Office of the
Director of Public Instruction,
Madras, Dated 28-9-1946.

From Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To The Secretary to Government,
Education and Public Health Department, Madras.

Sir,
Sub:- Building - Government Muslim High School, Kasargod -
Construction of a block of 4 class rooms at an
approximate cost of Rs.18,600/- (Eighteen thousand only)

The present school building of Government Muslim High School, Kasargod was gifted to Government by a private party and the conveyance deed has been registered in July last. In view of the inadequate accommodation provided for the school a sum of Rs.7500/- was provided in the last years estimate of minor works for the construction of a block of three class rooms. When actual estimates were furnished by the Executive Engineer it was found that a sum of Rs.17000/- is required for the construction of the block and so it had to be treated as a major scheme. The idea of constructing the rooms last year was dropped and it was suggested that with the provision available one room may be constructed. Accordingly in G.O.697 P.W.D., dated 12-3-1946, Government approved it; but this work could be taken up only this year.

Form V has been opened in this school in this year and Form VI will be opened in June 1947. Thus accommodation will be required for all the six forms. The present building consists of a hall 80' X 17', a room 27' X 12' and two other small rooms only. As provision has to be made for additional class rooms including the laboratory it is felt that at least a block of 4 class rooms is quite necessary for the school. Each room will be 23' X 21'. The Executive Engineer estimates that an amount of Rs.18,000/- will be necessary for constructing the block.

I request that Government may be pleased to consider it along with the part II schemes for 1947-48 and sanction it.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instruction

Buildings - Govt Muslim High School
Kasargod - Construction of 4 class rooms

also From the DP 9 Re. no 5802 G.3 / 46 } 289.46

Memo, No. 57946-B1/46-2 Eon dn 21/10/46.

The D.P.O is requested to submit sketch plans & approximate estimates for the construction of a block of four class rooms in the Govt Muslim High School, Kasargod, restricting the additional accommodation to the absolute minimum requirements. He is informed that unless the plans & estimates ^{are} ~~have already~~ been prepared by the Executive Engineer & are forwarded to Govt in time, it will not be possible to consider the proposal as a Part II

$$\frac{187}{1870.46}$$

$$\frac{0.01}{0.010000}$$

$$\frac{1.0}{1.000000}$$

to consider the proposal as forwarded to that in time, it will be forwarded to the Executive Engineer & approved. It is suggested to submit a detailed estimate for the construction of a road of 1/2 mile in the area of the school, hospital, and the village. The estimate is to be submitted to the District Engineer for his consideration. It is in favour of the proposal and it is recommended that the same be approved.

Office of the
Director of Public Instruction,
Madras, Dated 20-11-1946.

Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

ASST. SECRETARY TO GOVERNMENT

91 NOV 1948
EDUCATION AND PUBLIC HEALTH DEPT.

The Secretary to Government,
Education and Public Health Department, Madras.

Sub:- Buildings - Government Muslim High School, Kasargod -
Construction of a block of 4 class-rooms.

Refce:- Government Memorandum No.57946 BL/46-2, Edn.,
dated 21-10-1946.

I have the honour to submit herewith plans and an approximate estimate for Rs.25,800/- for the construction of a block of 4 class-rooms for the Government Muslim High School, Kasargod, called for in the Memorandum quoted above. The location of the proposed block shown in the site plan Wc 93/45 is only tentative and will be finally decided by the Executive Engineer later, in consultation with the Headmaster of the school.

2. The additional accommodation proposed, is absolutely necessary for the school and I therefore request that Government may be pleased to accord their approval to the estimate for Rs.25,800/- herewith submitted.

I have the honour to be,
Sir,
Your most obedient servant,

Green

31/10/46

P.W.D.

Please see the notes of the E&PH Deptt above.

In another connection the C.E. (R.B.4) was
asked to report on the question of adopting cheaper type designs for
the construction of ^{for educational institutions} school buildings, and he has offered his remarks
through the Director of Public Instruction. The concerned file was
sent to E&P.H. Deptt. for consideration. It will take some time for a
final decision to be reached.

3) This deptt. may agree to the E&P.H. Deptt. at 'A'
above subject to the condition that when the work is taken up for execution
the C.E.'s suggestion for reducing the cost of construction referred to in
para 2 above is taken into consideration.

4) With the above remarks the file may be passed
on to Finance Deptt. It is doubtful whether Fin will accept in

in absence of approximate estimates & plans

Part II Schemes for 1947-8.

The proposal of the D.P.I. is to construct a block of four class rooms for the Government Muslim High School, Kasargod, at an estimated cost of Rs.18,000/-. The E. & P.H. department recommend the proposal.

2. The P.W. department agree to the proposal subject to the condition that when the work is taken up for execution, the C.E.'s suggestion for reducing the cost of construction by adopting cheaper type designs should be taken into consideration.

3. The D.P.I. states that Form V has been opened in the School in the current school year and Form VI will be opened in June 1947, that the present building consists of hall 80' x 17', 2 rooms 27' x 17' and two other small rooms only and that provision has to be made for additional class rooms including the laboratory, it is felt that at least a block of 4 class rooms is quite necessary for the school.

4. Part II Schemes for 1947-8 should be restricted to those that are contemplated in the five year post-war development plan or that can be treated as modification of Schemes included in the five year plan, and that schemes outside the (required in connection with the Grow More Food Campaign or are) plan should be proposed only if they are fully remunerative (e.g. Electricity Schemes) or absolutely essential for the proper running of departments. In view of the restrictions on Part II Schemes, E. & P.H. department may be requested to state, in consultation with the D.P.I., (if necessary) the minimum additional accommodation that will have to be provided with reference to immediate needs and the cost of the scheme by adopting cheaper type designs.

The cost of 1947-8 also should be obtained.

Under para 57 of the Madras Boarding Manual, Part II schemes relating to works should be accompanied by sketch plans and approximate estimates. No such plans and estimates seem to have been prepared in this case. It is merely stated that the Executive Engineer estimates that an amount of Rs.18,000 will be necessary for the work. It is essential that sketch plans and approximate estimates, as otherwise there will be no reliable estimate of the expenditure involved in the

proposal. The E.P.H. Dept. may therefore be requested to obtain sketch plans and approximate estimates for the proposed work, restricting the add. accommodation to the absolute minimum requirements.

Please see the Fin Dept's note above
A draft memo to the D.P.I. is submitted

below for approval

Memo no 57946-B/46-2 Edu 3 21-10-46
From the D.P.I. Ro 5802 G/46-2 30-11-46

The D.P.I. has submitted plans and an approximate estimate for Rs.25,800 for the construction of a block of four class rooms for the Government Muslim High School, Kasargod. He reports that the additional accommodation proposed is absolutely necessary and requests that administrative approval may be accorded to the estimate for Rs.25,800.

2. with reference to the criteria referred to in para 4 of the Finance Dept's note on page 2 ante it is for consideration whether the work may be considered to be absolutely essential for the proper running of the school and the scheme may go forward as a Part II scheme for 1947-8.

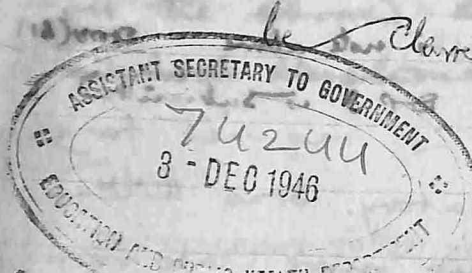

The file may be sent to Finance for remarks.

A above

Please see para 1 of the memo at (J). As steel and iron are required for any building construction, and as their supply is restricted, we do not know how far this particular case is an exception to the general rule that such schemes should be accompanied by sketch plans and approximate estimates.

It is not desirable to make provision for this scheme also in the B.E. for 1947-48; it is anticipated that it will not be possible to supply steel for this scheme already approved. The proposal may therefore be deferred. P.W.D. and Finance may see.

h
22.11.46

In view of the E.P.H. Deptt secretary's note above this deptt need not object to the proposal. The file may be passed on to Finance Deptt.

Finance (B.E.V)

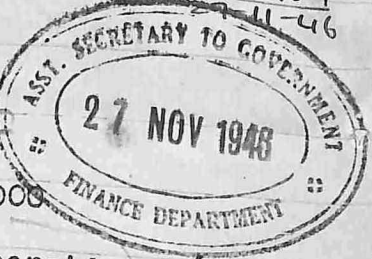

Previous Finance notes on pp.2-3 above and the further notes of E.& P.H. may be perused.

2. The D.P.I. has since submitted plans and estimates for the construction of a block of 4 class rooms for the Government Muslim High School, Kasargod. The cost of construction is now estimated at Rs.25,800 as against Rs.18,000 previously reported by the D.P.I. The E.& P.H. department consider that the work may be classed as essential and allowed to go through as a Part II Scheme for 1947-8. It is for orders whether Finance may agree to the proposal

The E.P.H. Deptt. may be requested to take orders in consultation including H.P.M. as to whether the proposal in this case should be treated as a Part II scheme for 1947-8, with reference to the Deptt. up. note d 9.10.46 (under the orders of H.P.M.)

13/12/46

Due to no availability in order at the moment, please see the Finance Deptt. note on page 4 ante. The present building which was gifted to govt by a private party consists of a big hall 100' x 77', a room 27' x 17' and other small rooms only. The current year and Form VI will be opened in June 1947. Accommodation is required for all the six forms and a laboratory. It is therefore necessary to construct four more class rooms besides the one sanctioned in the 4.0 at (P). The D.P.I. has reported that the additional accommodation proposed is absolutely essential. It is therefore proposed to consider the proposal as a Part II scheme for 1947-8.

The file may be circulated to H.M. (Edn) and H.P.M. for orders with ref to Fin. note no 54303(B)-1 89.10.1946 as required by them

Special as copies of Part II scheme note should be sent to Finance before the 14th inst

As per Finance Department

The policy of these communal schools should be reviewed by Fin. Comtee. In this particular instance in the town of Kasargod there is a D.P.S. High School & a Muslim High School. This 3rd one was thought unnecessary. It was done by the previous govt. This was wrong.
