From Sri M B. Venkatachalam Pillai, B.A., B.L.,
President, District Board, Trichinopoly.

To The Director of Public Instruction, Madras.

Sir,

Subject-Education- Elementary - Compulsory Education in rural
areas - Trichinopoly District - Provision of mid-day meals
to poor children -

Ref-Government Memorandum No. 32083-A5-Education dated 1/9/45
and your letter R.C.No.1266 B/44 dated 14/12/45.

Adverting to the Government memorandum referred to above and based
on the instructions issued in Government memorandum No. 42413-A2, Educa-
tion dated 27/10/45, committees have been constituted in each of the 21
centres in which education has been made compulsory in the district and
they have been instructed to arrange to provide mid day meals to the poor
children in the respective villages. The number of poor pupils to be fed
in each of the 21 centres has been fixed at the Conference of the Dis-
trict Educational Officer and the Deputy Inspectors in the district held
on 30/9/1945. The feeding will be started from the 2nd week of
this month; and a further report will be sent to you by the end of this
month. The particulars called for in statements I & II of your letter
referred to above are enclosed.

2. Arrangements are also being made to supply utensils and other
articles of diet to the committees formed for this purpose in all the
21 centres. As the Government in para 6 of their Memorandum dated 1/9/45
under reference have ordered that an advance of the subsidy due for three

three months will be paid to the District Boards in the first instance, I request you to be kind enough to recommend to the Government for the payment of the subsidy due up to the end of March 1946, subject to the adjustment with reference to the actual expenditure within 1945-46 itself.

3. I further request you to enlighten me as to whether the pupils residing within the compulsory areas but attending the schools situated outside this area of compulsion could be fed along with those attending the schools situated within the compulsory areas. I think they could also be fed, inasmuch as they are also subject to same penalties, if they are not under instruction. Solicit clear instructions in this regard.

2) The President reports in his letter that feeding will commence from the 2nd week of January 1946. He has calculated subsidy for 2½ months (10 days in January 1946 and 20 days in each of February and March 1946). Since the expenditure for March is payable only in April 1946 subsidy may be sanctioned for feeding for 1½ months only for 1945-46. The total subsidy admissible for 1½ months works out to Rs.19,982-13-0 or Rs.19,983/- (Rupees Nineteen thousand nine hundred and eighty three only) as shown hereunder. It may be sanctioned.

For feeding 6090 pupils for 10 days in January 1946 at 0-1-9 per pupil	Rs.6,660-45 -0

The Trichinopoly District Board was paid a subsidy of Rs.19,983/-
G.O. No. 262 Education, dated 6-2-1946 for the supply of midday meal.
The Board is eligible for a subsidy of Rs.8,677/- as per details furnished
furnished below. The balance of Rs.11,306/- may be ordered for recovery
from the Board.

(b) Subsidy admissible	Rs. 8,677
(c) Balance to be recovered from the Board.	Rs. 11,306

3. From the remarks in the statement furnished by the President,
it seems that the accounts at many feeding centres are not properly
maintained and that the committees are under the wrong impression that
the cost of feeding can be claimed at 0-1-9 per meal, without reference
to the actual expenditure or to the proportion for food stuffs and
and incidental charges. The President, District Board may kindly be
advised to instruct the Chairmen of the Food Committees to maintain
proper accounts and to furnish full details of actual expenditure.

** The bills were received from many of the centres at Re.0-1-9 per pupil fed for the supply of mid-day meals only. As the cost of vessels required for cooking purposes is to be met from the rate of 0-0-3 per pupil fed and as a few hundred of rupees would be required in the first instance, for this purpose, the bills were paid at 0-1-6 per pupil fed or as per actuals whichever is less, with a view to restrict the expenditure on feeding and other recurring items ~~items~~ connected therewith within that amount, so that the balance of 3 pies may be available for the purchase of utensils and other necessities of non-recurring nature. Some of the centres have purchased brass vessels and other equipment required for the purpose and these bills have been paid in full in the first instance.

"I am not sure that D.P.I.'s decision on the point referred to in para 3 - p.7 c.f. is correct. Have it examined separately?"
M.V.S. (14)

Please see the Secretary's note above. The Govt. provided this year an allotment of Rs.20 lakhs for the introduction of compulsory ^{elementary} education in selected villages in each District and another sum of Rs.20/- lakhs for the supply of midday meals to school children in selected villages in each District. When the question was raised whether the scheme of supply of midday meals should have any relation to the scheme of compulsory education the following were the orders:-

The Adviser for Education expressed the idea that the supply of midday meals need not be restricted to the compulsory areas as it would help the introduction of compulsion elsewhere.

The First Adviser's orders were that the scheme of supply of midday meals need not be restricted to compulsory areas but that so far as was possible the two schemes shd. go together.

The real difficulty was that the allotment of Rs.20/- lakhs for the supply of meals ^{was} would not be sufficient even for pupils in the compulsory areas. The D.P.I. was therefore asked to frame a scheme taking into account as far as possible areas in which compulsory education would have been introduced. In his proposals submitted in July 1945 the D.P.I. restricted the scheme to compulsory areas alone and the proposals were approved by Govt.

2. The point at issue is whether pupils residing within the compulsory areas ^{are} attending schools outside these areas can be provided with meals. Strictly speaking the pupils will not be eligible for the midday meals. ^{however} There seems to be no objection to provide these children with meals as such cases will be ^{very} few. For orders whether the

2. D.P.I. may be informed that these children ^{also} shd. be supplied with meals.

The point is that in districts

as these children are not attending school in the compulsory areas

by the President at 17 or 18 - is
to be the one referred to in the
attendance under the scheme of provision;
to 9 think the move is still
under the mid. 3g need scheme too.
For the point to the D.P.O.
