R.C. No.921 A/45 dated 28th Septr. 1945.

Sir,

Sub: Lady Willingdon Training college, Madras -
Employment of a Lecturer in the Madras
Educational Service and 2 Asst. Lecturers
in the subordinate Educational Service -
Collegiate Branch.

I have the honour to request that the Government may be
pleased to sanction the following proposals of the Principal, Lady
Willingdon Training College, Madras, with effect from the academic
year 1946-47:-

1. Conversion of the post of Asst. Lecturer in Physical
Science into Lecturer's post in the Madras Educa-
tional Service.
2. Conversion of the two posts of School Assistants
in Mathematics and Natural Science into posts of
Assistant Lecturers.

The proposals are explained below:-

1. Lecturer in Physical Science in the M.E.S.:- There are
at present in the college for the L.T. (now called B.T. section) four
Lecturers in the M.E.S. one each for English, Kindergarten,
Psychology and History subjects, two Assistant Lecturers, one for
Tamil and one for Physical Science and two School Assistants, one
for Natural Science and one for Mathematics. All the above subjects
are taught as optional subjects in the B.T. class. The Principal
reports that there is at present a great demand for Physical Science.
As however, the Assistant Lecturer in charge of the subject has
to handle classes in other training sections, the strength of this
section has been restricted to 12 students only. In view of the
importance attached of late, to science subjects, the Principal
desires that the strength of the section should be increased to
20 and be placed in charge of a lecturer in the M.E.S. The pro-
posed additional lecturer will also be necessary to relieve the
Principal of much of her supervisory work in the secondary and
elementary training sections. The Principal further reports that
an additional lecturer in the M.E.S. is quite essential to ensure
greater distribution of supervisory work. I submit that generally
optional subjects in the B.T. class except Indian languages are
handled in the training colleges for men by lecturers in the M.E.S.
I, therefore, consider the Principal's request as reasonable and
recommend the same for the sanction of the government.

2. Assistant Lecturers in Mathematics and Natural
Science:- When it is held that each optional subject in a training-
college should be under the supervision and control of a Lecturer
in the M.E.S., the proposal of the Principal to appoint Assistant
Lecturers in the above two subjects by converting the two posts
of School Assistants is very modest and reasonable. I, therefore,
support her proposal. The extra cost to government involved in this
proposal is not considerable.

The financial effect of the above proposals is as shown
below:-

Cost in 1946-47.

Part II Scheme - Lady Willingdon Training College, Madras - Employment of a lecturer and two Assistant Lecturers.

C.No.43576. From the D.P.I., RC.No.921.A/45 dated 28-9-1945.
C.No.47461. From the D.P.I., RC.No.921.A/45 dated 20-10-1945.

The D.P.I. proposes :-

(1) conversion of the post of Assistant Lecturer in Physical Science in the Lady Willingdon Training College into a Lecturer's post in the M.E.S. and

(2) conversion of the two posts of school assistants in Mathematics and Natural Science in the College into posts of Assistant Lecturers.

1 The Lady Willingdon Training College was first started in 1923 with a staff 1 Principal and 3 Lecturers. In 1930 the D.P.I. submitted proposals for the employment of two additional Lecturers. Owing to financial stringency the proposal was not sanctioned - vide G.O.592.Edn, dated 13-4-1931. In 1936 the Director again submitted a proposal for the employment of a Lecturer and it was sanctioned in G.O.No.41 Edn., dated 7-1-1937. In G.O.No.220 Edn., dated 13-2-1941 an Asst. Lecturer in Physical Science was sanctioned.

2 The Director now requests that the post of Asst. Lecturer in Physical Science may be converted into a lecturer's post for the reasons stated in para 1 on page 1 c.f of his letter. The comparative statistics furnished by the Director on page 5 c.f. would show that there is a case for appointing an addl. Lecturer in the Lady Willingdon Training College. The proposal may be accepted.

4 For the reasons stated in paragraph 2 on page 1 c.f. the proposal to convert two posts of School Assistants into posts of Assistant Lecturers in the College may also be accepted.

The ultimate cost of the proposal is about Rs.3,100/-
The file may be sent to Finance u.o. for remarks.
