From Dr. B.B. Dey, D.Sc.(London)., F.R.I.C.,
Offg. Director of Public Instruction, Madras.

To The Secretary to Government,
Education and Public Health Department.

R.C. No.608 A/45 dated 21st Sept. 1945.

Sir,

Sub: Government College, Kumbakonam - Conversion of one of the posts of Assistant Lecturers in Chemistry into a Madras Educational Service post - sanction requested.

In connection with Part II of the Budget Estimate for 1946-47, I have the honour to submit for the favourable consideration of the Government the following proposal for the conversion of one of the posts of Assistant Lecturers in Chemistry into an M.E.S. post in the Government College, Kumbakonam in the circumstances explained below:-

42639

2. The staff of the Chemistry department of the college consists of two Assistant Lecturers in the S.E.S., the senior member being in charge of the department, two Demonstrators and one store-keeper. Consequent on the increase in the strength of the Science groups and the introduction of the B.Sc. Courses with Chemistry as a subsidiary subject, the work and responsibility of the Senior Assistant Lecturer in charge of the Chemistry department has much increased. The Principal of the college points out that the strength of the Chemistry department has increased to about the same strength as that of Physics Department. The present strength of the Chemistry department is 343, i.e., 73 in the B.A. classes and 270 in the intermediate while the corresponding strength in 1939-40 was 18 and 130 respectively.

3. I submit that the Physics department is under the supervision of a Lecturer in the M.E.S. and the head of the Mathematics department has also been placed in the M.E.S. Further, the work in the Chemistry department is reported to be as arduous and responsible as that of the Physics department. The Principal, therefore, considers that the status of the head of the Chemistry Department may be raised.

4. In this connection, I may state that prior to 1933 there was an M.E.S. post of Lecturer in Chemistry and in G.O.No.Ms.2422 Law (Edn.) dated 23-11-34 the Government on the recommendation contained in my letter R.C.No.314 A/32 dated 8-11-1932 directed that with effect from 28-11-34 the post of the Lecturer in Chemistry in the M.E.S. in the above college ~~xx~~ should be abolished and converted into a post in the S.E.S. as a measure of retrenchment. I submit that the present strength of the Chemistry department may be considered to justify the revival of the M.E.S. post. Further, the heads of Science departments in all first grade colleges are in the M.E.S.

5. In the circumstances stated above I request that the government may be pleased to convert one of the two S.E.S. posts in the Chemistry department of the college into an M.E.S. post from July 1946.

6. The financial effect of the proposal is indicated below:-

Extra cost in 1946-47.

Pay of one Lecturer in the M.E.S. in the scale of Rs.200-700	.. 200 x 8	1,600
Minus		
Pay of one Assistant Lecturer on Rs.100-200	.. 100 x 8	800

Net extra cost	..	800

Ultimate extra cost.

Average pay of one Lecturer in the M.E.S.
MINUS

Average pay of one Assistant Lecturer in the S.E.S.

Rs.422 2/9-148 8/9 x 12
= Rs.3,280 or
Rs.3,300 in round figures.

7. I am including the necessary provision under Part II of my Budget Estimate for 1946-47.

I have the honour to be,
S i r,
Your most obedient servant,

for Director of Public Instruction.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

PART II SCHEME FOR 1946-7.

[SUBJECT.—Government Arts College, Kumbakonam—Conversion of a post of Assistant Lecturer in Chemistry into a Lecturer's post.]

Summary.

Head of account.	Item of expenditure.	Ultimate cost, recurring.	Cost in 1946-7, recurring.
		RS.	RS.
37. b. Education—A. Government Arts Colleges—Men—1. Pay of officers—Authorized.	Employment of a Lecturer in Chemistry in the Madras Educational Service.	5,066	1,600
	Allowance—War Allowance.	888	400
		5,954	2,000
	Deduct—Cost of one Assistant Lecturer (Subordinate Service).	2,000	944
		3,855 or 3,900	1,056 or 1,100

The Director of Public Instruction has proposed that one of the two posts of Assistant Lecturers in the Madras Educational Subordinate Service (pay Rs. 100-10 2-20) in the Chemistry department of the Government Arts College, Kumbakonam, may be converted into a post of Lecturer in the Madras Educational Service (pay, Rs. 200-30/2-260-40/2-500-50/2-700) with effect from July 1946.

2. The sanctioned staff for the Chemistry department consists of two Assistant Lecturers in the Madras Educational Subordinate Service, the senior being in charge of the department, two demonstrators and one store-keeper. Prior to 1934, there was a post of Lecturer in Chemistry in the Madras Educational Service in the College; with effect from 28th November 1934 it was converted into an Assistant Lecturer's post in the Madras Educational Subordinate Service, as a measure of retrenchment. Consequent on the increase in the strength of the Science groups and the introduction of B.Sc. courses with Chemistry as a subsidiary subject, the strength of the department has increased from 148 in 1939-40 to 343 in 1945-46 and this has considerably increased the work and responsibility of the Senior Assistant Lecturer in charge of the Chemistry department. The Physics and Mathematics departments of the college are each under the supervision of a Lecturer in the Madras Educational Service and the heads of Science departments in all I Grade colleges are in the Madras Educational Service.

This Department recommends the Director of Public Instruction's proposal to convert the post of Assistant Lecturer in Chemistry into a post of Lecturer with effect from July 1946 and the making of necessary provision in the annual estimate of expenditure for 1946-7.

Note 7
 Part II scheme - 1946-47
 Establishment Govt. College, Kumbakonam
 Lecturer in Chemistry, conversion of post into a Lect.
 From the D.P. No 608 of 21.9.45
 In connection with Part II of the Budget for 1946
 The D.P. has submitted a proposal for the conversion of
 two posts of Assistant Lecturers in Chemistry in the Govt. College
 Kumbakonam into a Lecturer's post. The proposal is
 an extra expenditure of Rs. 3280 per annum.
 2. Prior to 1933 there was a ^{post of} Lecturer in Chemistry in
 this college and it was converted into an Asst. Lecturer
 as a measure of retrenchment. The strength in the Chemistry
 Dept. of the college has increased from 168 in 1939-40 to 343
 in 1945-6. It is reported that the heads of Science departments
 in all first grade colleges are in the M.E.S. while the heads
 of the Physics and Mathematics departments in the Kumbakonam
 College itself are in the M.E.S. In these circumstances
 the D.P. proposal to place the Chemistry department of
 this college in the M.E.S. by converting one of the posts
 of Asst. Lecturers in that dept. into an M.E.S. post may be
 accepted. It is for consideration whether the proposal
