Sir,

Sub: Elementary Education - Instruction in pre-vocational subjects - Imparting of - suggestions for improvement.

Provocational instruction has been included in the syllabus for higher elementary schools, and every higher elementary school is expected to make arrangements for the work. But this cannot be done immediately before or after the sixth standard is opened in a school, and in many cases it has been found uneconomical to appoint pre-vocational instructors till at least the seventh standard is opened in the school. I therefore suggest that where it is not possible to introduce provocational instruction immediately on the opening of the sixth standard, exemption from provocational instruction may be granted, but such exemption should not ordinarily be given when the seventh standard is opened.

2. The instruction in pre-vocational subjects given by unqualified part-time instructors can never be satisfactory. Some of them are no doubt skilled artisans but they have no method in their teaching. Further, they may not have much interest in their work, because after all they do not depend for their living on Rs.10/- per mensem which is allowed in the school. Hence I suggest that where satisfactory part-time instructors are not available, the school may apply for exemption from pre-vocational instruction and that temporary exemption may be granted in such cases till suitable instructors become available.

3. Under the rules now in force there is provision for part-time employment of unqualified artisans as pre-vocational instructors in higher elementary schools where fully qualified instructors are not available. Some of these part-time instructors, i.e. artisans are employed full-time; but because they are mere artisans, they are considered only as part-time instructors and are not given dearness allowance. I therefore suggest that where artisans are employed as full-time instructors, that is to say, if they spend their time in the school during school hours, they may be made eligible for dearness allowance just as other full-time teachers.

4. In the case of many local bodies the poor condition of provocational instruction in higher elementary schools is attributed by their executive officers to insufficiency of funds. Many local bodies have made requests for additional pre-vocational subsidies in the current and the previous years. But Government have sanctioned no provision either in 1944-'45 or in 1945-'46 for the payment to local bodies of subsidies for the introduction of pre-vocational subjects (vide Govt. Memos. No. 31470-A-1, Edn. dated 9-10-1943 and No. 44756-A-1, Edn., dated 22-9-44). I therefore suggest that Government may renew the payment of equipment grants to all schemes (re: introduction of pre-vocational subjects) now introduced by local bodies.

I request that Government may kindly approve my suggestions.

C.No. 3756-B/45 dated 26th September 1945.

43253

Sir,

Elementary Education--Introduction of prevocational training--Local bodies--Provision for the payment of subsidy--Inclusion in the Budget Estimate for 1946-47--Proposals submitted.

***

I submit herewith my proposals for the scheme regarding the introduction of prevocational subjects in higher elementary schools under local bodies for consideration in connection with Part II of the Budget Estimate for 1946-47.

Attention is invited in this connection to my letters to Government C.No.3602-B/43 dated 23.9.1943 and C.No.3217-B/44 dated 7.9.1944 pointing out the necessity for giving effect to this proposal during 1944-45 and 1945-46 respectively. My proposals during the above mentioned two years were deferred by Government in their Memorandum No.31470 A-1 Education dated 9.10.1943 and Memorandum No.44756-A1 Education dated 22.9.44. Hence no provision was made for the purpose in Part II of the Budget Estimate for the current year, as a result of which the introduction of prevocational instruction in local body higher elementary schools has practically come to a stand still. The introduction of prevocational instruction in all higher elementary schools has been laid down as one of the conditions of recognition and the managements are urged to introduce it in their schools. But as the Government deferred my proposals submitted in this connection during the last 2 years, some of the local bodies could not introduce pre-vocational training for want of funds. The President, District Board, Ramnad has also applied for additional subsidy in this regard and I have separately submitted his application for additional subsidy (vide my letter No. Rc.2851-B/45 dated 24.9.1945). Details as regards the recurring and non-recurring cost are furnished hereunder under item II.

p1 M
p5 infra

I therefore request that the Government may be pleased to reconsider my proposals submitted during 1944-45 and 1945-46 and to sanction necessary provision as detailed below:

I. Particulars regarding the provision.

	Extra cost for 1946-47. Rs. (1)	Extra cost in future years Rs. (2)
Recurring:-		
Full time Instructors in 50% of 50 schools-Rs.25 x 120 x 9/12 (for 9 months) from 1.6.1946	Rs.2,250	3,000
Part-time instructors in 50% of 50 schools at Rs.25 x 40 for eight months. ..	1,000	1,250
Non-Recurring:-		
Equipment grant for 50 schools at Rs.100/-. ..	5,000	

4

page 2.

II. **particulars regarding the provision for the 22 schools under the Ramnad District Board.**

District Board Ramnad at Madura.

To

The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

Sir,

Sub:- Elementary Education - Board Higher Elementary Schools Prevocational classes - Payment of subsidy requested -

----

30191

The introduction of prevocational subjects in the Board Higher Elementary Schools as one of the conditions laid down for the recognition of the schools was being urged by the Director of Public Instruction from 1940 and a subsidy of one half of the recurring and non-recurring expenditure incurred in connection therewith was also promised by the Director of Public Instruction in his proceedings Rc. No. 1285-B-40 dated 8-3-40. As provision could not be made in the District Board budget for the new proposal for 1940-41 and 1941-42 due to financial difficulties Government were requested for postponement of the introduction of the prevocational subjects and they were pleased in their memo No.41340-A2 dated 27-4-41 to approve of the proposal for introduction from 1942-43.

2. When an application was made to the Director of Public Instruction for payment of the subsidy for 1944-45, he has replied in his proceedings LDis. 188-B/45 dated 20-1-45 (Copy enclosed) that

p 9 infra

P.T.o

8

there is no provision in that year for payment of subsidies to local bodies and hence the request could not be complied with. It is needless for me to point out as Government are aware that the cost of maintenance of the prevocational subjects involves much expenditure as materials for equipment for the various crafts are not easily procurable and their costs are also prohibitive. Therefore the District Board in its resolution No.277 dated 27-4-45 (Copy enclosed) has resolved that the prevocational classes may be closed if the Government would not come forward to help the District Board with the promised subsidy. In the above circumstances and also in view of the fact that the Elementary Education budget for 1945-46 closes with a deficit of Rs 73000/-. I request that the Government may be pleased either to sanction the payment of the grants due from the date of introduction of the prevocational subjects or to relax the rule laying down the introduction of prevocational subject as one of the conditions for recognition of elementary schools.

Sub:-Elementary Education - District Board, Ramnad - Subsidy for the introduction of prevocational subjects in Higher Elementary Schools -

READ:- From the President District Board, Ramnad Roc. No.E6-857/45 dated 9.1.45.

The President, District Board is informed that there is no provision in the current year for the payment of subsidies to local bodies for the introduction of prevocational subjects in Higher Elementary schools and hence his request cannot be granted.

Proceedings of the Ordinary Meeting of the Ramnad Dt.Board.

No.277 Dated 27-4-45

Read:-

Papers relating to the application made to the Director of Public Instruction, Madras for recommending to the Government for sanction of the subsidy of Rs 387-7-0 towards the maintenance of prevocational classes and for the supply of accessories during the year 1944-45. Also letter from the Director of Public Instruction Madras that there is no provision in the current year for the payment of subsidies to Local Boadies for the introduction of Prevocational subjects and the request of therefore cannot be granted. Note of the President, that in view of the highly straitened financial position further introduction may not be possible and it is even worth considering as to why the existing classes too where there are no proper equipment should not be stopped. Committee for

Sir,

EDUCATION ELE.PAYMENT OF 50% DEARNESS ALLOWANCE TO PART TIME WORKERS--REQUESTED.

I wish to bring to your kind notice that many of the part-time workers in the Board Higher Elementary schools in the District imparting instruction in the prevocational subjects complain that the pay of Rs.10/- per mensem given to them is insufficient to make both ends meet and request for the sanction of the dearness allowance as in the case of full time servants. In some of the Board Higher Ele.Schools, the part-time prevocational instructors have resigned on the plea that the remuneration that they get is too scanty and that they would like to work only on promise of payment of dearness allowance to them. Consequently the out-turn of work in prevocational classes is by no means satisfactory. Nor are there qualified hands to fill up the vacancies.

P.T.O.

In view of the above facts, I request that you may kindly move the Government for the sanction of at least 50% Dearness allowance to all part-time workers until such time that they can be replaced by duly qualified teachers.

For President.

The excess of Rs 22.3.0 and the difference between the loss on account of Concession at St. rates and at Managements rates (i.e. Rs 26.14.) do not tally, the reason being that no excess is collected from girls whereas half excess comes when boys pay their half fees. Thus when a boy pays $\frac{1}{2}$(4.11.0) he pays an excess $\frac{1}{2}$(4.11.. — 3.2.0) = 7 $\frac{1}{2}$ as which tallies with the difference between loss at Std. rates and loss at Managements' rate. In the case of a girl excess is nil, but difference is (4-11.. — 3-2-0) = Re 1-9 as.

Excess from boys: 22.3
uncollected excess " girls 4.11

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

PART II SCHEME FOR 1946-7.

[SUBJECT.—*Elementary schools under local bodies—Subsidies for pre-vocational training.*]

Summary.

Heads of account.	Items of expenditure.	Ultimate cost. Recurring.	Ultimate cost. Non-recurring.	Cost in 1946-7. Recurring.	Cost in 1946-7. Non-recurring.
(1)	(2)	(3)	(4)	(5)	(6)
		RS.	RS.	RS.	RS.
37. Education—I. Primary—Grants to Local Bodies for Primary Education—A. Local Bodies—I. Ordinary Areas—					
4. Teaching—Authorized ..	Subsidies to local bodies for employment of pre-vocational instructors.	6,100	..	5,100	..
5. Buildings and Equipment—Authorized.	Subsidies to local bodies for the purchase of pre-vocational equipment.	..	7,200	..	7,200
	Total ..	6,100	7,200	5,100	7,200

32

According to the revised syllabuses introduced in 1940-1, pre-vocational training is compulsory in higher elementary schools. It is usual for Government to sanction subsidies to local bodies and grants to aided agencies towards the cost of introduction of pre-vocational training. No provision was made either in the budget for 1944-5 or in that for 1945-6 for the payment of subsidies for pre-vocational training as a result of which the introduction of pre-vocational instruction in local body higher elementary schools has practically come to a standstill. The Director of Public Instruction therefore requests that provision may be made for payment of subsidies to local bodies in 1946-7 towards the cost of introduction of pre-vocational training in 72 schools under them. Full-time instructors may have to be employed in 50 per cent of the schools and part-time instructors will be sufficient for the remaining schools. The subsidy payable for pre-vocational training is generally calculated as follows :—

	RS.
Full-time instructor	120 a year.
Part-time instructor	50 a year.
Pre-vocational equipment	100 per school.

The cost of the proposals will be as indicated in the summary. This Department recommends that necessary provision may be made in the Budget for 1946-7.

2 - DEC 1946
73914
EDUCATION AND PUBLIC HEALTH DEPT.

Rc.No.22 B6/46 dated 29-11-1946.

Sir,

Sub: Elementary Education - Local Body Institutions - grant for Prevocational Instruction - Distribution - Proposals.

Ref: Government Memo No.34041-B2/45-7 Edn., dated 1-4-46.

I have the honour to submit herewith proposals for the distribution of subsidies to local bodies for the introduction of Prevocational subjects in the Higher Elementary Schools under the management during 1946-47.

2) Out of the proposals received only 3 municipalities and 4 District Boards* have furnished completed particulars for the sanction of subsidy towards the cost of the introduction of prevocational training during the current year. Proposals regarding some other local bodies are still under correspondence and they will be submitted to Government supplementally on receipt of complete particulars. Hence proposals regarding the distribution of subsidy to the above mentioned 3 municipalities and 4 district boards are herewith submitted.

*Municipal Councils Ellore, Palacole and Palghat and Dt.Boards Cuddapah, Ramnad, Kistna and North Arcot.

3) The subsidy payable to local bodies for the current year towards the salary of instructors (Col.6 of the statement) has been calculated with reference to the dates of joining of the Instructors furnished by the local bodies in their replies and the amount of grant for the supply of equipment (Col.7) has been limited to one half of the cost actually incurred by the local body subject to a maximum of Rs.100/- for each school.

4) In the case of the District Board, Cuddapah prevocational Training has been introduced for the first time during the current year in 5 schools; but only four instructors (1 Full Time and 3 Part-time) have been appointed, the 5th school being left in additional charge of an Instructor. Therefore in the statement appended herewith provision has been made for the salary of 4 instructors only with one half of the actual amount spent towards the cost of equipment.

5) In the case of Ramnad District Board, subsidy towards 19 Prevocational instructors (14 Full time and 5 Part-time) has already been included in the lumpsum subsidy payable to the Board. There are now only 21 schools under the Board and the Board is eligible to receive subsidy towards the salary of 2 more instructors. As particulars regarding the dates of joining of 20 instructors only have been furnished by the President, District Board subsidy towards the salary of one instructor who joined on 16-8-45 is recommended now.

6) In Kistna District Board, one Part-time instructor is reported to have been appointed in the Board Higher Elementary School, Akunur from 1-4-46 and two conversions of Part-time posts into full time ones in the two higher Elementary Schools Pallevada and Mandavalli have been affected from 8-3-46 and 11-10-1946. The claim on behalf of these 3 instructors is now included in the statement.

7) Regarding North Arcot District Board Prevocational Instruction has been introduced in the Board Higher Elementary Girls' School, Kosapalayam, during the current year and the claim made thereto from 5-4-46 is now recommended.

p.t.o.

42

8) In Ellore Municipality, the salary for 1 full-time instructor from 29-9-46 in the Laximivarpet Muslim Higher Elementary School where the subject has been introduced for the first-time, is included in the statement.

9) The only one Higher Elementary School for girls under the Palacole Municipality has introduced prevocational subject in the school during the current year and the claim for the grant of subsidy towards the employment of one full-time instructress who joined on 27-9-46 is included in the statement.

10) In Palghat Municipality provision has been made for the grant of subsidy towards one full-time instructor from 16-5-46 in the Big Bazar Muslim Higher Elementary School where the Prevocational Instruction has been introduced during the current year.

11) Proposals for the distribution of subsidies to local bodies which have not yet furnished particulars and who have been reminded will be submitted as soon as they are received.

(B)

Para 3 of D.P.I's letter

3. The Director has issued proceedings to the effect that if unqualified instructors (artisans) are employed in schools ~~on~~ even on full time basis they should be ~~allowed~~ paid only Rs 100 a year, which is ~~this is~~ the pay allowed for part time instructors. ~~also~~. It appears that management of schools are not ~~grant~~ granting dearness allowance to these full time unqualified instructors. The D.P.I. suggests that these instructors should be given dearness allowance. The suggestion may be accepted. ~~The principle~~ It has been conceded that even in the case of part time employees dearness allowance should be given if the work allotted to them is such that they cannot earn ~~a livelihood~~ additional remuneration elsewhere. In the present case the instructors are full time employees though they receive only the pay of part time instructors.

Para 4 of D.P.I's letter

4. The D.P.I. proposes that further subsidies should be given to local bodies in order to enable them to make better provision for pre-vocational instruction ~~and~~ He may be asked to submit definite proposals for consideration as Part II scheme for 1946-47.

5. A draft memo is put for appr..

ag
28-8-45

29-8-45

15-9-45
Pl: see below

15.9.45

There is an important point involved in Govt's countenancing a policy of ~~liberal~~ free exemptions such as is implied in the first two paras of the D.P.I.'s letter. The G. of I. have advocated what they call 'basic' schools in the post-war plan and the claim of the el. schools of this Province that they virtually do the function of such schools rests in a substantial measure on the provision of prevocational instruction, so far as the H.E. schools are concerned. Please see in this connection para III of the Procs of the meeting of the Post-War Sub-committee, of 19.12.44 in which

p. 9

(26)

4B

they said that there was no need to modify the present system of education as it embodies the good points of the Wardha scheme (basic education). It would be difficult to maintain that position

The point of principle will not remain affected by, & we have to choose here, temporary means of expediency like the present proposal.

15.9.45

Proposals in paras 1 & 2 of D.P.I's letter may be accepted.

Proposals in paras 3 & 4 of his letter may also be approved, & D.P.I. may be asked to send up proposals accordingly as for a Part II scheme with an estimate of cost.

Fin. may see before circulation.

ASST. SECRETARY TO GOVERNMENT
19 SEP 1945
FINANCE DEPARTMENT
42284 4B

Fin. (Exp.B).

Please see the D.P.I's ~~xxxxxxxxxx~~ letter in the C.F. and the notes of E.P.H on pp.1-3 above.

The file has been sent to this department with reference to the payment of subsidies to local bodies for pre-vocational subjects - please see paras 3 and 4 of the letter in the C.F.

0 of Para 4 p 1 CF

2. The Govt. did not make any provision for the payment of subsidies to local bodies for the scheme of pre-vocational instruction during the years 1944-5 or 1945-6 because they considered that ~~kk~~ with the enhanced rate of d.a. which the local bodies have to pay most of the local bodies would not be in a position to set apart any funds for the purpose - please see Memo.44756 A.1 Edn d.22-9-44. The D.P.I. has now requested renewal of grants to all schemes now introduced by local bodies. E.P.H consider that the proposal may be considered as a Part II scheme for 1946-7.

Para 2 on p 1 & 2 of

Para 4 on p 1 CF
'A' above

3. The subsidy to local bodies for prevocational

education is restricted to one half of the cost of the scheme as shown below, the other half being met by the local body:-

Rs 120 a year for each full time instructor

Rs 50 a year for each part time instructor

Rs 100 ~~for a~~ per school for purchase of equipments.

ASST. SECRETARY TO GOVERNMENT
25 SEP 1945
EDUCATION AND PUBLIC HEALTH DEPT.

The financial position of many of the local bodies ~~are~~ is at present found to be unsatisfactory. The position is likely to improve hereafter ~~from the~~ as a result of the various measures taken by the Govt. in the current year for augmenting the resources of local bodies ~~additional income that will accrue on account of receipts from~~ (arrears of toll compensation, entertainment tax, stamp duty, enhanced rate of land cess, etc.) ~~Finance may agree to the proposal being considered as a Part II scheme for 1946-7.~~

~~E.P.H will no doubt consult L.A also on the proposal.~~

21.9.45

22.9.45

Owing to the payment of dearness & war allowances to their employees (at rates applicable to Govt. servants) ~~[illegible]~~ many local bodies find it difficult to make both ends meet & the Govt. have to give grants to cover deficits in their budgets. The local bodies may not be able to meet their (one half) share of the cost of pre-vocational schemes from their own funds ~~without~~ and avoid ~~ing~~ a deficit in their budgets at the same time. The effect of ~~[illegible]~~ the various measures made available in the current year for the improvement of the financial position of local bodies may be more clearly known next year when the proposal for better provision for ~~the introduction~~ of pre-vocational instruction in higher elementary schools under the management of local bodies may be considered again as a Part II scheme for 1947-8. Fin: may suggest the postponement of the proposal for the present. | Dud

The proposal in para 3 on p. 2 above, viz. that (so called) "part-time instructors" who do full time work should be paid dearness allowance may be agreed to. | Dud

part-time instructors referred to in para 3 of the D.P.I.'s letter may be paid dearness allowance.

But on the question of providing funds for the payment of subsidies to local bodies for pre-vocational training that Department suggests that the proposal may be considered in connection with the budget for 1947-48. The D.P.I. has actually submitted proposals in the matter for consideration as a Part II scheme for 1946-47 and has stressed ~~on~~ the necessity for making provision in 1946-47. In view of this, Finance may see again.
