Dear Sir,

13255

Physical education of younger generation on scientific basis has, of late, been a subject of deep interest throughout the country. Every province has acted in furtherance of this subject in its own way. The Education Department of your province must have chalked out a line for the physical welfare of its youth.

With a view to coordinate all these different plans and schemes and to chalk out a scheme on all India basis the All India Physical Education Conference has been convened at Amraoti (Berar) on the 28th, 29th and 30th April 1946. Especially at this moment when responsible minds are seriously thinking of post-war education, a conference of this type is bound to be helpful to all.

pp 5-8 infra

The enclosed appeal and circular will give you the idea of the comprehensive nature of the work the conference proposes to do.

We have appealed to all the institutions of physical education, Provincial Governments, Universities and Indian States to contribute their quota in this cause of common interest.

The Provincial Government of Central Provinces and Berar and the Nagpur University have approved the idea and promised wholehearted cooperation. They are also expected to sanction a substantial grant for the conference.

P. T. O.

All India Physical Education Conference

3

No. ____________

Amraoti.................................194 .

3

May I as well request you to extend cooperation of your province to the organisers of the Conference? The plans and schemes proposed by the Education and Health Departments of your province may serve as a guidance. Literature issued by these Departments might enlighten the plans and help us in the proposed work. Delegates interested in health and Physical education will participate in the deliberations. Their study and experience in this sphere will help to form a scheme on all India basis.

We, therefore, request you to take the necessary steps to direct the departments concerned to help us on the lines mentioned above.

It is further requested that your provincial Government may be moved to sanction a liberal donation for this work.

Thanking you inanticipation.

I beg to remain,
Sir,
Yours faithfully
H.V. Deshpande
Organising Secretary.
The All India Physical Education Conference.

All Maharashtra Physical Education Conference, 15th Session, Amraoti.

APPEAL FOR HELP

The Indian national games and exercises have an undisputed scientific value and an important role to play in the Physical welfare of the nation. These healthy national games and exercises must come into their own with their scientific re-orientation. No efforts should be spared to secure a just status and popularity for our ancient system. The present period of national regeneration and cultural renaissance is the most favourable for such efforts. National awakening and physical culture are near each other and specially the latter will play yet another and perhaps more important role for the healthy development of the child's mind. In these troubled times of conflicting ideologies, sectarians are out to throttle and muzzle the free thoughts of young men and women by poisoning their raw and developing minds. Healthy games and exercises producing healthy mind alone can counteract such a great venom

During the last two decades the Central Provinces and Berar have made splendid efforts in this direction and given a great lead in explaining the scientific nature of the Indian system and revived public interest in them. It should be specially mentioned here that the Hanuman Vyayam Prasarak Mandal, Amraoti, has made a distinct contribution to the value and popularity of Indian games and exercises by sending its team to the "World Sports Pedagogic Congress" held on the occasion of the Eleventh Olympiad in the year 1936 at Berlin and through them has demonstrated the greatness of the Indian system to the outside world. To keep up this tradition and continue an all-sided effort it has been decided to organise the first All India Physical Education Conference by the end of April 1946 at Amraoti. The Fifteenth Session of the All Maharashtra Physical Education Conference also will be held at the same time and at the same place.

Physical contests, mass-demonstrations, health and physical education-exhibitions, wrestling tournaments, supplemented by discourses and lectures by eminent authorities on various subjects related to physical education, will form a prominent part of the varied programme. A large number of people are expected to attend the Conferences and the programme is sure to be very educative to all.

We are sure that the inspiration which the young representatives from various provinces attending these conferences are bound to receive, will be of a great consequence to the country.

The Reception Committee shouldering this responsibility can successfully discharge its duty, only if it can secure the willing co-operation and generous help from the public.

P. T. O.

It is estimated that these two conferences together will cost somewhere about **twenty-five to thirty thousand Rupees.** We, therefore, appeal to the patriotic and generous-minded men and women of India to make these conferences a mission of their own and generously contribute to the funds required for them and render every other help that our common cause demands of us all.

The All India Physical Education Conference

First Session, 28th, 29th and 30th April, 1946

AMRAOTI (BERAR)

6

Office—**Hanuman Vyayam Prasarak Mandal**
Amraoti (Berar).

To ....

....

Sir,

You will be glad to hear that it has been decided to hold the first session of the All India Physical Education Conference at Amraoti (Central Provinces and Berar) on 28th, 29th and 30th, April, 1946.

As the Conference will discuss and give authoritative decisions on several aspects of the physical education of the Indian youths, every educational institution is bound to be directly interested in its work, especially at a time when all the Provincial Governments, Universities and also the Govts. of the Indian States are drawing plans and preparing schemes of physical education for the boys and girls under their respective jurisdiction.

The proposed conference will not confine its work only to discussions and passing of resolutions. It intends to hold a very instructive Exhibition giving information about and showing all aspects of physical education. It will also hold practical demonstrations of the most uptodate and scientific ways of physical culture at all stages, and arrange excellent matches and competitions of indigenous games and exercises.

As it is not possible to give a full idea in the limited scope of one circular, it is sufficient to state that every effort is being made to make the conference as educative and instructive as possible.

The occasion will also be utilised to lay the foundation of a central organisation, The Indian National Association of Physical Education, which will be able to guide, coordinate and harmonise all efforts in this field into one consolidated activity through-out the country.

The response has been encouraging. From the enclosed appeal it will be seen that a very large section of very prominent citizens of the Central Provinces and Berar, including the Vice-Chancellor of the Nagpur University, has supported us in organising the conference. The Education Department of our Provincial Govt. has allowed its officers to attend the Conference and there is every reason to belive that it will also sanction some financial help.

But as the work undertaken is important from an all India point of view, and as it is likely to cost over Rs. 30000/- and varied effort of hundreds of workers, the organisers of the conference will be thankful if you/your University/your State/your Institution will show interest and help us in all possible ways some of which are indicated below:—

(1) You may send delegates who will take an active part in the deliberations; they will be able to study the whole subject of physical education in the Exhibition rooms and on the Stadium.

8

(2) You may become a donor or help us with a grant. Rs. 100/- are not too small and Rs. 5000/- are not too big for the cause that the conference represents. You may donate rewards, trophies etc. alss.

(3) You may send well thought-out articles, essays and papers discussing various aspects of physical education in which you are particularly interested, along with any date you might have so far collected.

(4) You may send exhibits consisting of informative charts, models, of ideal gymnasia and excellent bodies, books and literature on physical education, to enrich that section of the conference. At least you can send your ideas of what it should exhibit and be like.

It is, therefore, requested that as one directly concerned with physical education on scientific lines you/your University/your State/your Institution will show active sympathy for the cause and extend your helping hand for making the great attempt a success.

I beg to remain

Sir,

Subject:- All India Physical Education Conference - Amraoti.

.....

In resubmitting herewith the Government endorsement No. 13255-A/46-1-Education dated 11-3-46, I have the honour to state as follows: -

The Conference under reference is the All Maharastra Physical Education Conference. There is no need for the Madras Government to give financial help to this conference.

2. I am however, of opinion that Government may depute as a representative of the Madras Government Dr. G.F. Andrews, Regional Physical Director (on leave), who recently attended the initial meeting of the Indian Association for the Health, Physical Education and Recreation held at Bangalore under the orders of Government (vide G.O. Ms. No. 224 Education dated 1-2-46), to attend the above conference as it will stand in good stead for him to acquire new ideas and first hand information about various aspects of Physical Education that may be afforded ~~provided~~ at this conference. He will also be able to tell the Conference what is being done in this Province in the matter -Physical Education.

For Director of Public Instruction, Madras.

EDUCATION AND PUBLIC HEALTH

18824

The first session of the All India Physical Education Conference has been scheduled to take place at Amraoti (C.P. & Berar) on 28th, 29th and 30th April 1946. The organising Secy of the Conference has made an appeal for help in all possible ways, some of which are indicated in items 1-4 on pp 7-8 CF. The object of the Conference is set out in the printed circular at pp 5-6 CF.

CSR

p 11 CF

The DPI considers that no financial aid need be given to the conference as it is mainly an All Maharastra ~~Physicalion~~ Physical Education Conference. This view, seems acceptable. He, however recommends that Dr. C. F. Andrews, Regional Physical Director (on leave) may be deputed as a representative of the Govt to attend the conference, for the reasons stated in para 2 of his letter on p 11 CF. His recommendation that Dr. Andrews may be deputed to attend the Conference, may, perhaps be accepted. Dr ~~C~~.F. Andrews, who attended the initial meeting of the Indian Association for Health, physical education and Recreation at Bangalore was paid T.A. at the rates admissible to him under the M.T.A. Rules. He may be allowed T.A. this time also if it is decided to depute him for the Conference. Finance may see.

May be accepted.

Sir,

I have to thank you very much for appointing Dr.G.F. Andrews as a delegate of your Govt. to the All India Physical Education Conference, Amraoti.

Lieut. Col. Justice Mr. W.R.Puranik, Chairman, Reception Committee has, however, advised the Committee to postpone the dates of the Conference to October next and has also issued a statement in this connection. I have accordingly telegraphically informed Dr. Andrews.

The Reception Committee hopes to deserve the same co-operation from the Govt. of Madras in the Conference when it will be held in October next.

Thanking you again

EDUCATION AND PUBLIC HEALTH

Dear Sir,

We have seen the work and propaganda put through by the office of the Reception Committee at Amraoti and we are satisfied that they have been successful in creating widespread enthusiasm for the All India Physical Education Conference. The response from the Provincial Governments, States, Universities, Local Bodies, Colleges of Physical Education, Vyayam Shalas, Educational Institutions and important individuals is most encouraging and we thank all of them for their sympathy and active help.

But we feel that the present political situation in the country is so tense and conditions in many provinces including our own are so much in a transitory stage that all political leaders and prominent Indian educationists are absorbed in solving the country 's difficult problems. We are at the thresh-hold of big and momentous changes.

In such circumstances the conference, if it is held in April, will not be able to attract the attention it deserves. This will be possible in a calmer and more favourable atmosphere when conditions will have settled down in our country.

The proposed session of the All India Physical Education Conference is the first one and we voice the feeling of all thinking people when we say that the session should receive all the importance and attention that is necessary to make it successful, especially in the matter of laying down firm foundations for the future.

[P. T. O.]

19

From this point of view, we have no alternative left but to announce in consultation with the authorities of the All Maharashtra Sharirik Shikshan Mandal that the All India Physical Education Conference be postponed till October next so that it will be possible to take all necessary steps to implement the important decisions that the conference will take in its first session.

We are confident that the Reception Committee will be able to keep up and add to the momentum already gathered and make the Conference worthy of the reputation of our province.

No. 2161-A-XXI

Government of the Central Provinces and Berar
Education Department.

15

From

Hon'ble Mr. S.V.Gokhale,
Minister of Education,
Central Provinces and Berar.

To

The Hon'ble Minister of Education,
Madras Presidency,
MADRAS.

Nagpur, the 24th July 1946.

Dear Sir,

pp 3-5 infra

The accompanying letter by the General Secretary of All India Physical Education Conference will explain the nature, purpose and the importance of the Conference to be held at Amraoti in the coming October. As I am the person in charge of education in this Province, I feel naturally more interested in the success of this Conference. The Conference is likely to give a definite lead to our ideas and our practice of physical education carried in our schools and colleges. The Conference is being attended by experts on various aspects of physical education. I therefore request you on their behalf to send representatives of Education Departments and, especially of those, who are in charge of physical education in your Province, to contribute their wisdom and experience to the ultimate success of the Conference.

Yours truly,

S.V.Gokhale

Minister of Education,
C.P. & Berar.

Copy of a letter dated the 21st July 1946 from the General Secretary, A.I.Phy. Edn. Conference, Lst 1st Session, Amraoti, to the Education Minister, C.P. and Berar, Nagpur.

You are already aware that the work of the All India Physical Education Conference which will now be held on the 13th to 17th October, 1946, has gathered a good momentum and some of the provincial Governments, 13 Universities, many ~~I~~ Indian States, Colleges of Physical Education, Educational Institutions, and a very large number of non-official organisations devoted to physical and cultural welfare of the younger generation in the country have assured us of their support and active co-operation.

You also know that the C.P. and U.P. Governments have extended financial support to the conference by giving grants of Rs.1000/- and 500/- respectively towards its expenditure.

Lieut. Col. Justice Mr. W.R.Puranik, Vice-Chancellor of the Nagpur University is the Chairman of the Conference and the response of the Indian Universities is mainly due to the appeal issued to them by him for cooperation and help. The Nagpur University has given a grant of Rs.500/- and three more Universities have also come forward with grants of 250 or 200/each towards our expenses.

It is obvious that the Conference thus has the full support of our Provincial Govt. and the Nagpur University.

The General Head Quarters, Army, have also informed us of their desire to send the Army Inspector of Physical Training and the Commandant Principal of the Army School of Physical Training Ambala along with a batch of eight Army P.T.Instructors to attend and demonstrate before the Conference gathering the P.T. exercises taught in the Army. A similar request has been made to the Navy.

Under these circumstances it is desirable that all the Provincial Governments and the Indian States give us their cooperation and help in solving this problem of physical education on a national basis, a problem which is now engag-

4

~~xxx~~ engaging the attention of the popular ~~Govt.s~~ Governments every -where.

We have already written to the Chief Secretaries and ~~x~~the D.P.I.s of the Provinces and States in this connection. I have also to request you to write to the Education Ministers of all the Provinces and of the more prominent Indian States calling upon their cooperation and help in the following manner:-

(1) They may depute their D.P.I.s or their nominees to participate in the symposium which will be led in the conference by your D.P.I. - Dr. V.S.Jha. The subject of the symposium is " Physical Education and State Responsibility".

(2) A separate Conference of the physical training instructors is also being organised at the same time at Amraoti. Col. N.Ganguli, Dy. Secretary, Education Department, C.P.will ~~inxxxxx~~ inaugurate this Conference and Mr. D.D.Mathur, Under Secretary, Education and Secretary Council of Physical Culture, U.P. Govt. will preside. The Provinces and States may direct their P.T.I.s to attend this Conference which will discuss for the first time the problems concerned with this new class of workers in the Society.

(3) The Education and Public Health Departments of the Provinces and the States may issue general circulars to the members of the Departments allowing permission to attend and cooperate in the All India Physical Education Conference, to such of them as would like to do so. Similar circulars have already been issued by the D.P.I.s of the C.P., Bombay, U.P. and the Madras Govts.

4. Lastly the Provincial and the State Govt.s may sanction some token grants, say of Rs. 500/- each, towards the expenses of the Conference. A letter of this sort from you to the ~~Eu~~ Education Ministers of the Provinces and the Indian States will go a long way in ensuring complete success of this first attempt of organising an All India Conference of Physical Education and will also help us in solving our monetory difficulty. The original estimate of expenditure was Rs.30,000/- but in view of

---

5 — 30

17

but in view of the growing response from all quarters it may now go up to Rs. 40,000/- for the October sessions.

I have, therefore, also to request you kindly to persuade the C.P. Government to sanction an additional grant of Rs.1000/-towards the expenses of the Conference. Your preceding Govt. sanctioned only Rs.1000/- though our demand was for Rs.10,000/-. Naturally we look to you to increase the quota by at least Rs. 1000/-.

with best regards ,

URGENT.

p l eF

To the Secretary, E.&.P.H.

Please see the letter from the Minister of Education, C.P. and Berar sent herewith. It seems they are having a Physical Education Conference to which he invites our representative to be sent. A note may be put up as to who our Physical Instruction Adviser is and whether it is worth sending him to the Conference.
