Through the Mayor of Madras.

Enclosures (2) No.

Sir,
8 FEB 1946

Subject: Contribution - Corporation of Madras - to the Women's Christian College - for conducting nutrition research - Sanction Requested.

The Principal, Women's Christian College, in her letter dated 15-12-45, proposed to depute a research worker in their laboratories to discover the best school diet for South India and the best method of preparation (i.e. cooking) with a view to popularising the preparation of such food in the homes of the children of Corporation Schools and also for adoption in our midday meal scheme. For meeting expenses in this behalf she has applied to the Corporation for payment of a grant of Rs.2,000/- in 1946-47. The Standing Committee (Taxation and Finance), at its meeting held on 23-1-46, recommended payment of a contribution of Rs.2,000/- to the institution in 1946-47. In its resolution dated 6-2-46, the Council resolved to sanction a sum of Rs.1,000/- only as contribution to the institution in 1946-47 and to provide funds for the purpose in the Budget for 1946-47, under the head "II - Education, (3) contributions to private institutions".

2. It may be mentioned here that the medical inspection of Corporation school children conducted in the previous years showed that most of their ailments were due to malnutrition and vitamin deficiencies. It is well known that the Madras diet is deficient in vitamins and proteins. Although midday meals are being given by the Corporation to a large number of ill-nourished school children and although they are being treated by administering shark liver oil, calcium lactate and vitamins, the evil cannot be completely eradicated unless the basic diet that is given to these children in their homes is a nourishing and wholesome one and conforms to the minimum standards approved by the medical authorities. The present proposal of the Women's Christian College for conducting nutrition research in order to improve the health of the children

815

children is a laudable one as it is the duty of the Corporation to undertake such work in the interests of the health of children in the City. The research work will be conducted by one of their Research students (B.Sc. Home Science) under the direction of the following two members of their staff experienced in the line:-

- 1) Miss D.M. Pearson, M.A., 1st, 1926, Toronto. (M.A. Food Chemistry & Nutrition. Specialist in Household Science. Also Teacher's Certificate).
- 2) Miss F. Theophilus, B.Sc., 1st, 1941; L.T., 3rd, 1942; Madras.

3. I request that Government may be pleased to accord sanction to the payment by the Corporation of Madras of a sum of Rs.1,000/- as contribution to the Women's Christian College in 1946-47 for conducting nutrition research for the benefit of children, under Rule 10, Schedule V to the Madras City Municipal Act. Extracts from the proceedings of the Standing Committee (Taxation and Finance) dated 23-1-46 and of the Council dated 6-2-46 are enclosed.

Forwarded.
