Respected and Honoured Sir,

On my humble appeal against the orders of the local Educational authorities with drawing the aid and recognition of my Elementary School at Arasampatti, the Director of Public Instruction, Madras has generously in his Proceedings R.C.4102 B/44 dated 9-6-45 ordered the shifting of the District Board School to its original locality, thus conceding my request. The highest appellate authority of the Education Department has considered my prayer and ordered in my favour. After the above order of the Director of Public Instruction had been communicated to me in R.C.375 B/44 dated 31-7-45 of the Divisional Inspector of Schools, Coimbatore, the Deputy Inspector of Schools, Krishnagiri Range had come to our village and instigated the local member of the Salem District Board to move the President, Salem District Board not to agree for the transfer of the school. Thus attempts are being made to defeat the very verdict of the Director of Public Instruction.

(2) I submit I am a poor man and at the end of all my sufferings and trials at the hands of the local authorities, when the D.P.I. had kindly heard my prayer and passed favourable orders, such attempts are being made to constitute the President, Salem District Board as a bloc to make the D.P.I.'s order completely ineffective.

(3) I request your honour to be pleased to see the above order of the D.P.I. carried out and justice done to me, who have suffered untold misery and loss in the recent past.

Begging early and kind orders.

I beg to remain,
Respected Sir,

and 30.5.45 to your office and 17.9.45

Respected Sir,

On your kind directions on the above
petitions the Director of Public Instruction, Madras
had kindly conceded my request to shift the
Dy. Board School at Arasampatti and revive
my Aided Eby School. Though the Director's order
was dated 9.6.45, the local officers have not
taken any action till now: they delay
matters to gain time and personally induce
the people to go to the President District Board
to represent against the orders of the
Director.

2. The Deputy Inspector of Schools
Krishnagiri Range, before communicating
the order to me, came here and explained
the same to the people. He asked them to

(2)

agitate against the shifting of the District Board School. The Deputy Inspector of Schools who was responsible for the withdrawal of recognition of my school is still here and he tries his best to delay matters.

3. My petition detailing my difficulties was returned to me by the Director of Public Instruction and I was directed to approach the District Educational Officer, Salem. I had submitted several petitions to the D.E.O. and I am not favoured with any reply.

4. I submit that on a previous occasion when the Educational authorities had ordered the revival of my school, it was upset by the delaying tactics of the local officers. Hence, I fear that I may not be able to revive my school though the Director had kindly passed his orders.

5. Hence, I request kind and early orders may be passed to implement the Director's orders at once and kindly grant me a copy of your orders on this petition. I have ^{been} suffering for a long time and only on an appeal to your honour, justice was meted out to me by the Director of Public Instruction. I request kind & early orders.

The humble memorial of the
Adi-Dravida residents of Barur village,
Krishnagiri Taluk, Salem District.

Respected and Honoured Sir,

We humbly beg to submit that there is a Local Fund School building in our street and an Elementary School had been conducted therein for the last 40 years. The number on the Rolls of the School was about 40.

2. For some time past, teachers were posted to this school who were non-residents and non-castemen and they were coming to attend the school from distances of about 5, 6 miles. They were themselves coming late and did not take any interest in the school as a result the attendance fell down. Whether the school was in a position to be continued or not, was of no consequence to them, as employees of the District Board, they would be simply transferred elsewhere; the Deputy Inspector of Schools, Krishnagiri Taluk who was determined to transfer the school elsewhere, did not take steps to recommend teachers to be posted who would be residents of our village and he did not take note of the wanton mischief wrought by the teachers though pointed out time and again.

3. Owing to the wanton callous and irresponsible

teachers, the connivance of the Deputy Inspector of Schools

the strength of the school fell down and this was taken advantage of by the Deputy Inspector to have the school shifted somewhere else. Thus the school which had been in our locality for over 40 years, had been shifted to another locality consisting mainly of High Caste Hindus.

4. We beg to submit that our pupils about 40 are wandering in the street, the local Fund Building in our village deserted. Even our request to conduct a school of our own in the building was turned down.

5. We regret to point out that though the Government have been passing schemes for the betterment and cultural uplift of depressed classes, we implore the Government how our interests are thrown to the winds and even the simple amenity of elementary education denied to us. Our petitions to the Educational Authorities have not been cared and not even a reply reached us. Our personal requests to the Salem District Board President were not even heard.

6. There is a lot of funds earmarked for the opening of new schools and the Salem District Board could have opened a new school for any locality if they desired. But, the school serving the needs of our low caste for the last 40 years was unjustly shifted to our great disadvantage. Our pupils are not at all going to adjoining Board School as it is far away and there are several inconveniences in mingling with the

boys of the higher caste Hindus. The shifting of our school was done wantonly and deliberately by the Deputy Inspector of Schools and the carelessness of the teachers who were recently posted here.

7. As a last resort, we submit this humble memorial to the Government and, if this petition is enquired by any special officer it may bear fruit. But, if this is simply forwarded to the Educational Authorities there will be no remedy to us. Hence we pray that orders may kindly be passed for enquiry into our grievance by special officer in the uplift of Depressed classes.

We beg to remain,

Respected Sir,

Your most obedient servants,

P. T. O.

My dear Subramanian,

Public Instruction,
Madras, 20th January 1946.

Reference Government order No.41462/45-1-C,

6546 Education, dated 24-9-1945, calling for remarks on the petition of the Manager, aided elementary school, Arasampatti, regarding the attempts to retain the Board elementary school at Arasampatti in spite of orders to transfer it to Barur and Government Memo. No.55246-A-1, Edn., dated 14-12-1945.

Arasampatti and Barur are only 3 furlongs apart. The aided school at Arasampatti and the Board school at Barur were both inefficient and uneconomic. When the recognition of the aided school was rightly withdrawn, the District Board was requested to transfer the Barur school to Arasampatti. The Board school now at Arasampatti is working satisfactorily with a strength of about 100 and a staff of 3 teachers.

It is unfortunate that the previous Divisional Inspector (Sri R.M. Savur), just before his retirement restored the recognition of the rotten aided school. The manager of that school was an untrained lower elementary grade teacher who was a stamp-vendor of

the

2. 26

the village. The condition of the school run by him was so bad that the District Educational Officer had rightly withdrawn the recognition. It is unfortunate that Dr. Dey ordered in June 1945 that the Board school may be shifted back to Barur. The District Board, the District Educational Officer and the public of Arasampatti are against the re-transfer of this school to Barur. Instead of having one good school at Arasampatti under the District Board, there will be two inefficient and uneconomic schools at Barur and Arasampatti, if the Board school is transferred back to Barur. There is no scope for a good school at Barur and there is no hope of improvement under a teacher-manager.

Moreover, the President, District Board, Salem, represents that the Board school while at Barur did not thrive there for the last 30 years and that there was no suitable and adequate accommodation. He, therefore, requests permission to continue the school at Arasampatti. I enclose herewith a copy of the Divisional Inspector's recommendation for the retention of the Board school.

school at Arasampatti.

I am, therefore, cancelling the orders passed in June 1945 ordering the transfer of the Board school to Barur.

2. The Aided School has not yet been revived and the revival, it is reported, is not possible unless the Board Elementary School is shifted back to Barur, but this is flourishing well and fully caters to the educational needs of the locality. Even if the Board school is transferred back to Barur and the aided school is allowed to be revived both the schools will be uneconomic and one of them has to be closed owing to the fact that the distance between Arasampatti and Barur is only 3 furlongs and there is no justification for two schools in the locality.

3. The President, District Board, Salem, in his R.O.C. No.E.1/18143/45, dated 28-9-1945 represents that the Board School while at Barur did not thrive there for the last 30 years and that there was no suitable and adequate accommodation

Petition from the villagers of Barur requesting
the transfer of the Board school at Arosampalli
to Barur

The Jt. have reexamined
the question of the transfer of the Board
elementary school at Arosampalli to Barur.
The Jt. consider that the Board school
caters to the needs of the two villages, Barur
and Arosampalli & that there is no need to
transfer the Board school from Arosampalli to
Barur. He is also of the opinion that
another

another school under private management is not
necessary in either of the villages. The Govt.
concur with the view expressed by the Director and
do not propose to interfere with his decision.
