Sir,

Ref: Your letter No.43480-C/45 Edn. dated 12th November 1945.

I have the honour to state that the University has already begun the construction of the Hostel blocks for the College of Technology and propose to raise the main buildings for the College next year. The anticipated expenditure on these buildings is about Rs.5 lakhs. Further books, apparatus and equipment have been ordered for the College from America to the value of Rs.2 lakhs. I have accordingly to request you that the entire balance of the non-recurring grant, namely, Rs.4.5 lakhs may be made available to the University next year.

Your obedient servant,

REGISTRAR.

Sir,

In reply to your letter No, 43480-C/45-Edn. dated 12-11-1945, I submit that the University hopes to be able to spend Rs.2.67 lakhs on the Engineering College buildings and equipment before the end of this financial year. Towards this expenditure, payment of a sum of Rs.1 lakh has been ordered in G.O.Ms.No.364 Edn. dated 10-3-1945. As the University has been permitted to spend out of the non-recurring Government grant of Rs.10 lakhs before it draws on Dr. Alagappa Chettiar's donation as per letter of the 2nd March, 1945 from the Private Secretary to His Excellency the Governor of Madras, to the Founder of this University, the University will avail itself of the provision for the payment of the grant of 1.55 lakhs provided in the current year's budget.

✓ In the year 1946-47, the University has budgetted to spend Rs.4.91 lakhs on Engineering laboratories, lecture halls, staff quarters and hostels, and Rs.1.09 lakhs on equipment, -- i.e. a sum of Rs.6 lakhs on buildings and equipment.

The Sir Arthur Hope Laboratories, the subject of G.O.Ms.No.967 Edn.d. 28-6-1945, have risen up to a height of 15 feet. The work is for the present held up for want of girders and other iron materials. A supply is expected almost immediately. As all other materials are ready, the work will be completed before the end of March, 1946. I submit the University hopes to earn payment of the grant of Rs.2.25 lakhs within the year.

The Sir Kurma Tamil Research Institute and the Drainage Scheme were also sanctioned originally at the same time as the Sir Arthur Hope Science Laboratories. Because of the non-availability of materials, the work was not begun. The University is now ready to start work on these two schemes. A sum of Rs.50,000 for each of these schemes has been estimated to be spent within the year 1946-47.

Budget Estimate - 1946-47 - 37.a.Education-Grants to Universities.

The Registrars, Madras and Annamalai Universities, have replied to the letters on page 1-2 c.f. The requests in the replies are examined below:

Madras University: (Non-Recurring grant).

p3cf

The Registrar requests that the balance of the non-recurring grant, namely, Rs.4.5 lakhs, promised for the College of Technology may be made available next year. The grant of Rs.7/- lakhs is intended to cover half the non-recurring cost of the college. Tho' there was no stipulation that the grant would be based on what the Universities spent from year to year; the idea was that the grant should be spread over for a period of few years. The Govt. have already sanctioned the payment of a grant of Rs.2.5 lakhs to the University. The Registrar says that the Unvy. expects to incur an expdre. of Rs. 5 lakhs on bldgs. and Rs.2 lakhs on equipment, that is Rs.7 lakhs/in all. It is not clear whether this amount is in addition to what the Unvy. has already spent on the scheme in the current year or inclusive of that amount. As the grant must have some relation to the actual expenditure, it will seem sufficient if provision is made for Rs.3.5 lakhs ~~in the~~ in the next year's budget, assuming that the University expects to spend Rs 7 lakhs ~~lakhs~~ on the scheme in 1946-47. This department had ~~suggested~~ that ~~the~~ a provision of Rs.2 lakhs ~~may~~ might be entered in the budget. Finance may be requested to increase ~~to~~ the amount Rs.3.5 lakhs.

(a) COLLEGE OF ENGINEERING: The Registrar says that the University hopes to spend Rs.2.67 lakhs before the end of this year. Towards this expenditure the Government have already sancd. payment of Rs.1 lakhs. In the circumstances stated by the Regr., the provision of Rs.1.55 lakhs in the current year's budget may be retained.

As regards 1946-47, the Registrar says that the Univy. has budgetted to spend Rs.6 lakhs. It is very

The Regr. says that the University is now ready to start work on the scheme and that a sum of Rs. 50,000 has been estimated to be spent within1946-47. Apparently the request is that a sum of Rs.50,000 may be provided in next year's budget for this work This Deptt., may suggest that a provision of Rs. 50,000 may be provided for this work in the budget for 1946-47.

The Regr., says that the University is now ready to take up the work and that a sum of Rs.50,000 has been estimated to be spent within 1946-47. Apparently his request here also is that a sum of Rs. 50,000 may be provided in the next year's budget for this work. p.2 of [illegible] (L.F.)

(for B.E.46-7)

A provision of Rs. 2 lakhs has been fixed tentatively pending a reply from the Registrar, Madras University, for non-recurring grants towards the opening of Technological courses. The Registrar has now requested that the balance of Rs.4.5 lakhs may be made available next year towards the cost of buildings, books and equipment proposed to be spent in 1946-7. E & P.H. recommend that assuming that the University will not spend Rs.7 lakhs in full in 1946-7, the provision of Rs. 2 lakhs provisionally entered in the B.E.1946-7 may be raised to Rs.3.5 lakhs.

p3cf

A & B on p.p. 1 & 3 above

In G.O.No. 666, Edn., dated 29-4-44, the Government have agreed to make a non-recurring grant of Rs. 7 lakhs towards the cost of the buildings and equipment required for the Department of Technology. E & P.H. have noted that ~~Apparently~~ this is intended to cover half the non-recurring cost of the proposed College of Technology and ~~that~~ then it is to be spread over a period of few years. E & P.H. Secretary has previously noted that the amount proposed should have some definite correlation to what is proposed to be, and can be, carried out. The grant should accordingly be based on what the University has spent and proposes to spend from year to year. Already a grant of Rs.2.50 lakhs has been sanctioned till now. The Registrar has stated that the University has Ⓧ already begun the construction of the Hostel buildings and propose to raise the main buildings for the College next year and that the anticipated expenditure on these buildings

is about Rs. 5 lakhs. He has also stated that books, apparatus and equipment to the value of Rs.2 lakhs have been ordered from America. On the whole, it appears that an expenditure of Rs. 7 lakhs is anticipated to be incurred during 1945-6 and 1946-7. Half this cost will be Rs. 3.50 lakhs. As Rs.2.50 lakhs has already been sanctioned, ~~in the current year~~ it would appear that only Rs. 1 lakh will have to be provided for in the B.E. 1946-7, as against Rs. 2 lakhs already provided tentatively under this head. If, as proposed by E & PpH. a provision of Rs.3.50 lakhs is to be made in the B.E.1946-7, the total expenditure that should be expected to be incurred during 1945-6 and 1946-7 would be Rs. 12.00 lakhs. This is not clear. E & P.H. may be requested to consult the Registrar, if necessary, and make the position clear.

2. Annamalai University --

The following estimates were fixed provisionally for 'non-recurring grants for the Annamalai University', as recommended by the E & P.H. Department:-

p. 6 of Budget notes (L.F. below)

R.E. 1945-6. ... ... Rs. 1,55,000
B.E. 1946-7. ... ... Rs. 2,00,000

With reference to the demand now made by the Registrar, Annamalai University, the E & P.H. Department propose the following estimates:-

para 2 on pp. 1-2 above

	R.E.1945-6. Rs.Lakhs.	B.E.1946-7. Rs.Lakhs.
College of Engineering. ..	1.55 A on p.2 above	3.00 B on p.2 above
Extension to Science buildings. ..	2.25 C p.2 above	..
Tamil Research Institute. ..	..	.50 D on p.2 above
Drainage scheme. ...	..	.50 E on p.2 above
Total.	3.80	4.00

The above estimates may be accepted. Action has been taken separately to revise the estimates in the Budget notes file linked file.

The case may be sent to E & P.H. with reference to para 1 above.

It would appear from the letter on p.3 C.F. that Madras University expects to spend Rs 7 lakhs in 1945-6 and 1946-7 and claims in addition to Rs 2.50 lakhs already paid to it ~~[illegible]~~ Rs 4.50 lakhs in 1946-7 (i.e) the University does not ~~[illegible]~~ contemplate spending Rs 14 lakhs and claim a grant of Rs 7 lakhs equal to half the expenditure incurred by it. The position

D Non p.1 above

(18)

will have to be made clear to the University that only half the actual cost incurred by the University will be paid to it as a grant. It seems doubtful whether the University will be able to spend as much as Rs 12 lakhs by the end of 1946-7 to claim a grant of Rs 3.50 lakhs as intimated by E.P.H. Pending clarification of the position Rs 2.00 lakhs already provided for in the B.E 1946-7 may be allowed to stand.

KRV
17.12.45

As the Madras University was not told when the grant was promised that it would be disbursed in instalments equal to half the actual expr. in each year, we shall apparently have to disburse it with refce. to certificates of total expre.; i.e. if the University certifies towards the end of 1946-7 that it has spent Rs.7 lakhs towards the purpose in question, we shall have to disburse the balance of Rs. 4½ lakhs to bring the total grant paid up to Rs.7 lakhs. As the Univy. states that it anticipates a total expre. of Rs.7 lakhs by the end of 1946-7, it seems necess? to provide Rs 4½ lakhs in the budget. E.P.H. may please arrange to get a revised forecast from the Univy. by a suitable date next year, so that part of the provision may be surrendered if not likely to be required, & also to get the certificate of total amount spent for the purpose by a suitable date so that the grant due may be disbursed within the year 1946-7.

by the Govt. in G.O. 1892 Edn. dated 20-12-44. Already, an instalment of Rs.1 lakh has been drawn by the University in 1944-5 under the sanction in G.O.364 Edn. dated 10-3-45.

of para 2 of (R) and also Secy's note on p.5 above relating to Madras University

Under the terms of sanction in G.O.1892 Edn. dated 20-12-44 as modified by G.O. 252 Edn. dated 20-2-45, it would appear that the grant to be disbursed should depend on the ~~total~~ progress of expenditure ~~incurred upto the date of application~~, the exception to this being that the first instalment of Rs.1 lakh could be drawn as soon as the University was ready to begin the construction of the buildings. This first instalment has already been drawn by the University. Though in the first letter on page 5 C.F., the University hoped to be able to spend a total sum of Rs.2.67 lakhs on buildings and equipment ~~upto~~ by the end of the current year, it does not appear certain from the latest letter dated 2-3-46 on page 8 C.F. ~~fixx~~ that it would be able to ~~actually~~ incur expenditure of Rs.2 lakhs by the end of March 1946, ~~in which case alone it can draw Rs.1 lakh from~~ in ~~the current year.~~ It is reported that ~~xxxxxx~~ a total sum of Rs.94,334 has been spent upto end of February 1946 and that it stands in addition committed to an expenditure of Rs.34,000 being the cost of testing machines and accessories for which an order has been placed by cable in England. Finance may perhaps suggest that a grant of Rs.50,000 alone need be sanctioned in the current year as the total expenditure which will be incurred on the work upto the end ~~x~~ of the current year ~~will not~~ is not likely to exceed Rs.1,50,000 (out of which Rs.1 lakh has already been sanctioned by the Government).

[G.O. 494 Edn dt 6.3.46] (c)

C. No. 15076. From the Registrar Annamalai University No 9587 dt 15.3.46 — p10 cf

The Registrar Annamalai University reports that an expenditure of Rs 76,745-12-0 has so far been incurred — p11 cf on the construction of Sir Arthur Hope Laboratories, that the Executive Engineer, PWD. South West has been asked to inspect the works & issue the required certificate and that the application for the disbursement of the grant will be submitted as soon as the certificate is received.

2. According to the instructions issued in Fin. Memo no 8766 A Exp-A-1 dt 14.2.46, a grant can be disbursed to the University towards the expenditure only as a special case with the consent of the Finance Dept. — Out of the provision of Rs 1.55 lakhs made — Vide para 2 on p ante — in the Estimates of Expenditure for payment of grants to the University for the College of Engineering, a sum of Rs 1 lakh only has been disbursed in G.O. No 494 Edn dt 6.3.46. (c) Addl provision has been made in the RE for 1945-6 for payment of grants to Science buildings. — p11 ante — (is disbursed as a special case) Unless a grant equal to the expenditure incurred the grants provided for will lapse. The Govt may therefore consider the question of making a grant as a special case if the application together with the certificate

of the Executive Engineer is submitted so as to reach ~~by~~ Govt by the 23rd inst. so as to enable orders in regard to the disbursement of grant being issued before the 25th inst.
