of 1 Combined Drawing and Sewing Mistressing.	30 x 9	270
Pay of 1 Pandit on Rs. 35 - 45.	35 x 9	315
Pay of 1 Clerk on Rs. 30 - 55	30 x 9	270
Pay of 1 Peon on Rs. 12 - 17	12 x 10	120
Rent	25 x 9	225
Contingencies.		400

Non-Recurring:

Furniture		1000
Books and Periodicals	300	
Apparatus and Materials	400	
		700
	or Rs. 5,700/- in round figures.	5,710/-

Sir,

Sub: Opening of a Government Middle School for girls at Venkatagiri.

******

In connection with Part II of Budget Estimate for 1947-48 I have the honour to submit for favourable consideration of Government the following proposal for the opening of a middle school for girls at Venkatagiri by taking over the management of the Board Elementary Girls' School, Venkatagiri.

The population of Venkatagiri is 16,408 of which 2,098 are Muslims. The female population of the locality is 7999. There is a boys school in the locality and it is reported that girls are not admitted in this school. The Inspectress reports that for the past 2 years representation from the public are being received for the opening of a middle school for girls. The girls now reading in the Board Higher Elementary School are also eager to have secondary education. There are 3 Elementary Schools for girls in the locality including the Board Higher Elementary School, of which one is exclusively intended for Muslims. The number of girls studying in the two girls schools for non-muslim is 633. The probable strength of the middle school if opened will be:

Class IV	.. 32	Form I	- 40
" V	.. 27	II	- 20
		III	- 15
		Total ..	134

There is therefore much scope for development of the middle school. Further in the whole of Nellore District there is only one girls school outside Nellore Town and that is at Gudur. Venkatagiri is a big place and the conditions are favourable.

As regards accommodation the Inspectress reports that the Board Higher Elementary School, Riverside, Venkatagiri, has its own building in a compound.- a government building handed over to the District Board. There is sufficient accommodation in this building for the middle school.

In the circumstances I request that Government may be pleased to sanction the opening of a Government Middle School at Venkatagiri.with classes IV and V and Forms I to III.

The financial effect of the proposal is as shown below: In working out the cost for 1947-48 provision is made in regard to the pay of the Headmaster and the peon for 10 months as I consider that these persons should be appointed a month in advance to do organisation and other work connected with the opening of the school.

FROM:- THE VENKATAGIRI MAHILASABHA VENKATAGIRI TOWN.

(12) 47179 PE/46

TO THE HONOURABLE SRI RAJAH KUMARAJA KUMARAIAH GARU, B.A.L.L.B., THE HONOURABLE EDUCATIONAL MINISTER, MADRAS.

ASST. SECRETARY TO GOVERNMENT EDUCATION AND PUBLIC HEALTH DEPT. 19 JUL 1946

DEVELOPMENT DEPARTMENT

Sir,

We the women of Venkatagiri feel it a great pride and privilege to welcome you to our midst and present the following:-

This land accords you the most warm welcome. We all know you to be a warm and tried friend of the people. You deserve in every way the trust. Your sweet temper and tender heart will never fail to attract the people and to enable you to discharge your duties to the highest extent. We therefore entrust ourselves to your care.

This town has a population of about 16000. But here, for the vast number of our girls, there is no means of education of any sort above high School or Middle School. Even the existing high School assiduously keeps out girls from all classes and the poor that no body is able to afford the expenditure and the incidental physical troubles in trying to give them education any where outside.

DIRECTOR OF PUBLIC INSTRUCTION 493 MADRAS

Honoured Sir,

For the past 15 years we had been moving the Board, the Government and the Jamindar through manifold entreaties and agitations to convert the existing Elementary School for girls into a high School but in vain.

The High School existing in the town is managed by the Rajah of Venkatagiri. Many times the head and the Manager had been approached for the admission of girls but we were waived off sometimes saying there are no facilities for girls sometimes that the Manager is not for co-education. "Where are we to go"?

Thou friend of the depressed:--

This year the Minister for Education you know has proclaimed his determination to establish 84 Middle Schools and many High Schools in the presidency. It is a world wide fact that you are deeply interested in the education of women. Therefore we pray that the existing Elementary School be raised this year itself into a Middle School and admission for girls be ordained into the local High School also this same year.

We also pray that the Local Board's act be so amended as to provide a separate seat for women in the coming Panchayat Board.

We beg to remain,
Honoured Sir,
Your most respectable and loving women
Citizens.

Sir,

Sub: Schools - Opening of a Government Middle School for girls at Kadirur - Kottayam Taluk - North Malabar District - proposals - submitted.

In connection with the Part II of the Budget Estimate for 1947-48 I have the honour to submit for favourable consideration of Government the following proposal for the opening of a Govt. Middle School for Girls with forms I to III at Kadirur, Kottayam Taluk in the North Malabar District.

The Inspectress reports that there is a great demand for a secondary school for girls at Kadirur. The female population of the locality is 7520. There is ample scope for a Girls' High School here. 343 girls are now studying in the neighbouring Higher Elementary Schools of whom 163 are in Standards VI to VIII. There is a Board Boys' High School in the locality and 219 girls are studying in the school. The Inspectress reports that co-education especially in the higher forms is not appreciated by the public of the locality and that if a separate school for girls is opened the strength in forms will be full. It is reported that a minimum strength of 40 may be expected in Forms I to III.

As regards accommodation it is reported that a residential building situated in a large compound is available for the location of the school. The rent - demanded for the building is Rs.75/- per mensem. The house owner has also promised to carry out the alterations required for making the building suitable for school purposes. In the circumstances I request that Government may be pleased to sanction the opening of a middle school for girls at Kadirur with Forms I to III in the first instance from 1947-48.

The financial effect of the proposal is summarised below: In working out the cost provision has been made in regard to the pay of the Headmistress and the peon for 10 months as I consider that the Headmistress and the peon should be appointed a month in advance to do organisation and other work connected with the opening of the school.

COST IN 1947-48:

RECURRING:

Pay of 1 L.T.Headmistress on Rs.70-200- 70 x 10	..	Rs.700
" 2 Secondary Grade Mistresses on Rs.30-55 30 x 9 x 2	..	540
" 1 Physical Training Instructress on Rs.30-55 with Rs.10/- special pay 40 x 9		360
" 1 Combined Drawing & Sewing Mistress on Rs.30-55 - 30 x 9	..	270

Sir,

Sub: Opening of a Middle School for girls at Koilpatti Tinnevelly District.

I have the honour to submit for the favourable consideration of Government the following proposal for the opening of a middle school for girls with Forms I to III at Koilpatti as a Part II scheme for 1947-48.

2. The Inspectress of girls' schools, VII Circle reports that there is demand for secondary education of girls. The female population of the locality is reported to be 7330. The number of girls reading in the Higher Elementary schools in 691 of which 75 are in standards VI to VIII. There is a Board Boys' High School at Koilpatti and the number of girls reading in it is 68.

3. The estimated strength of the proposed Middle School is reported to be 30 in each of forms I to III. The Inspectress reports that there is scope for the development of the new school, She proposes to secure a private building for the accommodation of the school since there is no suitable Government building in the locality.

4. The financial effect of the proposal is shown below. Provision has been made for the pay of the Headmistress and one peon for 10 months as it is necessary to appoint the Headmistress and the peon a month in advance of the opening of the school to make the necessary preliminary arrangements for the opening of the school.

	Cost in 1947-48.

Sir,

Sub: Schools - Opening of a Government Middle School for girls at Ongole - proposals - submitted.

....

57177 Gne

In connection with the Part II of the Budget Estimate for 1947-48, I have the honour to submit for favourable consideration of Government the following proposal for the opening of a Government Middle School for girls at Ongole by taking over the management of the Municipal Higher Elementary School for girls, Ongole.

Ongole is a Municipal Area with a population of about 23,000. There are two high schools and one middle school for boys in the locality but none for girls. The Inspectress reports that at each time of her visit to the place she was apprised of the need for a girls secondary school. No aided agency has come forward to open a secondary school for girls in the locality.

There is need for a middle school for girls in the locality and the prospects are bright. At present 150 girls are studying in the local boys secondary schools where education really required for girls cannot be had. The number of girls studying in the Higher Elementary standards of the two girls schools in the locality is 103, and the following strength may be expected in the proposed school.

Class IV	40
,, V	30
Form I	20
,, II	20
,, III	20
	130

The Inspectress therefore recommends that the management of the Municipal Higher Elementary School, Ongole may be taken over by the Government. As the Municipality has resolved to transfer the management of the school to Government, I support the recommendation of the Inspectress for the starting of a middle school for girls at Ongole with Classes IV and V and Forms I to III to start with.

The financial effect of the proposal is summarised below:-
Income from fees: The probable fee income of the school will be Rs.1000/
Cost in 1947-48. In working out the cost for 47-48 the Headmistress and the peon have been provided a month in advance as necessary arrangements have to be made in connection with the opening of the school.

Recurring:			
Pay of 1 Headmistress, L.T.	..	70 x 10	700
,, 4 Secondary Grade Teachers.	..	30 x 9 x 4	1080
,, 1 Pandit.	.. ..	35 x 9	315

SECRETARIAT TO GOVERNMENT
1 - OCT 1946
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub: Opening of a Government Middle school for girls at Krishnagiri - Salem District, Proposals.
REF: Government Endt.No.43171/46 Ka-1 Bl/Edn dated 13-8-1946.

I am resubmitting herewith the Government Endt.cited above I have the honour to recommend for favourable consideration of Government the request of the President, Panchayat Board Krishnagiri for the opening of a Government secondary school for girls at Krishnagiri

Krishnagiri has a population of 7624 females - There is a District Board Boys High School in the locality but none for girls. The number of girls attending the Boys High School in classes IV and V and forms I to III is 115 - There is a Board Higher Elementary School for girls in the locality and the number of girls attending the Higher Elementary standards of the school is 14. It is reported that the probable strength of a middle school if one is opened will be about 200.

The Divisional Inspector recommends that the management of the Board Higher Elementary schools for girls, Dowlatabad, Krishnagiri may be taken over by Government and converted into a middle School with forms I to III to start with the view of the limited accommodation available in the building housing the Higher Elementary school and in view of the difficulty in securing additional accommodation for the school. The District Board Salem may be requested to run an elementary school with standards I to V - The Divisional Inspector reports that the President, District Board Salem has been addressed as to the opinion of the Board in regard to the transfer of management of the Board Higher Elementary School with the building and the decision of the Board will be submitted on receipt of a further report from the Divisional Inspector.

In the circumstances I request that Government may be pleased to open a Government middle school for Girls at Krishnagiri from the next school year 1947-48.

The financial effect of the proposal is summarised below: In working out the cost, I have made provision in regard to the pay of the Headmistress and the Peon for 10 months as I consider it necessary that the Headmistress and the peon should be appointed a month in advance to do the organisation required for opening the school.

Cost in 1947-48. Recurring				
Pay of 1 L.T.Headmistress on Rs.70-200.	70 x 10			700
Pay of 2 Secy-Grade teachers on Rs.30-55.	30x2x9			540

1 AUG 1946 MADRAS

It is submitted that a girls high school at Krishnagiri is a pressing need in view of the large number of girl students reading in the schools of Krishnagiri. For want of a high school about 95 per cent of girls have to give up their further studies after passing lower forms. Since co-education is against the sentiment of the Hindu public. Thus out of 700 students reading in Schools only 6 are reading in VI Form which does not work out to even one per cent of the school going girls. So on behalf of the Board and of the Krishnagiri public I request the Government may please give a sympathetic consideration to the proposal and pray that early orders may be passed to establish a girls' high school at Krishnagiri to satisfy the pressing need of the town.

The copy of resolution passed by the board unanimously requesting the Government to open a girls high school is enclosed.

R.C.No. 2939-K3/46 dated 30th September 1946.

Sir,

SCHOOLS--Opening of a Middle school for girls at Rayadrug, Penukonda, Nandyal and Rajampet--Proposals--Submitted.

In connection with the Part II of the Budget Estimate for 1947-48 I have the honour to submit for favourable consideration of Government the following proposals for the opening of a Government Middle school for girls at Rayadrug, Penukonda, Nandyal and Rajampet.

The Inspectress of Girls' Schools, III Circle, Bellary reports that there is a great demand for secondary Education of girls in the above places and as those places are in need of facilities for the advancement of women's Education, she recommends the opening of a Government Middle school in these places. The proposals are examined below:

1. Rayadrug - Bellary District:-

The female population of the locality is 5881. The number of girls studying in the Higher Elementary school is 256 and the number in standards VI to VIII is 27. The number of girls studying in the Boys High School is 9.

The Inspectress of Girls' Schools reports that the management of the Board Higher Elementary Girls' School may be taken over by Government and converted into a Middle school for girls with classes IV and V and Forms I to III. The accommodation provided for the Higher Elementary School will be adequate and suitable for the Middle school.

2. Penukonda, Anantapur District:-

The female population of the locality is 3000.
The number of girls studying in the Board Higher Elementary schools is 263 and the number in standards VI to VIII is 39.
The number of girls studying in the Boys High School is 17

The Inspectress suggests that the management of the Board Higher Elementary school may be taken over by Government and the school converted into a middle school with classes IV and V and Forms I to III.

The accommodation provided for the Board Higher Elementary School will be adequate and suitable for the present needs of the school.

3. Nandyal - Kurnool District:-

The number of girls studying in the Municipal Higher Elementary School is 161 and the number in standards VI to VIII is 30. The number of girls studying in the local Boys Higher schools is 162.

P.T.O.

35

The Inspectress reports that the management of the Municipal Higher Elementary School may be taken over by Government and the school converted into a Middle school with classes IV and V and Forms I to III.

The existing accommodation provided for the Higher Elementary school is adequate and suitable for the Middle School.

4. Rajampet, Cuddapah District:-

The female population of the locality is 19604. The number of girls studying in the local Boys' High School is 40. There are no Higher Elementary schools in the locality under Public Management. There is much prospect for a Middle school for girls. The proposed middle school may be held in a rented building.

In the circumstances I recommend that Government may be pleased to sanction the opening of a Middle school for girls at 1. Rayadrug, 2. Penukonda, 3. Nandyal and 4. Rajampet from the next school year.

The financial effect of the proposal is summorised below: In working out the cost provision has been made in regard to the pay of the Headmaster and the peon for 10 months, as I consider that the Headmaster should be appointed a month in advance to do the organisation required for opening the school.

Cost in 1947 - 1948:
(In respect of one school).

Recurring:-

Pay of 1 Headmaster in the cadre of School Assistants and Sub-Assistant Inspectresses.	70 x 10 ..	Rs.	700/-
Pay of 4 Secondary grade teachers ..	30 x 4 x 9	Rs.	1080/-
Pay of 1 Pandit ..	35 x 9 ..	Rs.	315/-
Pay of 1 Physical Training Instructress ..	40 x 9 ..	Rs.	360/-
Pay of 1 Combined Drawing and Sewing Mistress	30 x 9 ..	Rs.	270/-
Pay of 1 Music Mistress ..	30 x 9	Rs.	270/-
Pay of 1 Clerk ..	30 x 9 ..	Rs.	270/-
Pay of 1 Peon ..	12 x 10 ..	Rs.	120/-
Contingencies		Rs.	400/-
Non-Recurring:-			
Furniture			1000/-
Books and Periodicals			400/-
Apparatus and Materials			400/-
			Rs. 5585/-

i.e. in respect of schools 1. Rayadrug,
2. Penukonda, and 3. Nandyal.

Rs. 5585 x 3 .. Rs. 16,755/-

in respect of Rajampet Rs. 5585 plus Rs. 450/-(Rent at Rs. 50/-for 9 months)

= Rs. 6,035/-.

Total Cost .. Rs. 16,755 plus Rs. 6035 = Rs. 22,790/- or Rs. 22,800/- in round figures.

Ultimate Cost:-

Average pay of 1 Headmistress(L.T.) ..	119.2 x 12	= Rs.	1,430/-
Do. 4 Secondary Grade Assts teachers.	42 2/9 x 12 x 4		2,027/-
Do. 1 Pandit	41 4/9 x 12		497/-
Do. 1 Physical Training Instructress	..12 x(42 2/9 plus 10 S.P)		627/-
Average pay of 1 Combined Drawing and Sewing Mistress ..	42 2/9 x 12	..	507/-
Average pay of 1 Music Mistress	42 2/9 x 12	..	507/-
Average pay of 1 clerk ..	41 1/12 x 12	..	505/-
Average pay of 1 Peon	14.7 x 12	...	176/-
Recurring Contingencies ..		...	200/-
Books and Maps ..		Recg.	200/-
Apparatus and Materials ..		...	200/-
			6,846/-

Ultimate cost in respect of the schools Rayadrug, 2.Penukonda and ~~Rayadrug~~ Nandyal.

Rs. 6,846 x 3 .. Rs. 20,538/-

Ultimate cost in respect of Rajampet schools Rs. 6,846 plus Rs. 600/- (Rent at Rs. 50/- per mensem). .. Rs. 7,446/-

Rs. 27,984/- or

Total ultimate cost ..Rs. 28,000/- in round figures.

I am including the necessary provision in Part II of the Budget Estimate for 1947-48.

I have the honour to be,
Sir,
Your most obedient servant,

Sir,

Subject: Schools - Government Secondary and Training School for Women, Narasapur - Opening of Form IV - sanction requested.

RECD. 18 SEP 1946 SECRETARY TO GOVT. EDUCATION AND PUBLIC HEALTH DEPT.

In connection with Part II of the Budget Estimate for 1947-48 I have the honour to submit the following proposal for the opening of Form IV in the Government Secondary and Training School for Women, Narasapur with effect from the school year 1947-48 and Forms V and VI in 1948-49 and 1949-50 respectively.

G/82-4 The opening of the Middle School was sanctioned in G.O. No.Ms.643, Education, dated 5-5-42 and the school was opened in July 1942 and this is the 5th year of its existence. The Inspectress of Girls' Schools, I Circle has represented to me that so long the school remains as a middle school, the girls of Narasapur are not enjoying the full benefits of the separate girls schools for after passing III Form, they either discontinue their studies or join the local Boys' High School where instruction really required for girls cannot be had - a Higher Elementary Training Section was opened from July 1945 and this has increased the popularity of the school. The opening of Form IV will further improve the strength in the middle school department.

The school is now being held in two buildings - one Govt. and another private. The present accommodation is adequate for the opening of Form IV in 1947-48 and additional accommodation can be secured for rent for the opening of V and VI Forms in the succeeding years.

The Inspectress expects that not less than 25 girls will join Form IV in 1947-48.

In view of the circumstances explained above I recommend the opening of Form IV in the Government Secondary and Training School for Women, Narasapur from June 1947 and Forms V and VI from June 1948- and 1949 respectively.

The financial effect of the proposal is worked out below:

COST IN 1947-48.

RECURRING:

Pay of 1 L.T. Assistant - Form IV .. 70 x 9 = Rs. 630/-

NON-RECURRING:

Furniture	...	600/-
Books and Maps	...	400/-
Apparatus and materials	...	400/-
		2030 or
		Rs. 2000/-

Director of Public Instruction, Madras.

To
The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Opening of Form ~~IV~~ IV in the Government Middle School for girls, Harpanahalli - Bellary District.

REF: Government Memo. No.29968-B2/46-1 Education dated 22-6-46.

....

RECD. ... TO GOVERNMENT
26 SEP 1946
EDUCATION AND PUBLIC HEALTH DEPT.

I have the honour to submit herewith proposals for the opening of Form IV in 47-48 and Forms V and VI in 48-49 respectively in the Government Middle School for Girls, Harpanahalli.

S6513

The opening of the Government Middle School for girls, Harpanahalli was sanctioned in G.O. No. 694-Edn., dated 1-5-45. The present strength of the school is as shown below.

Class I	31	Class V	27	
,, II	43	I Form	11	
,, III	31	II Form	14	191
,, IV	28	III Form	6	

(5)/65-68

It is expected that 20 pupils will join Form IV if opened in June 47.

The public are very much interested in the opening of Form IV in the School. Attention is in this connection invited to the representation from the President, Girls Parent's Association, Harpanahalli and the reply of the Secretary to Government No.36041-B1/46 Edn., dated 23-7-46 (2)9-10 There is no other Girls Secondary School within a radius of 80 miles the nearest being the Government Secondary School for Girls, Bellary. With the opening of Form IV in the Government Middle School for girls, Harpanahalli it is expected that the strength of Forms I to III will also improve.

The accommodation provided for the school is inadequate. The School and the local Fund Hospital are located in the same compound at a distance of 5 ft. from each other. The patients often choose to sit and lie on the open varandha of the school which are also used for holding classes. The surroundings of the school building are left unclean by the patients attending the hospital. The young children of the school have also to witness at times dead bodies being carried to and from the postmortem shed within the compound. Hence there is an imperative need to shift the Dispensary from the compound ~~xx~~ if the school is to be developed into a High School and if it is to continue in the same building. The question of providing the necessary accommodation for the school by shifting the Dispensary from the compound is under correspondence with the P.W.D.

The cost involved in the proposal is given below:-

Cost in 47-48.

Recurring - Pay of 1 L.T. Assistant (Form IV) on Rs.70-200.	70 x 9		630
Non-recurring - Furniture.		800	
Books and Periodicals		200	
Apparatus and Materials.		660	1600
			Rs. 2230 or
			Rs.2200.

p.t.o.

Extra cost in 48-49.

Recurring - Pay of 1 L.T.Asst.		70 x 9	630
1 Lab.Peon on Rs.12-17-		12 x 9	~~108~~ 108
Non-recurring.			
Furniture and equipment.		..	1600
			2338

or Rs.2300.

Extra cost in 49-50.

Recurring - Pay of 1 L.T.Assistant (Form VI).		70 x 9	630

R.C.No.5251-K3/46 dated 23rd September, 1946.

Sir,

SCHOOLS--Government Middle School for girls,Palani--Opening of Higher forms--Proposals submitted.

56504 GR (V)/28-31

In connection with the Part II of the Budget Estimate for 1947-48, I have the honour to submit for favourable consideration of Government the following proposal for the opening of higher forms in the Government Middle School for girls, Palani.

A Government Middle School for girls with class V and Forms I to III was opened at Palani on 17.6.1946 with reference to G.O.No.Ms.694-Education dated 1st April 1946. The strength of the school as on 31.7.1946 was as follows:-

Class V	..	22
Form I	..	24
Form II	..	8
Form III	..	14
Total	..	68

The Inspectress reports that as the building for the location of the school was secured a little late many of the girls have joined the Boys' High School and a few parents have arranged for the higher education of their girls elsewhere and therefore each class in the school is not having the full strength. She hopes that from the beginning of the next year the strength in each class will be full and may even necessitate the opening of additional sections in some classes. The Inspectress reports that there is need for opening higher forms in the school. Many of the grown up girls have not joined the boys' High School in higher forms and if facilities in a separate girls' school are made available they will also join the school.

The probable strength of Form IV will be 20.

There is sufficient accommodation in the school for the opening of Form IV in 1947-48 and additional accommodation can be secured for rent for Forms V and VI in the subsequent years.

In the circumstances explained above, I request that Government may be pleased to sanction the opening of Form IV in 1947-48 and Form V and VI in the subsequent years in the Government Middle school for girls, Palani.

The financial effect of the proposal is detailed below:

Cost in 1947-48:-

	Recurring.		
Pay of 1 L.T. Assistant for Form IV ..		70 x 9 ..	630
	Non-Recurring.		
Furniture			
Books and Maps ..	500		1000
Apparatus & Materials	500		
			1000
or Rs. 2,600/- in round figures.			2630/-

The Secretary to Government,
Education and Public Health Department.

26 SEP 1946 PUBLIC HEALTH DEPARTMENT

Sir,

Sub: Schools - Opening of Form IV in the Government Middle School for girls at Hospet and Adoni.

56499

In connection with Part II of the Budget Estimate for 1947-48 I have the honour to submit for favourable consideration of Government the following proposals for the opening of Form IV in 1947-48 and Forms V and VI in the subsequent years in the Government Middle School of girls at Hospet and Adoni.

At Hospet and Adoni a Government Middle school for girls was opened in the year 1945-46 with reference to G.O.No.MS.694 Edn., dated 1st May 1945. The latest strength of the schools is furnished below:-

Class or Form.			Government Middle School for girls. Hospet.	Adoni.
Class	I	..	13	9
,,	II	..	13	17
,,	III	..	6	13
,,	IV	..	14	15
,,	V	..	16	10
Form	I	..	20	15
,,	II	..	11	6
,,	III	..	7	7
	Total	..	100	92

The nearest High School for girls is at Bellary, 50 miles away. The Inspectress reports that pupils who pass out of the middle schools under reference find it difficult to secure admission in the local boys High School and to avoid this difficulty some of them desirous of giving higher secondary education to their girls straightaway admit them in the Boys School where education really required for girls cannot be had. If there is continuity of school course in the existing girls schools the strength in these schools will be having full benefit of Secondary Education. The Inspectress reports that 15 to 20 girls will join Form IV if opened in June 1947.

Additional accommodation is required for both the schools. A temporary shed has to be put up for the additional form. The Inspectress is being required to submit an estimate in regard to construction of temporary sheds and it will be submitted on receipt from the Inspectress.

In the circumstances explained above, I request that Government may be pleased to sanction the opening of Form IV in 1947-48 and Form V and VI in the subsequent years in the Government Middle Schools for girls, Hospet and Adoni.

p.t.o.

The financial effect of the proposal is sanctioned below.

Cost in 1947-48.

		Govt.Middle School for girls. Hospet.	Adoni.

Rc.2941 K3/46 dated 20-9-1946.

Sir,

Schools - Government Secondary and Training School for Women, Ellore - Opening of higher forms - proposals submitted.

In connection with the Part II of the Budget Estimate for 1947-48, I have the honour to submit for favourable consideration of Government the following proposals for the opening higher forms in the Government Secondary and Training School for girls, Ellore.

The Government Secondary and Training School for Women, Ellore has at present classes I to V and Forms I to III. The latest strength of the school is furnished below.

Class I.	4	Form I.	45
,, II.	21	,, II.	39
,, III.	33	,, III.	42
,, IV.	40		
,, V.	36	Total.	260

The members of the school advisory Committee requested me to open Form IV in June 1946 itself, expressing the need for a second High School for girls in Ellore. The Inspectress also reports that the public of the place will be in a very disadvantageous position if Form IV is not opened in the school. The strength of the school is very encouraging and justify the opening of higher forms in the school. The opening of Higherforms in the Government Secondary and Training School for Women, Ellore, will not prejudice the interest of the local mission High School as there is a clear need for two complete High Schools for Girls in Ellore, and the Correspondent of the St. Theresa's Girls High School has no objection for the opening of higher forms in the Government School. Kind attention is also solicited to Government U.O.No.49457-B1/46

P.t.o.

Edn., dated 31-8-46 and my reply 2941 K3/46 dated 18-9-1946 in this connection. The Inspectress expects a strength of 30 pupils in Form IV if opened in 1947-48.

The School is now located in a rented building and there is adequate accommodation for the opening of Form IV in 1947-48. Additional accommodation if required can be secured by renting adjacent buildings.

In the circumstances, I request that Government may be pleased to sanction the opening of Form IV in 1947-48 and Forms V and VI in the subsequent years in the Government Secondary and Training School for Women, Ellore.

The financial affect of the proposal is detailed below.

Cost in 1947-48.

Recurring - Pay of 1 L.T.Assistant for Form IV on Rs.70--200.	70 x 9		630
Non-recurring. - Furniture and	..		500
Books and maps.	..		500
Apparatus and materials.	..		500
			2130 or
		Rs.2100 in round figures.	

Extra Cost in 1948-49.

Department

R.C.NO.4915-K.3/46, DATED 16-9-1946.

Sir,

SUB: Govt Middle School for girls at Tirupati - Opening of Form IV - Proposals - Submitted

---

IN connection with Part II of the Budget Estimate for 1947-48 I have the honour to submit for the sanction of Government the following proposal for the opening of Form IV in the Government Middle School for Girls at Tirupati.

THE Inspectress, II circle reports that the public of Tirupati are very keen on having Form IV opened in the school. The public have also submitted mahazar to this effect. The town is big enough to merit a High School. The existing middle school was started in July 45 and is popular. The latest strength in classes and forms are furnished below:

Class I	16	Class V	37	Total 210
Class II	15	Form I	40	
Class III	16	Form II	28	
Class IV	29	Form III	29	

The Inspectress reports that about 32 girls will join Form IV if opened in June 1947.

The middle school is at present held in two buildings taken over from the Tirupati Municipality. The accommodation provided in these buildings is reported to be in-adequate. The Inspectress has therefore proposed to secure a private building on a rental roll of Rs.50/- p.m. for the School in consultation with the Commissioner.

In the circumstances I request that Government may be pleased to sanction the opening of Form IV in the Government Middle School for girls, Tirupati in June 1947 and Forms V and VI in the subsequent years:

The financial effect of the proposal is summarised below:

Cost in 1947-1948.

			Rs.
Recurring:			
Pay of 1 L.T. Assistant for Form IV in the scale of Rs.70-200	70 x 9	...	630
Rent at Rs.50/-	50 x 9	...	450
Non- Recurring:			
Furniture		...	300
Books and Periodicals Rs. 400			
Apparatus and Materials Rs. 200		...	600
		Rs	..1980/- or 2,000/-

Extra cost in 1948-49:

Recurring:			
Pay of 1 L.T. Assistant for Form V	70 x 9	...	630
Pay of Laboratory peon	12 x 9	...	108
Non-Recurring:			
Furniture		...	300
Books and Periodicals Rs. 200			
Apparatus and material 400		,,,	600
			1638 or
		Rs.	1,600

P.T.O.

(28)

Extra-cost in 1949-50:

		Rs.
Recurring:		
Pay of 1 L.T. Assistant (Form VI)	70 x 9	630
Pay of 1 Secy grade teacher for form III	30 x 9	270
Non-recurring:		
Furniture		300
Books and Periodicals	Rs.200 } ...	600
Apparatus and materials	Rs.400 }	
		1800

Ultimate cost:

Average pay of 3 L.T. Assistants	119.2 x 3 x 12	4291
Average pay of 1 Secy. grade Assistant	42 2/9 x 12	507
Average pay of 1 Peon	14.7 x 12	176
Rent	50 x 12	600
Contingencies		1000
Equipment		250
	Rs.	6824/-
	or Rs.	6,800/-

Sub: Govt. Middle School for Girls, Hindupur -opening of Form IV in 1947-48 - proposal submitted.

I have the honour to submit the following proposal for the opening of Form IV in the Government Middle School for Girls, Hindupur in the school year 1947-48 followed by Forms V and VI in the years 1948-49 and 1949-50 respectively. The Government Middle School for girls, Hindupur was sanctioned in G.O.No.Ms.694, Education, dated 1-5-45 and it was opened in 1945-46 with classes 1 to 5 and Forms I to III. The strength of the school in Forms I to III is as follows:-

15 in Form I, 12 in Form II, and 8 in Form III. The nearest High School for girls is reported to be the Govt. Secondary and Training School for Women, Anantapur at a distance of 65 miles. The number of girls studying in the local Boys' High School is 4 in Form IV, 3 in Form V, 6 in Form VI, 6 in Form III, 6 in Form II, 6 in Form I, 7 in Class 5 and 3 in Class 4.

2. The number of girls likely to join Form IV if opened in the above school is reported to be 18. There are two Higher Elementary Schools within a radius of 3 to 4 miles and girls who pass out of these schools will also join the new form as also the girls now reading in the Boys High School. I am of opinion that a High School for girls will flourish in Hindupur which is one of the biggest commercial centres.

The existing accommodation is inadequate and the Headmistress proposes to take on rent the adjacent building to the school. In this connection the Headmistress requests that the Commissioner, Hindupur Municipality may be requested to shift the Municipal Girls' School now held in the Government building which is a few yards away from the present girls' school to the E.C.M. Boys' Elementary School which is proposed to be shifted to the present High School buildings. If these arrangements are approved the two Government buildings with the buildings proposed to be taken on rent and the Park Site will suffice for the present.

The cost of the proposal is detailed below:-

COST IN 1947-48.

RECURRING:			
Pay of 1 L.T. Assistant (Form IV) on Rs.70-200	..	..	70 x 9 - 630
Rents	..	..	50 x 9 - 450
NON-RECURRING:

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Government Secondary and Training School for Muhammadan Women, Kurnool - Opening of Form IV -

57126 Gne

I have the honour to submit herewith a proposal for the opening of Form IV and higher forms in succeeding years in the Middle school attached to the Government Training School for Muhammadan Women, Kurnool in June 1947.

2. At present the Model School attached to the Training School has forms I to III. It has been represented to the Inspectress of Girls' Schools, II Circle that pupils who pass out of Form III from the ~~Middle~~ Model school are forced to discontinue their studies as the medium of instruction in the Government Secondary School for girls, Kurnool is Telugu. The Muslim pupulation of the town are keen in having higher education for the girls, but in the absence of a High school with the medium of Urdu they are unable to achieve their desire. It is, therefore, necessary to open Form IV in the model school attached to the training school for Muhammadans from June 1947.

3. The existing accommodation in the school is inadequate but the owner of the building has agreed to make the necessary repairs and alterations to suit the purposes.

4. The following staff will be required in 1947-48 and succeeding years when higher forms are opened in the school.

			Rs.
1947-48 (Form IV).

ASST. SECRETARY TO GOVERNMENT EDUCATION AND PUBLIC HEALTH DEPT. 1 OCT 1946

Sir,

Subject. Government Secondary and Training Schools for Women, Calicut and Udipi - Opening of higher forms - proposals submitted.

57944

In G.O.No.1766 Education, dated 1-11-45, Government sanctioned the conversion in 1946-47 of Standards VI to VIII of the Model Schools attached to the Government Training Schools for Women at Calicut and Udipi into forms I to III. The strength of Forms I to III in these schools in the current year is as follows.--

	Calicut.	Udipi.
Form I ..	73	22
,, II ..	40	31
,, III ..	78	42

2. The Inspectress of Girls' Schools, VI Circle, Calicut has now submitted a proposal to open higher forms in these schools in 1947-48 and succeeding years. The need for additional girls high schools in Udipi and Calicut has been fully explained in my letter Roc.No.1089 A/45 dated 26-9-1945 when the proposal to convert the standards VI to VIII of the model schools, was submitted to Government. The Inspectress states that the opening Form IV in these schools should not be postponed under any circumstances especially in view of the fact that Secondary Education for girls is in high demand and the existing Schools are not able to provide sufficient accommodation.

Further the strength of Form III in these schools in the current year justifies the need for the opening of higher forms. I have therefore the honour to request that Government may be pleased to sanction the opening of Form IV in these schools in 1947-48 and higher forms in succeeding years. Proposals for the provision of additional accommodation are being submitted separately.

3. The financial effect involved in the above proposals will be as shown hereunder.--

Government Secondary and Training School, Calicut. Rs.

Rc.7891 K3/46 dated 30-9-1946.

Sir,

Opening of Secondary Schools for girls in Centres not served with Girls Schools.

51948
903

In connection with Part II of the Budget Estimate for 47-48 I have the honour to submit herewith proposals for the opening of Government Secondary Schools for girls in the centres mentioned in the statement annexed.

Although proposals have not been received from the Inspecting Officers for the opening of girls schools in these centres yet in the interest of women education, I consider that girls schools in these centres are essential and there is avery chance of girls schools thriving in these places. In selecting the centres I have taken into account the existing educational facilities in each district and also considered that every district is provided with institutions for girls. The places are mostly interior places where more facilities should be given.

It will suffice if class V and Forms I to III are opened in these centres to start with.

As regards accommodation since most of the places selected are taluk Headquarters it is possible to get rented accommodation and the rent may be taken roughly as Rs.50/- p.m.

The financial effect of the proposal is shown in the statement enclosed. In working out the cost for 47-48 provision has been made for the Headmaster and peon for 10 months as I consider that they should be appointed one month in advance to attend to the arrangements connected with the opening of the schools.

7. I am including the necessary provision in Part II of the Budget Estimate for 1947-48.

RECEIVED FOR OFFICIAL PURPOSES

EDUCATION DEPARTMENT. B1 (38) 66

Office of the
Director of Public Instruction
Madras, Dated 31-10-1946.

From

Dr.S.R.U.Savoor, M.A., D .Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Opening of Secondary Schools for girls in centres not served by girls schools

---

I amsubmitting herewith the following statements:

(a) the number of Government Secondary Schools newly opened and number of middle schools in which the opening of higher form was sanctioned during the last five years excluding 1943-44

(b) The centres in which schools were opened during the last five years.

(c) The list of P art II schemes arranged in the order of priority.

I may be permitted to submit the following remarks in this connection.

Our educational system is very defective in that development of all interests has notalways been pressed forward at equal pace and the consequence is there are many ugly gaps - and one such is women's education. We have also reached a stage when the State will have to make it its prime concern in Education to see that these gulfs are bridged. There are stages in the development of a movement when the events of the past - even of the immediate past - cannot serve as precedents and offer basis for action. I submit women's education is one such field. In the immediate past we were passing through a period when even an national existence was at stake and we had, quite of necessity, had to keep down expenditure to the lowest point in matters such as education. That shadow having been lifted, I submit Government should take a more comprehensive view of the situation and make special efforts to see that the lost time is made up. To suggest, as I apprehend is being done in the memo, that we should fix our present needs by the

amounts spent in times of national crisis or under the shadow thereof, would not appear to be a correct approach to the problem. On the other hand, it is necessary urgently to redouble our efforts in warming against ignorance. It was a vivid realisation of this that I believe was responsible for the increase in 1945-46 over the expenditure in the past years.

There are at present over 130 centres in this Presidency with a population of over 10,000 where there is not even a single girls secondary schools and over 150 centres with a population between 5000 and 10,000 in a similar position. Any programme that might be adopted by Government should be comprehensive enough if it is to be satisfactory.

I submit that a sum of at least Rs.1,75,000 should be spent in 1947-48 in meeting the recurring expenditure on middle schools for girls to be opened in schooless areas and a sum of Rs.25,000 to meet the recurring expenditure on opening upper forms.

Inview of the need for utmost economy I am prepared to revise my proposals for the opening of new middle schools so that each school has only four classes from class V to Form III leaving the younger girls to be educated in the Elementary Schools. This would mean a substantial reduction in the recurring expenditure. The immediate recurring cost of each school in 1947-48 and the ultimate cost is furnished in the statement No.4.

These schools will be housed for the present either in Higher Elementary School buildings of Local Bodies or in rented buildings according to the conditions prevailing in each locality.

The non-recurring cost will be about Rs.1500 to 2500 on equipment, which may be spread over 2 years.

for Director of Public Instruction.

Education - Secondary - opening a High school for girls at Krishnagiri
Resolution of the Panchayat Board Krishnagiri.
R.o.c.No.B2/16930-46.

Salem District Board office,
Dated 21--10--1946.

131 A S.E 74 (42)

From

Sri K.A.Nachiappa Gounder M.L.A.,President,District Board,Salem.

To

The Secretary to Government,Education & Public Health Department
M a d r a s.

ASST. SECRETARY TO GOVERNMENT EDUCATION & PUBLIC HEALTH DEPT. 27 OCT 1946 65042

Sir,

Ref. Letter Roc.No.372-46 dated 31-7-1946 of the President, Panchayat Board Krishnagiri to the Secretary to Government Education and Public Health.

There is only a single High school for girls for the whole district and this is located at Salem town and is run by Government. There is no other High school for girls in any other part of the district and one for the northern area of the District is a necessity. Salem town is not within the easy reach of the girls students of northern area. To eradi--cate illeteracy among the women population it is highly necessary that a High school is opened in the northern area exclusively for girls. Krishnagiri town is a central place for northern area and it is quite suitable for opening of a High school. The present strength of girls in the Board High school Krishnagiri is ? and many more will be attracted if a girls High school is started. Hence I fully support the resolution of the Panchayat Board Krishnagiri and recommend that a High school exclusively for girls may be opened at Krishnagiri at the cost of Government to meet the demands of the public.

Madras.

Sir,

Subject:- Education - Nellore District Board Higher Elementary Girls' School, Venkatagiri - Conversion into High School for Girls.

--

Though a mahajar petition, the public of Venkatagiri represented to me about the lack of a high school in their town for girls. A copy of the petition is enclosed. The reasons put forth by the petitioners are convincing and require consideration. But in view of the inelastic finances of the District Board, it is not possible for this District Board to maintain a high school at Venkatagiri from its own funds. If however, the Government come forward to start a Girls' High School at Venkatagiri the District Board may be willing to hand over building of the Board Girls' School at Venkatagiri to Government free of compensation for locating the high school.

P. Govindureddi
President,
Nellore District Board.

Venkatagiri Town,
Dated 1-7-1946.

14789

14324-46

To
The President District Board,
NELLORE.

Sir,

We the public of Venkatagiri Town, bring to your kind notice the poor steps taken so far by the District Board to improve the Education of the Girls particularly, in our Town.

It is needless to mention that this Town is the biggest of all the urban areas in this District except its head quarters, Nellore. There is civil Assistant surgeon's post created only in this Town more than thirty years ago. The Government Girl School established in this town fifty years ago was converted into a Higher Elementary School, under the management of the District Board.

There is a High School managed by the Trusteeship of the Rajah sahib of Venkatagiri where Girls are not at all admitted. The parents in general are not bold enough to insist on the management to admit Girls and are not able to send their Girls outside for Education. The experience of last two decades corroborate this statement. The members of the District Board representing this Taluk are not also able to achieve any thing in this vital matter.

As a last resort we appeal to the good sense of the District Board to take up the cause of the Education of Girls forthwith and convert the existing Higher Elementary Girls' School into a gradually developing Girls' High School starting for the present classes and Lower xxxx Forms.

The public of Venkatagiri, who have not had any service what-so-ever in the civic upleft of Venkatagiri Town through the District Board, feel highly discontented and they request that this minimum and essential demand be complied with.

Awaiting your favourable reply.

We remain,
Yours sincerely,

Committee representing the public of Venkatagiri.

SECRETARY, EDN. AND P.H. DEPT.
11 NOV 1946
GOVERNMENT OF MADRAS

TO GOVERNMENT
12 NOV 1946
EDUCATION AND PUBLIC HEALTH DEPT.

The humble memorial submitted by the people of Gudivada Town, Kistna District.

S I R,

We beg leave to submit the following points for your kind consideration. We, the people of Gudivada, have a real thirst for knowledge and it is not an exaggeration if we place before you that mere liquidation of illeteracy among the masses of this locality will not quench it; and the swelling of the strength in the local High School goes without saying that hankering after knowledge on the part of the public is considered more important than any other thing that makes a man a worthy citizen. But education is not the monopoly of men alone. Men and women are votaries to the same Goddess of learning. Hence an institution catering to the educational needs of women is a felt necessity. Education of women is not given importance it deserves. Education that is provided for the male members of the Society is denied to women in the same measure. In a civilized country like India, equal importance should be given to the female education which alone can keep India on a par with other civilized countries. It is humiliating to note that facilities offered for male education are denied to female education. Though many girls have passed the stage of Elementary Education, they cannot go in for higher education for the simple reason that there is no seperate high school for them here. It may be argued that the local High School is accommodating girls also in large numbers. But as matters stand only fraction of women,

having real thirst for knowledge, are having the benefits thereon and the rest are stranded at the Elementary stage. More than this, the parents who are yet pinned to the outlived orthodoxy do not subscribe themselves to sending their girl children to the Boys school. Co-education to them is a dread and night-mare. Hence a separate institution for girls can alone meet the needs of the local public. The absence of an institution like that is not a trifle to be overlooked, especially in a place like Gudivada, which is noted for its cultural activities - not to say of political activities in which it does not lag behind. Why, it occupies the foremost place among other towns in the Andhra Province. It is not men alone that have dedicated themselves to the national service but it is the pride of Gudivada to have produced daughters to whom service to the country is life, creed and religion. If educational facilities are denied to such worthy daughters, it needs no saying that ~~xxx~~ their intellectual progress can go no further. The following points will strengthen the view that there is a dire necessity for a girls' High School here.

1. Gudivada is a growing Municipality with the present population of 40 thousand. It is a centre of the richest villages in the district contributing a heavy sum of money towards the public revenue. It is the richest division in the District. It is a railway junction and a centre of communications.

2. The Local Board High School swelling in strength year by year is not able to accommodate all the boys seeking admission; in which case girl pupils find it difficult to secure the number of required seats.

3. At present there are nearly two hundred girl pupils studying in the school and for lack of due facilities they are prone to discontinue their studies.

(46)

4. While the rich people of the surrounding villages can afford to send their daughters to far off towns for Higher Education, the middle class and poor people are hard hit and are unable to educate their girls in High Schools in spite of their desire to send them for higher education.

5. There are certain people who are very eager to give higher education to their girls but are not for co-education and as such they are labouring under many disadvantages.

6. The Local Girls' Higher Elementary School is turning a good number of girls year by year and they are not able to prosecute their higher studies for the simple reason that there is no separate high school for girls here.

7. There is a girls' High School at Angalur at a distance of 5 miles from this place but since it is a small village, amenities available in a Town are not found for all the girls that go to seek admission there.

8. If a Girls' High School is to be opened here, it will start with a minimum strength of 500 girl pupils and it bids fair to become a big institution in no time even worthy of being raised to the status of a Women's College subsequently.

In view of the importance that ought to be

attached to female education in days when their service is considered an asset to National progress the request for starting of a separate High School for them ought not to be taken for a demand on their part but for a right that should await immediate fulfilment though it has been ignored erelong. In conclusion we pray that a separate Girls' High School be sanctioned for us at this place so that they may derive the educational facilities provided already for boys.

We beg to remain,

S I R,

Your humble citizens of Gudivada,

Gudivada,)

EXTRACTS FROM THE SARGEANT'S REPORT ARE GIVEN BELOW FOR THE CONSIDERATION OF THE AUTHORITIES SO AS TO PROVIDE BETTER FECILITIES FOR THE EDUCATIONOF GIRL PUPILS IN SEPARATE HIGH SCHOOLS.

(49)

"The teachers for infants must be women" They alone possess the essential sympathy and the knowledge of child nature. At the present time the supply of such teachers in India is ~~negligible~~ negligible and one of the first taks of any reorganisation will be enlist the services of suitable women and to see that they are properly trained".

"A particulary urgent need is that for a vast increase in the number of trained women teachers. Apart from the pre-primary school, where all the teachers must be women at least 3/5 of the teachers in junior basic schools and ½ of these in the senior basic schools ought to be women. The minimum qualification in a basic school is a Matriculation certificate or its equivalent followed by a two or three years professional training. "

"Whatever is needed for boys and men not less will be required for girls and women."

"Sir M. Stethen the late Director of Public Instruction Madras in his note of dissent to the report had stated as follows: "In my opinion for many decades to come the education of girls will in a sense to be treated as a special problem and the question of separate school separate curriculam the provision of women teachers, co-education and religious instruction for example will for a long time require the special attention of all educationists in India"

"The teaching establishment should certain now considerably more women than men but to begin with there will be a very serious dearth of women teachers. It is hoped that in subsequent years as the number of girl Matriculates increases, women will be recruited in large numbers and take the place of men as teachers of younger children whether boys or girls."

MINISTER FOR EDUCATION TO GOVERNMENT GOVT. OF MADRAS 4 JAN 1947 PUBLIC HEALTH DEPT.

(51)

To

The Honourable Minister for Education,

Government of Madras.

Madras.

Sub: Opening of a Girls High School in Gudivada, Kistna.

173

Honoured Sir,

We the under signed members of the Gudivada public, respectfuly bring to your notice, that our representatives Sri Manikonda Satyanarayana Sastry, and Chitta Sreekanthayana Murthy met your and the Honourable Chief Minister at the Secretriat, last month on or about 7th ultimo, in connection with the above suject and you are pleased to state that in case the Gudivada public contribute an amount of Rs.25,000 the Government would open the Girls High School in Gudivada. Subsquently the Municipal council, Gudivada, passed resolutions to handover the building and the site of the present Higher Elementary Girls School in Gudivada to the Government in case the Girls High School is opened, and also to contribute its mite (a true copy of its resolutions is here with enclosed for kind of perusal).

The said building is situated in an area of about one and half acres of site in the heart of the Gudivada Municipality. The minimum value of the site and the building would be not less than 50,000 Rupees. We understand from its members that the Municipal Council is prepared to contribute a sum of not less than Rs.5,000. We therefore humbly submit that the Government can immediatly open the high school in the above mentioned building and thataadditions and improvements can be made subsquently. Further we are prepared to collect and handover to the Government a sum of about ten or fifteen thousand Rupees which can be utilised for the construction of a Hostel for the girls a necessary adunct to the school.

p.t.o.

95

We therefore humbly pray that the Government may be pleased to include the above subjects in the present budget and open school as early as possible in the beginning of the next year.

pp 1-3 cls

The policy of Government is to encourage the education of girls by providing secondary schools for them at Government cost although they rely on private agencies and local bodies for the expansion of facilities for secondary education of boys. To start with middle schools are opened and they are later on converted into high schools by adding high school forms.

2. On 30--6--44 there were 33 Government Secondary Schools for girls. In 1945-46 the Government opened seven new middle schools and four high schools and added high school forms to six existing middle schools. In the current year, the Government have opened three new middle schools and one high school. The total number of Government Secondary schools for girls are now 48 of which 30 are high schools and 18 are middle schools.

3. For 1947-48 the Director of Public Instruction has made the following proposals for girls' Secondary Schools

(i) Opening of a new high school at Cocanada.

P.T.O.

(D)/93

Government Secondary Schools for girls and higher forms in certain existing Boys' Middle Schools should be deferred for Consideration in Connection with the budget for 1948-49 - Vide Go. Ms. No. 2375 Edn dated 13.12.46.

2. In the circumstances, No action ~~does not~~ seem necessary on the present representation. May be filed with the Go referred to above.

6.1.47

4/1/47

4.1.47

(ii) Opening of 17 new middle schools with classes IV and V and Forms I to III or Forms I to III only at the following places:-

District.	Place where the school is proposed to be opened.
Anantapur.	Penukonda.
Bellary.	Rayadrug.
Cuddapah.	Rajampet.
Guntur.	Ongole + Krapa
Kistna.	Gudivada & Bezwada.
Kurnool.	Nandyal.
Nellore.	Venkatagiri and Kanigiri and Nellore (the last is for muslims).
Tinnevelly.	Koilpatti.
Malabar.	Kuthaparamba, Chokli, Dharmadam & Kadirur.
~~South Kanara~~. Salem	~~Kpana~~. Krishnagiri

(iii) Opening of 24 new secondary schools with classes V and Forms I to III in ~~24~~ centres not served with girls schools.

(iv) Adding of high school forms to the existing middle schools ~~at~~ at 11 centres:- Narasapur, Harpanahalli, Palani, Hospet, Adoni, Ellore, Tirupati, Hindupur, Kurnool, Calicut and Udipi.

3. The extra cost involved in the above proposals is roughly as shown below:-

	Ultimate cost. Recurring. Rs.	Ultimate cost. Non-recurring. Rs.	Cost in 1947-8. Recurring. Rs.	Cost in 1947-8. Non-recurring. Rs.
Proposals (i) & (ii)	1,47,700	33,900	86,900	33,900
Proposal (iii)	2,24,800	38,400	1,32,000	38,400
Proposal (iv)	84,400	17,400	13,200	17,400
TOTAL.	4,56,900	89,200	2,32,100	89,700

4. In their U.O.Note No.54303-(B)-1 dated the 9th October 1946 the Finance Department have directed that Part II schemes for 1947-48 should be restricted to those that are contemplated in the first five year plan of post-war development ~~plan of the Madras Government~~ or those required in connection with Grow More Food Campaign or are fully remunerative or are absolutely essential for the proper running of the department. The post-war Education Sub-Committee has recommended that there should be an

P.T.O.

(55)

increase in the number of secondary schools for girls and that if other agencies are not able to open new schools, the Government should do so. This is not however one of the schemes included in the five year plan.

5. In March 1939, the D.P.I. was asked to examine the necessity for opening Govt. high schools for girls in places which lacked facilities for secondary education for girls and in which there was no ~~xxxxxx~~ prospect of private agencies supplying the need. After making a comprehensive survey, he submitted proposals for the opening of new girls schools in ten centres in that year but the proposals were deferred. Since then, he has been submitting proposals for the opening of new secondary schools for girls every year for consideration as a Part II Scheme. A statement showing the number of girls schools newly sanctioned since 1940 is put up. It will be observed therefrom that the Govt. have been sanctioning regularly the opening of a certain number of new secondary schools for girls and the opening of higher forms in the existing middle schools whenever necessary ~~secondary~~ Since 1942, with the exception of 1943 when Part II proposals were deferred and only one school for Muslim girls was opened at Mangalore, as a special case. The total number of high schools for girls under all types of managements in this Province is only 118 as against 537 for boys. The proposals of the D.P.I. on p.p. 56-58 c.f. will show that there are a large number of centres not served with girls schools yet. On an average, during the past five years, five new secondary schools for girls have been opened and 2 middle schools have been converted into high schools. It seems essential to maintain at least the ~~old~~ pace of development and sanction the opening of at least 7 schools during the next year.- 1 high school and 6 middle schools - at important centres like Cocanada, Gudivada, Nellore, Bezwada, Koilpatti, ~~Ongole and~~ and Kadirur (Malabar) Krishnagiri. The D.P.I. has been asked to arrange the schemes in the order of urgency and the centres may be selected on receipt

receipt of the list. Most of the middle schools in which it is proposed to open higher forms are schools newly opened in the last three or four years and the proposals for the opening of higher forms in those schools may perhaps be deferred.

The remarks of Finance may be invited u.o.

Finance (E.III)Department.

PART IISCHEME FOR 1947-48.

Opening of a High School for Girls at Cocanada and of Middile and Secondary Schools for Girls at certain other centres.

As a Part II Scheme for 1947-48 the D.P.I proposes the opening of

(1) a new High School for girls at Cocanada

(2) 24 New Secondary Schools for girls at certain centres not served by girls' high schools.

(3) 17 new Middle Schools for girls at certain other centres

(4) Certain High School Forms in 10 existing Middle Schools for girls.

Of the above E.P.H. propose the opening in 1947-48 of

(1) a new High School for Girls at Cocanada.

(2) 6 new Middle or Secondary Schools at ~~seven~~ six centres. The other proposals of the D.P.I. are to be deferred. Although E.P.H. tenatatively suggests certain important centres for the opening of Middle Schools, they ~~them~~ intended to select the places on receipt of a list of centres arranged in the emergency by the D.P.I The D.P.I has subsequently sent the list; E.P.H. apparently agree to the order of preference suggested by the D.P.I. The centres selected are:

1. Nellore (North) — Nellore District.
2. Dharmavaram — Anantapur District

3. Nandyal — Kurnool District
4. Rajampet — Cuddapah District
5. Anakapalli — Vizagapatam District
6. Peddapur — East Godavry District.

The D.P.I. orginally proposed the opening of classes IV and V and Form I to III in the proposed Middle Schools but with a view to economy he has subsequently proposed the opening of only class V and forms I to III, in each of the schools.

2. The proposals, as they stand, involve:

(1) The employment of 10 School Assistants, 23 Secondary Grade teachers, 7 Pandits, 22 Specialist teachers (Music intructresses, Physical Training Instructors and drawing instructors etc), seven clerks and eight peons as shown at (t).

(2) an extra cost of Rs 63157 recurring per annum on staff, Rs 10,490 recurring per annum on contingencies (rent etc) and Rs 13,500 non-recurring.

3. E.P.H. state that the proposals do not satisfy any of the creteria prescribed in Finance U.O. Note No.54303 BG-1 dated 9th October 1946. It is at the same time pointed out that on an average during the past five years five new Secondary Schools for girls were opened and two Middle Schools for girls were converted into High Schools.

→ The total number of girls schools at present in the presidency is only 118, where as there are 537 boys schools, and there are many centres not yet served by girls schools.

→ E.P.H. therefore, consider that it is essential to maintain at least ~~this~~ the pace of development in the past and sanction the opening of at least 7 schools - one High School and six Middle Schools at important Centres in 1947-48.

In the circumstances noted above and in view of the need to encourage girls' education ~~and with a view to avoid co-education in the higher forms in the future~~ this department may agree to the proposals going forward as Part II scheme for 1947-48.

4. The staff for each of the schools proposed are on the usual scale and no remarks seem called for.

5. E.P.H. may be requested to prepare the necessary Part II scheme note in due course.

The proposal does not satisfy the criteria laid down vide Finance note No. 54303 B.G.-1 dated 9.10.46 and is Cannot therefore be accepted as a Part I Scheme for 1947-8. If E.P.H. wish to press, they may be requested to take orders in Circulation including H.P.M.

KRN 2.12.46 E.P.H

E & P.H. (B1)

Notes from page 1 ante may be perused. The Finance Department's note on pp 4-6 ante sets out the proposal.

2. The policy of Govt is to encourage the education of girls by providing secondary schools for them at Govt cost although they rely on private agencies and local bodies for the expansion of facilities for secondary education of boys. In accordance with this policy, the Govt have been sanctioning the opening of a certain number of secondary schools for girls every year and providing higher forms to existing middle schools wherever necessary. For the number of schools opened during the past five years please see the statement on page 65 C.F.

3. The D.P.I. has reported that the exisiting facilities for secondary education of girls are very inadequate and there are at present over 130 centres with a population of over 10,000 where there is not even a single girls secondary school and over 150 centres with a population of between 5000 to 10,000 and that it is necessary to accelerate the programme of opening secondary schools for girls. He has accordingly recommended

(1) the opening of as many as 41 middle schools and one high school for girls in 1947-8 and the opening of high school forms in 10 existing middle schools for girls and

(2) the grant of liberal subsidies and grants to local bodies and private agencies to induce them to open new secondary schools for girls at the centres referred to above.

This file deals with the former proposal. The file dealing with the latter proposal which was received late has been sent to Finance u.o. for remarks.

4. In view of the need to restrict new schemes of expenditure as far as possible, this department considered that it will be sufficient to sanction the opening of one High School and six Middle Schools at important centres in 1947-48, as it essential to maintain the pace of deveopment in the past. The centres may be selected after the main proposal is finally approved and provision made for the scheme. The Director of Public Instruction has since reported that in view of the need for economy, the proposals for the opening of middle schools may be modified so that each school may have only four classes (class V to Form III) to begin with, and that the non-recurring expenditure on equipment may be spread over two years. According to this the cost of opening one high school and six middle schools in 1947-48 will be as shown below:-

	Ultimate cost.		Cost in 1947-48.	
	Recurring.	Non-Recurring.	Recurring.	Non-Recurring.
	Rs.	Rs.	Rs.	Rs.
One High School.	17,900	3,600	9,700	3,600
Six Middle Schools.	57,300	9,600	32,800	* 4,800
Total.	75,200	13,200	42,500	8,400

* to be repeated in 1948-49 also.

The Finance Department do not agree even to this modest proposal on the ground that it does not satisfy the criteria laid down in their U.O. Note dated the 9th October 1946.

The statement of Finance in the opening sentence Z on page 5 ante - is not correct, this Department did not the proposal supported in this file failed to satisfy the criteria prescribed in the Finance U.O. Note at 'R'. They only observed that the scheme was not one of the schemes included in the Five Year P But in the subsequent paras a clear case has been made out to s that the present scheme for the development of female education very urgent and essential. It may accordingly be held that the scheme satisfies the criteria laid down in the Finance U.O. N 'R'. This department may therefore press the proposal.

The file may be circulated to H.M.(Edn.) and H.P.M. f orders whether the proposal may go forward as a Part II Scheme

10/7/46.

4.12.46

This is a very modest proposal. It is the purpose of the Post-War Education Development Scheme to increase the facilities for girls' education and the proposal may be pressed.
