ELEMENTARY EDUCATION FUND--Budget Estimate for 1946-47--
Municipal Council,Coimbatore.

Submitted.

- The budget is explained by the Commissioner in his covering letter to the budget and the note accompanying the budget.
- The amounts shown against "Collection charges" on the receipts side, both in the Revised Estimate for 1945-46 and Budget estimate for 1946-47, should be transferred to the expenditure side and shown against "Education tax-collection charges" under "staff".
- Expenditure under "Ordinary" in the Revised Estimate for 1945-46 is in excess of the sanctioned budget. Sanction of Government is necessary for the increased expenditure.
- Budget estimate for 1946-47:
The credit taken for Government grant under section 37 of the Madras Elementary Education Act is liable to revision with reference to the actual amount of education tax realised and adjusted to the fund during 1945-46.
- Expenditure under "Ordinary" is in excess of the receipts.
- The accommodation provided for ~~boys~~ boys' schools needs improvement.
- Leave salary and dearness allowance are paid.

Sir,

BUDGET ESTIMATE - Elementary Education Fund Account
1946-47 - Coimbatore Municipality -

I submit herewith the revised budget estimate for 1945-46 and the budget estimate for 1946-47 in duplicate in respect of the Elementary Education Fund Account of this municipality as passed by the Municipal Council in its resolution 881, dated 5-12-1945 along with the statement in respect of the number of schools, number of teachers etc. and a copy of the establishment schedule. Copies of my note to the Council on the draft budget, the Finance Committee's resolution No. 7, dated 5-12-1945 and the Council's resolution referred to above are also enclosed.

2. A total allotment of Rs. 119020/- was made in the budget estimate for 1945-46 in the Ordinary Account. Against this amount, a sum of Rs. 134900/- is provided for in the revised budget. The excess is due to the enhanced provision for payment of dearness allowance to the staff at Government rates sanctioned with effect from 1-1-1945 and the excess expenditure required on repairs to buildings. The amount is met from the opening balance and the receipt in the revised budget of the Elementary Education Fund Account in excess of the budget. The excess expenditure provided for may be kindly approved.

3. As ordered by the Government in G.O. No. 267 Ms. Edn. & P.H., dated 24-2-1945, the salary of sweepers employed in the elementary schools is included under contingencies both in the revised budget for 1945-46 and the budget estimate for 1946-47.

4. It is proposed to open one or two new schools in Ghandipuram, Rangai Gownden street etc. in 1946-47. Proposals will be referred to the Education department and their recommendations will be taken. A lump sum allotment of Rs. 2000/- has been made in the budget estimate for this purpose. There is a proposal to open a middle school in Ramanathapuram and when this is done, higher classes in the Ramanathapuram elementary school beyond class V may have to be closed and the savings effected could also be utilized for opening new schools. The question whether higher classes i.e., VI to VIII in the other Higher Elementary schools may also be closed so as to enable the council to utilize the amount on compulsory education up to class V will also be taken up and a decision arrived at in consultation with the Education department.

5. Provision has been made in the budget to train one Physical training Instructress for the two elementary schools for girls.

6. The Big Bazaar street elementary school has to be extended. An allotment of Rs. 8300/- has been made in the Capital account. This amount has been proposed to be contributed from the General fund account - Ordinary - to enable the Elementary Education Fund Account - Ordinary - to close with a balance of Rs. 5160/- as resolved by the Municipal Council.

7. I request that the Government may be pleased to approve the budget estimates as passed by the Municipal Council.

COIMBATORE MUNICIPALITY - REVISED BUDGET ESTIMATES FOR 1945-46 AND BUDGET ESTIMATE FOR 1946-47 -ELEMENTARY EDUCATION FUND ACCOUNT.

The budget has been framed taking credit for the increased amount of Government contribution under section 37 of the Elementary Education Act with reference to G.O.No. 530 Edn., dated 6-4-1945. In spite of the increase in receipts the budget closes with a balance of only Rs. 160/- due to the payment of dearness allowance to the teachers etc. The Government scales of pay have been adopted for municipal teachers as sanctioned by the Government and provision made in the budget. The teachers' Union have put in a representation that as senior teachers are not benefitted by the Government scales immediately, their cases may be given due consideration. The Commissioner has recommended to the council that such of the teachers may be permitted-subject to the approval of the Government-to draw pay at a stage in the Government scale of pay next above their pay. The extra expenditure will come to Rs. 3000/- and if the proposal is duly approved, necessary money will be required for the Elementary Education Fund Account. Any amount required will have to be contributed from the General Account. The closing balance of the General Account draft budget is already below the required minimum balance. To meet the increased expenditure in the Elementary Education Fund Account, it is suggested that Education tax at present levied at 5/8% per half year on property rentals may be enhanced to 3/4% at least per half year. This will fetch a sum of Rs. 9375/- per annum to the fund.

2. The Supervisor of Elementary Schools in his budget proposals suggested that 2 more elementary schools one in Gandhipuram and the other in Rangai Gownder street may be opened during 1946-47. A lump sum of Rs. 2,000/- is only made in the budget for opening new schools. As there is a proposal to abolish classes beyond 5 in the Ramanathapuram Higher Elementary school due to the proposal to open a Middle school in the locality, there is likely to be some saving out of the allotments made for expenditure on staff in the budget estimate and such excess provision may also become available for new schools to be opened.

3. It is obligatory to have elementary schools upto class 5 under the compulsory elementary education scheme. In some of the Higher elementary schools, higher classes, (VI to VIII) are maintained and the expenditure on such classes is charged to the elementary education fund account with the result that adequate money is not available in the fund for opening new schools and develop compulsory elementary education upto class 5 for both boys and girls. The question whether the council should continue to have classes 6 and above in some of the Higher Elementary schools would need to be examined.

4. The following elementary schools are now housed in rented buildings:-- (1) Raja street elementary school, (2) Kempatty elementary school, (3) Showkatul Islam elementary school.

If the new schools are also to be opened, buildings have to be rented. The question of putting up buildings by the municipality for these rented schools has to be given consideration. In respect of the Raja street school the council has been paying a rent of Rs. 150/- per mensem. Recently a building belonging to Mr. Kannuswamy Gounder for the extensions to the Big Bazaar street school was purchased. When the house purchased is demolished and a new building put up, it can perhaps be possible to amalgamate the 2 schools in Raja street and Big Bazaar street. A lump sum of Rs. 5,000/- has been provided in the budget for putting up a building to extend the Big Bazaar street school. No provision has been made for the other items of capital expenditure proposed by the Supervisor (except in respect of the provision of compound walls for the North R.S.Puram and Srinivasapuram elementary school for which provision has been made in the Town Planning Account as already resolved by the council) due to lack of funds. The Kenwyn elementary school buildings have to be demolished and a new school building put up. For putting up new buildings and extensions of schools, estimates may be got prepared and kept ready by the Municipal Civil Engineer about June 1946 for an application being made to the Government for the sanction of half grant in 1947-48. The other half may be met by a loan or from the Municipal funds in 1947-48.

5. The supervisor suggests that 2 physical training instructresses may be trained at the cost of the council and that provision may be made in the budget. An allotment of Rs. 600/- has been made for training one candidate during 1946-47.

6. The budget estimates may be put before the Finance Committee for recommendation to the council.

(True Copy)

As the conservancy depot site is not proposed to be utilized for the construction of the grain godowns and as the godowns are to be put up only in the old market which site has also been since approved by the Director of Public Health, the need for constructing a conservancy depot in the Fort Cart stand does not arise for the present. The provision of Rs. 16,800/- made in the draft budget estimate be deleted. This amount will add to the closing balance.

2. The entire cost of the proposed extensions to the Big Bazaar street Elementary school buildings viz., Rs. 8300/- be met by a contribution from the General Fund account. This will enable the Elementary Education Fund Account-Ordinary to close with a balance of Rs. 5160/- so as to meet the increased expenditure for opening new schools etc.

3. The balance in the General fund account -budget estimate - will then be Rs. 40,490/- as against the minimum balance of Rs. 47,110/- required under the rules. The compensation under Entertainments tax has been taken credit in the revised budget on the basis of the amount received during the first quarter of 1945-46 as per orders of the Government. The amount paid for the first quarter of 1945-46 was Rs. 45,620/- and that for the II quarter Rs. 53,485/-. The Council is sure to get atleast Rs. 8000/- in excess of the amount taken credit in the revised budget estimate. Further, the council will be getting a revenue as duty on transfers of property in 1946-47 as the provisions of Act XX of 1945 have been given effect to from 30-10-1945. The balance of the budget estimate will not therefore fall short of the minimum actually. In view of these and in view of the fact that expenditure on contingencies, works, etc. may not be so heavy as now atleast after a year, as cost of materials, labour etc. is bound to go down in the coming years, there is no need to raise taxation either under the General account or the Elementary Education Fund account.

4. The provision of Rs. 10730/- made in the Town Planning Fund account for compound walls for the R.S.Puram North and Srinivasapuram elementary schools be enhanced to Rs. 21250/-.

5. The revised budget estimates for 1945-46 and the Budget estimate for 1946-47 with the modifications as above be approved. The additional allotments made in the revised budget for the current year in excess of the provisions made in the budget under all the accounts are approved.

Sir,

ELEMENTARY EDUCATION FUND - Municipal Councils
Payment of Dearness Allowance -

Ref: Government Memo No. 26899-C-1/46-1 Edn., dated 23-9-1946.

The actual closing balance in the Elementary Education Fund Account of this Council for 1945-46 is Rs. 21669/-.
2. According to the orders of the Government on the Elementary Education budget estimate of this Council for 1946-47 and revised with reference to the actual opening balance, the budget will close with a balance of Rs. 1575/-. This balance also will increase in view of the increased receipts during the year under Section 37 of the Madras Elementary Education Act. Hence there is no likelihood of the budget to close with a deficit.

The E.E. fund budget of the M.C. Coimbatore, for 1946-47, revised with reference to the actual balance on 1-4-46 is expected to close with a balance of Rs. 1575.

The C was not paid any subsidy towards the cost of d.a. last year.

From the D.P.I., R.O.P. No. 93-B. 3/45-46, d/23-12-45.

The R.E. for 1945-46 and the B.E. for 1946-47 of the E.E. fund of the M.C., Coimbatore, call for the following remarks.

2. R.E. for 1945-46. The provision made under the head "Expenditure - Ordinary" is in excess of that in the sanctioned budget. The increase is mainly due to the payment of dearness allowance at enhanced rates. The provision made for excess expenditure may be approved.

3. B.E. for 1946-47. (i) The credit taken for contribution from general funds to E.E. fund (ordinary) (Rs. 10,670) is the same as in the sanctioned budget for 1942-43. Besides this, the Council proposes to adjust a sum of Rs. 8,300 from its general funds to E.E. Fund (Capital) to meet the cost of the proposed extension to one elementary school building. The Council proposes to meet this expenditure by additional contribution from general funds to enable the E.E. fund to close with a balance of Rs. 5,160 to meet increased expenditure for opening new schools.

In their note on the general fund budget of the Council, the L.A. Department have stated that the contribution from general funds to E.E. fund (Capital) should be reduced from Rs. 8,300 to Rs. 3,300. If the suggestion of L.A. is accepted and if the provision made for capital expenditure is allowed to stand, the E.E. fund budget for 1946-47 will close with a balance of only Rs. 154. As the scheme of compulsory elementary education is in force in this municipality, the Council may have to open new schools.

In view of the proposal under consideration in the L.A. Department to ask all local bodies to push on with building schemes, it does not seem desirable to ask the Council to postpone the capital works in question. That Department may be requested to say whether they would agree to the credit taken for contribution from general funds to the E.E. fund (Capital) being allowed to stand.

(ii) The total rate of taxation in this M. 16 per cent per annum and the maximum rate at which tax can be levied in municipalities of this type is 22 per cent. The rate of education tax is increased from 1 1/2% to 1 3/4% per a

will get an additional income of About Rs. 9,000 per annum. But as the financial position of the general funds is satisfactory, it does not seem necessary that the council should be directed to increase the rate of education tax. It may be noted that the C. did not agree to the proposal of the Commr. to increase the rate of education tax.

3. The Council was not paid any subsidy from Provincial funds towards the payment of dearness allowance to the E.E. staff in 1944-45 or 1945-46.

4. The file may be sent to L.A. for remarks.

'K' para 3 para 1 ante.

Sept note on the general fund budget of the C., it was only stated that, as there will be a balance of about Rs 5160 in the E.E. Account, the contribution to E.E. Fund Capital may be reduced by Rs 5,000. With the reduced contribution of Rs 3300 and after providing for the capital exp^{re} of Rs 8300 on the extension of elementary schools, the

3049

E.E. Account closes with a balance of Rs 184. The contribution from general funds to E.E. Capital may therefore be fixed at Rs 3300 only. In the question of postponing the capital works in the question" does not thereby arise. There is no real need for a contribution of Rs 8300 from general funds with these remarks the file may be returned to E.P.H. no.

If and when new schools are opened the C. may contribute the necessary funds from the general account. With the reduced contribution of Rs 3300 there will be enough money in the E.E. acct for carrying out the capital works at a cost of Rs 8300, as stated above.

1327

In the circumstances stated at 'X' above, the suggestion A. may be accepted. A draft order is submitted. 5.2.46

15/9/46

In these difficult times, Elementary Education Fund accounts are at a deficit due to the increase in expenditure on dearness allowance to staff etc. and the need for enhancing the levy of education tax arises. It is just and proper that the Government should help the municipal councils by paying an equivalent amount of contribution from provincial funds without restriction for imparting primary education.

The above extract may be given to the section for necessary action.

Education tax is being levied in the Coimbatore city at 1 1/4 p.c. p.a. of property rentals. The C. receives Govt. contribution under section 37 of the E.E. Act in respect of education tax collected at this rate. Under the orders in G.O. S.30 Edn., 2/6.4.45, if the rate of education tax is increased to 1 1/2 p.c. p.a., the C. will get additional equivalent contributions for tax collected at 1 1/2 p.c. The E.E. fund budget of the C. for 1946-47 is expected to balance itself without the grant of any subsidy from Prov. funds towards the cost of dearness allowance.

It is submitted in this connection that the question of re-enacting the Amendment Act of 1941 which restricted the payment of equivalent contributions to the rate at which the tax was being collected before 1-4-42, is under separate consideration.

The question whether the rate of education tax should be increased in the Coimbatore city will be considered in connection with the E.E. fund budget for 1947-48. Action is called for on this current. May be lodged.
