Sir,

Ref. Waste Paper -- Contract 1946/47.

1 I have been asked in the interest of our Social Service Department to look into the question of the waste paper, with a view of approaching you regarding the coming year and the waste paper contract.

2 I have interviewed both the managements of the two Paper Mills we serve, M/s Punalur Paper Mills Ltd, and M/s Andhra Paper Mills Ltd. Rajahmundry, and their views are as follows.

3 Punalur Paper Mills Ltd. On account of the war being over, and the fact that good bleached wood pulp is now available, it is essential that the waste paper prices come down at least 25% to 20% on the present prices. In the full interest of the finished article, the Mills have no further use of grades such as Katchada, B.B. & Kraft, although a small percentage of the latter two grades could still be used in the manufacture of wrapping papers.

4 Andhra Paper Mills Ltd. This Mill has given as us? a great deal of worry & trouble over supplies. They have cut off before the end of the contract year the lower grades, and now they state that the prices must fall 50% from the present prices, and that the Letter grade can only be paid for at a drop of nearly 200% on the present price. This would bring down the figure to pre-war price.

5 The bleached WOOD pulp which is now coming on the market from Foreign Countries makes it that in comparison the prices of waste paper must fall. Waste Paper in England according to the latest Paper Review averages from 9 sh per cwt to 18 sh per cwt. which equals prices from Rs 120/- to 240/- per Ton against Rs 145/- to 435/- per Ton now being paid.

6 Our view on the matter is that for this years contract the price of Rs 160/- per ton flat rate could be paid, and that the Punalur prices for the top grades could be entertained at a reduction of 25%, and that the prices be as follows to the Mills.

White No 1. Rs 330/- per Ton. No 2. Rs 270/- per Ton.
Letters & Records Rs 240/- per Ton. B.B. & Kraft Rs 200/- per Ton

3

The extra over the 25% on the flat rate figure would be offset by the loss we would have on the Mills not requiring the katchada grade, and only a percentage of the B.B. & Kraft grades.

7 However there is the problem of the supplies to the Andhra Paper Mills. They state that they are not prepared to pay more than the following prices.

White No 1 300/- per Ton. No 2 Rs 200/- per ton.
Letters & Records Rs 100/- to Rs 125/- making 2 grades,

and that the others grades be taken as rubbish and a total loss to the Waste paper supplier.

8 In a very short while the Railway Companies will allow bookings of waste paper to Madras from the provincial centres, and I suggest that the Contract be worded that we supply waste paper to M/s Punalur Paper Mills Ltd, and that the waste paper from the Southern section be booked to Tenkasi Depot, and that the Northern section be booked to Madras, from where when sorted we will be able to book through to Punalur.

9 I would however point out that the waste paper from the Government Press is very disappointing. There is no jelly being supplied, and a lot of the records are being cut up for packing material, The last two consignments have contained 75% of B.B. grade, 15% letters & records & 10% Katchada. I shall therefore be pleased if a special rate could be put through for the Press waste paper, as you will realise that it will be difficult for us to pass this on to the Mills, and that it may be a great loss if dealt with as rubbish. Could this be at the pre war rate of Rs 30/- per Ton.

10 On behalf of our Social Services I trust that you will favourably consider the ~~fakk~~ flat rate prices of Rs 160/- per Ton for Government Office records, and Rs 30/- per Ton for the Press papers.

160

I beg to remain,
Your most obedient servant.
Sir,

Adjutant.

29/3/1946

I regret to note that in our final para we have owing to a typographical error indicated Rs 30/-/- whereas this should read ~~[illegible]~~ Rs 160/-/-. 1945-46 prices were Rs 230/-/- on same basis as Govt. Contract.

The disposal of waste paper for the year 1946-47 is under the consideration of Govt. The S.A. requests that the contract for waste paper for 1946-47 may be given to ~~them~~ it at the flat rate of Rs 160/- per ton, because of the availability of bleached wood pulp from foreign countries in the market and the demand of the paper mills for a reduction in the rates of waste paper supplied to them. As temporary arrangements with the S.A are necessary pending final orders on the disposal of waste paper, please state very urgently, whether the price of paper has ~~already~~ gone down or is likely to go down to such an extent that the reduction of the price of waste paper from Rs 230/- to Rs 160/- per ton will be justified.

Stationery – waste paper in Govt Offices – collection and removal for 1946-47.

The agreement entered into by the Supdt of Staty with the Salvation Army for the collection and removal of waste paper in Govt Offices will expire on 1-4-46 – vide G.O. 539 Edn d. 7.4.45. The S.A. has addressed Govt for the contract in respect of the coming yea 1946-47.

pp1-2 (C) cf

pp1-3 cf

2. The Salvation Army has been the contractor for waste paper of this Govt ever since 1940, and they were considered the b agency for the contract. It was considered important that th waste paper from city offices all goes to an organisation wh can be trusted to handle it faithfully and effectively so th none of it reaches wrong hands and for this reason the S.A. was preferred. It was the* policy to help the S.A. as far as possible. Even when tenders were invited for the years 1942-4⊙ and 1943-44‡, the tender of the S.A. was accepted on both occasio though it was not the highest. Private tenderers and others were ruled out.

3. At the instance of the G. of I., Dept of Supply, in their letter No. 8. DP (12)/44 d. 31.3.44, the tender system for the disposal of waste paper, etc, in Govt Offices was dispensed with in 1944. It was also deci in that year that the waste paper collections in Govt Offices in certain areas should be earmarked for the Punalur and the Andhra Mill and that they should be sold to the Salvation Army which will be th Agency for its supply to the two mills (vide G.O. 1066 Edn d. 17.7.44 and pp 12-13 nf of the G.O.). renewed for the year 1945-46 without calling for tenders, but in consultation with the two mills (vide Go 539 Edn d. 7.4.45 and pp1-2 nf of the Go). (C) The GofI, Dept of Supply, in their letter No 14 DP(Genl)/91-3/45 d. 26.9.45, pp1-2 cf (A) have however stated that there is no objection to arisings of waste paper, other than paper cuttings from Printing Presses, being disposed of by public auction or otherwise as is considered most expedient by this Govt. In respect of paper cuttings, the GofI suggested that they should be offered para 3-p2 cf (A) direct to the nearest paper mills and that sale by public auction or open tender should be avoided as far as possible. Since the GofI have now no objection to the tender system, the SofS may be asked to invite tenders for the disposal of waste paper other than paper cuttings for the year 1946-47 and to forward them to Govt with his recommendations thereon. 4. As regards the paper cuttings from Printing Presses, the S.G.P. may be asked to give an idea of the number of printing presses and the quantity and quality of paper cuttings available per month. On receipt of the information, the Punalur and the Andhra Paper Mills may be addressed as to the prices they are prepared to pay. At present the S.A. has been instructed to send the paper cuttings to either or both of the Paper Mills (vide para 2 of Go No 369 Edn d. 21.2.46) as desired by the p16 cf (A) GofI in para 3 of their letter No 14. 5. In G.O. Nos 1919* Edn d. 29.12.44 and 294⊙ Edn d. 2.3.45, supply of waste paper to certain Jails was ordered where manufacture of paper had been introduced as an experimental measure. This has been continued for the year 1945-46 in Go No 539 Edn d. 7.4.45. Subsequently i.e. in June 1945, it was found that there was a

para 2-p2 cf (M) According to the existing arrangement, the Supdts of the Jails and heads of the concerned Offices make their own arrangements for the transport of waste paper to the Jails. The S.A. has no hand in the supply of waste paper to the Jails. Only the surplus over ~~and above~~ the requirements of the Jail goes to the S.A. In the tenders to be called for, for the coming year, the waste papers of the Offices in the places mentioned in the G.Os at (E) & (M) will have to be excluded. Waste paper in Govt Offices in the Chingleput Dt, p19 cf (U) will be available for ~~may be thrown open~~ sale for tenders ~~for~~ during 1946-47.

26.3.46.

A'-p2 cf (X) 6. The waste paper collections in Govt Offices in the city of Madras have been earmarked for the Industries Dept for the requirements of the handmade paper factories. ~~Then~~ Prior to 6.6.45, the waste paper in the city Offices was collected by the Industries Dept. As the collection was not done p7 cf (C) regularly, the S.A proposed to undertake the collection and supply to the handmade paper factories, utilising the surplus for the paper mills. This was agreed to in Go No 855 Edn d. 6.6.45. p5 cf (B) There is no idea as to what proportion of city collections is actually consumed by the handmade paper factories and what quantity of surplus is not required by the Industries Dept. The S.A. may have an idea about this. The city collections may be excluded from the scope of tender. The D.I.&C may make his own arrangements, as previously, to collect the waste paper in Govt offices for the hand made paper factories during 1946-47 in the city. The surplus over his requirements may be stored by him and sold to the contractor who will be selected for the year 1946-47. Dev may see

7. In para 2 of G.O No 1273 Edn d 21.8.45, it has been ordered that the waste paper collections in the S.G's office should be supplied free of cost to the Govt Mental Hospl, Madras, for the use of the handmade paper factory there and the surplus over the hospital requirements, if any, sold to the S.A. This arrangement may be continued for the year 1946-47 with the modification that the surplus waste paper in the S.G's office will be collected by the D.I.&C. It appears unnecessary to consult the S.G in the matter, as the hand made paper factory will presumably continue to function during 1946-47.

This file deals with the question of disposal of waste paper collections in Government offices. As waste paper was required in jails for manufacture of paper which was introduced as an experimental measure, it was ordered in G.O. Nos. 1919 Edn. dated 29-12-44 and 294 Edn. Dated 2.3.45 that during 1944-45 the waste paper collected in the offices at the places mentioned in column (1) below should be supplied to the jails specified against them in column (2)

2/. In ~~Jan~~ 1945, the manufacture of paper was discontinued in the Central jails at Cannanore and Bellary. There is no need to continue the arrangement in respect of these jails. The I.G. has since proposed the abolition of the industry in the jails at Rajahmundry, Vellore, Trichinopoly and Salem. Secretary has approved the proposal and the file is separately being sent to E & P.H. and Finance Departments. It does not seem necessary to continue the arrangements in respect of these jails also.

This file deals with the question of the disposal of the wastepaper collected in Govt. offices for the year 1946-47. The remarks of this Dept. are called for on para 6 of E & P.H. notes on pp 3-4 above and on para 8 on pp 4-5 above. The existing arrangements with regard to the disposal of the waste paper collected in the city of Madras are given in G.O. Ms. 855 Edn. d 6.6.45 at pp 3.4 of of (B). Those arrangements were arrived ~~at~~ in view of the fact that the Industries Dept. was not clearing the Govt. offices in Madras city of ~~the waste paper~~ wastepaper regularly. It does ~~[illegible]~~ not seem to be necessary now ~~no reason~~ to revise the arrangements laid down in G.O. Ms. 855 Edn. d 6.6.45. The ~~future~~ new contractor may step into S.A's place and continue the present arrangement. In the agreement that will be entered into by the Supdt. of Stationery with the new Contractor a condition may be introduced ~~as~~ providing for the arrangements laid down in the G.O. referred to above. ~~For orders.~~ This dept may agree to D.I.'s comment as indicated in para 8 on pp 4-5 above. The file relates to the question of the disposal of waste paper collections in the Government offices of this Province for the year 1946-7.

The E & P.H. Department note on pp.1-6 and the notes of Home and Development on pp.6-8 above may be perused. It is seen from the Home Department's note on pp.6-7 above that waste paper will have to be supplied to jails in two places only, namely Coimbatore and Madura. No change is contemplated by Development in regard to supply of waste paper collected in Madras City to hand-made paper concerns -- see pp.3-4 C.F. of G.O. No. 855, Edn., dated 6-6-1945. (B)

2. The present contract with the Salvation Army expires by 31-3-1946. As it will take some time for tenders to be called for and for selection of the best tenderer, the E & P.H. Department propose to continue the existing arrangements for all waste paper at a flat rate of Rs. 160 per ton as against the rate of Rs. 230 per ton for 1945-6. They have not stated for what period the arrangements should be continued. Perhaps it will be sufficient to continue the existing arrangements for | X

9

a period of 3 months or till other arrangements are made ~~two months i.e., till 31-5-46.~~

As regards the rate for the interim period, it would seem desirable to continue the rate of Rs. 230/-per ton, unless the Superintendent of Stationery considers that the price of paper has already gone down ~~by~~ to such an extent that the reduction of the rate to Rs. 160 will be justified. E & P.H. may ascertain the position from the Superintendent of Stationery before fixing the rate.

The proposals of E & P.H. may be accepted subject to the above remarks.

The proposal is to continue the existing arrangements in G.O. No. 539 Edn, d 7.4.45, in regard to the disposal of waste paper collections in Govt offices to the Salvation Army at a flat rate of Rs. 160 per ton, pending the calling of tenders and selection of a contractor for the disposal of waste paper for 1946-7. The Finance depts suggest the continuance of the arrangements for a period of three months. The suggestion may be agreed to.

2 ~~As~~ regards the price of waste paper the rate for 1945-6 is Rs. 230 per ton. For 1946-7 the Salvation Army has offered Rs. 160 per ton, as it says that the price of paper ~~is~~ must fall ~~owing~~ on account of the coming of bleached wood pulp in the market from foreign countries and as the Paper Mills have asked for a reduction of the existing rates for waste paper. This depts accept the rate of Rs. 160 for the interim period. Finance, however, suggest that the position be ascertained

~~for~~ the Supt of Sty before fixing the rate. [If this is done, it may not be possible to issue orders at once.] The file may be circulated to A4 and A1 for orders.

With reference to this Dept. suggestion at X on pages 8-9 above, please see E&P.H. Dep. Secretary's note in the margin on page 9 above.

ASST. SECRETARY TO GOVERNMENT
8 APR 1946

It is submitted that the three months period suggested by Finance does not appear to be too short. What is required is just to call for tenders within a specified period and select the best tenderer and it seems that this can be done within three months (i.e. End of June) if only action is taken immediately. Finance may therefore adhere to ~~this period~~ the view that it will be sufficient to make interim arrangements for 3 months from 1.4.46.

We may agree to 6 months. This is only an outside limit. If other arrangements are made earlier, they will come into force.

2. The opinion of the Supdt. of Sty. was sought on the question whether the proposed rate of Rs 160 per ton for the interim period can be regarded as adequate with reference to the prevailing price of paper. Beyond saying that the price of paper has gone down compared to the year 1944-5, he has not offered his remarks on the question whether the reduction of the rate to Rs 160 is justified. E&P.H. may be requested to again refer this question to him and obtain his remarks before the proposal is sanctioned.

'A' above. The E&P.H. Dept. may ascertain from the Supdt. of Staty. the percentage reduction in the price of paper in 1945-6 as compared with that in 1944-5. Information on a rough basis will be sufficient. The reduction to be made in the present rate of Rs 230 per ton paid by the Salvation Army may then be considered with reference to the percentage reduction in price.

(Common varieties of paper may be taken for the purpose)

9.4.46 ADS

Not necessary to waste time on this. The S.A.'s quotation has to be based on what the Mills will pay them. The rates offered by the mills are not based merely on the fall in the price of paper up to now but also on further falls that they anticipate in 1946-7.

DWD

Further enquiries will take time. The proposal of E.P.H at A on page 9 above may perhaps be accepted in this case. A1 may also see.
9.4.46

I do not agree with the marginal note of A.D.S above. An interim arrangement has to be made with the S.A. for a definite period & tenders can only be called for for the remaining part of the year. It should be possible without much difficulty to call

E.P.H.

12

for tenders for the nine months of the year from 1.7.46 & get the acceptance of a tender settled by 30.6.46 if only action is taken with the least practicable delay. Fin. d. adheres to its previous view that it should be quite sufficient to make an interim arrangement with the S.A. for the period 1.4.46 to 30.6.46. The SA is under no obligation to continue in this period the rate of Rs. 230 per ton that it was paying under the 1945-6 contract & it has offered only Rs. 160 per ton. An attempt may perhaps be made to get them to agree to Rs. 180 per ton for the interim period but if they are not willing, we have no option but to accept the Rs. 160 per ton they have offered.

M

Y

pp. 1–3 cf.

2/ This matter was raised by the SA. in a letter received by E.P.H. on 20.2.46 & it is not apparent why E.P.H. noted on it only on 25.3.46. Even without any outside letter the proper course was to initiate action in time to call for tenders & get a tender accepted & everything settled before 1.4.46 in case it was decided to call for tenders for the 1946-7 contract. E.P.H. may please do whatever is necess? to ensure that action is taken at the proper time in future. The failure to do so in the present case is likely to cause loss to the Govt. It has also caused unnecessary inconvenience to other depts to whom the case is sent in blue at (or after) the last minute, and to the Salvation Army who do not yet know where they stand in the matter as from 1.4.46.
