R.O.C No. 925-G/45.

Station Madras, Dated the 14th March 19 46.

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

Ref: Government Memorandum No. 1157-B.1/46-1 Edn.,  
dated 26--2--46.

I have the honour to submit herewith recommendations  
for the payment of subsidy on behalf of the Hindi teachers  
for teaching Hindi in Forms I - III in the undermentioned  
schools in the current year.

1. Board High School, Ayyampet: Government are being  
addressed separately.

2. Municipal High School, Chicacole:- The pandit is  
reported to possess the necessary Hindi qualifications  
to teach the subject. He does not hold the Training  
Diploma as required in G.O. No. 1303 Education dated  
9-6-39. As it is reported that at the time of his appoint-  
ment (i.e. 20-7-45) persons with the training qualifications  
were not available and the qualification itself is only

an additional...

an additional but not essential qualification, the payment of subsidy of Rs.180/- is recommended. The School satisfies the other conditions.

3. Municipal High School, Karur:- The Divisional Inspector reports that the Pandit is an exempted pandit from 28/6/45. As the school is otherwise eligible for a subsidy with reference to G.O. No. 1644 Education dated 28/8/40 the payment of a subsidy of Rs.122/- (for the period 28/6/45 to 28/2/46) is recommended. (H/5-6)

4. Board High School, Vriddachalam - This school satisfies all the conditions and is eligible for the subsidy. The payment of a subsidy of Rs.180/- is therefore recommended.

5. Recommendation on behalf of the Hindi teacher in Board High School, Musiri, will be submitted later as certain particulars are still due from the management.

6. The expenditure of Rs.482/- can be met out of the existing appropriation in the current year under "37.h. Education - Secondary - Grants to Local Bodies for Secondary Education - A. Ordinary Areas - h (A)1. Teaching Authorised" in the Budget Estimate for 1945-46.

I have the honour to be,  
Sir,  
Your most obedient servant,

For Director of Public Instruction.

RE.15/3.

Sub:- Subsidy - Local bodies - Employment of Hindustani teachers in secondary schools for forms I to III - 1945-46 - Distribution to certain local bodies - ordered.

Read again:- G.O. No. 140 Edn. d. 21-1-46.  
From the D.P.I., R.O.C. No. 923-G/45 d. 16/3/46.

Order no. 608 Edn. d. 17.3.46

The Govt. approve the proposals subd. by the D.P.I. for the distribution in 1945-46 of subsidies to the local bodies mentioned in the annexure towards the cost of employment of Hindustani teachers in the secondary schools under their control. The amount payable to each local body is shown in the annexure.

2. The A.G. is requested to place the amount at the disposal of the local bodies at an early date. The local bodies concerned are requested to ~~submit the bills at the~~ present the bills at the

3. The expenditure will be met from the appropriation under "37.h. Education - Secondary - Grants to local bodies for secondary education - A. Ordinary areas - I. Teaching - Authorised."

but they also consider that the opening of new courses and in some cases the replacement of old courses by new courses may help to do away with the overlapping provision particularly of arts courses now in existence in this Province. There is a marked similarity of courses in almost all the colleges throughout the Province and the opening of new Universities such as the Andhra University and the Annamalai University have not to any considerable extent, except in applied technology, provided for new courses of instruction. Other Universities in the Empire, even the older Universities, have developed courses designed to suit the social, industrial and technical needs not only of the areas which they serve but of the country in general and they have made a wide provision for social, commercial, technical and technological branches of study. Government feel that the needs of this Province should gradually be more adequately met by the provision of such courses within the Province itself. Increasing need is being felt for industrial and technological experts, marine engineers, sanitary engineers, civic engineers, aviation engineers, architects and for trained experts in civic management for such posts as Municipal Commissioners and District Board officers. Diploma courses in social organization and public service, secretarial subjects, public health training, journalism and domestic science and also higher courses in the fine arts appear to Government to be suitable subjects for the consideration of the Universities and Government generally consider that insufficient attention has hitherto been paid to the possibility of the introduction of a larger number of new courses, accompanied possibly with the suppression of a number of arts courses which now represent overlapping of effort and which do not enable the students taking them to find suitable channels of employment. In this connexion Government are reviewing the position of the colleges in this Province directly managed by Government. Owing to the coming into existence of a large number of new colleges the costly continuance by Government of these colleges has become of doubtful value and Government have several times in the past considered the
