Copy of letter No. B.1.8457-45 dated 4th December 1945 from the Commissioner, Virudhunagar Municipality, Virudhunagar to the Director of Public Instruction, Madras.

Subject:--Budget Estimate--Elementary Education Fund--1946-47--
Virudhunagar Municipal Council--Submitted.

1/ I am forwarding herewith the budget estimate relating to the elementary education fund of the Virudhunagar Municipality for the year 1946-47 and the revised estimate for 1945-46 in duplicate accompanied by the prescribed summary and statements.

2/ Due regard has been given to the recommendations of the inspecting officers in regard to staff equipment etc. The provision made for repairs to buildings relate to buildings owned by the council.

3/ The schedule of establishment of the municipal elementary schools on the date of the budget, a statement showing full details in regard to each item of expenditure under house rent and other items and a copy of council's resolution approving of the budget are enclosed.

4/ On account of the payment of enhanced rate of dearness allowance to the teachers with effect from 1.1.1945 the elementary education account is expected to close with a deficit balance of Rs. 4850 on 31.3.1946. The payment of dearness allowance at the enhanced rate was not contemplated at the time of preparation of the budget for 1945-46 and no provision was made for this. So credit has been taken for a sum of Rs. 4850 as grant from the arrears toll compensation as permitted in G.O. No. 1865 L.A. dated 11.9.1945. A provision of Rs. 14000/- has been made in the capital account under "Lands and Buildings" during the current year for the following purposes:--

1. Cost of site for playground for S.M.M. Girls' school	7,284	0	0
2. Cost of site for Gandhipuram school.	1,856	0	0
3. Construction of an urinal in S.M.M.G. school compound	800	0	0
4. Constructing a first floor on the east wing of S.M.M.G. school	4,200	0	0
	14,000	0	0

5/ This expenditure will be met entirely from the general funds. Hence it is proposed to transfer a sum of Rs. 23,710-0-0 from the general funds to the elementary education account during the current year as against the budget provision of Rs. 9,500/-.

6/ The council has recently decided that the scale of pay of all women teachers should be on a uniform basis and that the existing distinction in the scales of pay between those who entered service prior to 1935 and subsequent to 1935 should be abolished. On account of this decision the scale of pay of those higher grade women teachers who entered service after 1935 and who are now in the scale of Rs. 20-1/2-34-3/2-30 will be revised to Rs. 25-1/2-39-2/2-35. On the same analogy, the scale of pay of the secondary grade women teachers will be revised to Rs. 30-2/2-50 from Rs. 25-2/2-45. On account of this proposal two secondary grade women teachers and fourteen higher grade women teachers will be benefitted at present. separate sanction will be obtained before giving effect to the higher scale. However provision has been made for payment at the higher rates with effect from 1.10.1945 as resolved by the council.

P.T.O.

7 In the budget estimate for 1946-47 provision has been made for payment of dearness allowance at the maximum rates. Provision has also been made for the appointment of two more secondary grade teachers and three more higher grade teachers. The additional teachers will be employed if and when necessity arises in consultation with the inspecting officers.

8 The ordinary expenditure during 1946-47 is estimated at Rs. 46,240/-. The ordinary income from taxation and government grants comes to about Rs. 31,800/-. There is thus an excess expenditure of Rs. 14,440/- over the ordinary receipts. Credit has therefore been taken for a grant of Rs. 14,200/- from the arrear toll compensation as is the case during the current year. A sum of Rs. 20,240/- is also proposed to be transferred to the elementary education account from the general funds. This is intended for capital expenditure during the next year. Necessary plans and estimates will be submitted for the construction of new buildings in due course.

9 I request that the budget estimate may be approved.

school.

ENCLOSURES ..

SPARE COPIES ..

Ref:- Government memorandum No.34461 A-5, Edu.,
dated 27th January 1944.

-V-

The Government in the above memorandum have permitted the municipal council to incur an expenditure of Rs.995/- from its general funds on the construction of a shed in the premises of the rented building occupied by the Sivankoil street Municipal Girls' School in order to provide additional accommodation for the school. The plan of the shed has also been approved by the Inspectress of Schools, VII Circle, Madura, in her letter L.Dis.No.146 C/46 dated 23-7-1944.

The estimate for Rs.995/- for the construction of the shed was prepared in 1944 as per the then existing schedule of rates. The rates have since been raised by 90 % over the old rates and consequently the estimate has been revised to Rs.1844/- and the Public Works Committee has sanctioned the revised estimate in its resolution No.84 dated 9-10-1944.

The owner of the site objected to the construction. Consequently there was delay in executing the work. Now the owner of the site has agreed to the proposal and the municipal council has also sanctioned the payment of a sum of Rs.15/- per mensem as rent for the vacant site.

As the construction has to be taken up now, I request that the Government may be pleased to permit the municipal council to spend Rs.1844/- from its general funds as per the revised estimate on the construction of the shed for the reasons mentioned above instead of Rs.995/- already permitted to be spent in the Government memorandum quoted above.

As the new shed is required for occupation by the pupils in June 1946 I request that the Government may be pleased to accord sanction to the proposed expenditure of Rs.1844/- as against the sum of Rs.995/- permitted in the Government memorandum cited above.

Your obedient servant,

B.E. 1946-47 - E.E. fund - Municipal Council, Virudhunagar.

From the D.P.I., R.O.P. No. 86-B3/45-46, d/21-12-45.

The R.E. for 1945-46 and the B.E. for 1946-47 of the E.E. fund of the Municipal Council, Virudhunagar, call for the following remarks.

2. R.E. for 1945-46. (i) The amount proposed to be adjusted from the arrears of toll compensation is Rs. 4,850 against Rs. 5,640 authorized in Memo: 22762 A/45-5 Edn., d/26-10-45. As the R.E. is able to balance itself with the amount proposed to be adjusted, the credit taken need not be raised.

(ii) The credit taken for contribution from general funds is Rs. 23,710 against Rs. 9,200 in the sanctioned budget. The increase is to meet the capital expenditure under the head "Lands and buildings". In their note on the general fund budget of the Council, the L.A. Department have suggested that the contribution from general funds should be restricted to Rs. 9,200. The need for the provision made under the head "Capital - Lands and buildings" is examined in sub-para (iii) below. In the circumstances stated therein, L.A. may be requested to reconsider their suggestion.

(iii) The provision made under the head "Capital expenditure" is Rs. 15,350 against Rs. 1,350 in the sanctioned budget. The increase is to meet the four items of expenditure referred to at "M" on page 15 c.f. Of the four items, one and two relate to the acquisition of sites for two schools. The proposals for the acquisition were approved in G.O. 390 (R) L.A., d/31-5-45. In that connection, the L.A. Department had stated that the cost of acquisition can be met from the general funds of the Council. The other two items relate to the construction of a urinal for the S.M. Girls' school and extension to the building of that school. During his recent tour to Virudhunagar, the Second Adviser to His Excellency suggested to the C.M.C. that compulsory education might be extended to girls. The Council has proposed to introduce compulsory education for girls from 1-4-47. In that connection, it will be necessary for the Council to provide more schools for girls. It does not seem

desirable to turn down the proposal of the Council to provide

additional accommodation for the girls' school from its own funds, especially when the position of the general funds is satisfactory. L.A. may be requested to reconsider their suggestion.

3. B.E. for 1946-47. (i) The Council proposes to adjust a sum of Rs.14,200 from the arrears of toll compensation that is likely to be sanctioned to the Council next year. If the provision made for capital expenditure is approved, the amount proposed to be adjusted will be necessary to avoid a deficit in the E.E. fund budget.

(ii) The credit taken for contribution from general funds is Rs.20,240. In their note on the general fund budget of the Council, the L.A. Department have suggested that the contribution should be restricted to Rs.4,556 the amount ~~xxxxxx~~ provided in the budget for 1942-43. The enhanced

The need for the enhanced contribution from general funds is examined in sub-para (iv) below:

(iii) The Council has proposed to allow all women teachers employed in the elementary schools under its control the higher scale of pay prescribed for ~~xxxx~~ women teachers in G.O.5096 L and M., d/7-10-33. The ^aaddition^{al} expenditure required for the purpose has been included ^{in the provision} under the head "Staff - Salaries and allowances - Masters". The provision made under this head may be allowed provisionally.

(iv) The Council has made provision for a capital expenditure of Rs.20,000 of which Rs.1,200 is for the purchase of furniture and apparatus, library books and maps and for other items. The balance of Rs.18,800 is to meet the following expenditure:

Construction of a building for Gandhipuram school	Rs.8,800
Extension of the building of the Central School	Rs.10,000.

It is to meet this expenditure that the Council has made provision for additional contribution from the general funds of the Council. The L.A. Department have stated that the ~~xxxxxxxxxxxx~~ capital expenditure may be met from loans or be postponed. It is too late to consider the question

of sanctioning a loan to the Council in 1946-47. There is a proposal under consideration in the L.A. Department to ask all local bodies to push on with the building schemes and to apply for Government grant wherever necessary. In view of this and as the position of the general funds is satisfactory, the proposal of the Council to meet the capital expenditure from the general funds of the Council need not be objected to by Government.

4. The Council ~~was not~~ repaid any subsidy from Provincial funds towards the cost of dearness allowance to the E.E. staff in 1944-45 or 1945-46.

A draft order is submitted. 4/2/46.

Schools - Ely - Pl. Cl., Khandh Nagar -
Construction of a shed for additional
accommodation in an Ely school.

C. No. 303216-1/96 From the Commr., Virudhunagar Mty, Roc. c.4.

" D. P. I., R.C. 1861-1862 46 2/15-46.

In October 1943, the Commr.

Vandheimagar Mty. requested sanction of Govt to construct a ^{shed} building in the premises of the Sivankoil ST M. Ely. Girls' School building which was taken on lease for a period of ten years from 1.6.40. The Cl. was permitted to incur from its general funds an expenditure not exceeding Rs. 995 for the purpose. The sanction was subject to the condition that the plan of the shed was approved by the Inspectress of Girls' Schools.

2. The Commr. now reports that the plan of the shed ^{was} has been approved by the Inspectors, but that the estimate had to be raised to Rs 1,844 in view of the increase in the schedule of rates. He requests sanction of Govt to meet the enhanced expenditure from the general funds of the Cl.

3rd In October 1943, the Comms had reported that the rent charged for the building was Rs 23-8-0 p.m. He had not mentioned anything about the rent to be paid for the site on which the shed ^{was} proposed to be constructed. He now states that the C. had sanctioned the payment of a sum of Rs 15 p.m. as rent for the vacant site. This seems to be

objected to now. ~~to the effect of the order~~ When the Commr. of the Kerakundi Mty. submitted similar proposals in 1940, ~~he~~ he was informed that the lease deed should include a condition to the effect that on the termination of the lease, the market value of the building should be re-imbursed to the Council. In the present case, it is proposed to construct only a shed. It is for orders whether a similar instruction may be issued to the Commr. Binner, when final orders are issued in this file.

we may assume that the rent is not excessive because the Municipal Council has approved it. Though we have no information as to the extent of the land, the fact that the temporary shed to be put up will cost Rs 1844/-, it must be fairly expensive. Mirshuraga is an important business centre, and rents there are bound to be very high.
