Office of the
Director of Public Instruction,
Madras, Dated 4-9--1946.

From

Dr.S.R.U.Savoor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Presidency College, Madras - Employment of an
additional Physical Director.

51907

I have the honour to request that Government
may be pleased to sanction the employment of an Additional
Physical Director in the Presidency College, Madras, with
effect from 1-7-1947.

2. The strength of the college has increased
to 1450 in the current year and the strength of the
intermediate classes alone for whom Physical Education is
compulsory has risen to 681 in the current year. The
Principal states that owing to the large increase in
strength, it has not been possible to give adequate faci-
lities for games for all the students. Further the games
grounds and courts are scattered in various places with
the result that it has not been possible to supervise
the games in these places by one individual. The Physical
Director has to assign and supervise the work of the
Athletic Staff, go to different firms for the selection and
purchase of games materials and also to attend to corres-
pondence in connection with games tournaments, arrangement
of tours etc. In view of the large volume of work in the
college in connection with the games, it is not possible
for a single Physical Director to pay attention to the
various duties. I support the request of the Principal
and request that an additional Physical Director in the
scale of Rs.70-10/2-130 may be sanctioned.

3. The cost of the proposal will be as
follows:

1947-48.

Pay of one Physical Director Rs.(70 - 130)
 $70 \times 8 = \text{Rs. } 560$

Ultimate cost.

Average pay in the scale of (Rs.70 - 130)
 $104 \frac{2}{3} \times 12 = \text{Rs. } 1256 \text{ or } \text{Rs. } 1300$

3. I am including the necessary provision in
Part II of the Budget Estimate for 1947-48.

 Part II Scheme - 1947-48 - Presidency College, Madras - employment of an addl. Physical Director
 b1cf C.N. 51907/46, From the DPE, R.E.N. 2494-12/46 & 4-9-46
 p.5-6cf

In connection with the Part II estimates for 1947-48, the DPE has submitted a proposal for the employment of an addl. Physical Director on Rs 70-130 in the Presidency College, Madras. There is at present only one Physical Director in the College. The strength of students in the College has increased from 1333 in 1945-46 to 1476 in the current year. Besides attending to 3 or 4 hours of organisation, correspondence etc. on physical edu, the Phys present physical Director is unable to attend to the physical activities of the students in the playgrounds which are situated in the various places mentioned in para 2 of the Director's letter on p.5 CF. In the circumstances, the proposal of the Director for the employment of an addl. Physical Director from July 47 may be accepted. Finance may see for remarks. The proposal may be considered of the dept.

 The proposal is to sanction an additional Physical Director in the scale of 70-130 in the Presidency College. The extra cost of the proposal is Rs 1500 p.a. The reasons for a second Physical Director are (a) that the strength of the college

51907-4

has increased from 1333 in 1945-6 to 1476 in 1946-7.
(The playgrounds are located in different places
and the Physical Director has to spend 3 to 4 hours a day
in connection with organisation, correspondence etc.

It is not known when the existing Physical
Director was sanctioned. There is no doubt it was
possible for the office to have got on with only
one Physical Director, it is perhaps considered
necessary that a more satisfactory arrangement
is needed & that this requires a second
Physical Director. In the E.D. are also
satisfied that the proposal is essential
for the proper running of the Dept.
This Dept. was accordingly to the proposal
being considered as a Part II scheme for 1947-8
and E.D. is prepared to meet the necessary costs
being referred to the Director's letter on 10.11.46

This Dept. recommends
that this proposal
may be deferred until
the increase in
strength is only 143
in 1947-8. The
2 pounds are not
likely to be
sent away for
each other. It is not
likely that the P.D. will
be able to do the same
time. It does not
seem that the cost of
employment is
satisfactory here.
