C. No. 1661 G/45 dated 23-10-1945. 194

Sir,

Municipal High School, Cannanore - Panel of names suitable for appointment as Headmaster - Preparation of the - for 1945-46 - Extension of time limit - Requested.

With reference to G.O.No.953 Edn., dated 30-6-1942 as amended by G.O.No.1236 Edn., dated 21-8-44, the panel for 1945-46 of names suitable for appointment as Headmaster of the Municipal High School, Cannanore, should have been furnished to the Commissioner before 1-5-1945. But the Divisional Inspector has not been able to draw up the panel so far and has requested that he may be permitted to delay the preparation till the end of December 1945. An extract of his D.O. letter explaining the reasons for the delay this year is given below.

"I had asked the Commissioner of the Cannanore Municipality to advertise the post and invite applications. Though the post was advertised twice, very few applications were received. The reputation of the Cannanore Municipal Council and the condition of the High School are so well known in Malabar that teachers are unwilling to apply for the post. The applications so far p.t.o.

received and eligible for consideration are only 5; of these one applicant is 50 years of age and I do not propose to consider his application. This leaves only 4 applicants and I find their ages range between 32 to 37 years and not one of them has had any long experience as teacher or any experience at all as Headmaster. It appears to me that these cannot be considered suitable at all for appointment as Headmaster of a very large and notoriously troublesome school as the Cannanore Municipal High School. I therefore propose to request the Commissioner to extend the time for the receipt of applications and decide the selection only after interviewing the candidates and in consultation with the District Educational Officer. I am afraid I can't do this before December. I want to make a careful selection and recommend really capable persons in order that the school may be pulled out of its present deplorable state. Young and inexperienced men are not likely to be successful particularly with the senior assistants of the school, who are overlooked, still on the staff."

2. In the above circumstances I have the honour to request that Government may be pleased to extend the time limit upto 31-12-45 by which date at the latest, the Divisional Inspector expects to draw up the panel and supply it to the Commissioner of the Municipality.

The D.P.I. is informed that under the rules relating to the appointment of headmasters and headmistresses of Board and Municipal High Schools, the Government have no power to permit the supply of the list of suitable candidates for appointment as headmasters or headmistresses on a date other than the prescribed date in individual case where it is not possible to prepare and furnish the list in time. It is not, therefore, possible to grant time up to 31-12-1945 for preparing the list relating to the Municipal High School, Cannanore, as requested. He is requested to instruct the Divisional Inspector concerned to prepare and furnish the list as soon as possible.

2. If the D.P.I. considers that power should be taken for the grant of time beyond the prescribed date of candidates for appointment as headmasters for preparation and submission of the panel in certain cases, or if the date already prescribed is considered unsuitable, he may submit proposals for amending the rules.

5/12/45 S To The Director of Public Instruction.

By drawing up a panel of candidates in the service of the Divisional Inspector of Schools. The panel should be prepared (the number of candidates) in accordance with rule 4 and submitted by the 1st May. It is suggested that the panel should be prepared by the 1st May and submitted by the 1st May. The panel should be prepared by the 1st May and submitted by the 1st May.

With reference to Secretary's query on p. 2 ante, it is submitted that rule 4 prescribes the procedure to be adopted, when there are no suitable candidates in the service of the local body or when the number of such candidates is considered insufficient for inclusion in the list of suitable candidates. The list drawn up after observing the procedure will be the panel from which appointments should be made by the Appointments Committee. Rule 2 merely prescribes the date by which the list of suitable candidates should be drawn up by the Divisional Inspector of Schools or the Inspectors and furnished to the executive authority. As the rule does not expressly provide that the list shall be prepared by Divl. Inspector of schools and D.E.O. setting together or the Inspectress as the case may be from among the candidates in the service of the municipal council and furnished confidentially before 1st May, as no separate date has been prescribed for the submission of the list of suitable candidates drawn up after observing the procedure prescribed in rule 4, the presumption is that the formalities for the selection of candidates should be gone through sufficiently early and the final selection should be made in April every year. If it is considered that rule 2 should not apply to cases where selection has to be made after advertisement, it would seem desirable to amend the rule to make the intention clear.

The remarks of the Director of Public Instruction may be invited u.o.

11/12/45 S A - No ; i.

also provides for the Divisional Inspector of Schools to prepare it.

B. But this is not indicated in any previous rule, hence the proper inference.

It is to be noted that in the previous rule, no time limit is indicated for the preparation of the panel, and it is suggested that the panel should be prepared by the 1st May.

time - limit for rules 2 & 4 is necessary & feasible.

I consider this to be a clear enough & no amendment is required.

Office of the D.P.I., Madras,

EPH.U.O. NO. 48292-10/45-1 Com

The point is whether the time limit of 1st May applies equally to rules 2 and 4. My interpretation is that it does: there is only one list that has to be prepared and it is to be prepared ordinarily under Rule 2; in exceptional circumstances under Rule 4. Furthermore, a list that need not be prepared within a time will be generally useless, especially where the period of its currency is so short as one year.

There has been no misapprehension in the matter among the departmental officers and so there is no need for any amendment.

The Divisional Inspectors of Schools and the Inspectresses will be required to prepare a definite calendar according to which, in any case, the lists will be drawn and forwarded to all concerned so as to reach before the 1st May each year.

The Presidents of District Boards and Commissioners of Municipalities will be requested to give all co-operation in the matter to the Educational Officers.
