My Dear Statham,

Inspecting Officers of the Education Department - Permission to spend a portion of the hot weather outside headquarters - Correspondence ending with your U.O. reply dated 24th Feby.42

I am to say that the Government agree that men inspecting Officers should not be permitted to spend a portion of the hot whether this year outside their jurisdiction. The Government have no objection to the grant of permission to women inspecting officers to spend six weeks in a hill station provided that it is clearly understood that men inspecting officers at the local stations of the women officers concerned shall attend to urgent war work of the latter during their absence from headquarters.

Yours sincerely,

Sir,

Sub:- Hill Stay - Permission requested - in letter dated 28.2.1946 of Miss. S. Zacharias, to the Director of Public Instruction, Madras, Refused by the Director of Public Instruction, Madras, in his R.C.No. 73 F/45 dated 19.3.1946.

00000000

I have the honour to submit that I regret very much that I have to address the Secretary to Government.

Summer is very severe in Bellary this year, and I request that I may kindly be permitted to spend 6 weeks in Cotacamund, from 10th April to 24th May.

I applied to the Director on 28.2.1946 for this permission, but the Director in his R.C.No. 73 F/45 dated 19.3.1946 has replied "The request of Miss. S. Zacharias, cannot be complied with as the application is belated".

In this office file I find that applications submitted even as late as 16th March, were entertained and recommended, and have received favourable reply. Eg - In R.C.No. 102 A/43 dated 16.3.43 of the Inspectress of Girls' Schools, 11 Circle, Bellary, the application of Miss. M.D. Rozario, Sub-Ass't. Inspectress was submitted and permission was accorded in Director's Proceedings R.C.C.No. 64 F/43 dated 12.4.1943.

I applied on 28th February. Why I did not apply earlier in February, is known to the Director of Public Instruction.

As I expected to be granted leave from 20th February, the question of permission for Hill Stay, did not arise. But finding that I had no answer to my leave application dated 10.2.1946, and my plans remained uncertain, I applied for permission for Hill-Stay of 6 weeks.

Under the circumstances explained above, I request you, Kind Sir, to treat my application of 28.2.1946, as not belated, and kindly to grant me the permission requested for.

I shall be very grateful for a favourable reply. As the Director's un-favourable reply has reached me so late, and it is already 22nd March, and temperature in Bellary is daily rising, and my need is urgent,

(P.T.O.)

I request that I may be excused for submitting a copy of this letter direct.

I have the honour to offer the following remarks on the letter of Miss S. Zacharias referred to above.-

The last date fixed for the receipt of applications from women Inspecting Officers was 15--2--1946. But the application of Miss S. Zacharias, dated 28--2--1946 was received in my office on 8th March 1946 and that too in an incomplete form. Ordinarily, the delay would have been condoned. But her office is in a chaotic condition, her staff is openly rebellious, her inspection work is in arrears and there have been delays running to several months in the passing of the travelling allowance and contingent bills. In these circumstances, it is highly undesirable that she should be permitted to leave her headquarters for six weeks.

The practice of allowing inspecting officers of the Edn. Dept. to spend a portion of the hot weather at a hill station or at Courtallam, at their own cost, had been in vogue for a very long time before 1938. During the years 1938 and 1939, it remained suspended, as the Ministry did not favour the concession. Though the concession was resumed again in 1940, it had to be withdrawn from 1942, so far as men officers were concerned, in view of the war situation. The D.P.I. now requests enquiries whether, as the war has now ended, the men inspecting officers may be permitted to spend a portion of the hot weather at hill stations. In view of the Director's statement that there is no likelihood of any war work detaining the officers at their Headquarters, it seems that grant of the concession may be resumed. Public (Special) may see for remarks.

I am @/2. The concession of the concession was in a way directed with the concession of permission to Heads of depts. etc. to go to the hills. Now for this year Secretaries, Heads of depts. etc. are not to be permitted to go to the hills in view of the concession with the likelihood of a Ministry Committee in the principle of C should be given due weight even now, & then the concession should not be renewed.

Inspection - Certain women officers of the Edn. Dept. -
Permission to spend a portion of hot weather of 1946
outside hd.qrs.

The concession of allowing inspecting officers of the Edn. Dept. to spend a portion of the hot weather on the hills or at Courtallam was in vogue for a long time before 1938. During the time of the late Congress Ministry (1938 and 1939) the concession remained suspended - in respect of ^{all} ~~women~~ inspecting officers ^(Men and Women) also. Since 1940, the women officers are availing themselves of the concession every year. (only for men officers, since 1942, it has not been allowed, in view of the war situation.)

Recently, the D.P.I. proposed the revival of the concession in respect of men officers on the ground that no war work was likely to detain them at their hd.qrs. But, it has been decided that, for the reasons that this year Secretaries to Govt., Hds. of Depts., are not to be permitted to go to the hills and that, with the likelihood of a Ministry coming in, the principle followed by the Congress Govt. should be given due weight even now, ^{it was decided that} the concession should not be revived in their case.

The point for consideration is whether the women officers recommended by the D.P.I. may be permitted, as has been done till now since 1940, to spend a portion of the hot weather of this year on the hills or whether, following the recent decision in the case of men officers, the permission should be refused. In any event, Fin. need not see as no extra cost is involved. Pub. (Spl.) may see before circn.
