 Sir,

Sub: SCHOLARSHIPS - Arthur Hope College of Technology, Coimbatore - Proposals Submitted.

With reference to Government Edn & P.R. Dept Memorandum No. 43563-C/45-2 Edn., dated 10-10-1945, I have the honour to recommend the institution of twelve scholarships of the monthly value of Rs 20/- (Twenty) each in the Arthur Hope College of Technology, Coimbatore (6 in the first year class and 6 in the third year class) from the current year itself. These are similar to those now awarded in the college of Engineering, Guindy. The expenditure may be met from the appropriation under "37-q-Edn. General- Scholarships - I- Ordinary Areas".

2. The cost in the first year works out to Rs 1080 (i.e. 6 x 20 x 9 = 1080/- ) as there is only the first year class in the college.

The ultimate cost will come to Rs 4320 (4x6x20x9=4320) as in the case of the college of Engineering, Guindy.

Ref: Your T.M. of date regarding institution of scholarships  
in the Arthur Hope College of Technology.

Provision for six scholarships to be instituted in the  
Third year class (i.e. in 1947-48) need not be made in the current  
year. The wording in the letter "from the current year itself"  
in para one of my letter is a mistake in respect of third year  
class scholarships which is regretted. The amount of Rs 1080/-  
mentioned in para 2 of my letter may be provided during the  
current year.

2. A sum of Rs 2160/- would be required for award of six fresh  
scholarships in the I year class and renewals in the II year  
class during 1946-47.

TELEGRAMS: "MADFLY". MADRAS.

POST BOX 286.

Dated, 23rd January 1942

To all U. T. C. Cadets, Madras and Trichinopoly.

Dear Sir,

As you are aware it is intended that the training of the Flying Section of the University Training Corps shall begin at an early date. It has been brought to our notice that difficulty is experienced by many cadets who are interested in the possibility of joining the Indian Air Force as Pilot Officers, in providing the Rs. 100/- deposit which was required. It has therefore been decided that the condition of this deposit of Rs. 100/- shall be waived. It is however still essential that the written consent of the parent or guardian shall be obtained and submitted to the Assistant Secretary of the Flying Club (Post Box 286, Madras) in every case.

2. There are still a few vacancies for the First Course during which it is hoped to train 25 pilots; applications together with the written consent of the parent should be submitted AT ONCE to the Adjutant, by those cadets who now wish to join the Flying Section.

3. Further it is hoped that a Second Course will begin immediately after the Examinations held in March and early April are concluded. If sufficient suitable

I find, however, that there is no separate set of scholarships sanctioned for this new College; that question may be taken up separately.

M.V.S. 1.9.45.

E.P.H. (C)

The opening of the Arthur Hope College of Technology, Coimbatore, was sanctioned in G.O. no. 1031 Edn., dt 11.7.1945. The Courses of Study to be provided and the number of admissions to be made in the College have been specified in para 5 of the G.O.

In the College of Engineering, Guindy, Six Govt. Scholarships of the monthly value of Rs. 20/- each have been instituted for the Engineer Class. Separate scholarships have been sanctioned for the <sup>upper</sup> Subordinate class, Lower Subordinate and Draughtsman class and for probationary Subordinate Class in the College. Similar <sup>now</sup> scholarships may be sanctioned for the Arthur Hope College of Technology. The D.P. may be asked to submit proposals. A draft memo is subd. for appl. Finance may see.

The D.P.S. recommends the institution of 24 Govt school awards of the monthly value of Rs 20/- each in the Arthur Hope College of Technology, Coimbatore at the rate of 6 school awards for each class. Only the first year class has been opened this year. The second year class will come into existence in 1946-47 and the third and fourth year classes in 1947-48 and 1948-49. As the current Academic year is almost coming to a close the scheme may be introduced from 1946-47. The addl expenditure in 1946-47 will be Rs 2,160/- and the ultimate expenditure will be Rs 4,320/- ~~the expenditure of the school awards in the first year class will be Rs 2,160/-~~ the proposal may be supported in this Dept and the file sent to the Finance Dept for remarks.

The proposal in the file is to institute 24 scholarships of the monthly value of Rs 20 each in the Arthur Hope College of Technology, Coimbatore, at the rate of six scholarships for each of the 4 classes on the analogy of the scholarships granted in the Engineering College, Guindy. The proposal involves an expenditure of Rs 2,160 in the year 1946-7 on account of the grant of 6 scholarships each for the first I and II Classes and an ultimate recurring expenditure of Rs 4,320 per annum

2. It is submitted that in the Engineering College, Guindy, where the strength in each class is 120, the number of scholarships granted is 6 for each class. As the strength fixed by the Govt. for each of the classes in the Arthur Hope College is only 75, this department

may suggest that the number of scholarships to be granted may be proportionately limited to 4 in each class. This will reduce the ultimate recurring cost from Rs 4,320 to Rs 2,880 p.a. The expenditure is not on a "new service" It will have to be met by reappropriation in 1946-7.

Edn and P.H.C. with ref to the note of the

Finance Dept above it is submitted that even when there were only 60 seats in the Engineer class in the Engineering college, Guindy, there were 6 Govt Scholarships for each class. It does not therefore seem that there is justification for reducing the number of scholarships to 4 in the Engineer class of the Arthur Hope College of Technology, Coimbatore, on the grounds that the strength for each class has been fixed at 75.

The Arthur Hope College of Technology was opened with a view to meeting the demand that will arise in the Post-war period for larger number of Engineers for carrying out the various schemes. The award of the proposed scholarships will induce students to take up the Engineering course in preference to other courses. For orders whether this Dept may press for the acceptance of the proposal of the D.P.I. Finance may see again with ref to 'A' above before circulation.

Finance (Exp. A).

Please see previous Fin. note and the further note of the E.P.H. Dept. on pages 2-3 above. The E.P.H. Department press the proposal to sanction 6 scholarships for each class in the Arthur Hope College of Technology for the reasons (1) that even when ~~they~~ <sup>there</sup> were <sup>only</sup> 60 seats, in <sup>each</sup> the Engineering class awarded in each class, <sup>(2)</sup> that the new college <sup>at Bangalore</sup> was opened with a view to meeting the demand that will arise in the post-war period for <sup>(3)</sup> larger number of Engineers and that the award of the scholarships is meant to induce students to take up the engineering course in preference to other courses.

It is true that 6 scholarships were awarded even when there were only 60 seats in <sup>each class in</sup> the Engineering College, Guindy. But there was no proportionate increase in the number of scholarships subsequently corresponding to the increase in the strength of the college. <sup>(Present strength 120 students in each class)</sup> The keen demand for more seats in the Engineering colleges year after year clearly shows that the absence of <sup>a large</sup> adequate number of scholarships has not in any way discouraged the best students from taking up the Engineering Course in preference to the others. In the circumstances, this Department may advise that 4 scholarships may be sanctioned to start with and that it may be increased later, <sup>if</sup> it is found necessary <sup>to do so</sup> in the light of actual experience. <sup>Orders may be taken in Oct. & gained during the next 3 or 4 years</sup>
