Sir.

SUB:- Disposal of Waste Paper etc.

I am directed to invited a reference to this Directorate-General letter No.8DP(12)/44 dated the 31st of March addressed to all Provincial Governments and Chief Commissioners which emphasises the desirability of disposing of waste paper from their Departments to the nearest paper mill.

2. A very careful examination of the disposal of waste paper to the paper mills during the past one year has been made as a result of which it is considered that whilst it is still necessary for the paper mills to obtain supplies of waste paper the procedure for disposal set forth in the aforesaid letter can be revised. Accordingly the Government of India have now decided that there is no objection to arisings of waste\*except those stated below, being disposed of by public auction or otherwise as is considered most expedient by your Government.

3. The arisings of paper cuttings from Printing Presses are the most valuable form of waste paper used in manufacture of paper. It is, therefore, most necessary that every possible effort is made to divert the maximum quantity of this class of waste direct to the paper mills. It is, therefore, requested that such arisings from Government Presses should be offered direct to the nearest paper mills and that sale by public auction or open tender should be avoided, as far as possible. The prices to be charged for these cuttings will depend on the quality and it is suggested, therefore, that the terms of sale may be settled by negotiation direct with the mills.

4. I am to request, therefore, that specific instructions may please be issued to all officers concerned under your Govt. with a view to ensuring that these arisings are diverted to the nearest paper mill.

Dept of Supply

The Govt. desire that every possible effort

should be made to divert the maximum quantity of paper cuttings from Printing Presses to the nearest paper mills, as this class of waste paper is the most valuable form of waste paper used in the manufacture of paper. The waste paper collection in Govt. offices in the city of Madras has been earmarked for the Industries Dept for the requirements of the Handmade paper factories. These collections include the paper cuttings from the Govt Press. If these cuttings are of the paper cuttings from the Govt Press are

The stock of wastepaper in the Hand Made Paper Units is roughly 7 tons and it is expected that it will last for a period of 3 months.

It is difficult to say whether a portion of the Press cuttings at the Government Press will suffice or not as the quantity of press cuttings that could be made available at the Government Press is not definitely known.

Waste paper - Disposal of.

At the instance of the G.O., Dept of Supply, in their

Letter No 8 DP (12) / 44 d. 31.3.44, the tender system for the disposal of waste paper etc in Govt Offices was discontinued

with effect from 1944 and the contract for the collection and removal of waste paper etc in Govt Offices excepting the City of Madras, Vizag Dt., and certain portions of East Godavari Dt. for which

railway transport <sup>was</sup> not available ~~from 1944 to~~ was given to the Salvation Army (vide G.O. No 1066 Chd d. 17.2.44.)

This contract with the Salvation Army has been renewed

for the year 1945-46 in G.O. No 539 Chd d. 7.4.1945. Hence

the question of ~~dis~~ calling for tenders for the disposal of waste paper etc referred to at A' on p 1 of will arise only for the year 1946-47.

2. In para 3 of their letter, the G.O. emphasize the necessity for paper cuttings from Printing Presses going to the paper mills. The waste paper collections with Govt Offices in the City of Madras have been earmarked for the Industries Dept for the requirements of the Handmade paper factories. These collections include the paper cuttings from the Govt Press. The Salvation Army has been permitted to remove the waste paper collections in Govt Offices in the City of Madras and Supply to the handmade paper units direct as and when required by the D.I.C. on payment of cost of waste paper plus incidental charges for carting, packing etc. Perhaps the Salvation Army may be asked

2. In G.O. No 855 Cdn d. 6.6.45, the Salvation Army has been authorised to collect the waste paper in Govt Offices in the Madras City and supply ~~it~~ to the Hand-made paper units as and when required. According to para 3 of G.O. No 244 Cdn d. 2.3.45, the surplus of ~~city~~ city waste paper after meeting the requirements of the Hand-made paper units should go to the Penitentiary Madras. Attention is however invited to the letter from the J. G. of Prisons on p 9 of ~~the~~ <sup>of No 1273 Cdn d. 24.5.45.</sup> G.O. <sup>70</sup> according to which ~~normally~~ the waste paper collections of Govt Offices in Chingleput & alone will suffice for the Penitentiary Madras. The diversion

to the Penitentiary Admrs  
of the surplus waste paper ordered in para 3 of G.O. No 294 Edn  
d 2-3-45 therefore become ~~superfluous~~ <sup>needless</sup>. If this condition is  
removed, then the Salvation Army who are the agents for  
supply of waste paper to the Andhra and Purnalees Paper Mills  
will be in a position to divert surplus city waste paper to the  
paper mills. Since paper cuttings from the Govt Press is  
not much in demand by the Hand made paper units, the  
Salvation Army can divert the unwanted accumulation  
of paper cutting to either of the two paper mills for which  
they are the agents, in which case the suggestion of the G.O.  
in para 3 of their letter on p 2 of would be complied with  
for orders.

3. Please see partion marked 'B' on p 2 of. The intention  
of the G.O. presumably is that a higher price may be obtained  
for paper cuttings of the Govt Press dependant upon its quality.  
The price fixed for waste paper including paper cuttings from the  
Govt Press for the Cb. year is Rs 230/- per ton. There is <sup>however</sup> provision  
in the Agreement with the Salvation Army for revision of the price  
fixed for waste paper. If the Salvation Army will get a higher  
price from the paper mills for the paper cuttings from the Govt Press  
alone apart from other waste paper, Govt is entitled to get that  
benefit. For orders whether the Salvation Army may be asked  
to ascertain from the two paper mills the price they would be  
prepared to pay for the paper cuttings from the Govt Press.

20/12

20/12

G.O. No 294 Edn

In this case, the  
Mills may ask for  
a reduction of the  
price of other kinds  
of paper (a Rs 230/-)  
the net result  
may not be much.  
Moreover, the agent  
will be in for only  
for 3 months more  
we need not pursue  
this. Finance and

respect of items (2) & (3) in the memo on p 7 of of which  
have been mentioned in the notes on p 3 of.~~

2. The Hand made paper units have sufficient stock  
of waste paper to last them for 3 months more and during  
this period <sup>the accumulated</sup> waste paper in the city offices will be collected  
and stored by the Salvation Army. From the letter of the  
D.I.C. on p 5. bef, it is observed that the Hand made paper  
units are not very particular about the paper cuttings  
from the Press and only want it because they form part of  
the city waste paper allotted to them. On the other hand the  
G.O. are of opinion that the press cuttings are the most  
valuable form of waste paper used in the manufacture  
of paper and that it is <sup>most</sup> necessary to divert the maximum  
quantity of this class of waste paper to the paper mills.  
It therefore appears that we can divert paper cuttings from  
the Press to the paper mills and <sup>that</sup> the Salvation  
Army accordingly. The Salvation Army will no doubt  
supply paper cuttings to the Hand made paper units also  
if they require it at any time.

3. The case may now be sent to F.I. for consideration.
