D.O.

Director of Public Instruction,
Madras, 28th July 1945.

SECRETARY, EDN. AND P.H. DEPT.
30 JUL 1945

My dear Sir Thomas,

I am writing to you on the subject of raising the Government Arts College, Coimbatore, to the first grade. As you are aware the proposal was not approved by the University Inspection Commission which went there last April mainly on the ground of lack of proper accommodation. I inspected the College and the Annexe when I went there in the beginning of Jun The annexe is ccupied at present by the Orphanage from Adyar. I ght that if this annexe was available for the College, hould, with a few minor additions and alterations, ufficient and satisfactory accommodation for ose. As, however, I understand that there is no rospect of the Orphanage being permitted to adras, I have to think of other ways and aising the College to the first grade next s there is a very strong public feeling at e in favour of making the College a first grade e of the proposals made by the University on was to build an extension or to put up a floor to the existing buildings. Either of these proposals would probably involve an expenditure at present of nearly a lakh of rupees.

I have been considering this matter for some time and I have come to the conclusion that it would be better to have a new College of Science, teaching the B.Sc. and the higher degree courses and leave the present Arts College to be developed only on the Arts side. Now that it has been decided that the Forest College should be revived with effect from the 1st of October and that the permanent buildings of the Colle
of Technology should be located somewhere between t
Forest College and the Agricultural College, I t
it would be an extremely good plan to establish a
College of Science in the same neighbourhood
teaching of the fundamental Sciences of Physi
Chemistry and Botany and Zoology as well as M
matics, only for the B.Sc. degree and higher co

Let me explain the advantages of this sche
as I perceive them. The students of the Colle
Agriculture, Forestry and Technology have all to
undergo courses in the pure Sciences, especially in

first and the second years. The present practice is to have separate laboratories, equipments and staffs for each College for doing what is virtually the same work. If, therefore, the pure Sciences curricula common to all these courses are taught in the central College of Science which at the same time is training students for the B.Sc., M.Sc. and other degrees in Science, the same laboratories and the same staff, appointed on a generous basis, could be utilised for all the technical Colleges and also for the College of Science. It seems to me to be certainly the most economical and the most efficient plan. It would also avoid the needless expenditure in building extensions to the existing Arts College which would confine itself to Sciences only in the Intermediate stage and develop B.A. and B.Com. degree courses.

A

I shall be very grateful if you will kindly give this matter your very careful consideration. If the idea is favoured, I would gladly go into the matter in detail and work out the estimates, etc.

To sum up, if the scheme is approved, there will be a first grade College of Science with uptodate laboratories and facilities for research in the fundamental Sciences of Physics, Chemistry and Biology for the students of all the Colleges, namely, the Agricultural College, the Forest College, the College of Technology and the College of Science. It would avoid wasteful duplication or even triplication of laboratories and staff for the different Colleges for the teaching of pure Sciences, reduce recurring expenditure on the whole and at the same time definitely increase the efficiency of scientific teaching and research.

Yours sincerely,

B.B. Dey

Sir Thomas Austin, K.C.I.E., I.C.S.
Adviser to H.E. the Governor,
Fort St. George.

P.S. The arrangements made in the Imperial College of Science & Technology, South Kensington, London, are on the same lines: The teaching of Physics as well as chemistry for the students of the Central Technical College & of the Royal School of Mines is done entirely in the Royal College of Science along with the students of pure science. BBD

DO 34879C/45-2 Edn. d/ 7-9-1945 5

Dear Dr. Dey,

Your D.O. of the 28th July addressed to Sir Thomas Austin regarding the Arts College at Coimbatore.

~~It is noted~~ Your proposals are

(1) that the existing college shd. be developed only on the Arts side, and

(2) that a Central College of Science (shd. be provided) in the same neighbourhood for teaching the fundamental sciences (Physics, Chemistry, Botany and Zoology) and Mathematics for the B.Sc., the laboratories being common for that course and also for the students of the Colleges of Agriculture, Forestry and Technology.

As regards (1), if the original decision of discarding courses which are now provided a

Palghat stands, the Arts courses in Coimbatore will probably be only the B. Com. and the B. A. (Geography) - group viii - and presumably no extra accommodation need be built in the Arts College premises.

The Govt. have no objection to the idea of a Central College of Science being pursued. But it is ~~clearly~~ necessary to have ~~a better perception~~ fuller information ~~and~~ ~~to of~~ a considered proposal ~~implied in the~~ which would give ~~of its scope~~ ~~and~~ the advantages ~~arrangement.~~ I am accordingly to suggest that you ~~may~~ confer with the D. of A. and the C.C.F. and work out a detailed scheme.

T.S.

GOVERNMENT OF MADRAS

My dear Subramanian,

Pr. 5-6 ante

Your D.O. No. 34338/45-2, Edn., dated 7-9-1945 regarding the opening of a Central College of Science at Coimbatore.

The question has been raised by you whether extra accommodation need be built in the Government Arts College Coimbatore, if this College is to be developed only on the Arts side. I shall be able to give a definite answer to this question if the Government can kindly indicate whether and when the St. Patrick's Orphanage will be moved to their premises in Madras.

3 Regarding the idea of the Central College of Science I am addressing today both the Director of Agriculture and the Chief Conservator of Forests on the subject.

Yours sincerely,

M.V. Subramanian, Esq., I.C.S.
Secretary to Government,
Edn. & Pub. Health Department,
Fort St. George, MADRAS.

Rc.No.528 A/44 dated 15-9-1945.

Sir,

Sub: Government Colleges, Kumbakonam and Coimbatore - Construction of additional buildings - Submission of plans and estimates.

Sp 11-12 ante

K/77-78 ef

In their Memorandum No.27143-C/45-4 Education & P.H. dated 18-7-45, the Government have asked me to submit plans and estimates for the construction of a separate building for the Natural Science Laboratory in the Government College, Kumbakonam. In G.O.No.Ms. 910 Edn.& P.H. dated 16-4-45, the Government have authorised me to put up revised proposals for the construction of additional buildings for the purpose of raising the Government Arts College Coimbatore to the First Grade. Accordingly I have asked the Principals of the two colleges to submit urgently proposals in consultation with the Public Works Department concerned with rough plans and estimates. The Principals have reported that the concerned Executive Engineers have been addressed in the matter and that the matter is receiving attention. I am also reminding the Principals of the two colleges to see that the matter is expedited.

A/

In the circumstances stated above I am to request you to let me know whether the above proposals should be renewed again as

P.T.O.

14

Part II schemes for 1946-47. As regards the question of provision of additional buildings, assuming that the College at Coimbatore will be developed only on the Arts side if the proposal to open a Central College of Science materialises, please see my D.O. dated 13-9-1945.

I request the favour of very early orders. As the Government have considered the schemes and approved them I presume it is not necessary that they should again examine the scheme. The only thing that stands in the way is the building. This will be planned and provided for urgently.

Sir,

SUB:- Buildings - Government College, Coimbatore - Construction of additional buildings at an estimated cost of Rs.1,90,000/- Proposals for Part II of the Budget Estimate for 1946-47.

In submitting herewith the plans and estimate received from the Principal, Government College, Coimbatore for the construction of additional buildings at an estimated cost of Rs.1,90,000/- for the consideration of Government I have the honour to state as follows:

43574

K

It is now proposed to raise the status of the college to First Grade and therefore plans and estimate have been prepared in accordance with the suggestions of the University Inspection Commission which visited the College early in the current official year.

The proposal to open a Central College of Science at Coimbatore is now under the consideration of Government. Besides, the decision of Government in regard to the removal of the St. Patrick's Orphanage from the Government College, Coimbatore is not also known to me. As soon as a decision is arrived at on these two questions the Scheme now submitted may have to be modified.

Sir,

Sub: Govt. Colleges at Kumbakonam and Coimbatore - Opening of new courses - construction of additional buildings - Application for affiliation - Orders requested.

-----

pp13 + 15 ante

I have the honour to invite the attention of the Government to my letters R.C.No.528 A/44, dated 15-9-45 and 25-9-45 on the question of opening of new courses in the Government Colleges at Kumbakonam and Coimbatore and the shifting of the St.Patrick's Orphanage from Coimbatore and to state as follows:-

2. Plans and estimates for the provision of additional accommodation in the two colleges, in accordance with the recommendation of the University Inspection Commission, have already been submitted to the Government. The Principal, Coimbatore College reports that pending the construction of additional buildings, temporary accommodation may be provided for in the Arts block of the College, now occupied by the St.Patrick's Orphanage, in the hope that the orphanage is likely to be vacated by April, '46, so that the classes for the new courses may be started from the next academic year. The orders of the Government are yet awaited on the question of the shifting of the orphanage from Coimbatore. If, however, the Government desire that the College should be raised to the First Grade including the science courses from the next year construction of additional buildings should be commenced now. If they desire that the science course need not be opened now pending the question of opening a central College of Science at Coimbatore and that Arts Courses alone would suffice, for the present, the question of accommodation may not present any serious difficulty if the orphanage were to be removed from Coimbatore and the Arts block is thereby released for the college.

3. As regards the Kumbakonam College I submit, that if the additional buildings can be put up before July 1946, the Univers may be addressed for granting the necessary affiliation to the new courses. The work has to be commenced now if the buildings are to be ready in July 1946.

4. In view of the fact that applications for affiliations in new courses will have to reach the University before 31-10-4 at the latest, I request the favour of immediate orders of the Government as to their intention in regard to the opening of the new courses in the above two colleges in the next academic year.

p.9 ante

*****

In continuation of my letter No.A.2.3189/45, dated the 2nd October 1945, I discussed the question with the Principal and Heads of sections at the Agricultural College and Research Institute, Coimbatore, and the Principal of the Forest College, Coimbatore, on the 23rd and 24th October 1945. I had also discussed on the afternoon of the 7th November 1945, with the Director of Public Instruction, Dr. S.R.U. Savoor, and the Chief Conservator of Forests, Mr. J.A. Master.

2. We consider that it is possible, with some minor modifications, to provide for the teaching of fundamental sciences - physics, chemistry, botany and zoology - in the science college for the candidates preparing for the B.Sc. degree and for the degree courses in agriculture and forestry.

3. The salient points discussed are as below:--

(i) The admissions to the Agricultural College are of those who have passed the "Intermediate" examination with groups, Chemistry, Physics and Mathematics or chemistry, Botany and Zoology. In order to meet the requirements of the students with mathematics group the classes at the ~~xx~~ Agricultural College in Botany and Zoology commence with the alphabet of these subjects in order that the whole class may be brought up to one level in these two subjects.

(ii) In the Science College, only students with Botany and Zoology groups will be admitted to the respective class and so the Botany and Zoology classes will start off from the point where the instruction for the Intermediate course ended.

(iii) Unless, therefore, the courses for Botany and zoology are suitably altered the students of the degree courses in Agriculture and Forestry will be at a disadvantage.

(iv) For the B.Sc. courses of the Science College, in Chemistry, Physics, Botany and Zoology, ~~although~~ the syllabi appear similar to those for the Agricultural degree course, the subjects for the simple degree course, are dealt with in much greater detail than for the latter degree. Will it be possible to have one common syllabus for all the degree courses in the first year? That has to be examined. It is expected that it should not be difficult.

(v) It follows then, that the three year course in agriculture will have to be compartmentalised somewhat as follows:

1st year. Basic sciences in relation to the major applied science, agriculture or forestry. The lectures and perhaps practical class can be common for the three Colleges.

27

~~2nd year.~~ ~~Study~~ of Botany, Chemistry, Entomology and Mycology as applied to Agriculture and Forestry, Agricultural Engineering and Animal hygiene. The lectures can be common for the Agricultural and Forest Degree Courses only.

3rd year. Agriculture, Forestry. Nothing common.

4. The following are the observations on the courses and syllabuses.

(i) Common syllabus for the first year science course.

The syllabus for the B.Sc. pure science degree course as now being followed, compare with those at the Agricultural College for Chemistry, Botany and Zoology as follows:--

Chemistry - B.Sc.Ag. (first year) is higher than B.Sc., subsidiary chemistry in the first year.

Botany - B.Sc.Ag. I, is almost the same as B.Sc. subsidiary.

Zoology - B.Sc.Ag. I, very similar to the B.Sc., subsidiary zoology.

The first year courses of the B.Sc.Ag., and B.Sc., subsidiary courses in Botany, Zoology and Chemistry are very similar and with slight adjustments can be taken together. They can be the same for the degree course when it is started at the forest college.

(ii) The hours of teaching for the B.Sc.Ag. in the first year class for the three subjects are as follows:--

Chemistry	Theory	2 hours weekly.
do.	Practical	4 do.
Botany	Theory	2 do.
do.	Practical	3 do.
Zoology	Theory	2 do.
do.	Practical	3 do.
Three subjects		16 hours weekly.

The total number of hours for the three sciences is 16 hours weekly, and for the other subjects as follows:--

Agriculture	Theory	2 hours.
do.	Practical	3 "
Animal hygiene	Theory	2 "
do.	Practical	1 hour.
Engineering	Theory	1 "
do.	Practical	3 hours.
Total		12 hours.

The other subjects take up 12 hours.

5. The hours of teaching for Agriculture Practical and Engineering Practical and Animal Hygiene practical must of necessity, be done in the morning as they involve field and hospital work. The hours to be set apart for the three science subjects should fit in with these hours if the students of Agriculture and Pure Science should go together for their classes.

14

6. The common measure of agreement would thus be possible with slight adjustments of syllabuses of B.Sc. (subsidiary) Chemistry, Botany and Zoology and fixing of suitable hours not to clash with Agriculture Practicals.

FOREST AND AGRICULTURAL COURSES.

7. The greatest common measure of agreement is, however, possible if the B.Sc. Ag. and B.Sc., Forest courses be combined for study in the first year.

8. The principal of the Forest College who was present at the discussion agreed that the first year courses of the proposed B.Sc. degree in Forestry would run exactly on the same lines as that of the B.Sc., Agriculture, as far as Chemistry, Botany and Zoology, leaving open the rest of the times for work on other subjects such as Forestry, etc. which have field work. There is, therefore, every opportunity for the combining of the classes for B.Sc.Ag., and Forestry for the three subjects.

9. There, however, remains the problem of where the first classes are to be held. The Agricultural College with its full complement of 96 students has already reached its peak and pressure on class rooms and laboratory space is already very heavy. The forest college with its estimated number of 35 students could not be included in classes or laboratories here. The space in the Forest College is still more limited. The classes of the first course would have to be held in the new Central College of Science if as has been stated before, the syllabuses be pooled and modified to combine the agriculture, forestry and pure science B.Sc.(subsidiary), courses into one from the three degrees.

10. The second year classes for Agricultural and Forest Chemistry have common ground for soil science and plant nutrition, and in Meteorology in Entomology and Mycology the trained staff of the Agricultural College could take classes in the Forest College.

POSSIBLE ECONOMY IN EXPENDITURE.

11. The possible economics of the scheme were discussed and the conclusion arrived ~~at~~ was, that there could be no appreciable saving in staff or running expenses of the Agricultural College, under the Central College of Science Scheme. The only possible saving would be some saving in capital outlay if residential accommodation for students could be found in the Evacuee camp buildings, and utilised as hostel. I understand that the buildings are 'kutcha' and that they may not be available.

ADMINISTRATION.

12. It was also agreed upon that a Central organisation like a Board of Control functioning in the co-ordinating of activities of the three colleges be formed but that the administration of each college would continue under the Department concerned.

Your obedient servant,

D.O No. 34379C/45-8 Edn d. 19.11.45

Dear Dr. Savoor,

Govt. College, Coimbatore - Opening of B.Com. and B.A.(Geog.) courses.

Ref:- Govt.Memo.No.34379-C/45-7, dated 29-10-45.

I am desired to say that Sir Thomas Austin discussed the above matter with the V.-C. of the Madras University to-day. The V.C. is of the opinion that the building now occupied by the St. Patrick's Orphanage will not be suitable for B.A. classes, but that it may be converted into a hostel. As it is uncertain when the Orphanage will return to Madras and when a decision on a Central Science College at Coimbatore will be taken, the V.C. has suggested the construction of a building for the new B.A. classes, with foundation for future expansion for Science (if necessary) and other courses. Such a building could probably be erected in three months. If the proposal is sent to the University with

~~2~~ 30

plans, it will send a Commission without delay. Sir Thomas agrees with the V.C.'s suggestion and I am to ask you to have a plan prepared on the above lines and to forward it to Government as early as possible.

Yrs. sincerely,

Dear Sir Austin,

I am enclosing herein a copy of a letter addressed to the Vice-Chancellor, University of Madras, in connection with the First-Grade College. As the letter is self-explanatory I am not mentioning anything here. I request your favour and help in this matter as early as possible.

With kindest regards,

Yours sincerely,

G D Naidu

Dear Sir,

Last year when the Commission came here for the inspection of the second-Grade College in order to raise it to a First-Grade College there were some controversies as the Coimbatore public wanted an Engineering College first for which you were kind enough in helping to bring the Engineering College here so early. On account of the difficulty regarding space the Commission was not in favour at that time to raise this College to a first-grade one, specially to suit the B.Sc. Course. Now there is a proposal to add the B.Sc. course and some other course in the present Arthur Hope College of Technology. In that case this Engineering College will be a complete one with all courses. But there will be a drawback for Coimbatore when all the surrounding Districts have an Arts College, Coimbatore will not have one. Hence, may I request you to take steps to inspect by a Commission to make this College as First Grade-Arts College with the existing buildings? In case if any buildings are wanted myself or other friends will help to bring the buildings as early as possible within the next academic year. Hence, I request to take speedy steps for raising this College to a First-Grade Arts College.

Yours sincerely,

G D Naidu

***

The Central College of Science, if it materializes, cannot be made use of for the Ranger Class except that it might perhaps be possible to arrange a very limited number of short courses.

Whether there will be a degree course in Forestry is a matter upon which no decision has yet been reached. Should such a course be instituted it will be for the training of gazetted officers for Government service and for service in the neighbouring States. The suggestions outlined in the letter of the Director of Agriculture contemplate specialization in Forestry after the first year. This in my opinion is far too soon. At present the minimum qualification for appointment as a Probationery Assistant Conservator of Forests is a good Honours degree in Science, after which the probationer does a 2 years

P.T.O.

2.

38

~~-2-~~

course in Forestry. For the work they have to do, Forest Officers must have a good general education as well as their technical training. I consider that the present minimum qualifications are most necessary and that selection of candidates should not be made at an earlier stage. A degree course in Forestry will not attract private students, so those assured of posts in Government service or in the neighbouring states need alone be considered.

It follows from this that if a higher course in Forestry comes into being at Coimbatore it could make use of a Central Science College only as far as I can see, to the extent to which special courses can be arranged for the Forest Students. Another ~~ø~~ reason why classes in common with students of other institutions cannot be a practicable arrangement is that the Forest students must spend a large part of their time in camp.

If special classes in certain science subjects can be organized for forest students such an arrangement would probably be most helpful.

For CHIEF CONSERVATOR OF FORESTS.

Copy of letter Rc.No.149/44 dated 26.11.1945 from the Principal, Government Arts College, Coimbatore to the Director of Public Instruction, Madras.

Subject:-Government College, Coimbatore--Raising the College into a first grade one.

Refce.:--Proceedings of the Director of Public Instruction, Madras, Roc.No.528-A/44 dated 21.11.1945.

***

I have the honour to submit that I consulted the Executive Engineer, Coimbatore Division and discussed with him the several aspects of additional accommodation required for raising

P.T.O.

the College to the first grade. He is of opinion, and I concur with him, that the buildings for which plans and estimates were submitted in this office No. R.C.149/44 dated 25.9.1945 would be sufficient to meet our immediate demands. The buildings proposed, have been so designed to take a first floor as and when necessary for any further expansion in Science or Arts courses. The Executive Engineer is also of opinion that if the buildings were to be ready for the next academic year, the contruction has to begin as early as possible. He feels that it will not be possible to put a building within three months as required in the Proceedings noted above. However, it may be possible to get through the work in time for opening new classes in July 1946, if the necessary administrative sanction is obtained at a very early date and the Public Works Department authorised to take up the work on hand almost immediately. In the new buildings, provision has been made to house the B.Com. and B.A.Geography and English classes together with the library, the reading room and one general Language Lecture room for Intermediate. The requirements in accommodation as given by the University Commission have been provided for and in addition a large hall for purposes of general meeting, examination etc. has also been provided for. The present library hall will be assigned to Mathematics Department for holding the B.A.Mathematics classes.

The allotment in the present budget amounting Rs. 48000/- or so, may be utilised during the present financial year itself by starting the digging and laying out the foundation.

Ref: Your Telephonic Message of date regarding Government College, Coimbatore - opening of new courses.

The staff for the B.Com subject proposed in my letter Rc.No.528 A/44 dated 24-12-1945 is to be employed in 1946-47. In regard to the remuneration that should be allowed to the part-time lecturers, no definite amount can be reported at present, as the amount of remuneration depends upon the qualifications of the staff employed and the hours of work expected of them. For purposes of estimate, the amount of remuneration can be taken as Rs.100/- p.m. as it is not likely that the part-time lecturers in special subjects will be available for anything less than that.

13279

The following will explain the position for the additional staff proposed.

Subject.	Staff required as per letter No.528 A/44 dated 28-9-1944. pp. 39-42	Staff required as per letter No.528 A/44 dated 24-12-45. — pp 43-44 c.f.	Remarks.
1. Existing Staff	2.	3.	4.
English. 2 Asst Lects 1 Tutor	1 M.E.S.	2 M.E.S. (One in 1946-47 and one in 1947-48)	Two M.E.S. Posts have been proposed as this is the usual number for the English Department in a first grade Government College. The existing staff consists of only 2 Asst. lecturers and 1 Tutor. There will be sufficient work for all the four lecturers when the college is raised to the first grade.
Tamil. 2 Pandits 45-5/2-60	- 1 Asst Lectr 1.45CF	One Assistant Lecturer in 46-47 and 1 Pandit in the senior scale in 47-48.	The original proposal was to open B.A. with (Gr.VIII) Geography only under Part III and French under Part II and hence the appointment of assistant lecturers and Pandit for these departments i.e. Tamil and Sanskrit was not requested then. In the
Sanskrit 1 Pandit	-	One Assistant Lecturer.	

p.t.o.

1.	2.	3.	4.
Existing staff			present proposal provision is made for the teaching of tamil and sanskrit under Part II of the B.A. Course. Hence the need for these posts which is the minimum staff required by the University.
Geography. 1 Asst Lectr	1 M.E.S. 1 S.E.S.	1 M.E.S.(1946-47) 1 Demonstrator (1947-48)	In the present proposal a demonstrator is asked for instead of an Assistant Lecturer. The appointment of a Demonstrator will be very useful for the Boys in the practical classes. In other Govt. Colleges for men, Geography is not taught under Part III of the B.A.Course. This is the first college where we are introducing Group VIII under Part III and the usefulness of appointing a Demonstrator for Geography has to be tried. In the Queen Mary's College, Madras, Geography is provided under Part III of the B.A.Course, for which there are two lecturers one in the M.E.S. & 1 in the S.E.S. The staff now proposed for this College cannot therefore be considered superfluous.
Mathematics. 1 Asst Lecturer	-	1 M.E.S.(46-47) 1 S.E.S.(47-48)	In the original proposal permission was requested only for starting Group VIII under Part III of the B.A.Course. But now affiliation in B.A. Mathematics (Group I-B) has been sought over and above the B.Com., and Geography courses as the University requires that three groups of subjects in the B.A., B.Sc., Or B.Com., should be opened. - Vide para 1 of the Director's letter 528 A/44 D/24-12-45. (P43 ante
B.Com.,	1 M.E.S. 2 S.E.S.	1 M.E.S. 2 S.E.S. 2 Part-time Lecturers	1946-47 Part-time lecturers are required for the teaching of Mercantile Law and special subject.

The Office establishment has also to be strengthened by converting the post of Headclerk into one in the Upper Division and by appointing one more additional clerk, one typist, one peon and one Library Attender. There will be sufficient work for all of them when the College is raised to the first Grade.

Education & P.H. (A) Dept.

MEMORANDUM.

[Govt. Arts College, Coimbatore - Opening of B.A. (Maths, Geo.) and B.Com. courses)]

...

The Government College, Coimbatore, is a Second Grade College now providing instruction in the following subjects:-

INTERMEDIATE:

Part I.	Part II	Part III
English.	Sanskrit, Tamil. Urdu	Mathematics, Physics, Chemistry Nat. Science, Modern History Indian History Logic, *Geography.

*(Introduced from 1945-46).

The Coimbatore town has been growing rapidly in recent years and the number of students from the district taking to higher education has increased considerably.

2. The Govt. have had, therefore, under consideration for some time past the question of the development of the college to the first grade. They have now decided that the following courses may be opened in the college with effect from the academic year 1946-7:

(i) B.A., B.Com.
(ii) B.A. - Geography
(iii) B.A. Mathematics.

~~B.A. (Geography)~~: None of these courses are provided in the neighbouring college at Palghat; among Govt. Colleges, B.A. (Geography) is now taught only in the Q.M.C. for women while no Govt. college has yet introduced the B.Com course. B.A. Mathematics course is proposed as the University asks that three groups of subjects in the B.A. or B.Com. or B.Sc. shd. be opened.

3. The proposals involve the construction of an addl. bldg. at an estimated cost of Rs.1,90,000 and the following recurring and non-recurring expenditure on staff and equipment:-

64

	Recurring per year. Rs.	Non-recurring. Rs.
taff.	48,000	
ooks	1,000	4,000
urniture		9,300

p 62 cf [illegible]

p 44 CF

Notes

Edn and P.H. Dept
C

C. No: 34379C. From the D.P.I. d/ 28.7.45.

Establishment of a College of Science at Coimbatore.

Papers and note
30.7.45

In connection with the budget for the current year the D.P.I. submitted a proposal for raising the Govt second grade college at Coimbatore to the first grade from the academic year 1945-46, providing for the following courses:-

p 39 cf. of
GO No. 910 Edn
16.6.45 (K)

(1) BSc Course in Zoology (Main, Botany and Chemistry (Subsidiary)

(2) BCom.

(3) B.A. Geography (Group VIII) with provision for teaching Geography under Part III of the Intermediate.

Please see note on 13-14 of (K)

The main features of the scheme were that the college should not provide for courses which are provided in the neighbouring college at Palghat and that the people of Coimbatore represented by Mr. T.A. Ramalingam Chettiar should guarantee to make a contribution to meet the deficit for the first four years on account of the raising of the college to the first grade. The promise to make the contribution was subsequently withdrawn. Since the proposal to raise the college to the first grade was treated as a Part II scheme for ~~the current year~~ 1945-46 and necessary provision was included in the budget for the current year. But the proposal could not be further proceeded with as the University Commission which inspected the college insisted upon ~~the new buildings~~ more accommodation being ~~put up~~ provided before raising the college to the first grade. In the meantime sanction has been acc

p 19 of (K)

p 50 of (K)

to the opening in the College of classes in Urdu under Part II and in Geography under Part III of the Intermediate course. The Director has also been authorised to put up revised proposals for building construction.

p 77 of (K)

The Director now proposes that as it is not possible to provide addl accommodation for a first grade college in Science except at great cost, the existing second ~~sd~~ grade college may be raised to first grade but purely as an Arts college with BA and BCom Courses. In this case no addl accommodation will be required in the existing Arts college. At the same time he proposes that a new college of Science for the teaching of the fundamental Sciences of Physics, Chemistry and Botany and Zoology may be established. His idea is that the laboratories and staff of the new Science college thereof be utilised for the training of the students for the BSc; M.Sc. and other degrees in Science and also of the students of the Agricultural, Forest and Technological colleges. The Director says that this will be the most economical and efficient plan. As the proposal concerns the Agriculture and Forest depts the D.A and the Chief Conservator of Forests will have to be consulted. For orders whether this may be done. Development ~~Development, Finance~~ may see for remarks. Finance also may see.

A p 3 cf

B p 2 cf

p 3 cf

8/8/45

Arts courses: "A" at pp.2 3 of the Director's D.O. does not make it clear what Arts courses are intended to be provided at Coimbatore. If the original decision of discarding courses, which Palghat provides, stands, the Arts courses in Coimbatore would be only the B.Com. and the B.A. Geography (Group VIII), mentioned at p.1 ante. The point will have to be cleared up. If Science courses are not to be provided, apparently no extra accommodation should be newly built.

S

These can be cleared up in due course.

D

Central Science College: This is not in the

schemes included in the five-year plan of post-war development. Certain laboratory economies, in which the Forest and the Agri[illegible]ltural College are also involved, are hoped for by the Director, in ~~the~~ opening ~~of~~ a Central Science College. That matter should probably be first considered at a conference of the Heads of Departments concerned and a clear indication obtained of the advantages of the arrangement.

This may be arranged. Prima facie, the scheme looks attractive.

Please see para 2 of D.P.I's D.O. on p.7 c.f. and the E & P.H. note at the bottom of p.4 ante. The orphanage buildings at Adyar are under the occupation of the military and it is not known when they will be released. Reference in this connection is solicited to A-1's minute on pp.3-4 n.f. of G.O.1565, Public (CD) dated 28-6-45. The general question regarding release of all Educational buildings requisitioned for military purpose is being taken up by the Collector of Madras. In the circumstances it does not appear desirable to address the military separately in the matter. For Orders. After orders are passed the file may be returned to E & P.H.

Some further references relating to the construction of additional buildings for the ~~Coimbatore Engineering~~ Govt College, Coimbatore, received from the D.P.I., have been added to the C.F. There he refers to the provision of additional buildings for the Kumbakonam College also. This is being dealt with separately.

p/p 13-17 cf

As regards the Coimbatore ~~Engineering~~ College, the D.P.I ~~D.I.P.~~ has submitted plans and estimates amounting to Rs. 1,90,000 for the construction of additional buildings with a view to raising its status to I grade. He has also asked whether the proposal should again be brought forward as a Part II Scheme for 1946-47. Please see the note on pp. 1-3 ante. The Part II Scheme proposal considered in 1945-46 was for raising the College to the I Grade providing for the following courses:

p17 cf

do

K/26 NF

B.S.C. - Zoology.
B.Com.
B.A. - Geography.

7

In view of the Director's subsequent proposal to establish a Central Science College at Coimbatore it was suggested in the D.O. on pp. 5-6 c.f. that it would be sufficient ~~to provide~~ if Arts cours are provided in Coimbatore only in B.Com and B.A (Geography). The present proposal, which follows this suggestion being different from its original one, will have to be considered as a Part II Scheme for 1946-47

X

It was presumed that no additional buildings would be necessary if the college were to be developed only on the Arts side. In the D.O. dated 13-9-1945 the D.P.I. has stated that a definite reply on this point can be given only if it is known whether and when the St. Patricks Orphanage will be shifted back to Madras. Pub. say that this will take some months more.

p 5-6 cf

p 7 cf

p 5 ante

The Director may be informed accordingly and asked to submit proposals for the construction of buildings on that basis for consideration as a Part II scheme. Finance may see.

ASST. SECRETARY TO GOVERNMENT
12 OCT 1945
FINANCE DEPARTMENT

Finance (Exp.B).

(Previous Finance note on p.3 above).

The proposal to construct additional buildings in the Government Arts College, Coimbatore at an estimated cost of Rs 1,90,000 has been submitted by the D.P.I. for consideration as a Part II scheme for 1946-7 as the University Inspection Commission insisted on the provision of additional accommodation before it could agree to the College being raised to the 1st grade. cf. also para 1 of G.O.910 Edn. dated 16-6-45 (K). The Director has stated that the above building scheme will have to be modified with reference to the decision which Government may arrive at on the following two points:-

6 p.8 cf.

Y. K on p.17 cf.

H 77-78 cf. 9 Ⓚ

FM on p 17 cf.

(1) whether the St.Patrick's Orphanage now occupying a portion of the Coimbatore Arts College building will be moved back to Madras, and

(2) whether a Central college of Science will be opened at Coimbatore as proposed in the Director's D.O. on pp.1-4 C.F.

As regards point (1), Public have stated that the Orphanage buildings at Adyar will be required by the Military for some months more, which means that the portion of the Govt. college building at Coimbatore will be required for some more months by the Orphanage. If the St. Patrick's Orphanage gets back to ~~their~~ its buildings at Adyar next year, the proposal for the construction of additional buildings in the Govt. College, Coimbatore, should be framed on the basis that the portion now occupied by the Orphanage will be available for the development of the College.

p 5 above

K

As regards point (2) above, a detailed scheme has yet to be submitted to Govt. by the D.P.I. after ~~he discusses his proposals~~ discussion with the Director of Agriculture and Chief Conservator of Forests - vide portion A of the D.O. to Director on p.6 C.F. and para 3 of his reply on p.7 C.F.

Pending a definite decision of the Govt. on point (2) mentioned above, it seems premature to consider the construction of additional buildings at Coimbatore as a Part II scheme for 1946-7 having regard to the remarks at K above. If B.A. degree science course is not to be opened in the Govt. Arts college, Coimbatore, under the scheme of the Director for the opening of a separate Central College of Science at Coimbatore and if, as is ~~quite likely~~ not unlikely, the portion now occupied by the St. Patrick's Orphanage becomes available early next year, the existing buildings in the College would in all likelihood be sufficient for the purpose of raising it to I grade. (The only new courses in B.A. will be B.Com and B.A (~~Economics~~ Geography)

vide E.P.H. note at 'Y' on p. 7 and

SECRETARY TO GOVT. ... 2 OCT 1945

[Orders since issued]

of the buildings for the Natural Science laboratory need not be treated as a Part II Scheme for 1946-7 and that the work may be proceeded with during the current year - the main file is in Finance. Pending decision on this file, the D.P.I. may be asked to apply at once to the University of Madras for affiliation in Natural Science.

A draft memo is submitted for approval. It may be sent to Fin. us for acceptance.

MM
26.10.45

Attention is invited to letter of the Vice-Chancellor for the Madras University on page 87 CF of (K). The University Commission considered that the Annex occupied by the Orphanage was not suitable for college purposes even with alterations. It is, therefore, doubtful whether the University will agree to the opening of courses in B.Com., B.A., Georgraphy, without additional accommodation even if the Orphanage is vacated. The question of providing additional accommodation may, however be considered ~~after~~ if the University Commission, which will be visiting the college in connection with the affiliation of the new courses, insists upon it.

8/x/45

Discussed with V.C. who says that the building now occupied by the Orphanage will not be suitable for B.A classes; but may be converted into a hostel — the College has none at present & needs one. As it is uncertain when the Orphanage will return to Madras & when a decision on a Central Science College will be taken, the V.C. suggests the construction of a building for the new BA classes, with foundations for future expansion for Science (if necessary) & other courses. Such a building could be erected in 3 months. If this proposal be sent to the Univ. with the plans, they will send a Commission without delay.

Ask D.P.I. to prepare a plan on these lines without delay.

	3 Peons	1 Peon

M on p 60 CF

The proposal involves the appointment ultimately of 5 Lecturers (senior), 5 Asst. Lecturers (M.E.S.S.), 2 Part-time Lecturers on Rs.100 p.m. each, 1 Tamil Pundit (Senior Grade), 1 Demonstrator in Geography in the teaching staff and 1 L.D.clerk, 1 Typist 1 Attender, 1 Peon and the conversion of the existing Head clerk(L.D.) into that of a U.D.Clerk. It is also proposed to incur a recurring expenditure of Rs.1,000 towards the purchase of books and also allow a duty allowance of Rs 50/- p.m. to the Principal. The total cost involved in the above proposals would work out to Rs 48047 p.a. The following remarks seem called for in this Department.

See statement above; Also statement on page 62 CF

Ibid

Ibid

pencil figures at A on p 62 CF

45

Item (1) in the statement above - 2 Lecturers in English

pp 43 44 CF

It is proposed to appoint 2 Lecturers in English, one in 1946-7 and the other in 1947-8. There are already two Asst. Lecturers and one Tutor. Including the addition proposed the total strength of the staff for the subject will come to 4 Lecturers (2 in the M.E.S. and 2 in the M.E.S.S.) and one Tutor. The Director of Public Instruction has ~~no doubt~~ stated on page 59 C.F. that the two posts of Lecturers in the M.E.S. grade have been proposed by him as this is the usual number allowed for the English Department in a first grade Govt. College and that there will be sufficient work for all the 4 Lecturers after the college is raised to the first grade. It is also true that the University Commission when it inspected the College in April 1945, has proposed in its inspection report a total staff of 4 Lecturers and 2 Tutors. And it is not likely that any reduction in the number of Lecturers proposed by it will be agreed to by the University . Hence the strength of 4 Lecturers proposed for the College may be agreed to. It is however for consideration, whether it will not be sufficient to appoint the two Lecturers now proposed as follows.

Col 4 of the Statement on page 59 CF against English

Col 3 against item 1 on p 67 CF of GO No 910 Edn P.H. 16-6-45 at (K)

May be accepted
18.3.46

1 in the M.E.S. grade and the other in the M.E.S.S. grade.

The late D.P.I., Sir Meverel Statham, recommended only 1 Lecturer in the M.E.S.grade to be the head of the English Dept. when he submitted his proposals for raising the college to I grade in 1944. In the circumstances, it is for orders whether this Dept. may request E & P.H. to consider the suggestion of employing 1 Lecturer in M.E.S. in 1946-7 and one Asst.Lecturer in M.E.S.S. in 1947-8.

M on p 40 CF of (K)

M

The other items of staff proposed may be agreed to as the staff required follows the scale which was proposed in connection with Part II of the Budget for 1945-6 and for the reasons explained by the D.P.I. in col.4 of his statement on pp-59-60 C.F

18.3.46

The proposal in regard to strengthening of the estt. of ministerial and inferior services calls for no remarks and may be agreed to.

18.3.46

18/3/46

The proposal to incur a recurring expenditure of Rs.1000 (and to sanction ~~a[illegible] allowance~~ of Rs 50/- p.m. to the [illegible]) towards the purchase of books may also be acce

Special pay is allowed to Principal

It is also proposed to incur a non-recurring expenditure on equipment for 1946-7 as follows.

Books.	Rs.4,000 ✓
Furniture etc.	Rs.9,300 ✓

The above may be agreed to.

Kn
18/3/46

Financial procedure:- As the main proposal has already been xxxxx considered as a Part II scheme for 1945-6, E & P.H. now enquire whether the additional staff now required and the expenditure on equipment may be sanctioned. Attention is in this connexion, invited to G.O.No.910 Edn & P.H. dated 16-3-45. It will be seen therefrom that the scheme of raising the Arts College, Coimbatore, to I Grade was not proceeded with as the problem of providing the requisite additional accommodation satisfying University requirements was not satisfactorily settled. As the new ~~xxxxxx~~ courses are to be opened with effect from the academic year 1946-7 and as the main proposals have already been considered as a Part II scheme, there seems to be no objection to sanction the present proposal ~~in the xxxxx current year itself~~ as early as possible. It is however, necessary to treat the proposal as an item of "new service" requiring orders in full circulation and H.E's authorisation for a supplementary estimate xxxx of expenditure in due course as the extra cost involved in any case exceeds Rs.20,000 p.a. Prior sanction of the Governor-General is also necessary as the recurring expenditure exceeds the limit of Rs.25,000 under the section 93 situation.

Fin no 13809 EI-1
19.3.46.

The proposal in this file is to sanction

(1) the addl. staff and equipment; and

(2) the construction of addl. bldgs.,

required in connection with the opening of B.Com. and B.A.(Geog.) courses in the Govt. Arts College, Coimbatore.

19/3

15822

Staff and equipment: The proposal involves appointment ultimately of 5 Lecturers, 5 Asst.Lecturers,

---

two part-time Lecturers, 1 Tamil Pandit, 1 Demonstrator in Geog., 1 L.D. clerk, 1 typist, 1 attender, 1 peon and the conversion of the existing post of Head-clerk (L.D.) into that of a U.D. clerk. It is also proposed to sanction a spl. pay of Rs 50 to the Principal. The total cost on account of staff is about Rs.48,000 p.a. A recurring expr. of Rs 1000 will be required for books. The expenditure proposed to be incurred on equipment is about Rs.13,300. Finance have agreed to these proposals.

Buildings: The total estimate of cost is Rs.1,900,000 Administrative approval has to be accorded for the plans and estimates which have been approved by the Madras University.

Finance have suggested that the "new service" procedure should be followed and the Governor-General's sanction should be obtained.

As the University desires that the work relating to the construction of building should be taken up at once and completed as early as possible, administrative sanction for the plans and estimates may now be accorded and the Governor-General's sanction may be asked to be communicated by telegram.

For orders as to circulation.

47

Finance (E.I):

The previous notes of this dept. on pp. 15-18 above, the further notes of E.P.H. dept and the orders in circulation on pp. 19-20 above may be perused.

15/4

The draft order may be accepted subject to the following remarks:- One demonstrator (Geography) on Rs 70-100. for 1947-48. The usual scale for demonstrators is Rs 40 - 5/2 - 65 against the scale proposed in the draft viz Rs 70-100. It is presumed that the Govt. have accepted the higher scale proposed in the draft.

Extract of Finance dept. note in ~~file~~ the file bearing [C.21043-A-46.]

--

The proposal in this case (Opening of B. A. (Geography) and B.Com. in the Govt. Arts College, Coimbatore) costs Rs. 49,000 recurring and Rs. 203,000 non-recurring. (Buildings Rs. 1,90,000. Books & Furniture Rs. 13,000) This may be treated as a post-war development scheme and advance claimed from the G.of I. for the expenditure in 1946-47. A| issue of the draft, P.W.D. may send the case to E.P.H. and latter may be requested to send a brief note on the sch this dept, so that action may be taken to address the ~~xxxxx~~ for approval as a post-war development scheme or for advance grant. x x x x

D.W.D.15-4-46.

Please see the extract above. In the ~~xxx~~ order of the P.W.D. under reference, "Post-war Reconstruc tion I Ordinary areas" has been shown as a sub-head in the he to which the expenditure is debitable. Therefore, it that para 3 of the order at p. 68 c.f. would require amendment ~~re-classi-fication~~ providing for the sub-head "Post-war Reconstruction". A

Finance may be requested to confirm whether the view taken above is correct and whether orders ~~re-classifying~~ altering the head of expr: under para 3 of the Order should ~~not~~, be issued now.
