For 1946-47, it is necessary to consider only five works.

(i) Municipal Council, Tuticorin—Extensions to two school buildings (Elementary School for Girls, Melur and Elementary School, for Boys, Serendakulam).—The works estimated to cost Rs. 6,950 were approved and a subsidy equal to one-half of the cost was provided in the budget estimate for 1944-45. The Council was unable to take up the works. The estimates were revised in 1945-46 and a subsidy equal to one-half of the estimated cost of Rs. 11,900 was provided in the current year's budget. The Council has now reported that the works will be taken up this year and the grant claimed in 1946-47. The estimate as revised again with reference to current rates is Rs. 14,350. The Director of Public Instruction recommends a subsidy of one-half of this amount.

Reference to the orders of the Govt. and the actual balance on 1-4-45 and after taking into account the additional expenditure involved in the payment of dearness and war allowances at enhanced rates with effect from 1-1-45, closes with a balance of Rs 45,137 under the Gl. Acc. Ord. against the prescribed minimum balance of Rs 12,740. The Gl. can easily on the basis of the A.E. for 1945-46 the Gl.'s annual ordinary receipts fall short of its annual ordinary expenditure under the Gl. Acc. by Rs 42,161 after taking into account the additional expenditure involved in the payment of the dearness & war allowances at enhanced rates. The Gl. will be able to avoid a deficit in revenue in 1946-47 as its financial position will improve on account of the ~~extra income~~ extra income which it will get from the several measures taken to augment the resources of ml-clo. It will therefore be possible for the Gl. to find its share of the cost in question (Rs 6,205) from its balance under the Gl. Acc. Ord. in 1946-47.
