.....
In G.O.No.1608 Edn., dated 11-10-1945 sanction was given for the continuance of 3 additional sections in standards I, II and V of the Model School attached to the Government Training School for masters, Mettur, together with three posts of secondary grade teachers for the additional sections. As there is definite need for the continuance of the additional sections in standards I, II and V, I request that Government may be pleased to sanction the continuance of the additional sections together with the three posts of secondary grade teachers therefor, for a further period of two years from the current school year.

2. Last year there was a great rush for admissions in standards II, III and V and Form I. To satisfy the demand I permitted the opening of an additional section in each of the classes and also sanctioned the employment of 4 secondary grade teachers for the additional sections. This year also there is need for the continuance of the additional sections in the classes under reference. I therefore request that Government may be pleased to sanction the continuance of the additional sections in standards II, III and V and Form I together with 4 posts of secondary grade teachers required therefor for a period of two years from the current school year.

3. Last year there were 3 sections in standard III, 2 in standard IV and Form I and 1 in Form II. This year the strength in these standards has greatly increased and justify the opening of an additional section in each. I furnish below the standard-wise and Form-wise strength of the school and request that Government may be pleased to sanction the opening of the additional section in each of the standards III, IV and Forms I and II.

Additional Staff.

71829 REF: Govt. Telephonic Message by post dated 6-11-1946.- p.3 ante

I have the honour to state that 4 sections in standard
III is necessary for a strength of 130 pupils, since the Elementary
School is serving as a model school for the training school (audit and)
is very desirable to have classes which are not unweildy in size.

ORDER
16. (Edn) 2401 Edu dated 16-12-46
17/12

The Government sanction the continuance for a further period of two years of the three additional sections and standards I, II and V. of the Model Elementary School attached to the Govt. Secondary and Training School for Masters at Mettur together with the three posts of secondary grade trained teachers sanctioned in G.O.No. 1608 Edn.d. 11.10.1945.

pp2-3 (H)

pl cp. p 3 (H)

2. The Govt. also sanction the continuance for a period of two years of the four additional sections in standards II, III, and V, and Form I of the school, together with the four posts of secondary grade trained teachers ^{permitted} temporarily by the D.P.I. in 1945-46. The usual time scale of pay will apply to these posts, with effect from the date of this order.

3. Sanction is also accorded to the opening of an additional section in each of the standards III and IV and Forms I and II of the school in the current year and the employment of a secondary grade trained teacher in each of the standards and forms up to the end of the current year.

Finance (E.III).

Please see the reference from the D.P.I in the C.F and the draft order put up by E.P.H overleaf. The draft order may be accepted subject to the following remarks with reference to para 3 of the draft.

2. The extra expenditure involved in the opening of additional section in each of the standards III and IV and forms I and II together with the employment of an additional Secondary grade teacher in each of the four additional standards and forms is Rs 2,890 per annum. Ordinarily this part of the proposal should have come as a Part II scheme for 1947-8. But the D.P.I. states that the great increase in strength necessitates the opening of additional sections. On this basis E.P.H propose to agree to the above proposals of D.P.I to open the additional sections in the current year. In this view it may perhaps be taken that the proposal satisfies the criteria of necessity for running of the department as laid down in Finance U.O.34495 B.G.1 dated 7-10-46 for introducing schemes involving fresh expenditure in the current year. E.P.H may re-examine that it is essential carrying on the administration this part of the proposals, rigidly applying the criteria prescribed in the above U.O. note and send the file back to this department if they consider that the proposal can be introduced in the current year.

~~The draft order may be accepted.~~

(a) Attention is invited to the following criteria laid down for sponsoring a scheme for fresh expenditure not provided for in the ~~current~~ budget in the course of a financial year.

(1) The scheme is essential for carrying on the administration and is so urgent that its postponement would cause serious inconvenience to the working of the department; or would necessitate considerably greater expenditure in the near future.

(2) The scheme is certain to produce additional revenue or result in savings or prevent the loss of existing revenue to an extent that outweighs the additional expenditure involved, and the advantage is so great that it would be distinctly undesirable to postpone the introduction of the scheme.

(3) The scheme is necessary to meet a critical situation

(D) pp 3-4

(4) The scheme is a post-war development scheme approved by the Government of India for which that Government will give advance grants in 1946-7.

E.P.H are apparently satisfied that the proposal satisfies the criterion (1); in this view, this department may agree to the proposal.

It seems that Standard III with section 138 may not require four sections as proposed and that an addl. section need not be opened initially. If EPH agree the draft may be suitably amended.
