R.C.No.415 A/45 dated 9-6-1945.

Sir,

Presidency College, Madras - Creation of a post
of Assistant Gas maker in the superior
service - Proposals submitted.

The Presidency College, Madras has now a gas-Superintendent on Rs.30-55 and a gas man on Rs.15/- per month for the manufacture of gas and distilled water for use in the laboratories of the College. The gas man is classified as a menial and is paid Rs.15/- a month from contingencies. He has to attend to the manufacture of more than 2 lakhs of C.feet of gas and over 4000 gallons of distilled water. The duties performed by the gas man are more responsible than those performed by menials. A certain amount of skill and technical knowledge is also required for the performance of the duties. The duties are described below:

1. To prepare the gas producers against gas making;
2. To assist the gas superintendent in the cleaning of the producers and retorts afterwards;
3. To prepare the boiler before starting to make distilled water, light it up and assist during distillation.
4. To assist in overhauling the boilers against annual inspections by the Inspector of boilers and to attend to all other works of the gas superintendent when he is absent.

He has constantly to expose himself to the heat from the furnaces as well as to carcinogenic compounds which are injurious to health. At present the gas man being a menial paid from contingencies is not entitled to any leave and so he cannot enjoy some rest and thus keep himself fit for duty. In the circumstances, I recommend that Government may be pleased to place the post of gasman in the Presidency College in the Superior Service with the designation of "Assistant Gas Maker" on the scale of pay 19--1/2--24. The Principal reports that the gas man of the Madras Medical College is already in the above scale. The present incumbent of the post has put in a faultless and really hard service of nearly 14 years and deserves this consideration so that he might continue to work efficiently and in a contented manner. No special qualifications need be prescribed for this post.

2. The extra cost involved in the proposed is negligible viz. less than Rs.100/- per year.

I have the honour to be, Sir,
Your most obedient servant,

M. R. S. S. S.

It is not usual to include a post in a service without specifying two qualifications to be possessed by the holder of the post. The Dir. of Public Instruction is therefore requested to suggest suitable qualifications for the post of an Asst. Lecturer in the Department of Public Instruction. The Director's attention is in this connection invited to the qualifications prescribed for the Asst. Lecturer in the Govt. Genl. Hospital, Madras. — p. 131 of the Madras Services Manual, Vol. III.

Sir,

Sub: Public Services - Subordinate service - Madras General
Subordinate service - Gas Assistant, Presidency College,
Madras - Proposal for prescribing qualifications.

With reference to Government Memo No. 26376-C/45-2 Gdn., dated 11th September 1945, I have the honour to suggest that the following qualifications prescribed for the Assistant Gas Maker in the General Hospital, Madras may be prescribed for the gasman in the Presidency College, Madras also.

- (i) Must not have completed 25 years of age if recruited direct
(ii) Must be able to read and write English and Tamil;
Preference shall be given to candidates who have passed III-Form in a recognised school or possess the Indian Army Third class English Certificate and
(iii) Must possess experience as a fitter in a workshop for a period of not less than two years.
Preference shall be given to candidates who possess practical experience to the satisfaction of the general Superintendent of the Public Works Workshops

2. Having regard to the good and long service of nearly 14 years rendered by the existing incumbent, Rayaswami, I recommend that Government may be pleased to authorise the principal, Presidency College, Madras to retain him (Rayaswami) regularly in service as gas Assistant, although he may not have the requisite qualifications proposed to be prescribed now. He may also

also be permitted to draw pay in the time scale of pay of Rs 19--1/2--24 and to draw as initial pay the minimum in that scale.

3. I consider that the post that is now proposed to be created in the superior service, in place of gasman may appropriately be designated as "Gas Assistant".

C.No. 26376.C/45. From the D.P.I., Re.No. 415.A/45, d/ 9-6-45.

Presidency College, Madras - Creation of a post of Asst. Gas Maker.

The D.P.I., recommends that the gas ^{man} in the

Presidency College, Madras (now paid Rs. 15 p.m. from contingencies) may be included in the superior service with the designation of Asst. Gas Maker and granted a scale of pay of Rs. 19-1/2-

24 on the analogy of Asst. Gas Maker in the General Hospital.

The Asst. Gas maker in the General Hospital is included in the

General Subordinate service and the qualifications prescribed

for the post are as follows:-

Category 8.--

Asst. Gas-maker, Govt. Genl. Hospital, Madras.

Qualifications.
1. Must not have completed 25 yrs. of age if recruited direct;
2. must be able to read and write English and Tamil;

Preference shall be given to candidates who have passed III Form in a recognised school or possess the Indian Army Third-class English certificate; and
3. must possess experience as a fitter in a workshop for a period of not less than two years.

Preference shall be given to candidates who possess practical experience to the satisfaction of the General Superintendent of the Public Works Workshops.

The Director says that no special qualifications need be

prescribed for the Asst. gas maker in the Presidency College.

When a post is ^{proposed} ~~created~~ in a service it is necessary to prescribe

some qualifications for it. But this can be settled if the

proposal is approved. For the present the proposal may be supported

and the file sent to ~~the~~ Fin. for remarks.

88072

The Dir. has given assent.

The original arrangement of treating the "gas-man" as one paid from contingencies is now out of date, with the expansion of the service.

16.8.45

Encl. no 26376/45-15

To avoid any possible difficulty, it is better to add a proviso somewhat on the following lines below the qualification suggested on page 2 of the draft, namely:--

Provided that the aforesaid qualifications shall not ~~be~~ ^{apply to} insisted on for the appointment of the present gas man in the Presidency College as 'Gas Assistant'.

With these remarks the file may be passed on to the

Legal Department.

Legal Department

This Department agrees with the views expressed by Public (Services) in paragraphs (i) and (ii) of their note above. The necessary alterations have been indicated in red ink on the draft.

This Department also agrees with the view expressed by Public (Services) at M on page 3 ante. But it will not be sufficient if the provision relating to qualifications alone is made inapplicable in the case of the appointment of the present gas man as Gas Assistant. As the appointment cannot be said to be direct recruitment or recruitment by transfer, rule 2 will have to be made inapplicable. The following may therefore be added as amendment 2 (iv) in the draft:--

"(iv) after rule 6, the following rule shall be added, namely:--

"7. Rules 2 and 4 shall not apply to the appointment as Gas Assistant, Presidency College, Madras, of a person who before the * held the post of gas man in the said College."

If no probation is to be insisted on in the case of the present gas man, rule 5 will also have to be made inapplicable to him. In that case, the reference to rules 2 and 4

This may be done.
