R.O.C. No 373/45-46

To,
The Director of Public Instruction,
Madras.

Sir,
Sub:Extension of St.Ann's Convent Girls'Schools, Cuddalore.N.T.-Permission for purchase of land and house-Prayed for -

We earnestly submit herewith a copy of your recent Visit remarks to our school and the following few lines for your honours kind consideration and favourable sanction.

2.The group of Institutions under our management,the St.Ann's Girls'High School,Sacred Heart's Secondary Training School ~~xxx~~ R.C.Higher Elementary School,and St.Antony'S Primary School,cud Cuddalore.N.T.is doing yeomen service in the cause of female education in this historic locality.This fact can well be judged from the strength of girls studying in our schools ever since the date of its inception as furnished separately-

3.The Management and the Staff promise to contribute much to the success of the Institution,and as such,it will undoubtedly shine in the build up of a permanent Institution on right lines,working for the cause and betterment of the female education,now very low at its comparison with the extension of my St. Ann's Convent Schools,Cuddalore.N.T.catering to the educational needs of this locality ,along with the working up of the other three schools already mentioned being thrown open to the general Public without distinction of caste,creed or colour and forming the backbone of female education in the whole of South Arcot District, under one and the same management,a body of selfless workers,~~st~~ strenuously striving to uplift and promote the cause of female education,adhering to the motto"Labor Omnia Vincit"which leads to "Work is worship".

4.Consequent on the rapid growth and the efficient working of the Institutions we find it extremely difficult to accommodate all the classes.Therefore we propose to purchase the adjoining site next on the western side of our school at a cost of Rs.20,000/- Necessary rough sketch showing the location of our present school building and the site proposed for purchase is enclosed. For this benevolent cause we pray the benign Government and the Director of Public Instruction to view our application favourably and to promise a half grant of at least Rs.10,000/-for purchasing the land in question,without which the efficienty and the onward trend of the ~~Grant-in-aid-code in this respect.~~ instituitions will be greatly hampered. We are prepared to abide by all the conditions of the Grant-in-aid-code in this respect.

5.In this connection it may not be out of place to place before you a copy of Her Excellency's recent Visit remarks to our Institutions.

6. Immediately on receipt of your kind ~~Institutions~~ instructions,we shall submit necessary applications with plans ect,in the prescribed forms through the proper channel.

7. Since the prices of the land is rapidly increasing day by day we specially pray your honour to extend your kind and helping hand to this charitable Institution,at your earliest convenience so that we may not lose this precious opportunity of getting suitable and convenient site adjoining our school.

8.For this act of charity and kindness and timely help rendered by the benign Government and the Director of Public Instruction in the case of female education which is fore most in the minds of all,and for which we work with out the least self interest.

9.Though several outsiders are pressing the land lord,he has given word that he will give the land only to the Mission which is doing unbounded good work in the case of female education.

10.Lastly we assure you sir,that we will strive hard and maintain the continued high level of efficiency in all our Institutions which are now struggling for want of accommodation.

11.Under the above circumstances we pray for your early sanction and promise of half Grant for the purchase of the land~~ref~~ referred to supra.

I have the honour to be,
respected sir,
your most obedient servant,
Arul Mary
Correspondent,

Sir,

Sub:- Grant building-St.Ann's Girls'High School, Cuddalore-Purchase of site and building-Proposal-Reconsideration of requested.

p.136

Ref:-R.C.No.972 D/45 dated 29th October 1945.

I have the honour to submit, that the structural alterations to make the buildings, proposed to be purchased along with the site, suitable for school purposes, would be fully carried out at the Management's cost, considering the over-crowded accommodation of the High School classes in its present building.

Futher, I beg to bring to your kind notice, that the occupation of the proposed site is of valuable importance to the school purpose in particular, in as much as there is no scope and possibility of extension on its surroundings viz in the eastern and northern sides the Municipal road and the Municipal High school are situated respectively, and private ~~xxxx~~ series of houses occupy the whole of southern side. Only on the western direction, there is the present possibility of extension, in occupying the site and the building, which would greatly improve the importance of the High school in all the ways possible. The building under reference is gifted with a sufficient vacant site, nearly an acre of land, which will well serve and suit the purpose of play ground, which the high school is at present short of and at later stages, can be well utilized for accommodating additional sections if opened in future, taking into consideration the educational point of view, which should receive every sort of encouragement and support at the hands of Government. Above all, the building in question is located in the foremost main road in the whole of Cuddalore and the shifting of some of the high school classes would add much to the popularization of the school in gaining more strength, which should be highly appreciated.

878

As such, the rare opportunity and privilege now offered do not deem to be ignored considering the aspects of the school history.

Moreover, it is worthy of mention, that the high school has not enjoyed any building grant till now since its inception and which is in dire need of encouragement and support at the hands of Government in further ing the prosperity and well being of the school, which is thrown open to the public to serve, train and inspire the younger generations without distinction of caste, creed or colour and which is daily striving hard to further the cause and upliftment of the female education.

In these circumstences, I pray that the Directer would be highly pleased to reconsider the question of the purchase of the building as well as the site and kindly sanction grant for the same, considering the nearness to its present building and the future usefulness it would serve in the ~~xxx~~ accommodation of some of the high school classes, which are conducted elsewhere and thus relieve the inconveneences and difficulties caused thereby.

I have the honour to be,

I, Sri. Ramabadrachariar, Retired District Board Engineer, hereby certify that the expenses for the structural alterations in the proposed building to be purchased towards the extension of the ST. ANN'S GIRLS' HIGH SCHOOL, CUDDALORE, to make it suitable for school purposes would not in any way exceed ₨ 1000/- (One thousand) only, after careful survey and scrutiny of the building in question. This expense could be met by the management.

Further, I recommend that the vacant site attached to the building is a very spacious one, which can be well suited for conducting physical activities.

The Correspondent, St. Ann's Girls' School, Cuddalore was informed that as the building proposed was not suitable and as structural alterations to make it suitable would be too costly, the proposal to purchase the site with an unsuitable building thereon at a high cost could not be entertained. The Correspondent has since submitted an application for reconsideration (copy submitted to Government direct by the Correspondent) and reports that the management will carry out necessary alterations at its own cost to make the building suitable for school purpose.

The existing building comprises of 23 rooms. Of these 5 form part of the teacher's quarters and two are the dormitories of the Boarding Home. They are used as class rooms

for want of accommodation . The play area now available for the school is 0.8 acres. The school therefore needs additional accommodation urgently.

The natural position of the site on the whole is satisfactory and is on the main road. The only building adjoining the site is the school building of St Ann's Girls' High School and the acquisition of the proposed site will give scope for further expansion.

The cost of the site and the building is reported to be Rs. 20,000/-. The Correspondent requests that a half grant of Rs.10,000/- may be sanctioned towards the above purchase. I recommend that Government may be pleased to approve the proposal and provide a sum of Rs.10,000/- in part II of the Budget Estimate for 1946-47 tentatively. After the valuation of the Revenue Department is obtained the grant payable will be restricted to one half of the valuation or one half of the actual cost of the purchase whichever is less.

The scheme will be placed on the list on receipt of orders of Government.

Sir,

May I take the liberty of writing the following few lines for your favourable consideration.

When you were at Cuddalore, you were kind enough to hear my representation regarding the formation of a site at the back of the St. Anns Girls High School and I was very much encouraged by your assurance that you will do your best to help me in the matter. I beg to reiterate my representation and request that you will be so good as to issue orders as early as possible, permitting me to purchase the site. On account of the proximity of the site to our school, I am anxious to purchase it as quickly as possible, because there are very many competitors who want to take advantage of the delay in the purchase and prevail upon the land lord to sell it to others. I need not say how important is the site to accommodate the rapid increase in the strength of the school. You were pleased to note how deserving is our institution to get the assistance from the Government. I may add that this is the first time that I am approaching the Goverment for a building grant ever since the inception of the School. ㉝ TVS 88

In the circumstances, I beg to report that you will kindly sanction the grant at an early date so that I may purchase the site without any disappointment. If the site is lost to the School, I am afraid that the institution will be deprived of its best opportunity to extend its activities and make itself more useful to the ever increasing strength in the students in our School.

Begging to be excused for the trouble and thanking you for your kindness.

The Director has recently included in the approved list the scheme for the construction of a hostel the total estimated cost of which is Rs. 2,63,200, ~~and~~ The provision suggested is in respect of a half grant for this work. As this is an institution for women, the restrictions in G.O. 1915-Education dated the 9th December 1941, will not apply and under Art. 53 and 53-A of the Grant-in-Aid Code, the Director is competent to place the scheme in the approved list and to recommend to Government the provision for payment of grant. It is stated that the scheme is likely to be completed and payment claimed in 1946-47. The provision may therefore be included. ✓

Part II. Scheme for 1946-7 **Finance (B.E.II)**

Please see the note of the E & P.H. Department above which sets out the schemesin full. All the proposals except one relate ~~to~~ either to the purchase of land for play grounds, or to the construction of buildings intended for girls and are not affected by the ban imposed in G.O.No.1915 Edn., dated 9-12-41 referred to at X on p.1 above. The scheme relating to the payment of a half-grant to the Manambuchavadi Branch of the St. Peter's High School, Tanjore, towards alterations to the building for the Manual Training Class is reported to be an old scheme, for which provision was included in the B.E. 1944-5 but for which no payment could be made as the work was not completed then. In the circumstances stated this scheme also may be allowed to be included in the Part II schemes for 1946-7. The funds allotted in previous years for these schemes are shown in para: 3 on p. 3 of notes to G.O. 602 Edn. dt. 18.4.45. The large increase in 1946-7 is due to the inclusion of a provision of Rs 1.31.600 towards the construction of a hostel for the St. Christophers Training College, Vepery. E & P.H. may be requested to prepare the necessary note. — Please see Y above. As may see.

Building grants to Arts Colleges and Secondary and Special Schools under private management are sanctioned and disbursed in accordance with the rules in the Grant-in-Aid Code. Under these rules, the Director of Public Instruction should maintain a list of schemes approved by him. The inclusion of a scheme in the list implies no sort of liability on Government for making a grant though managements will not be precluded from applying for a grant after the buildings are completed. The Director recommends for the consideration of Government every year such new schemes out of the list, as he considers deserving of grant in connection with Part II budget estimates.

2. Provision is made in Part I for schemes for which a portion of the grant has already been paid and in Part II for other new schemes.

3. The Director has proposed a ~~x~~ provision of Rs 24,100/- in Part I estimates for part-paid schemes. The following is a list of new schemes for which provision is

is suggested in Part II.

4. In December 1941 the Government issued an order saying that no building grants should be given to a new college for boys' school (elementary schools excepted) unless a special case was made out that a grant was essential to the institution. This restriction does not apply to institutions for girls or to orphanages or for the provision of playgrounds for all institutions. Scheme numbered 3 was placed in the approved list prior to the issue of the order referred to above. Provision was included for the scheme

scheme in the B.E. for 1944-45 but no payment could be made as the work was not completed then. It has since been completed. Provision has therefore been included for the scheme. No. 12 has been treated as an exception. The other schemes are outside the scope of the restrictions imposed in the above order. They are likely to be completed and grants claimed in 1946-47.

5. The total provision to be made under Part II in 1946-47 is Rs 2,00,700/- against Rs 1,10,900/- in 1945-46. The increase is mainly due to the provision of Rs 1,31,600 for scheme No.2.

6. This Department accordingly recommends that a provision of Rs 2,00,700 (including Rs 300 for grant towards the rent of a hostel building attached to the Pachaiyappa's College) may be made in the next year's budget.
