Sir,

Sub: Elementary Education- General - Schools under Public Management, - Amendment to Rule 71 M.E.R.

It appears desirable to amend Rule 71 M.E.R. as follows in order to bring it into line with the Rules framed under the Elementary Education Act on the same subject.-

"There shall be at least one teacher for every 20 pupils in average attendance in a school provided that the number of teachers does not exceed the number of sections or standards in the school. In the case of complete schools with standards 1 to 5 there shall be two teachers if the average attendance is 30 or over but is less than 40. A standard or a section of a standard shall with the approval of the Deputy Inspector of schools or the Sub Assistant Inspectress as the case may be, be divided into two sections if the average attendance exceeds 35".

2. I have the honour to request that the above amendment may kindly be approved.

For Director of Public Instruction.

Sub: M.E.R. 71 - Amendment.

Ref: From the D.P.I. letter No. Rc. 2051.B/45 dated 22-8-1945.

In the letter referred to above you have suggested that rule 71 of M.E.R. may be amended to bring it into line with rule 4 of the rules in Chapter II of Part II of the rules relating to Elementary Schools. M.E.R. 71 is ~~based upon~~ ^{similar to} rule 16 in Chapter I of the rules for recognition of elementary schools. Rule 4 referred to by the D.P.I. relates to assessment of grant. Assessment of grant is provided for separately in the rules for elementary schools and the M.E. Rules do not contain any provision for assessment of grants for edl. institutions. Rule 71 M.E.R. seems intended for

p.t.o.

purposes of recognition only and not for assessment.

It is not clear why this rule should be amended as proposed. Please explain the need for ^{the} amendment fully.

Sub: Madras Educational Rules - Rule 71 - Amendment.

Ref: Telephonic Message No.37780-C/45-1 EPH dated 4-10-45.

I have the honour to state that with a view to enable the inspecting officers to recommend the appointment of additional teachers or the reduction ~~of~~ in the number of teachers in a school under public management and with a view to permit the employment of as many teachers in schools under public management as are allowed in aided schools for purposes of assessment of grant, the proposed amendment to Rule 71 of the Madras Educational Rules was suggested to Government. The present rule 71 Madras Educational Rules is more or less similar to rule 16 of the Rules for recognition relating to elementary schools. Rule 16 referred to above also requires modification. I therefore request that Government may be pleased to amend Rule 71 of the Madras Educational Rules and Rule 16 of the Rules for Recognition relating to Elementary ~~xxxxxx~~ Schools in the manner suggested in my letter to Government. Rule 71 of the N.E.R. relating to elementary

Schools under public management lays down that there shall ordinarily be at least one teacher for every 35 pupils in average attendance. The rule also says that while this number of pupils is to be in all cases the maximum permissible it is very desirable that there shall be a teacher for every 30 pupils. In the rules relating to elementary schools under ^{private} ~~aided~~ management also, there is a corresponding rule viz. rule 16 of the rules for recognition. These two rules relate to the recognition of elementary schools with reference to the ability of a teacher to handle a fixed number of pupils.

2. According to rule 4 of the rules relating to ~~the~~ aided elementary schools the grant shall be calculated for ^{one} ~~two~~ teacher for every 20 pupils in average attendance in the school. The D.P.S. recommends that that the two rules relating to recognition referred to in paragraph 1 above may be modified to bring them into line with the rule relating to assessment of grant cited in this ~~above~~ paragraph. The object of this proposed

 1. Amendment is to permit the employment of as many teachers in schools under public management as are allowed in aided schools for purposes of assessment of grant.

3. In the draft rules relating to aided elementary schools published in 1936 it was first provided that grant shall be calculated for one teacher for every 25 pupils in average attendance in the schools with reference to the representations made by the Machine Missionary Bodies and others that in rural areas it will be difficult to secure an average attendance of ~~25~~ 25 pupils, the number of pupils in average attendance per teacher ~~will~~ for purposes of assessment of grant was reduced to 20.

4. It will be seen that the purpose of the rules referred to in para 1 is quite different from that of the rule mentioned in para 2 and it is not clear why the former should be amended. Elementary schools under public management are mostly under local bodies. The Govt. are maintaining very few elementary schools and that in the Agency tracts. There is already a great dearth of trained teachers if the rules are amended as proposed by the D.P.S., it is doubtful whether the local bodies will be able to find to secure ~~some~~ sufficient number of well qualified teachers for the schools under their control. 19. If the Local Bodies are not Satisfactory and if they are made to employ teachers w.r.t. new standard proposed by the D.P.S. they will have to incur much additional expenditure. For these reasons it does not seem necessary to amend the rules as recommended by the Director. For orders.
