Note to the Council.

Sub: Budget Estimate for the year 1946-47 and Revised estimate for the year 1945-46.

I submit the Budget estimate for the year 1946-47 and the Revised estimate for the year 1945-46.

Obligatory charges.

Provision is made in the budget for all obligatory charges and other commitments.

Closing balances. The working balance as per rules could not be provided in the budget as the budget closes with a - deficit of Rs.1203/- under all accounts and Rs.9024/- under A.General Account ordinary and Rs.8223/ under Lihgting A/c. When arriving at this figure, a sum of Rs.23337/- as arrears of toll compensation and Rs.8000/- as compensation under Entertainments Tax Act have been taken credit of under A.General account and Rs.12500/- under Elementary Education Account from the arrears of toll tompensation. A sum of Rs.25000/- for dustless surfacing of roads as a grant from Government and a sum of Rs.45000/- as loan from Govt. as detailed in the note for the works mentioned therein have also been taken credit of.

The main features in the Revised estimate for the year are detailed below:-

Revised estimate for the year 1945-46.

E. Funds

In G.O.No.1048 L.A., dated 11-5-1945, the Government have sanctioned a sum of Rs.36837/8/0 as arrears of toll compensation for the years 1931-32 and 1940-41 which amount is expected to be drawn for wiping off the deficit in the A.General account and Elementary Education Account and the balance, if any, to be utilised for conservancy palnts. Further the assignment of net proceeds under Entertainments Tax ordered in G.O.No.694 Rev. dated 4th April, 1945 has also been taken into account in arriving on the above deficits as ordered in G.O. No.2028 L.A., dated 1-10-1945. As arrived at, the Lighting Account is expected to close with a minus balance of Rs.10610/- in the Revised estimate. So it is proposed to contribute a sum of Rs.10337/- from the General account to the Lighting account with the special sanction of the Government. Further a sum of Rs.14000/- has been taken credit of under Elementary Education Account to wipe off the anticipated deficit during the year 1945-46. So the entire sum of Rs.36837/8/0 plus a sum of Rs.80
under Entertainments Tax is expected to be drawn du
year as follows:-

1. For wiping off the deficit in the Lighting
by taking credit a sum of Rs.10337/- in the Ger
and contributing it to the Lighting account.

2. For wiping off the deficit in the Element
Account Rs.140

3. For conservancy plants as detailed be

It is hoped that the public health of the town will be much more improved with the additional conservancy plants etc.

Budget for the year 1946-47.

E E Funds.

Elementary Education Account. The Elementary Education Account for the year 1946-47 is expected to close with a deficit of Rs.12092/-. To wipe off the deficit a sum of Rs.12500/- has been taken credit of from the arrears of toll compensation. A proposal for the enhancement of the Elementary Education tax was put up before the Council along with the inspection Notes of the Deputy Inspector of Municipal Councils & Local Boards, Western Range, but the Council has since resolved that the proposal may be taken up along with the budget. A copy of the note is reproduced below:
"The Education tax at present is being levied at 3% The annual income under this is Rs.8518/-. The minimum contribution under section 32(i-a) of the Madras - Elementary Education Act from the general account is Rs.10500/-. Taking into account this contribution of Rs.10500/- from the general account every year, the total income under Elementary Education Account is expected to be Rs 10500 plus Rs.8518/-. The normal expenditure under Elementary Education Account is expected to be about Rs.21000/- Hence if the Elementary Education tax is increased by 1% the incomewill be raised by another Rs.2700/- and making a total income of Rs. 19018 plus Rs. 2700/- Rs21718/-. The income and expenditure under this account is expected to be self supporting. The Council may therefore be pleased to enhance the education tax by one per cent"
If the Council is so pleased to wipe off the anticipated deficit by levying an enhanced education tax by another 2% there will be no deficit in future years also and further the very large contribution of over Rs.20000/- every year to the Elementary Education Account from the general funds, curtailing the many capital expenditure which may be incurred may be restricted to the statutory minimum of Rs.10500/- fixed under article 32(i-a) of the Elementary Education Act as subsequently amended.

The Council may also be pleased to request the Govt. to grant an equivalent contribution of Education tax realised. If the Government really help this Council by granting an equivalent contribution of Education tax realised during the years, there willbe no necessity to pay an enhanced contribution to the Elementary Education account and the contribution may also be limited to the statutory minimum.

Lighting Tax.

The lighting tax at present is being levied at 1-3/4% and the income therefrom is expected to be about Rs.4500/- a year at the most. But the annual expenditure for 1944-45 was Rs.8528/- as per audited accounts. The expenditure in 1945-46 is expected to be Rs.10000/- and during the year 1946-47 to be Rs.12000/- due to lighting up all the street lights. The expenditure is triple when compared with the income under this head. There is already a minus opening balance of Rs.6610/- under this account in the begining of 1945-46. This is expected to close with a minus balance of Rs.12610/- at the end of 1945-46. Hence it is prposed to contribute a sum of Rs.10337/- from the General account with the special sanction of the Government taking into account a credit for a like sum in the general account from the arrears of toll compensation. Further this account is expected to close with a minus balance of Rs.8223/- during the

budget year. This will be going on still fur

A. General account -Ordinary.

A sum of Rs.22837/- as arrears of toll compe
and Rs.8000/- as compensation under Entertai
have been taken into account in the receipt
A.11 Communications. As budgetted taking in
this sum of Rs.30937/- the account is expecte
with a minus balance of Rs.9024/-. This may be
increased if this sum of Rs.30937/- is not take
account of .

The sum of Rs.58500/- provided for capital wor
from the general resources of this municipality are of
vital nature and they cannot be postponed to any further
considering the rapid improvement of the town. The Govt.
may be requested to give a grant for wiping off the
anticipated deficit in the budget year.

Capital works.

The capital works are detailed below with a brief note
explaining the necessity of them.

Bus stand A sum of Rs.10000/- has been provided for the pucca construction of a bus stand. Though there was a proposal to construct this in the year 1945-46 itself in the western portion of the weekly market, this could not be taken up as it is considered that the proposed site will not be sufficient to accommodate all the buses. Hence the proposal of shifting the Dombar's colony to the place originally alienated for the purpose in the VIth Ward is to be considered and the construction of the bus stand to be located in the present Dombar's colony.

The proposal will be more remunerative and is expected give an annual income of Rs.4000/- at the least.

Maternity and Child Welfare centre.

7

A sum of Rs.5000/- has been provided for the construction of a Child Welfare Centre. The Govt. informed this Council on a previous occasion when approached for half a grant for the construction of the building that the activities of the Centre should be enlarged by appointing one Health Visitor and one more Midwife. The additional Midwife has already been appointed and the post of a Health Visitor has since been - sanctioned and the appointment will be made from 1-1-1946. The Council may without any hesitation approach the Government for half a grant for the construction of the building. If the building is constructed it is well hoped that the Maternity Centre will continue to be more popular and be of much help to the public. The scope of activities thereafter is expected to serve the real purpose for which the Maternity Centres are established

Record Room

Though a provision of Rs.2000/- was made in the budget for1945-46 construction could not be taken up owing to war. Now the War is over and it is expected to commence the construction in the commencement of the year. The work will be completed before the end of 1946-47. This will indeed add to the beauty of the office. A provision of Rs.2000/- has been made for this.

Electricity Department.

A provision of Rs.7000/- has been made in the budget for the construction of a building for the Electricity Department, Municipal Electrical Engineer's office, Store room and Meter Testing Room. By providing a meter testing room, an annual expenditure of Rs.400/- may be saved. This may be constructed within the office compound in the back portion of the office building. This sum of Rs.6000/- may be got from Govt. as loan.

Improvements to Office Building-Construction of a New Block.

It is proposed to shift the wall in the southern portion of the office which bifurcates the daily market to further south and construct four small blocks to accommodate the Municipal Supervisor, the Town Planning and Building Inspector, Birth and Death Registrar and Revenue Inspector and collection - establishment. A sum of Rs.5000/- has been provided in the budget for this expenditure.

Elementary Education(Capital works)

E. E. Funds.

A sum of Rs.5000/- and a sum of Rs.4000/- have been provided in the revised estimate for 1945-46 and Rs.4000/- in the budget estimate 1946-47 under the head C.Elementary Education-Capital, The proposal for the construction of a building for housing the West Balijawar street Mixed school has almost ripened and the valuation of the site alienated for the school has already been appeved by the Council and the site is to be handed over to the Municipality by the Government shortly. It is expected that the building work may be commenced before the close of the year 1945-46.

Weekly market. Construction of three sheds in the Weekly market.
It will be better to construct three additional shdes in the wekkly market. This will further attract the contractors and the least amount may go high than the normal bid. A provision of Rs.10000/- is made for this.

Construction of Daily Market.

It is better to convert the present daily market near the municipal office into a well designed market with a shed in the centre and ships on all the four sides by demolishing the present shops. Out of the present Alanigyam road eight shops, two may be converted into a fuse of call room for the Municipal Electricity Department and the other shops may be utilised for the construction of the daily market. The construction of new shops well designed will attract more vendors to establish permanent shops even. A provision of Rs.7500/- is made for this purpose.

Formation of a Dombar's colony.

The scavengers under the employ of this municipality numbering one hundred have their abovdes in two places, one in Kolinjivadi and the other in a small plot of about 50 centc just opposite to the Police station. Their houses which are no better than pig's sty are huddled together defying all laws of hygine without sufficient ventilation, without any latrine and without any convenience for human habitation. Both the places are in the entrance of the town and they are an eye sore to the public. They give a very bad impression of the town when people enter Dharapuram for the first time. The second one is situated amidst Government offices and Government officer's quarters. This is also a nuisance to the officers. Any improvement by way of better houses to them will go a long way, not only to improve their general health but also to prevent the spread of epidemics whenever they break out in the town. Further the slum has to be cleared beyong the town and the present site the Dombar's are occupying is proposed to be converted into a Bus stand. There is already a site alienated for the Dombar's colony. It is proposed to construct 25 model houses and accommodate the scavengers of this municipality. This is estimated to cost about Rs.10000/- at the least. The Council may be pleased to sanction the expenditure during the year. The expenditure will be met from the general funds of the Council,

Widening the bridge in the channel in the Old Police station street.

The bridge across the channel in the Old Police station street is very narrow and it is considered unsfae to the public. It is therefore proposed to construct a new brige widening and demolishing the present one. This is estimated to cost Rs.5000/- A provision for the amount has been made.

Capital works to be met from Government Loans.

Acquisition of vacant sites in the Sixth ward (site back of the Deputy Superintendent's of Police bangalow) Alangiyam road for residential purposes.

It is proposed to acquire the vacant site lying by the side of Alangiyam road in the West and in the back portion of Deputy Superintendent of Police bangalow for the construction of residential quarters to accommodate the municipal employees and as well as officers of other departments, ~~xf~~ who finds it difficult to secure a decent house to accommodate themself when they are transferred to this place with proper ventilation and other conveniences befitting to the officers. The houses that could be available cannot be said to be on type design basis and suitable for them. This construction is expected to ~~xx~~ give a large amount of annual income to the Municipality by way of rent. This is estimated to cost Rs.25000/- and the council may be pleased to obtain a loan from the Government for this purpose. As the War is over, acquisition proceedings also may be taken up by the Government without any difficulty.

Extension of the Present Park.

There was a ~~xxr~~ proposal for the extending of the present park during the 1942-43. This proposal had to be postponed due to War. Now the War is over. The acquisition of the site lying by the side of the present park will be very easy. In this connection it is to be stated that this is the only amenity provided in the town for the use of the public. The entire public visit the park and the park is much popular in the town. The present park being one acre in extent, it could not accommodate the public freely and without detremdnt to the public health. Hence it is proposed to extend. This is estimated to cost Rs.10000/-. This amount may be got from Government as loan and repaid in easy instalments. This is expected to add to the ~~xxxxxxxxxf~~ beauty of the present park.

By-pass road, West of the Town

A proposal to form a by-pass road in the western portion of the town was taken ~~xx~~ some months back to divert the military traffic. The proposal is now pending consideration of the Government. The Government may be requested to speed up the proposal and to grant a loan of Rs.10000/- which this Council has agreed to pay as contribtuion from the municipality. The need for this by-pass road had already been stressed, in the letter to the Government.

By-pass road behind Cholakadi street. (From general funds)

It is proposed to form a by-pass road behind the Cholakadi street. The by.pass to begin from the ~~xxxxix~~ junction just at the entrace of the Cholakadai street and end with the road leading to the Amaravathi bridge. This will divert the traffic in the Cholakadai street which is a business centre of the town. This is estimated to cost Rs.6000/- The expenditure may be met from the general funds of the municipality.

Dustless surfacing of roads.

There was already a proposal in the year 1941-42 for dustless surfacing of certain roads. The Government sanctioned the proposals and even tenders ~~x~~ were called for and work entrusted to a contractor. But the work had to be postponed owing to War as butimen could not be available then.

Again during the year 1944-45, the Government was approached for a grant of Rs.25000/- for dustless surfacing. The Government in their Memorandum

No.13882-F/44 dated 17-8-1944 informed this Council that on account of war surfacing materials will not be available and the dustless surfacing of roads may therefore wait for the duration of the War. Now the War is over and cement or butimen may be easily available for civil requirements.
In its resolution No.240 dated 29-11-1945, the Council has since resolved that the following roads may be provided with dustless surfacing on a suggestion by the Deputy Inspector of Municipal Councils & Local Boards, Western Range, Coimbatore.

1. Cloth bazaar street.
2. Coolakadai street.
3. Ponnapuram road.
4. Old Police station street.
5. Portion of Alangiyam road in the south from the New Police station.
6. Nallammanackenpet street.

The may therefore now be approached for a grant of Rs.25000/- for dustless surfacing of the roads stated in Council's resolution stated above.

7(ii) Transfer to other accounts: Elementary Education Account: The ~~contribution agreed to in 1942-43 was Rs.11,900/- In the R.E. for~~ 1945-6, the contribution approved in the E.E. budget for 1945-6, viz. Rs. 21360/- has been provided. With this contribution the E.E. account ordy. for 1945-6 closes with a deficit of Rs.5,132/-. The council was permitted to adjust Rs.8,433/- from the arrear toll compensation for wiping off the deficit in this account. As a capital expenditure of Rs.9,000/- has been provided in the R.E. for 1945-6 the council requires a sum of Rs.14132/- from the arrear toll compensation for wiping off the deficit in the E.E. account R.E. for 1945-6. It has taken credit for only Rs.14,000/- and it may be asked to increase it to Rs.14,132/- in the current year. The B.E. for 1946-7 as framed by the council closes with a balance of Rs.408/- after taking credit for a contribution of Rs.20000/- from General funds and Rs.13500/- from the arrear toll compensation and after providing for a capital expenditure of Rs.4000/- If the contribution from General funds is restricted to Rs.11,900/- (the contribution agreed to 1942-43) the E.E. budget will close with a deficit of Rs.7,560/- As the General account is expected to close with a deficit in 1946-7 the contribution from General funds may be restricted to Rs.11,900/- The deficit may be met either from the arrear toll compensation or otherwise. This point will no doubt be examined by E.& P.H. while passing orders on the E.E. budget.

* * * *

16. Closing balance: Revised with reference to the foregoing paragraphs and without allowing credit for arrear toll compensation in the current year the R.E. for 1945-6 closes with a deficit of Rs.9248/- against the requisite minimum closing balance of Rs.7,684/- The council may therefore be permitted to adjust Rs.16932/- from the arrear toll compensation in the current year for wiping off the deficit and for securing the minimum balance of Rs.7,680/- After adjusting Rs.14,132/- towards deficit in the E.E. Account in 1945-6 and Rs.16932/- to General funds a sum of Rs.5773/- will be available in the arrear toll compensation amount which may be funded. ~~Capital expenditure in the current year for conservancy plants etc~~ The

B.E. for 1946-7 will then close with a deficit of Rs.23,587/- against the requisite minimum balance of Rs.7168/- The council may be directed to wipe off the deficit and secure the minimum balance by reducing the provision made for capital expenditure from ordinary funds to Rs.27,745/-.

* * *

Revised with reference to paragraphs 2 to 7, 10 and 15 on pp.1-5 ante and to para 2 above, the B.E. for 1946-7 closes with a deficit of Rs. 23,587/- against the prescribed minimum balance of Rs.7168/- This is due to the transfer of Rs.58,500/- to capital from the General account-ordinary. The provision of Rs.58,500/- may be reduced by Rs.30,755/- in order to avoid the deficit and secure the minimum balance. The arreartoll compensation grant of Rs.36,837/- that may be sanctioned next year may be utilised for wiping off the deficit in the Elementary Education budget and for conservancy improvements.

Order Ms. ~~Resolution Rout.~~ No. ~~442~~ 440/EDN. dated 1-3-46

The Govt pass the following orders on the R.E. for 1945-46 and the B.E. for 1946-47 of the E.E fund of the M.C, Dharapuram.

2. R.E. for 1945-46 (i) In partial modification of Memo. No. 22762 A/45-5 Edn., d/26.10.45, the M.C, Dharapuram, is permitted to adjust to the E.E. fund a sum of Rs 14,132 (Rupees fourteen thousand, one hundred and thirty two only) from the arrear toll compensation grant sanctioned to the C in the current year to avoid a deficit in the E.E fund in 1945-46

(ii) The provision made for the refund of dearness allowance grant shall be shown on the receipts side, the total receipts being reduced by a like amount (Rs 1,757)

(iii) The C is permitted to raise the provision made under the head "Expenditure – ordy" from Rs. 31,300 to Rs. 42,472 and that under "Expenditure – Capital" from Rs. 3,500 to Rs 9000.

3. B. E. for 1946-47 (i) the credit taken under the head "Govt. grant under section 37 of the E. E. Act" ~~may be~~ should be raised from Rs 2,700 to Rs 3,785 with reference to G.O. 530 Edn, d/6.4.45. This amount is liable to further revision with reference to the actual amount of edn. tax realised and adjusted to the E. E. fund in 1945-46.

(ii) The credit taken for contribution from gl. funds should be reduced from Rs. 20,000 to Rs 11,900.

(iii) Revised with reference to the orders above, the B. E. for 1946-47 is expected to close with a deficit of Rs. 19,975. This deficit should be avoided by adjusting a like amount from the arrear toll compensation grant likely to be sanctioned to the cl. next year.

G.O. 10613C-1/46 from the D.P.I., Ro.P. No. 95-B.3/45-46, d/13.2.1946

p1 c.f. The R.E. for 1945-46 and the B.E. for 1946-47 of the E.E. fund of the Ml. cl., Dharapuram, call for the following remarks.

Ⓟ 2. R.E. for 1945-46 (i) In Memo. No. 22762A/45-5 Edn., d/ 26.10.45, the Ml. cl., Dharapuram was asked to adjust to the E.E. fund, a sum of Rs. 8433 from the arrear toll compensation grant sanctioned to it. The cl. now proposes to adjust a sum of Rs. 14,000.

p24 c.f. As the amount required to avoid a deficit in the E.E. fund is Rs 14,132, the cl. may be asked to adjust to its E.E. fund this sum from the arrear toll compn. grant. The R.A. deptt have agreed to this.

extract of R.A. note at ⓐ

(ii) The provision made under the heads "Expenditure - Ordy" and "Expenditure - Capital" is in excess of those in the sanctioned budget. The need for the enhanced expenditure has been explained by the Commr. in his note to the cl. The provision made for excess expenditure may be approved

pp25 & 26 c.f. p30 c.f. of Ⓡ pp5-17 c.f.

3. B.E. for 1946-47 (i) The cl is eligible for Govt contribution under Section 37 of the E.E. Act for the tax collected by it at 1⅓ p.c. The credit taken represents the collection expected at 1 p.c. It may be ~~increased~~ raised from Rs 2,700 to Rs 3,785.

p23 c.f.

(ii) The credit taken for contribution from general funds is Rs 20,000 against Rs 11,900 in the budget for 1942-43. In their note on the gl. fund budget of the cl., the R.A. deptt have stated that the contribution in 1946-47 may be restricted to Rs 11,900 and that the deficit in the E.E. fund may be met from the arrear toll compensation grant likely to be sanctioned to the cl. next year

suggestions above, and if the credit taken under the head "Adjn Amount to be adjusted from the arrear toll compensation grant" is deleted, the B.E. is expected to close with a deficit of Rs. 19,975. The cl. may be asked to avoid this deficit by adjusting a sum of Rs 19,975 from the arrear toll compensation grant it will get in 1946-47. L.A are agreeable to this. A draft order is submitted.
