SECRETARIAT, EDN. AND P.H. DEPT.
2 - JUL 1946
GOVERNMENT OF MADRAS

D.O.

Director of Public Instruction,
Madras, 29th June 1946.

My dear Viswanatha Iyer,

With reference to your D.O.No.32662-A-1, Education, dated 19-6-1946, I am placing before you the points against and for having a woman officer in the Director's office.

2. In the first place I would like to invite your kind attention to a few figures relating to women's education as detailed in the quinquenniums for 1932-37 and 1937-42. The post of the Deputy Directress of Public Instruction has been held in abeyance from 1932. From 1932 to 1942, the number of secondary schools for girls increased from 73 to 103 and the strength in those schools increased from 17,698 to 29,534. The actual number of girls in boys and girls secondary schools increased from 31,853 in 1937 to 44,215. In elementary schools, the actual number of schools decreased just as in the case of boys schools on account of the elimination of inefficient and bogus schools, but the strength in girls schools increased from 3,58,394 to 4,30,412. At the same time in the boys schools, the number of girls increased from 3,64,541 to 7,71,207. In regard to Muslim education also there has been an increase in the number of girls under instruction. The number of training schools for women increased from 62 to 66. The number of women in training for the teacher's profession increased from 3,192 to 4,371. The actual increase in women's literacy during that decade was from 2.5 to 6.3. In addition to all this, the department took special measures to increase the number of women teachers working in boys schools, to increase facilities for training of Physical Training Instructresses in girls schools, to appoint additional Sub-Assistant Inspectresses and Inspectresses of schools wherever necessary, etc. These achievements were during the period 1932-42 when there was no Deputy Directress in this office. The latest figures are higher than those for 1942 and show that

4

the department has persistently carried out the policy of encouraging women's education in its every phase. Thus I cannot agree with Mr. Suryanarayana Rao that the Deputy Directors with all their other interests are so much overwhelmed with problems of boys education that they cannot in the nature of circumstances give their attention which girls education needs.

2/27EF

3. In the development of girls education, the opinion of the departmental inspecting officers in the women's section as well as the opinion of the Women's Association and general public opinion are always taken into consideration. The Inspectresses of Schools are in actual contact with the requirements of each area and due weight is given to the recommendations put forward by the Inspectresses of Schools. Similarly, Sub-Assistant Inspectresses are in charge of smaller areas and deal with elementary education. The final control and direction is in the hands of the Director and it has been the continued policy of the Directors, particularly since 1936, to pay even more attention to girls education than to boys education. The results achieved so far show that in spite of the absence of a Deputy Directress in this office, the progress of women's education is far beyond expectations. Therefore, it cannot be said that the provision of Deputy Directress in this office is absolutely necessary.

4. I would also like to addthat the present tendency is more and more for co-education as far as elementary education is concerned. This is amply proved by the larger number of girls reading in boys schools than in girls schools. Under the compulsory scheme most of the schools are bound to be mixed schools. It has also been the experience of the department that in a large number of cases where girls schools were amalgamated with boys schools, the actual strength of girls increased after the amalgamation. The work connected with the compulsory scheme and the feeding of poor children needs co-ordination. There has got to be a unified policy and also a unified control. For this purpose, it will be necessary to put greater amount of authority in the hands of the District Educational Officers of each district and the Attendance Officers who will have to work directly under him. Thus except for the actual inspection of girls schools and proposals for the expansion of women's education, particularly, that of Muslim girls, much of the work relating to boys and girls schools in the compulsory areas both in regard to the provision of schools under the compulsory schemes and the arrangements to be made for feeding, as well as the action to be taken under the compulsory scheme against defaulters, will have to be done by the men officers.

5/4

5. In regard to secondary schools, the work is in the hands of the Inspectresses whose number is at present eight of whom one has been appointed recently and the jurisdiction of the Inspectresses is now smaller than it has been in the past and the Inspectresses will have greater opportunities to attend to the work of organization and expansion. The proposals received from the Inspectresses are being and will be dealt with very carefully by the officers who are working under me and there is no reason whatever to fear that the interest of women's education will suffer in any way in their hands.

6. As regards the personnel of the women's branch, there have been no complaints from the officers of the women's branch that their interests have suffered because of the absence of a Deputy Directress. All representations of transfers and promotions are very sympathetically and carefully dealt with in this office. Further, the Inspectresses are constantly consulted whenever necessary in regard to administrative matters relating to the personnel of the women's department. Thus there is nothing much that a Deputy

Deputy Directress in separate charge of women's education will be able to do in this matter, if a Deputy Directress is appointed in this office. At the time when the post of Deputy Directress was kept in abeyance, I was the Deputy Director in charge of Finance and Secondary Schools. I know that the personality of Miss Lowe, the then Deputy Directress, and the way in which she treated the women officers working under her, had a great deal to do with the keeping in abeyance of the post although nothing was actually put on record. Since Miss Lowe has now retired there is no harm in my stating this.

~~7. I must admit that the appointment will be of some advantage not only to this office but to the officers themselves. As a rule, women officers have not got the experience in office routine and administration which is necessary for an Inspecting officer. The condition of the offices of the Inspectresses of Girls Schools shows this. It would be a good thing if women officers were to have a period of work in this office where they can learn office procedure and acquire greater administrative efficiency~~

7. If however Government consider it desirable to have at least one woman Officer in the Director's office it would be better for her to be called the Inspectress at the Central Office and that the post should be a tenure post for 2 or 3 years only so that the place may be held by different Inspectresses in turn for 2 or 3 years. I must admit that the appointment will be of some advantage not only to this office but to the officers themselves. As a rule women officers have not got the experience in office routine and administration which is necessary for an Inspecting officer. The condition of the offices of the Inspectresses of Girls Schools shows this. It would be a good thing if women officers were to have a period of work in this office where they can learn office procedure and acquire greater administrative efficiency. The Inspectress at the Central Office may be able to help the Director with advice on all matters relating to women's education, in fact to present

---

the women's point of view on matters that may be referred to her either by the Director or by the Deputy Directors under whom she will be working. The post may be on the same scale as the Inspectresses, viz., Rs.200-700.

Yours sincerely,

P.S. Viswanatha Ayyar, Esq., I.C.S.

The Government direct that the appointment of Miss M.Kuruvilla as Superintendent, Government Secondary and Training School for Women, Coimbatore, ordered in para 3 of the G.O. read above, be given effect to now, from the date of taking charge.

2. It has not been made clear in the letter cited why the transfers of many officers were necessary to render the post of Superintendent, Government Secondary and Training School for Women, Coimbatore, vacant, and whether the object could not be achieved if the transfers were limited to one or two. The Director of Public Instruction is requested to make a report on this point.

Further, it is seen from the latest establishment list that Miss D.Frank who has passed the Language Test only in Tamil and Malayalam and who, evidently, does not know Telugu, is officiating as Inspectress of Girls' Schools, Rajahmundry. This officer should be transferred to the Tamil area at the earliest opportunity. She could well have been transferred to Madura, as Inspectress, in the vacancy caused by the grant of leave to Miss M.Blake and her office at Rajahmundry filled by the transfer of Mrs.K.Venkata Rao from Coimbatore. This arrangement would have minimised the number of transfers. In this connection, the Director of Public Instruction is informed that transfers of heads of schools in the middle of a year should be avoided as far as possible.

With reference to Paragraph 2 of the Memorandum cited above, I have the honour to submit that all the transfers were not made, as supposed, in connection with the filling up of only one post, that of the Superintendent, Government Secondary & Training school for women, Coimbatore but in connection with two posts. Mrs. K. Venkatarao could not be posted as Inspectress, Rajahmundry for the obvious reason that Mrs. J. Moses, Superintendent, Government Secondary & Training school, Vizagapatam was her senior by 18 years having been promoted to the M.E.S. in 1927. Till recently she had renounced her claims for promotion as Inspectress as she was anxious to live with her husband at Vizagapatam, but in January 1947 she expressed her willingness to be promoted as

Inspectress and requested that her claims should be considered for the next vacancy.

Mrs. K. Venkata Rows' husband lives at Vizagapatam and as she desired to be posted to Vizagapatam her request was complied with.

The Seventh circle, Madura is a heavy circle and as there are a number of important enquiries pending, an experienced officer like Mrs. S.B. Isreal who has also previously served in the Madura circle was posted to that place and in her place Mrs. J. Moses was appointed.

The proposal is to transfer Mrs. K.Venkata Rao from Coimbatore to Rajahmundry, Mrs. Kotamma from Rajahmundry to Vizagapatam, Mrs. Moses from Vizagapatam to Nellore and

Mrs. S.B.Israel from Nellore to Madura. I understand that Miss. D.Frank who is in Vizagapatam does not know Telugu but knows only Tamil. She can be transferred to Madura and the other transfers as a consequence will not be necessary and they can be retained in their old places. Besides, it is wrong policy to transfers Superintendents of Government Schools in the middle of the year.

The D.P.I. has stated in his letter that he has already ordered the transfers of officers. It is also ascertained from the Dir.'s Office to-day that ~~Miss~~ Mrs.Israel has already been ~~relived~~ relieved at Nellore - apparently by Mrs.Moses who, relinquishing charge of the Vizagapatam School, joined duty at Nellore. It is likely that, by the time the Govt. order reaches Mrs.Israel, she would have taken charge at Madura. In the circumstance, if Miss Frank has to be transferred to Madura, Mrs. Israel has to be posted to some other place - which again may involve another one or two transfers. It is therefore humbly suggested that, in addn. to calling for information as at "M" on p.2 ante and putting "K" above to the D.P.I., he may be asked to transfer Miss Frank to the Tamil area at the earliest opportunity.

This sort of thing has happened more than once and the Director may be asked to explain why so many changes were made when the change could have been limited to two, and the other points raised in the above note may also be asked to be explained. C.35188. From the D.P.I., D.O. dated 29-6-46.

Revival of the post of Dy.Directress of Public Instruction.

21

See 21/1-3

A post of Dy. Directress of Public Instruction in the I.E.S. in the Office of the D.P.I. existed from about 1920 up to 1932. The post was created in order that there might be a senior woman officer in the Dir.'s Office to advise the Dir. on important proposals relating to women's edn. and to assist him in exercising supervision over the women's branches of the Edl. services. Necessitated by the 'financial stringency' that prevailed in 1931-32, the post was held in abeyance, in the first instance, for a period of 3 years as it was then considered that its tempy. disappearance would not seriously retard the development of women's edn. Its incumbent for 6 years prior to 1932 was Miss I.H. Lowe. As its revival was not considered absolutely essential, it continued to be held in abeyance for one year at a time till the middle of 1945. With Miss Lowe's retirement on 4-5-45, the post was abolished from the I.E.S.

Z/1-2

2. In June 1945, Sri R.Suryanarayana Rao (formerly of the Servants of India Society), who was a member of the Post-War Edn. Sub-Committee, suggested the revival of the post, with an eye to women's edn. in the post-war period. The then D.P.I. (Dr. Dey) did not consider the revival essential for the reasons mentioned in para (a) on C.F.11 of "Z".

Z/5 C.F.

Z/9 C.F.

3. Sri Suryanarayana Rao has ~~again~~ reiterated his suggestion, putting forward the follg. in its favour:

A

> " ** The girls' edn. has made ~~grade~~ great strides and as part of post-war reconstruction it is going to occupy a more important place. The problems connected with the girls edn. are many and they have to be approached with sympathy and understanding. The Dy.Directors, with all their interest, are so much overwhelmed with problems of boys' edn. that they cannot, in the nature of circumstances, give their attention which girls' edn. needs. Moreover, opinion that in the High school stage separate schools for girls are necy. is gaining ground. To develop secy. edn. and to formulate and arrange necy. courses under the system of bifurcation, a Dy. Directress is absolutely necy. ** "

The D.P.I.'s (Dr.Savoor's) views in the matter are at pp.3-7 C

He has explained that most of the work relating to boys' and girls' ele. ~~sec~~ schools will have to be done by men officers, that there is no reason to fear that the interests of women's secy. edn., in the field of organisation and expansion, will suffer in the hands of his Dy.Directors and P.A.'s, and that, as regards the personnel of the women's services, there is nothing much that a Dy.Directress can do. He therefore cannot agree with Sri Suryanarayana Rao's statement at "A" on p.1 C.F. The Dir. has also quoted figures to show how women's edn. was encouraged in its every phase between 1932 and 1942 even without a Dy.Directress in his office and has opined that the appt. of a Dy.Directress is not absolutely necy. This view may be concurred in.

A

CF 3

B

CF 4

CF 6-7

4. The Dir., however, remarks that, if Govt. consider it desirable to have at least one woman officer in his office, it would be better for her to be called the "Inspectress at the Central Office" and that her post may be a tenure post in the same scale as Inspectresses (Viz., Rs.200-700), so that different women officers may have the experience of work in his office where they can learn office procedure and acquire greater administrative efficiency and could also help the Dir. with her advice on all matters relating to women's edn.

M

R

The gazetted staff of the Dir.'s Office now consists of the follg.:-

I.E.S.:
D.P.I.
M.E.S.:
1. Three Dy.Directors (2 permanent and 1 tempy.) Rs.600-100/2-1,000.
2. One Personal Asst. - Rs.200-700.
3. One Addl. Personal Asst. (temporary) Rs.200-700 - Sanctd. from 1-5-46.

2/37 cf.

t does seem desirable that one of the officers working directly nder the D.P.I. is a woman officer. But the suggestion at M" above would mean the creation of another M.E.S. post at a cost f about Rs.5,100 p.a. (excluding dearness allce.). Whether the olume of work in the Dir.'s office would justify the creation of nother gazetted post is doubtful. In view of this and also as an ternative ~~of~~ to the Dir.'s suggestion - which would not involve any tra cost - it is subd. that either the post of P.A. or that of dl. P.A. may be made a tenure post and included in the Women's | A

2/37-38 cf.

E 3

A

Branch of the M.E.S. If this is done, the objects mentioned at "R" above would also be met. It is for consideration whether the Dir. may be asked to offer his remarks on this alternative, and, if he agrees to it, to move Govt. officially to implement it.

The proposal in this file is to have a woman officer in the Director's Office, designated as Inspectress at the Central Office; the post to be a tenure post, preferably for 3 years. In this Dept. note on pp.1-3 ante, it has been suggested to have this post in lieu of the Addl.P.A. sanctd. in G.O.818-Edn., dated 16-4-46. Finance has agreed to this suggestion as no extra cost is involved in the proposal. The post of Dy. Directress on a scale of pay of Rs.200-700 in the M.E.S. continues to be vacant since the time the post in the I.E.S. was abolished - i.e., from 4-5-45, the date of retirement of Miss I.H.Lowe. It has been agreed that a post in the M.E.S. with the designation "Inspectress at the Central Office" may be created; the post will be in lieu of permanent post of Deputy Directress in the M.E.S. which was kept vacant from May 1945 and which will be abolished now.

~~Originally~~ Ordinarily, any new post is only created on a temporary basis; it will be continued for 5 years on a temporary basis and if it is found after that period, that there will be a permanent need for the post, it will be made permanent.

In the present case, the post of Inspectress is to be in place of the superfluous post of Deputy Directress. The ~~[illegible]~~ latter post was kept vacant though ordinarily it should have been abolished. I~~f this~~ Had this been done, the post of the Inspectress ~~can only~~ will be regarded as " a new post" and as such ~~can only~~ will be sanctioned on a temporary basis. Simply because the post of Deputy Directress was kept vacant, it cannot be argued that the post of Inspectress created now can be deemed as a continuation of that post with a change in designation.

It seems that this is how it should be looked at.

22/11

This department amy accordingly suggest that the post of Inspectress may, as for any other new post, ~~be~~ be created only on a temporary basis, ~~[illegible]~~ (especially as this appears to be in the nature of an experiment).

For the reasons stated above by the Fin. Dept., their view that the post of Inspectress at the Central Office may be sanctd. on a tempy. basis, may, it seems, be accepted and the present sanction limited to three years, in the first instance, since the proposed tenure is 3 years. In that case, the post should be created as a tempy. addn. to the cadre of permanent posts in the category of "Inspectresses of Girls' Schools", categ. 2 of Class VII of the M.E.S.; then, no ad hoc rule, nor any amendment of the Service Rules, on account of the sanction ~~on~~ of this post, is necy. The permanent post of Dy. Directress ~~will~~ should not, in that case, be abolished altogether, but will continue to remain unfilled.

R. No. 66968. From the D.P.I., No. 11800-G/46, d/- 16.8.47

M.E.S. – Post of Inspectress at the Central Office – Tenure.

I/12 c.f.

In G.O. No. 2603-Edn., d/- 16.12.46, a tempy. post of Inspectress ~~of~~ at the Central Office (D.P.I.'s Office) was created. The orgl. intention was that the post shd. be sanctd. permanently as it was in place of the permanent post of Dy. Directress, and shd. also be declared as a tenure post so that it might be held by different officers in turn. But Finance held the view – and the view was accepted – that in the first instance it shd. be sanctd. only temporarily. At that time, the fact that if only tempy. sanction was accorded, 'tenure' could not be fixed for the post was lost sight of; the definition of "Tenure post" is 'a permanent post which an individual Govt. servant may not hold for more than a limited period'. The A.G. now points out the anomaly. The D.P.I. presumes that Govt.'s intention is that the post shd. be retained as a cf. 1 permanent measure. The way-out is either according permanent sanction or cancelling the declaration of tenure. In the latter case, the qn. of fixing tenure can ~~has~~ ~~to~~ be taken up in due course only after the post is made permanent after it has continued for 5 years. ~~Finance may be requested to offer their remarks.~~

The sentence: "the post will be a tenure one, the term of tenure being ~~three years~~ three years" may be omitted from the G.O. but it may be open ~~[illegible]~~ to the Govt to issue a direction to the D.P.I. that nobody should be kept in the post for more than three years at a time (if the continuance is sanctioned). Finance may be requested to offer their remarks.
