R. C. No. 149 J/46

Station Madras, Dated the 6th February, ... 19 46.

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.
(Designation) Director of Public Instruction, Madras.

To The Secretary to the Government of Madras,
Education & Public Health Department.

Sir,

Government in their order No. 565, Education, dated 19-4-43 have ordered the suspension of the Printing of College Calendars for the duration of war. As the Principals of Colleges find it very difficult to get through the work easily many of them have requested me to obtain the sanction of Government for the revival of the printing of college calendars.

2. It is pointed out in this connection that the Calendar is the only authentic record of the various rules relating to fees, discipline, text-books, syllabuses, examinations etc. made available to the students, their guardians and the general public. Publication of college calendar also saves the use of stationery in the form of staff orders, notices to students and replies to correspondence of routine nature from their parents. It is not always practicable to convey all the information intended for students by pasting it on Notice Boards. Besides a college calendar is an essential book required for constant reference on matters relating to the working of the college.

3. I have therefore the honour to request that Government may be pleased to issue orders reviving the printing of college calendars.

I have the honour to be,
Sir,
Your most obedient servant,

M. A. M. M. M.

Madras.

Received
To The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

Enclosures: No. Comp/Mis. dated 10th July 1946.

Sir,
Sub: Colleges - Government Calendars - Printing of.

With reference to Government Memo.No.8824 A/46-3 Edn., dated 15-6-1946, I have the honour to state that if the paper required for printing the calendars is not available with the Director of Public Instruction, Madras, it may be obtained on indent from the Superintendent of Stationery, Madras as the procedure suggested in getting the supply of paper from private presses for Government Printing work is contrary to the instructions issued in Government Memo.No.38219 B/45-3 Edn., dated 15-10-1945.

2. In this connection, it may be stated that the sale price of College Calendars not being regulated by the actual cost of production but fixed at a uniform rate of eight annas (vide Education and Public Health Memo.No.2528.B/36-5 dated 26-5-1937 incorporated in para 195(8) of the Printing Manual), the proposals to get the calendars printed with one of the local presses

20

48/15/77

presses at the discretion of the Principals and to recover the cost thereof from the students will result in the fixation of various sale prices. Further it will not be ultimately economical unless the future printing of these calendars is entrusted to the same presses from the matter to be asked to be kept standing. Apart from the question of sanction of a special advance to meet initially the cost of such printing involved in the proposal many private presses cannot be expected to do this because of their small equipment. I would therefore suggest that competitive tenders may be invited by the Director of Public Instruction, Madras to get all the College Calendars printed (in consultation with me) by one or more presses for minimum period, say, two years in order to get all of them printed in the shortest possible time at a uniform sale price to be fixed by Government and the cost of printing met from the Government Press Budget.

pp19-20CF

The printing of Calendars of Court Colleges remained suspended for the duration of the war in view of the shortage of paper supply. In Feb. 46, the DPI proposed that the printing of the Calendars might be revived. As the Court Press was already over-worked, the S.C.P. was asked to offer his remarks on a suggestion that if arrangements could be made by the DPI or the College Authorities to have these Calendars printed at private presses the sanction applied for might be granted. The S.C.P. stated that he had no objection to the arrangement proposed, ^{being} approved as a temporary measure subject to the invitation of competitive tenders and their scrutiny by him before acceptance and verification and payment of the claim from the Court Press budget. He, however, pointed out that the paper required for the work might be supplied from the stationery stocks of the DPI. The Director was asked to offer his remarks on the Supt's proposal, especially on the question of supply of paper from the stocks in his office. The Director reported that the stocks of paper in his office was just sufficient to meet the needs of his office and that it would not be possible to supply paper from his office for the printing of College Calendars. He suggested in turn that the Principals of Colleges might be allowed discretion to get the Calendars printed with the aid of local presses, the cost being recovered from the students. The Supt. was not agreeable to this suggestion.

that as the supply of paper from private presses for Govt printing work is contrary to the instructions issued in the Govt Memo at (B) ^{He has} stated that the paper ^{may} be obtained on indent from the Supt of Stationery. He also pointed out suggested for the reasons mentioned in para 2 of his letter on pp 19-20 CF that competitive tenders ^{may} be invited by the Director to get all the College Calendars printed by one or more ^{private} presses (in consultation with him) for a minimum period, (say, 2 yrs) in order to get all the Calendars printed in the shortest possible time at a uniform sale price to be fixed by Govt and the cost of printing met from the Govt Press Budget. Accordingly the Director has now furnished the details regarding the no. of copies and sizes of the Calendars required by each College during 1947-48. He also desires that the S.C.P. may call for necessary tenders and arrange for printing the Calendars at any private press selected by him. He also desires that the cost of the Calendars may be fixed at annas eight per copy.

It may be noted, in this connection, that by C.O. No 23 Pub. (Genl), d 5-1-46, the printing of the various administration reports, including the Presidency Administration Report, has been revived. It cannot, however, be said that the paper position has become quite normal. In view of the recent order on review of paper position in C.O. No 1417 Edu d 22-7-46, it is for consideration whether the printing of college Calendars may not be deferred. If it is to be revived, the proposal of the D.P.I. at A above may be approved.

For orders as to Circulation to

H.M. (Edu)

The revival of the printing of college Calendars rests mainly on the question of supply of paper from the quantity allotted to Govt by the C.P.S. India. Paper has to be supplied for the purpose by the S.G.S.

Thru C2

B
2.12.47
Pl see below.
A

Vide the Statute
No 25 of 1946
p. 30

Copy at (C)

(M)

(17)

3

whether the printing is done at the Govt Press or at private Presses. The quantity of paper required for printing 17 Calendars for 1947-48 taking into account the number of copies required in each will be considerable. In view of the paper position continuing to be unsatisfactory. Under the Govt (M), it appears advisable to defer the proposal till the paper position becomes normal. If however, it is considered essential to print the Calendars, the S.G.P. may be asked to report the ^{total} quantity of paper required for the purpose to the S.G.S. and the latter asked to intimate to Govt whether the paper ^{can} be found without detriment to the normal and other special requirements of Govt.

In my case printing of Calendars for the present academic year is out of question, and we cannot always get the printing done before the reopening of the colleges. We might call for information from the S.G.S. at A above, and re-examine the question sometime in April 1947. The paper position might improve by then.

A draft memo to the D.P.I. is submitted.

After the papers may be recorded.
A call book entry will be made on 1-4-47
with ref. to A above.
