ASST. SECRETARY TO GOVERNMENT
6 - MAR 1946
EDUCATION AND PUBLIC HEALTH DEPT.

12965

Submitted to the Secretary to Government, Education and Public Health Department, Madras.

2. The payment of a subsidy of Rs.3,085/- during the current year is recommended, for which details are furnished below:

	Claim of the President District Board. Rs.	Amount admissible. Rs
I Recurring.		
(1) Salary of teachers.	1,920-15-0	1,558-14-0
(2) D.A. of teachers.	1,520--9-0	1,228--2-0
(3) Contingencies --		
House rent.	125--5-0	125--5-0
Other items.	172--8-0	172--8-0
(4) Office staff.	448-11-0	..
Total.	4,188--0-0	3,084-13-0
		or 3,085/-
II Non-Recurring.		
Equipment.	9,000/-	NIL
Buildings.	15,000/-	NIL

The difference under recurring items is mainly due to the disallowance of pay and Dearness allowance of teachers who have not joined duty as yet and to the the disallowance of Rs.448-11-0 under office staff which should be met from the Elementary Education Fund of the Board.

3. It is not likely that the Board will incur any expenditure on non-recurring items during the current year and hence no subsidy need be paid during this year on that account.

R.C.No.710-E10-45. South Kanara District Board Office
Mangalore, dated 13-2-1946.

From

Sri A. Lakshminarayana Rao, B.A.,B.L.,
President, District Board, South Kanara.

To

The Director of Public Instruction,
M a d r a s.

Sir,

Sub: EDUCATION - Elementary - Compulsory - South Kanara District Board - Payment of subsidy.
Ref: Your Roc.No.2879-B-44 dated 4-2-1946.

With reference to the above, I am forwarding herewith necessary revised statements in duplicate.(2)In this connection I have to state that information regarding the dates of joining of a few teachers are still not known and hence the information could not be noted in the statements. The names of two teachers also have been omitted in the statements since their appointments will be made by 15-2-1946. Provision has however been made for payment of pay and D. A. to these teachers.

3. With regard to the equipment and accommodation, the necessary details will be furnished as early as possible. The Government have been addressed to accord sanction for getting the furniture and equipment prepared and supplied locally, and their orders are awaited. In the matter of providing accommodation, the matter is still under correspondence with the Engineering Department and details will be available within a week. Provision has however been made in the statements for expenditure under the above heads. Though the number of teachers appointed so far as per the statement is only 75, the amount under equipment has been calculated at Rs.9000/- taking into account 15 more teachers who will be appointed in the course of a month.

4. A provision of Rs.500/- has been made in the revised budget for 1945-46 under unforeseen contingencies (vide this office R.C. 710-15-E10 dated 15-1-1946 sent in reply to Government Memorandum No 53672-A-1-Edn., & P.H., dated 26-11-1945) for supplying necessary registers and forms to the 'Midday meal' centres. I request that the Government may be moved to sanction a subsidy of Rs.500/- for supplying the above registers and forms in addition to the subsidy shown in the statement enclosed.

Sd. ---
for President.

Subject: Education - Elementary - Compulsory - Payment of Subsidy.
Ref: Your Rc.No.2879-B-44, dated 11.12.45.

.....

As desired in your reference quoted above, I am herein enclosing the prescribed states in duplicate.

As instructed, subsidy has been claimed only in respect of teachers, clerks and conductresses actually employed so far and of additional rented accommodation so far arranged. As separately shown in statement I C, and with reference to the recentGovernment Orders permitting the appointment of peons and Conductresses in Elementary schools and of additional establishment for the Elementary Education Section of the Office, additional expenditure, states will be duly forwarded in February after the actual appointments are ordered, with reference to the dates of joining of the appointments. Simultaneously expenditure under furniture, books and slates, and construction of sheds has been shown separately in the states and non-recurring expenditure, though it has not been included in the statement I-H. As orders have been placed with the tenderers for the supply of furniture, slates etc., and as estimates for the construction of sheds have been called for from the Engineering Department I expect that the amounts shown in the non-recurring statements will be expanded before 31-3-46.

With reference to the subsidy claimed in respect of teachers transferred from the non-compulsory to the compulsory areas, I wish to point out that with a view to starting the scheme of compulsion immediately after the receipt ofGovernment Orders, I ordered the transfer of some permanent teache s from the non-compulsory areas, so that they make take charge in the compulsory areas on 11.9.45 or immediately thereafter and proceed with the work. There was naturally some delay in filling up these vacancies in the compulsory areas and in the sbustitutes joining duty there. There are 23 such cases out of 41 such appointments ordered so far. If, as stated in Government Order Memorandum, No. 50007-A-3, dated 28-12-45, subsidy has to be sanctioned with reference to the dates of joining of substitutes in the non-compulsory areas, certain periods of the service of the teachers working in the compulsory areas will be left out of consideration. It is not possible to pay the teachers in the compulsory areas for this period from the ordinary Elementary Education Funds as they did not work in schools outside such ases, and the places from which they were transferred were vacant during those periods. Subsidy has therefore, to be calculated from the dates of their relief in the non-compulsory areas. Further, the rate of subsidy in respect of these should also be with reference to actuallx pay drawn by them during these periods, instead of the minimum of Rs.20/- as the difference between the actual pay and minim m cannot be drawn on the schools from which the teachers were transferred, for the reasons stated above. I, therefore, request that in respect of these teachers, subsidy may be granted on the basis of the actual pay drawn by them from the dates of their relief from the schools in the non-compulsory areas to the dates of joining of their substitutes in these schools and at Rs.20/- subsequently. A seperate presenting claim on this basis, statement III, is also enclosed herewith furnishing the necessary details.

An indent for the supply of furniture at a cost of Rs.12540/- for the use of 134 additional teachers appointed in the Board Elementary Schools in the seventeen compulsory areas has been placed with the contractor after his tender has been approved by the Board. The supply will be made and finally paid for by the end of this month or early in March. A subsidy of Rs.12540/- may be sanctioned for this purpose.

available either in the local market or at Madras, though quotations were called for. The class text books also required for teachers have not been supplied for want of receipt of the particulars called for from the teache s. Under these circumstances the grant of 13400/- (134 teache s x Rs.100/-) could not be fully utilised this year. The difference of Rs.850/- (13400 - 12540) may kindly be given in April 1946 for the supply of time pieces, class text books etc.

Ref:- From the Dpt.d 28791B/44 dt/4.3.46, 1-3.46 and 5.3.46.

ORDER:-- 554 Edn. dated 12.3.46 (40)

The Government sanction the payment in the current year to the District Boards mentioned in the annexure to these proceedings of the subsidies specified against them towards the provision of additional school places in the villages where elementary education has been made compulsory under the orders of Government. The subsidies (in respect of salaries & allowances of teachers) have been calculated with reference to the actual expenditure incurred by the Boards in the current year. The question whether a subsidy should be paid towards expenditure on the clerical staff employed in the Elementary Education Section for work relating to compulsory education is under consideration separately. Pending decision on the question, no subsidy has been allowed in respect of this expenditure.

2. The Accountant General is requested to place the amounts at the disposal of the District Boards at an early date. The Presidents should present the necessary bills at the Treasury for obtaining payment of the amounts or for getting them adjusted.

3. The expenditure will be debited to the appropriation under "37.Education - 1.Primary - Grants to local bodies for primary education - A.Local Bodies 1.Ordinary Areas - 4.Teaching" (I - Portion recurring) - Authorised in the Annual Estimate of Expenditure for 1945-46.

4. The Presidents of District Boards should report through the D.P.I. in April 1946 the actual expenditure incurred on the scheme of compulsory Elementary Education in 1945-46 with details under several heads such as, opening of schools; empl

of teachers; appointment of peons and conductresses; supply of books and slates to school children. The Director is requested to scrutinise the particulars furnished by the Presidents District Boards and to report to Government whether any further subsidy should be paid to the District Boards towards the cost of the scheme for 1945-46 or whether any portion of the amount already paid will be recovered.

The Finance Dept may see the draft before issue. That Dept has suggested in another connection that the possibility of raising the rate of ed. tax in the villages selected for compulsion might be considered. This question has already been examined in the case of Guntur and Tinnevelly when the first payment was made

The

new recorded there
The decision was that no enhancement was necessary
The Finance Dept have concurred in the view
As regards South Kanara the rate
of 12 pies in the Board is not a well-to-do one
& the circumstances no enhancement is possible &
the case of Tanjore the question whether the rate
of ed. tax may not be increased for the whole DB so
as to cover the cost of scheme of compulsory ed. in 19 villages
has been raised in connection with the proposal
now in hand. no action seems called for now
