No. Pd1.46/45. DATED 12th December, 1945.

56 p. Stationery & Printing - Stationery Office - Revised
Estimate for 1945-46 & Budget Estimate for 1946-47 -
Alterations on account of Mr. Duncan's re-employment.
Education & P.H. Department Memo No. 51773.B/45-2. Education,
dated 6-12-45.

It is not known what amount will be fixed as pension for Mr. Duncan.
Further, as it is proposed to grant him six months' leave from 1-11-46
and as during his period of re-employment he will be eligible for such
leave as Government may fix with reference to F.R.65 read with F.R.103 the
question of pension will arise only after he avails himself of the sanction-
ed leave and finally retires from service. It is also proposed to give
three months' notice before terminating his services. It is not known
whether this notice will be given to him after 1-11-46 or within his period
of re-employment between 1-11-45 and 31-10-46. In the absence of the
above information it is not possible to say what alterations are necessary
in the Estimates under "Pay of Officers - Charges and pay of Officers
authorised".

P.T.O.

I am addressing the Accountant-General in the matter. I shall suggest alterations in the estimates on receipt of his reply as to the amount of pension found admissible to him.

SGK.13.12.

for Superintendent.

Part A - *fixants* :- This is not correct.

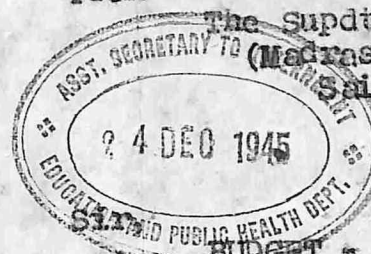

Mr Duncan has retired from service from 1-11-45 and his pension will have to be paid now in order to enable him to draw his pay. No pension is admissible for the period of re-employment.

Part B - *fixants* :- The period of three months notice

will be within the period of re-employment.

Sterling Overseas Pay of Mr. S. Duncan for 8 months during -- 1945-46 at £.25.	£. 150	£. 50
Budget Estimate for 1946-47.	.. Nil.	

But according to G.O.No.381, Finance, dated 24-7-1944, introducing Article 404-B to the Civil Service Regulations, the six months' leave refused to Mr. S.Duncan is to be reckoned as service for the purpose of pension. The pension is therefore to commence from the date of expiry of the period equal to the period of leave which had been refused i.e. from 1-11-1945. He has been permitted to avail himself of the leave from 1-11-1946 as he has been retired and re-employed. So his service from 1-11-1945 to 30-4-1946 -- during the period of re-employment is to be taken into account. He may also be eligible to draw Overseas Pay during this period. If this is so, the estimates furnished above will still further have to be revised. His pension papers are under preparation and -- Government in the Education & P.H.Department will be addressed -- separately on the subject. If further modifications are necessary, I shall submit proposals later on on receipt of orders of Government.

(P.T.O.)

"(2) I admit that we have had cases in which Deputy Inspectors, acting as District Board Educational Officers, have not proved successful. This might happen with any cadre of officers. But in fairness to the District Board Educational Officers, I think, it should be remembered that hitherto their position has been a very delicate one, since they have had no statutory powers and since the composition of district boards has constantly changed. If the new proposals are accepted, the position of District Board Educational Officers will be more defined and less difficulty may arise. I think it would be a pity to do away with special pay since, amongst other things, the Secretariat note itself emphasises the necessity for especially selecting the best men from the department and the best men may not like to be sent to the cadre of Superintendents of District Board Schools with greater responsibilities, unless higher pay is given.

We may consider this point later on. C.J.V.—18-3-39.

"With regard to the appointment of headmasters from Board and Municipal Secondary schools I feel strongly that, while there may be no objection to experienced and qualified persons being appointed from outside the Education Department, Headmasters of Secondary schools will have, ordinarily, no experience of elementary education and all the many rules, etc., connected with the control of elementary education.

They will get experience. I am strongly of opinion that fresh blood is needed for the new outlook. It is not all a question of rules and regulations. The new type of officer is to be a man fit to control as well as to guide the expansion and orientation of elementary education in the district.

C.J.V.—18-3-39.

"(3) (a) I see no objection to the setting up of an Appointment Committee, but I do not think that it will be possible for the committee to deal with individual appointments. This would mean very frequent meetings of the committee which will not be possible, especially as all the members will be touring officers, and in the case of the inspectresses, one member at least will be a member of several committees. It would, I think, be better for the committee to meet say once in six months and prepare or revise a panel of teachers for appointment. The actual individual appointments would be made by the Superintendent of Board schools.

I agree. C.J.V.—18-3-39.

The considerations mentioned by the S.O.S. are on p. 11 and are not relevant to the question at issue. As the S.O.S. states that he has addressed the A.G. in the matter and as it may take time to get a further reply from the S.O.S., the case may be sent to Fin (B.E.II) for making the necessary alterations.

Fin. 60029 B.E.II alterations to the R.E. for 1945-46 and B.E. for 1946-47 in respect of the Mr. Duncan's pay. They may also be requested to return the file to this Dept after it is done with.

1.11.1946, he will get his pension in addition such pay as with him on retirement up to the date of pay drawn on the date of retirement. The presumption in the Duncan case is that he will be granted the leave of 6 months referred to at p 17 of of V from 1.11.1946 and not from the date of retirement. It is assumed that he will be eligible for overseas pay during the period of re-employment from 1.5.46 to 1.11.46. It would seem that his pay should be fixed according to account of service. In connection with the reemployment of Mr Duncan Asst Suptd of Stationery for one year from 1-11-45, the following points have been raised

(a) Whether his pension should commence from the date of expiry of the leave refused reckoning from 1-11-45 or from the date of his availing of the leave

(b) whether he should be allowed to draw overseas pay separately

(c) Whether he can be granted the leave earned during reemployment in combination with the leave refused prior to reemployment.

2. Point (a) According to the orders in para 5 of G.O. No 381 Fin dated 24-7-44, the pension should commence from the date of expiry of the period of leave refused, reckoned from the date on which the officer attained the age of super-annuation. Mr Duncan is therefore eligible to draw the pay and allowances including overseas pay for the period from 1-11-45 to 30.4.46. Pension will commence from 1-5-46 and for the subsequent period of reemployment, he will get in addition to his pension, such pay as will bring the emoluments up to the rate drawn on the date of retirement.

Point (c) Mr Duncan may be informed that he can avail himself of the

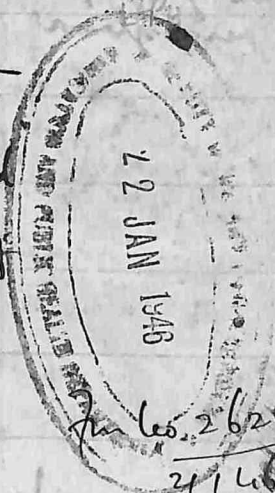

earned leave in combination

earned leave along with the refused leave, provided he applies for it in sufficient time and gets it refused, in public interest, as pointed out by Finance.

Point (c) The proposal of this Deptt is that the pay to be given in addition to pension may be fixed, taking into account the total emoluments, including overseas pay, the officer was drawing prior to retirement but Finance suggest that orders may be taken whether the officer may be permitted to draw overseas pay separately, as in the case of Miss Myers, Principal Queen Mary's College, Madras.

The file may be circulated to A2 and A1 for orders on this point.
