2. RECEIPTS:—It will be seen from the statement of receipts and expenditure under "General Account" that there is an increase of about 1.24 lakhs in the Revised Estimate for 1945-46 as compared with the budget estimate for 1945-46. This is due to the fact that a sum of Rs. 13,000/- is expected as an additional income under Property tax and Rs. 74,000 under Entertainment tax. In the Budget Estimate for 1946—47, the income under this head is in excess of the Revised Estimate figure by Rs. 32,000. This is due to the fact that the receipts under Entertainment tax in the Revised Estimate for 1945—46 is for three quarters and that in the Budget Estimate for 1946—47 is for 4 quarters and that the difference is roughly Rs. 32,000.

The increase in the Revised Estimate for 1945—46 under "Communications" over the Budget Estimate for 1945—46 figure is due to the special credit of about

Rs. 40,000 sanctioned by Government from Provincial Road Fund. The Receipts in the Budget Estimate for 1946—47 under this head represents the amount of Toll compensation as per instructions of Government; but do not take account of the special credit from the Provincial Road Fund. The net result is there is a fall of Rs. 21,000 in the Budget Estimate for 1946—47.

The income under "Remunerative Enterprises" in the Revised Estimate for 1945—46 and Budget Estimate for 1946—47 is short of the provision made in the Budget Estimate for 1945—46, since the 33⅓% increase provided under rent of Market could not be realised on account of the Rent Control Order.

3. EXPENDITURE:—The total expenditure ordinary exceeds the Budget provision for 1945-46 by Rs. 1.54 lakhs in the Revised Estimate for 1945-46, and by Rs. 1.34 lakhs in the Budget Estimate for 1946-47. This is mainly due to the payment of dearness allowance at enhanced rates. The provision in the Budget Estimate for 1946-47 under management is short of the revised estimate figure by about Rs. 20,000 since the repayment of the loan taken from Water Supply and Drainage Account is less by Rs. 20,000/- in the Budget Estimate for 1946-47. The difference between the provision made under "Communications" in the Budget Estimate for 1945-46 and Revised Estimate for 1945-46 is due to the additional provision of Rs. 34,000/- made under 'Roads' in the Revised Estimate for 1945-46. The provision in the Budget Estimate for 1946-47 is less by about Rs. 25,000/- than the Revised Estimate figure mainly due to the smaller amount provided under 'roads.' Under Public Health expenditure, a sum of about Rs. 75,000/- is provided over and above the amount provided in the Budget Estimate for 1945-46, This is mainly due to the increased dearness allowance. The provision in the Budget Estimate for 1946-47 under Public

Health is in excess of the provision in the Revised Estimate for 1945-46 about Rs. 28,000/- This is due to the following additional provisions.

1.	Cost of Medicines	... Rs.	7000
2.	Provision under Malaria	...	3000
3.	Provision for Tuberculosis Relief	...	5000
4.	Additional Establishment for compost manufacture		11000
5.	Maternity and Childwelfare	...	2000
			28000

Under Remunerative Enterprises the provision made in the Revised Estimate for 1945-46 is in excess of the provision in the Budget Estimate for 1945-46 by Rs. 34000/- The difference is due to the following:—

1.	Market Establishment	... Rs.	6000
2.	Repairs to Market	...	6000
3.	Slaughter House Establishment	...	1000
4.	Park Establishment	....	1500
5.	Repairs to Parks	...	3000
6.	Town Planning Establishment	...	15000
7.	M. P. Hall Expenditure	...	1500
			34000

The provision in the Budget Estimate for 1946-47 falls short of the provision in the Revised Estimate for 1945-46 by Rs. 6000/- on account of lesser provision made under repairs to Markets and Parks and Town Planning Establishment.

These are the main variations in the provision under Receipts and Expenditure between the Budget Estimate for 1945-46 and the Revised Estimate for 1945-46 and between the Revised Estimate for 1945-46 and the Budget Estimate for 1946-47.

4. Under Ordinary works, the following provision has been made in the Budget Estimate for 1946-47 for the maintenance of roads and buildings.

1.	Other roads	... Rs.	130000
2.	Management-repairs to buildings.	...	1000
3.	Communication-choultries	...	1200
4.	Medical Relief	...	2000
5.	Preventive Medicine-repairs to ward offices	...	2000
6.	Preventive Medicine-repairs to burial ground	...	1000
7.	Markets	....	3000
8.	Slaughter Houses	...	1500
9.	Cart-stands		500

Besides the above provisions and apart from the usual contributions payable by the Municipal Council, a sum of Rs. 8100 has been provided for the following.

1.	Additional contribution for milk supply being 25% of the provision for priority consumers	... Rs.	3000
2.	Contribution for Tuberculosis-Relief	...	5000
3.	Contribution for Dr. Ambedkar's Home	....	100
			8100

No provision has been made in the Budget Estimate for 1946-47 for any additional new establishment except for the quinquennial revision Staff.

The receipts under the above capital account are made up of loans from Government and contributions from General account for certain capital works.

Credit has been taken in the Revised Estimate for 1945-46 for a sum of Rs. 50,000/- which is the balance of the loan of Re. 1 lakh taken for road improvement. Besides this a contribution of Rs. 32,700/- is made from General account for essential items of capital expenditure. A sum of Rs. 1.50 lakhs has been promised by Government as loan for next year for the construction of Septic tank latrines and urinals and for the remodelling of Gandhi Market. Besides this loan amount a sum of Rs. 55000 is proposed to be paid as contribution from General account ordinary for essential capital items.

The following statement shows the items and capital expenditure for which provision has been made.

It can be mentioned here that the receipts by the levy of ¼% tax per half year amount to only about Rs. 12,000/- whereas the expenditure runs upto Rs. 70,600

The rate of taxation may suitably be raised at least to cover a major portion of the expenditure and thereby reduce the burden thrown on the slender resources of the general account.

This account also is not a self-supporting one and has to draw only on the funds of the general account to balance the figures. On account of the increased dearness allowance paid at enhanced rate, a sum of Rs. 2000/- and Rs. 20,000/- has been taken credit in the Revised Estimate for 1945-46 and Budget Estimate for 1946-47 respectively in addition to the usual contribution of Rs. 48,500/- out of General Account. Provision has been made for 3 additional secondary grade mistresses as recommended by the educational authorities.

A sum of Rs. 5000/- is provided under Capital account for the construction of a school in Beemanagar and a sum of Rs. 1000/- is provided under ordinary for repairs to schools.

This is the only account which has a surplus closing balance. Only from this account sums were periodicaly drawn as loan to the general account and repaid in easy instalments. There is still a balance of Rs. 1,24,000 to be repaid.

After meeting all obligatory expenditure, a sum of Rs. 78,500 has been provided in the revised estimate for 1945–46 under maintenance for rectifying the defects in the existing pipe line from old well No. 1 and screen well. A sum of Rs. 20000 has been provided in the Budget Estimate for 1946-47 for repairs to drains and drain culverts.

The following shows the amounts provided under capital for several items of capital expenditure,

		Revised Estimate.	Budget Estimate.
1.	Sinking additional wells 4, 5 & 6 and further sinking of new well No. 3	4000	...

9. FINANCIAL POSITION:

The general account closes with a deficit balance of Rs. 34,143 in 1946—47. The chief reasons for this deficit balance are (1) Payment of dearness allowance at enhanced rates which amounts to Rs. 2,09,500 in the general account, (2) the high cost of commodities and (3) the necessary and urgent provision made for capital expenditure out of ordinary revenue.

To wipe off this deficit and to have a 5% minimum closing balance of Rs. 42,500 required under the rules, a sum of Rs. 76,643 would be necessary. The Government have ordered in Memorandum No. 118/1/Budget L. A., dated 5–1–1946 that no credit need be taken in the Revised Estimate for 1945—46 or in the Budget Estimate for 1946—47 under "Duty on transfers of property" as the income cannot be estimated at present. I have ascertained unofficially the amount for two months– November and December 1945 and even a conservative estimate based on the two months figure would give an income of Rs. 40,000 per year. This receipt can be normally expected during 1946—47. Even after taking credit for that figure there would still be a deficit of Rs. 36,600, approximately. Additional revenue through existing sources or new items should be tapped to make good this deficit.

10. The following items by which the revenue could be increased are (1) increase of slaughter house fees by increase of rates (2) levy of fees at maximum rates for the vehicles and animal and cart tax (3) Enhancement of fees for hay carts etc., from 4 annas to 8 annas under Market Departmental collection (4) increasing the rate of taxation for scavenging tax to 2% per half year (5) increasing the rate of taxation for lighting tax to ½% per half year. The probable additional income that would be realised under the above items, is given below.

1. Rs. 20,000 (Salughter house fees)
2. Rs. 13,000 Vehicle and animal cart tax)
3. Rs. 5,000 (Market Departmental collection)
4. Rs. 54,500 (Scavening Tax)

5. Rs. 13,650 (Lighting Tax)

Items 1 and 3 can be adopted as a general source of increase of revenue under non-tax items, items 2, 4 and 5 can be adopted with advantage in this Municipality. Under No. 2, the maximum rates are not levied for all items. The maximum may be levied in all cases. Under No. 4 the expenditure has increased by leaps and bounds and unless the rate is increased by another 1% per half year, the scavenging tax account will not be self-supporting. The defecit under this account is over Rs. 50,000/- (Receipts Rs. 48,150 and Expenditure Rs. 99,500) Under No. 5 the tax receipts by the levy of 1/2% lighting tax per year is Rs. 13,650/- It can be increased at least by another ½% so that by levy of 1% per year, a revenue of Rs. 27,000/- may be realised. Even this amount is not sufficient to make the lighting account-self-supporting still it would reduce the contribution payable from general account ordinary by Rs. 13,500.

It is therefore suggested to the Council to sanction the proposals set forth above in toto, so that the general account of this Municipality may work without deficit. Otherwise the Council may in addition to sanctioning the increase suggested in items 1 to 3 take into consideration the increase of the rate of taxation of either the scavenging tax or lighting tax preferably the former so that the deficit balance under general account may be wiped out and a 5% minimum closing balance of Rs. 42,500/- maintained as required under the rules.

The expenditure under Public Health works out to 68./, The amount to be ear-marked for expenditure on Public Health including Water Supply and Drainage according to G. O. No. 3087 E & Ph., dated 29—8—1939 is only Rs. 3,09,444/- but a sum of Rs. 7,10,445 has been provided in the Budget. Even excluding the provision under water supply and Drainage Account, the amount provided under Public Health comes to Rs. 5,03,885 which works out to 48.8%. The dearness allowance under Public Health excluding water supply and drainage comes te Rs. 1,45,332 which accounts for about 13.5% of the expenditure.

* * * * *

8(ii) Elementary Education Account: The provision made in the R.E. for 1945-46 may be reduced from Rs.50,500/- to Rs.48,500/- the contribution approved in the council's elementary education budget for 1945-6 and that in the B.E. for 1946-47 from Rs.68,500/- to Rs.48,500/- the amount approved for 1942-43. With these reduced contributions, the elementary education account is expected to close with a deficit of Rs.5,610/- at the end of 1945-6 and of Rs.21980/- at the end of 1946-7. The General account cannot afford to contribute to the elementary education fund more than the standard contribution of Rs.48,500/- A x portion of the deficit of Rs.5610/- expected in the E.E.Acct. at the end of the current year can be met from the balance of the Arrear toll compensation that may be left after wiping off the deficit in the General Account-Ordinary. As regards the deficit anticipated at the end of 1946-47 it may be wiped off from the arrear toll compensation likely to be sanctioned to the council in that year.

1944-45 (Actuals) Rs.48,500
1945-46 (B.E.) 48,500
1945-46 (R.E. 50,500/-
1946-47 (B.E.) 68,500/-

17(a) Closing balance under the General account-Ordinary: (a) R.E. for 1945-46: The R.E. for 1945-46 as framed by the council closes with a deficit of Rs.9693/- under the General account-Ordy. If it is revised with reference to paras 2,3,5 and 8 above, and if the arrear toll compensation of Rs.54,170/- taken credit for by the council is left out of account, the deficit will be increased to Rs.49,826/- against the prescribed minimum balance of Rs.47,120/- The council out of the arrear toll compensation of Rs.54,173/- sanctioned to the council in the current year the council may be permitted to draw Rs.49826/- towards the deficit in the General account The balance of Rs.4947 in the arrear toll compensation may be required to meet the anticipated deficit in the Elementary Education account at the end of 1945-46.

(b) B.E. 1946-47: The B.E. for 1946-47 as revised with reference to the foregoing paras, closes with a deficit of Rs.11818/- under the General Account-Ordinary without taking credit for the arrear toll compensation of Rs.54173/- likely to be sanctioned to the council in the nextyear. The commissioner has reported that whi passing the budget, the council has resolved to increase the receipt

under the heads mentioned at "M" on p.4 c.f. by Rs.34,070/- and also to increase the expenditure under the items "Specified at "X" on pp.4 and 5 c.f. by Rs.5,550/- (apparently Rs.31,00 under Ordy. and Rs.2450/- under capital) The above deficit has been arrived at without taking into account the additional income and expenditure referred to above. If these two amounts are taken into account the B.E. for 1946-47 will close with a balance of Rs. 16702/- against the prescribed minimum balance of Rs.52660/- Out of the arrear toll compensation of Rs.54173/- likely to be sanctioned in 1946-47 about Rs.17633/- may be required by the council to meet the deficit in the E.E.Acct at the end of 1946-7 Out of the balance of Rs.36,540/- in the arrear toll compensation the council may be permitted to draw Rs.35,958/- in order to make good the deficiency in the prescribed minimum closing balance. In these circumstances the Council's request for a grant to wipe off the deficit in the General Account may be negatived.

Sir,

Elementary Education Funds - Municipal Councils payment of dearness allowance - deficit reported.

Ref:-Memorandum No.26899/C.1.46 1 Edn., dated 23-9-1946

In passing orders on the Budget Estimate for 1946-47 on the Elementary Education funds in G.O.No.597 Edn.,(Ms) dated 15-3-1946 the Government anticipated a deficit of Rs.19739/- at the end of the year, and in order to wipe off this deficit they ordered that an equal sum should be adjusted fromthe arrear toll compensation that would be sanctioned to the Council in 1946-47 But in according to the audited annual accounts for 1945-46

4

the actual closing balance in the Elementary Education Fund at the end of that year is Rs.4268/- Therefore the anticipated deficit in the Budget Estimate for 1946-47 works out to Rs.15471/-

2. A statement of accounts showing the receipts and expenditure for ten months from 1-4-1946 to 31-1-1947. is enclosed. According to this statement, a deficit of Rs.1981 is anticipated on 1-2-1947. It may notbe possible to make good this deficit from the General Account as the General Account itself is not likely to work at a surplus. An additional budden of paying the arrear dearness allowance to the staff for which no provision has been made in the budget for 1946-47 has fallen upon this fund. I therefore request that the question of paying the subsidy to this Council may be considered favourably.

Commissioner.

The Commissioner,
Trichy Municipality, Trichinopoly.

Sir,

We the under-signed teachers of this Municipality most humbly beg to bring to your kind notice the following for your sympathetic consideration and favourable orders.

The arrears of dearness allowance for the period of six months from July to December 1944 recently paid to all the Municipal and Local Board employees including the teachers and the menial servants in the whole of our presidency, has not yet been paid to us, the teachers alone though the employees of all other sections of this Municipality having been paid as early as the Deepavali festival.

It appears that this has been referred to the Government for special sanction by the Commissioner of this Municipality.

We therefore most humbly beg that the Government may be pleased to sanction this at an early date in view of the hardships such as high cost of living indebtedness and poverty that the teachers are undergoing in these days of which the Government also are well aware and the Municipality may kindly
