Dear [illegible]. Subramaniam,

In the post-war period the development of girls' education will occupy an equally important place. The number of schools in school-less areas for girls is sure to increase as the Post-war General Committee has accepted the recommendations of the Sub-Committee that special provision must be made for elementary schools for girls in all areas in which co-education was not fully possible. Then again there would be an increase in the number of Secondary schools for girls. The expansion in girls' education necessitates also increase in the Inspecting staff - Sub-Assistant Inspectresses and Inspectresses of Schools. I learn recently one more Circle of Inspectress of Girls' Schools has been formed. At present in the office of the Director of Public Instruction there is no Deputy Directress to co-ordinate the various educational activities as we have in regard to boys' education besides the Divisional Inspectors of Schools. I feel it is desirable and necessary that there should be a Deputy Directress in the office of the Director of Public Instruction to assist the Director in formulating proposals for expansion and consolidation. At one time there was such a post, which was abolished

as a measure of retrenchment. It is ~~xxxx~~ time this p
is revived and is placed in charge of a senior Indian Woman Educational Officer. I shall feel grateful to you if you will kindly consider this proposal favourably. I am sure the Director of Public Instruction will be too glad to have the assistance of such an officer. It is a pity somehow we lost sight of this proposal in the Sub-Committee.

Trusting this proposal will receive your kind attention,

Yours sincerely,

Dear Dr. Dey,

post of
Revival of the/Deputy Directress
of Public Instruction.

I am to forward, in original, letter dated the 26th June, on the subject noted above, from Sri R. Suryanarayana Rao, for your remarks. I may perhaps mention that during the discussions of the Post-War Education Sub-Committee I raised the point that Sir Meverel's Report on Educational Post-War Reconstruction had not specifically dealt with any increase in the strength of the inspecing and directing agencies. Sir Meverel's reply was that the question might have to be gone into when details came to be worked out.

Yours sincerely,

(1) that, on account of the present war conditions, the market prices of rice, cloth, kerosine, gingily oil, coconut oil, and other necessaries of life have abnormally increased. This is clear even from the index tables published by Government.

(2) that, in Malabar, the rise in price has been the highest in the Presidency.

(3) that, consequently, the memorialist finds it extremely hard to maintain himself and his family on his present salary of Rs. 21/- P.M.

Sir,

Sub: Proposals for strengthening the Directing and Inspecting Agencies in this Department.

4374. K 3 ante

Ref: Your D.O.No.29317 Edn. A-1 Dated 2-8-45.

I have the honour to submit **for** the favourable consideration of Government the following proposals for strengthening the Directing and Inspecting Agency of this Department as a Part II Scheme for 1946-47 after examinging the suggestions contained in your D.O. quoted above.

Directing Agency:-

(a) Revival of the post of Deputy Directress: The post of Deputy Directress in this office was abolished in 1932, as a measur of retrenchment and since that year this office has been paying the closest attention possible to the **improvement** of Women's Education in all its phases. Women's education in this Presidency has not only had no set back but has, on the other hand considerably expanded during these years. The question of policy in regard to Elementary Education is the same whether the schools be for boys or for girls, there does not seem to be very much more that a Deputy Directress might be able to do in the organisation or re-organisation of Women's Education and having regard to the fact that co-educationis increasing and that there have been no complaints from the officers in the Women's branch in regard to administrative or other matters. I do not therefore consider that the revival of the post of Deputy Directress is essential either for organisation or administration.

M

(b) Employment of an additional Personal Assistant. There is however an urgent need for relief to the Deputy Director in charge of finance and Secondary schools. The number of secondary schools has greatly increased and the budget has increased also considerably. The work in connection with Elementary Education is also increasing tremendously on account of the introduction of compulsion, feeding, medical Inspection etc. It is therefore essential that relief must be given to two Deputy Directors. I recommend, therefore, that the Government may be pleased to sanction the post of an additional Personal Assistant in this office in the Madras Educational Service in the scale of Rs.200--700 from 1-5-46, together with two peons.

The cost for the employment of an additional Personal Assistant will be as follows.--

Cost in 1946-47.

Pay of additional Personal Assistant 200 x 10	Rs.2,000	
Pay of two peons (1 Door Peon & 1 House Peon) 12 x 2 x 10 ..	240	2,240

Inspecting Agency: -

(a) Employment of an additional Inspectress of Girls' Schools. --

E

There are now seven Inspectresses of Girls' Schools for the Province, including the one post sanctioned this year (G.O.No.554 Edn. dated 10-4-45). While addressing Government for sanction of one post of Inspectress last year I made it clear that there is a real need for 2 additional Inspectresses with reference to the number of secondary and Training schools for women, and the average number of schools assigned to each Inspectress for inspection. (vide my letter Rc.No.887 A/44 dated 29-9-44). I have submitted the necessary statistics in my above letter. The Government sanctioned the opening of 7 new secondary schools for girls in the current year (.G.O. No.694 Edn. dated 1-5-45). The average number of schools to be inspected by each Inspectress now is 31 against a standard of 21 schools for each Inspectress suggested by the Retrenchment Committee in 1932. The work of the existing Inspectresses is considerably heavy and they require immediate relief so that they may do intensive educational work. The addition of one more Inspectress will reduce the average number to 28. I consider that there is an urgent need for an additional Inspectress for the Province, particularly in view of the furtherance of women's education according to the post-war planning. The Progressive scheme of compulsory Elementary Education will require the close attention of the Inspectresses. Secondary Schools are increasing every year and there will be a very large increase in the number of Elementary Schools for girls. I request therefore that the Government may be pleased to sanction the creation of an additional post of Inspectress in the Madras Educational Service together with the office staff with effect from 1-5-1946. I shall regroup the circles soon after the additional Inspectress's post is sanctioned and submit a report to Government.

(b) Additional District Educational Officers. On examining the position in each District I feel that two more Educational Districts should be formed with two District Educational Officers. Guntur and Tinnevelly Districts are the heaviest in the Presidency with a vast jurisdiction and a very large number of schools. The number of Elementary Schools in Guntur District is the maximum viz. 2154 and Tinnevelly with 1845 schools comes next. The number of Secondary Schools in Tinnevelly District is the maximum viz.41 in the Presidency. Guntur has 33 schools which is also a very large number. There are 7 special schools in Guntur District and 4 special schools in Tinnevelly District. There are 10 Deputy Inspectors and 17 Junior Deputy Inspectors in Guntur District and and 9 Deputy Inspectors and 12 Junior Deputy Inspectors in Tinnevelly District. The amount of Teaching grant disbursed to elementary schools in Guntur and Tinnevelly Districts in the current year is Rs.6,59,300 and Rs.7,49,494 respectively. The Inspection and administrative work of the District Educational Officers, Guntur and Tinnevelly, has so enormously increased that they are put to considerable strain. With the introduction of the compulsory elementary education scheme, they have to spend more time on the working and expansion of the scheme. The work of each of the District Educational Officers, Guntur and Tinnevelly, is far too heavy for a single officer. I request therefore that the Government may be pleased to sanction the bifurcation of the two Districts in question for educational purposes and the employment of two District Educational Officers additionally with the requisite staff. The sanction may take effect from 1-5-46. Soon after the proposal is approved, I shall submit the redistribution of work for the sanction of Government.

S

The financial effect of the proposal is worked out below--

Existing sanctioned staff:

Dt.Edl.Officer's Office at Guntur.	Dt.Edl.Officer's office at Tinnevelly.
1 Headclerk.	1 Headclerk.
7 clerks. 4 clerks	6 clerks. 4 clerks
2 Typists.	2 typists.
1 Attender	1 Attender.
3 Peons.	3 Peons.

The normal staff of a District Educational Officer's office consists of 1 Headclerk, 4 clerks, 2 typists and 3 Peons. In order to distribute staff equally to the new District offices on the above basis it will be necessary 1) to convert the posts of Attenders (vide G.O.440 Edn. dated 20-3-44) into posts of clerks and 2) to sanction the following additional staff.-

Additional P.A. in the D.P.I's Office: Beyond the general statement that the work of the two Deputy Directors has increased owing to increase in the number of Secondary Schools, budget work and the introduction of compulsory elementary education, the D.P.I. has not furnished information regarding the total number of schools, expenditure on elementary education, ~~and~~ the currents received etc. to examine whether the proposal is justified. There are 3 Deputy Directors in the Director's Office at present and it has been suggested that the appropriate course is to redistribute the work equally among them. Recently in ~~Recently it~~ connection with a proposal for creating an additional section in the Director's Office, it was found that there was no case for the proposal, as the statistics of currents received during the first half year of 1945 did not disclose any increase in the volume of work. In any case, the introduction of compulsory education on a large scale is of recent origin and its effects on the work of the D.P.I's Office has still to be gauged. The Director is requested to state whether the proposal may not be deferred for the present. If not, he is requested to justify ~~he should~~ the proposal with adequate facts and figures.

2 Addl. D.E.Os. for Guntur and Tinnevelly: There are other districts where literacy ranks high and the expenditure on education is heavy e.g. Tanjore, Trichinopoly, Madura, Coimbatore. The D.P.I. is requested to furnish detailed information supported by statistics as to how Guntur and Tinnevelly compare with the above districts. Similar information must ~~may~~ also be furnished in respect of Malabar and Vizagapatam, in each of which ~~where~~ ~~there~~ are two D.E.Os. ~~in each.~~

Sir,

Sub: Strengthening the Directing and Inspecting agencies in the Education Department.

p 17 ante In reply to Government Memo.No.43741-C-45-3, Edn., dated 10-11-45 I have the honour to submit in the annexures the following particulars required by Government:-

pp 23-24 infra (1) A statement showing the distribution of work among the Deputy Directors and the Personal Assistant in this office.

p 20 infra (2) Increase in the number of Secondary Schools in the Province.

p 21 infra (3) Growth of Expenditure on Elementary Education.

p 21 infra (4) Growth of the Budget of this Department.

p 20 infra (5) Number of currents received in this office, and

p 25 infra (6) Number of Schools in each District and the amount of teaching grant disbursed in a year.

pp 20-24 infra 2. Additional Personal Assistant to the Director of Public Instruction.- The statistics furnished in the annexures I to 5 will show that this Department has expanded considerably. It may be observed from the distribution of work among the four officers, (3 Deputy Directors and 1 Personal Assistant) that each of them has full work and no one of them can take more work. It is actually found that the Deputy Director in charge of Finance is unable to cope with the work without overstraining himself. I should explain the nature of the work of the Deputy Director in charge of Finance. The statement of distribution of work indicates in broad outline the subjects dealt with by the Deputy Director in charge of Finance. The opening of each additional Secondary Schools contributes to the increase of work in the following ways:

(1) Permission to open the school
(2) Recognition to the School
(3) Scrutiny of the financial statement for payment of Grant-in-aid.
(4) Papers relating to grants for equipment and play ground.

The large increase in the number of Secondary Schools has thus increased all round the work of the Deputy Director as explained above. I have to mention one other heavy item of work assigned to the Deputy Director (Finance) viz. appeals from teachers in schools under Local Bodies. This requires careful consideration and takes considerable time. The items of work relating to Budget and Control of Expenditure have increased with the growth of the Budget of this Department.

The work of the Deputy Director in charge of Elementary Education has actually increased and will further increase with the introduction of the schemes for compulsion and the training of teachers during the five year period. The increase should not be gauged merely by the number of currents. The various problems tackled by this Department and the time taken by the officers for thinking and planning out schemes are more important

P.T.O.

20

: 2 :

tests than a rough reckoning of the number of currents. I may state that the currents have also increased. There has been a progressive increase in the number of currents in each year. The figures during the first half year of 1945 are not considerable but it has to be mentioned that the first three or four months of the official year are generally vacation months and that the currents received in the 2nd half year will be much more than those in the first half. Having regard to the above facts I request earnestly that the Government may be pleased to sanction the post of an additional Personal Assistant.

3. Additional District Educational Officers for Guntur and Tinnevelly.- The comparative statistics are furnished in the annexure. The figures relate to the year 1944. It may be seen that the figures justify the bifurcation of the two districts. I considered also the bifurcation of the Tanjore District but deferred it for the present. As pointed out by me already the work in these Districts has become too heavy for a single officer. Moreover the District Educational Officers have to be free to do more work in connection with the expansion of Elementary Education. I request that the above proposal may also be sanctioned by the Government.

Dear Mr. Subramaniam,

-115 ante

Ref: D.O.No. 43741.C/ 45.1.Edn. dated 23rd October,1945.

2153

I am surprised to learn that the Director of Public Instruction considers that there is no need to revive the post of the Deputy Directress of Public Instruction. You may remember the post existed some years ago and it was abolished as a measure of ~~tretren~~ retrenchment along with some others. Now not only all other posts have been revived but many more administrative posts in the Education Department have been created. The girls' education has made great strides and as part of Post-War Reconstruction it is going to occupy a more important place. The problems connected with the girls' education are many and they have to be approached with sympathy and understanding. The Deputy Directors, with all their interest, are so much overwhelmed with problems of boys' education cannot in the nature of circumstances, give their attention which girls' education needs. Moreover, opinion that in the High School stage separate schools for girls are necessary is gaining ground. To develop secondary education and to formulate and arrange necessary courses under the system of bifurcation, a Deputy Directress is absolutely necessary. I request the suggestion may be examined again. Perhaps Dr.Savur who is to carry on the administration for some years, may view my suggestion with favour. His opinion may be kindly obtained.

I feel strongly in this matter. So I have ventured to trouble the Government again. When any new post is to be created in the office of the Director of Public Instruction to assist him in regard to Post-war schemes, that post may be that of the Deputy Directress and thus afford necessary assistance to the Director in this important branch of administration.

Thanking you,

Yours sincerely,
R. Suryanarayana Rao

The Director of Public Instruction has proposed the employment of -

(1) an additional Personal Assistant in his office,
(2) an additional Inspectress of Girls' Schools,
(3) an additional District Educational Officer for each of the Districts of Guntur and Tinnevelly.

(1) above.- At present there are three Deputy Directors and one Personal Assistant in the Office of the Director of Public Instruction. The work in the Director's office has increased and will

will steadily increase. Each of the officers has full work and none of them can take more work. The work of the Deputy Directors in charge of Finance and Secondary schools, and Elementary education particularly has increased very much of late, on account of the large growth in the number of secondary schools and the budget provision and the introduction of compulsory elementary education, midday meals to school children, medical inspection etc. To give relief to the two officers the Director recommends the appointment of an additional Personal Assistant in his office.

(2) above:-- Before 1929 there were only 5 Inspectresses of Girls schools. In that year two additional Inspectresses of Schools were sanctioned. As a measure of retrenchment one post of Inspectress was abolished in 1932. Last year the Director proposed the employment of an additional Inspectress and it was sanctioned. There are at present 7 Inspectresses. The average number of schools to be inspected by each Inspectress now is 31 against a standard of 21 schools suggested by the Retrenchment Committee in 1932. The Director has reported that the work of the existing Inspectresses is considerably heavy and that they require immediate relief so that they may do intensive educational work. The addition of one more Inspectress will reduce the average number to 28.

(3) above:-- In support of this proposal the Director has stated as follows:-

"On examining the position in each district I feel that two more Educational Districts should be formed with two District Educational Officers. Guntur and Tinnevelly are the heaviest in the Presidency with a vast jurisdiction and a very large number of schools. The --

~~36~~ 32

-4-

The number of elementary schools in Guntur district is the maximum viz., 2154 and Tinnevelly with 1845 schools comes next. The number of secondary schools in Tinnevelly District is the maximum viz., 41 in the Presidency. Guntur has 33 schools which is also a very large number. *** The Inspection and administrative work of the District Educational Officers Guntur and Tinnevelly has so enormously increased that they are put to considerable strain. With the introduction of the compulsory elementary education scheme, they have to spend more time on the working and expansion of the scheme. The work of each of the District Educational Officers Guntur and Tinnevelly is far too heavy for a single officer.

This department supports the three proposals and recommends that necessary provision may be made in the Budget Estimate for 1946-47 as shown in the summary at the top.

M.V.Subramanian,
14-12-1945.

Sir,

Sub:- Inspection - Headquarters of the District Educational Officer, Tinnevelly East - Selection of.

Ref:- From the Government, telephonic message (by post) dated 28th June 1946.

p.5 ante

1 I have the honour to state that the Divisional Inspector of Schools reports that Tuticorin in Srivaikuntam Taluk is the only central place in the jurisdiction, suitable for the headquarters of the District Educational Officer, Tinnevelly East. In view of the difficulty of securing accommodation at Tuticorin, it is not now possible to shift the office to that place. The District Educational Officer is trying to get a suitable building there.

2 The District Educational Officer however points out that Tinnevelly is more central and that the office may remain at Tinnevelly itself as the new office will have to depend upon the mother office for many matters. But I consider it undesirable to allow an office to be located at a place which is outside its jurisdiction. The office may be moved to Tuticorin as soon as a building becomes available there. In the meantime suitable arrangements have to be made in Tinnevelly itself as explained below.

3. The office is now located at Tinnevelly in a portion of the office of the District Educational Officer, Tinnevelly West. As this entails inconvenience to both the offices, the District Educational Officer, Tinnevelly East has made a proposal to shift his office to a private building at Palamcottah on a rent of Rs.150/- a month. I therefore request the approval of Government to retain the office of the District Educational Officer, Tinnevelly East at Tinnevelly as a temporary measure and to accommodate it in a private building in Palamcottah until it is removed to Tuticorin as soon as a building becomes available there.

I have the honour to be,

MEMO.No. 27538—A-4, dt 17.12.46

Inspection - D.E.O.'s, Guntur and Tinnevelly, and Inspectresses of Girls' Schools - Distribution of work.

Read:- From the D.P.I.,--
CF3 No.1109-A/45, dated 10-6-46.
CF.7 No.4205-A2/46, dated 21-10-46.

The Govt. approve the proposals of the DPI in the letter first read above, for the distribution of work among the D.E.O.'s of Guntur North and South and Tinnevelly East and West and the Inspectresses of Girls' Schools.

~~2. The Rev. and Judl.Hdqrs. of the Srivaikuntam Tk. of the Tinnevelly Dt. is Srivaikuntam. It is seen from the map that this town is centrally situated within the jurisdiction of the D.E.O., Tinnevelly East - rather than Tuticorin. It is also understood that Srivaikuntam is connected by public conveyances to Nanguneri, Trichendur, Tinnevelly and Tuticorin. It is also nearer to Tinnevelly town; if the D.E.O.'s Office is located there, its mother-office at Tinnevelly will be within its easy reach. Further, Srivaikuntam is not a sea-port (like Tuticorin) and, therefore, the difficulty of securing accommodation there would not be very acute.~~ ~~Govt~~.

2. The Govt. also approve the selection of Tuticorin as the future hd. qrs. of the D.E.O., Tinnevelly East. They, however, consider ~~that~~, until the D.E.O.'s office is removed ~~shifted~~ to that town after a bldg. is secured there it need not be temporarily shifted to Palamcottah to a rented bldg.

-2-

In view of these factors, the Dir. is requested to examine the feasibility of shifting the D.E.O.'s Office to this town, instead of to Tuticorin, and to send a report very urgently.

NOTE:-

The proposal in para 2 of the letter at C.F.7 need not, for the present, be appd. A rent of Rs.150 for a private bldg. in a mufassal station, to occupy a small office like that of a D.E.O.'s, seems excessive. The office of the D.E.O., Tinnevelly East, may continue to be located in the bldg. of the D.E.O.'s Office, Tinnevelly West, itself for some more time. The Dir.'s report w.r.t. para 2 of the Memo. above may be awaited. Finance may see before ~~issue~~ circulation.

For many reasons, Tuticorin is the better place as headquarters for the Dt. Educational Officer, and so, orders may be issued approving the selection of Tuticorin for the D.E.O., Tinnevelly East. The rent need not be Rs.150/-. I believe we can get a suitable house below Rs.100 in Tuticorin. The D.P.I. may be asked to make arrangements for the shifting of the office to Tuticorin.

The rent of Rs.150 proposed to be paid by the D.P.I. is for a bldg. at Palamcottah - and not at Tuticorin. The shift to Palamcottah (from the D.E.O.'s Office, Tinnevelly West, Tinnevelly) ~~has been~~ suggested as a tempy. measure till a bldg. is secured at Tuticorin and the office is finally removed ~~to that~~ town. .29317. From Sri R. Suryanarayana Rao, dated 26-6-1945.

Revival of the post of Deputy Directress of Public Instruction.

It is true that a post of Deputy Directress of Public Instruction in the I.E.S. existed from about 1920 up to 1932. In the general quest for retrenchment of public expenditure undertaken in 1932-33, the post of Deputy Directress was held in abeyance, in the first instance, for a period of three years from 9-7-1932, as the post ~~had been~~ was one of the five administrative posts in the D.P.I.'s office that could be given up with the least amount of inconvenience and dislocation of work. Since then, the post has been held in abeyance for a period of one year at a time and with the retirement of Miss Lowe on the 4th May 1945, the post, as an I.E.S. office, has also been abolished. It can be filled as an M.E.S. post whenever the Government want to fill it.

2. Mr. Suryanarayana Rao has suggested the revival of the post. The Director has not asked for the post either

A in his Report on Post-War Education or in any other connection. If the revival is now to be considered, it is first necessary to consult the D.P.I.

B For orders whether the consultation should be made independently of the suggestion made by Mr. Suryanarayana Rao or as one arising from it.

E 30.7.45 S

A. I agree.

The point arising (the discussions in the Committee on the Report had not dealt specifically with the need for increase in staffing of the Inspecting & directing agencies of the Department) considered the point & indicates it will have to be [illegible] when details have to be worked out. 'B' - the D.P.I. may not be consulted about this particular post with reference to the suggestion made by Mr. Suryanarayana Rao.

C.No.43741, From the D.P.I., R.C.No.1109 A/45 dated 29-9-45. pp 11-14 cf

The D.P.I. has submitted the proposals referred to on p.5 c.f. They are examined below:-

Revival of the post of Deputy Directress.- In the circumstances explained by the D.P.I., Government may agree that the revival of the post is unnecessary. A draft letter to Sri Suryanarayana Rao is submitted with reference to the orders above. p 11 cf

2. Employment of an additional Personal Assistant.- In the circumstances explained by the Director at M on p.11 c.f. the necessity for creating an additional Personal Assistant in the scale of Rs.200-700 in the M.E.S. may be conceded. The ultimate cost of the proposal will be about Rs 5,400/- p 11 cf

3 Employment of an additional Inspectress of Girls' Schools.- Before 1929 there were only 5 Inspectresses of Girls' Schools. In G.O.No.616 Law (Edn) dated 29-3-29 two additional Inspectresses of Schools were sanctioned. As a measure of retrenchment one post of Inspectress of Schools was abolished in 1932 - vide G.O.No.1805 Law (Edn) dated 10-12-32. Last year the Director proposed the employment of an additional Inspectress of Schools and it was sanctioned in G.O.No.554 Edn. dated 10-4-45. There are at present 7 Inspectresses of Schools. The average number of schools to be inspected by each Inspectress now is 31 against a standard of 21 schools for each Inspectress suggested by the Retrenchment Committee in 1932. The Director has reported that the work of the existing Inspectresses is considerably heavy and that they require immediate relief so that they may do intensive educational work. The additional of one more Inspectress will reduce the average number to 28. In the circumstances stated by the D.P.I. at P on p.12 c.f. the proposal for the employment of an additional Inspectress of Schools may be supported in this department. The office establishment proposed is in accordance with the usual scale. The ultimate cost of the proposal will be about Rs 12,700/-

It may be noticed that these proposals are only by way of "clearing the decks" for further action in respect of Post-war Plans. They represent urgent requirements in respect of present conditions. The D.O. at p. 3 f contemplates increases with regard to Post-war Plans. There would be a large increase particularly in the number of Deputy Inspectors, pari passu with the opening of schools in large numbers under the Five year Plan; it is expected the DPI's ~~will~~ revised proposals for implementing the 5-year Plan (which are now being worked out with the help of a Special Officer) will take these aspects.

2/ ~~Item~~ Proposal 1 above:- Beyond the general statement that the work of the two Deputy Directors has increased owing to increase in the number of Secondary Schools, Budget work and the introduction of compulsary elementary education, the D.P.I. has not furnished information regarding the total number of schools, expenditure on elementary education and the currents received etc. to examine whether the proposal is justified. There are ~~at present~~ 3 Deputy Directors Inspectors in the D.P.I's office at present and the appropriate course is to distribute the work equally among them. It may be mentioned that recently it was found in connection with the demand for an additional section in the D.P.I's office to cope with increased work that there was no case for the proposal as the statistics of currents received did not disclose any increase in the volume of work. Having regard to this, the case for an additional P.A. seems weak. In any case the introduction of compulsory education is of recent origin and its effects on the work of the D.P.I's office has still to be gauged. Finance may ~~advise~~ advise that the proposal may be deferred for the present.

In view of the increased work on account of war, a P.A. of the rank of Deputy Inspector has been sanctioned for each District Educational Officer. A proposal is separately under consideration to continue these posts in view of the increased ~~of~~ work of D.E.Os. in the post-war period and introduction of compulsory elementary education; ~~and~~ the proposal is being treated as a Part II scheme. With the relief afforded by the P.A., it should not be difficult for the D.E.Os., Guntur and Tinnevelly, to manage the work and the case for the appointment of an additional D.E.O. for each of the two districts does not seem strong. The proposal may be deferred until more experience is gained in regard to the increase of work in the post-war period.

His proposal has not yet been approved in circulation
WS

If, however, E.&.P.H. press their proposal, it may be mentioned, there are other districts ~~whichxliteralIyx~~ where literacy ranks high and the expenditure of on education is heavy e.g. Tanjore, Trichinopolly, Madura, Coimbatore. E.&.P.H. may be requested to obtain, in the first instance, detailed information supported by ~~the~~ statistics as to how Guntur and Tinnevelly compare with the above districts. Similar information may also be obtained in respect of Malabar and Vizagapatam, where there are 2 D.E.Os. in each.

His may be done, apart from the question of PAs & the DEOs
WS

If the above suggestions are accepted, it will be sufficient for the present to consider only the appointment of an additional Inspectress of schools. The extra cost ~~of~~ on account of the proposal will be Rs. 16,843/- ~~15,600/-~~ per annum recurring. E.&.P.H. may be requested

Please see the D.P.I's letter on pages 19-20 cf and its enclosures on pp 20-25 cf. Addl.P.A. to the D.P.I.

From the statistics given by the D.P.I. on pp.20-21 c.f. it will be seen that there has been a steady increase in the number of Secondary Schools in the Province, in the number of currents and periodicals received in the D.P.I's office and the total expenditure under education and the amount of expenditure incurred on elementary education. It, therefore, seems that there is a case for an addl. P.A. in the D.P.I's office. It may be noted

---

Separate file

in this connection that the D.P.I. has separately pressed for the employment of addl. staff in his office on account of the increase in the volume of work.

Addl. D.E.Os. From the statement on page 25 c.f. it will be seen that while the amounts of grant disbursed by the Offices of the D.E.Os. Guntur, and Tinnevelly are less than those disbursed by North and South Malabar, the total number of schools in the former two districts are more than those in the latter two districts. Compared to other districts the work in the districts of Tinnevelly and Guntur seems rather heavy. The Director's proposal to have an addl. D.E.O. for each of the two Districts may be supported in this department. //The file may be sent to Finance Dept. for remarks before circulation.

2 Item (1) above: The D.P.I has merely given details of distribution of work among the three Dy. Directors and the P.A. and has reiterated the statement that the Dy. Director, Finance, needs relief. The increase in the number of schools is not large (800 in 1945 against 758 in

In I on p 20 CF

1944 and 735 in 1943). At any rate, increase in correspondence on account of the opening of new schools etc should have been reflected in the number of Currents received in the office. The statistics in this regard, however, do not support the view that the work has increased. As regards increase in expenditure, it may be pointed that the grant of war and dearness allowances to Govt. servants would have largely contributed towards increase in expenditure. In the circumstances, it is for orders whether this dept. may adhere to the view that the case for the appointment of an addl P.A. is weak and that the proposal may be negatived.

It is, however, subsd. that communications in Guntur and Tinnevelly dts should be more easy than in the Visagapatam and Malabar dt. Consequently, D.E.Os in the former districts should be able to inspect more schools in a given period than those in the latter districts. At any rate, Tinnevelly cannot have much claim for an addl D.E.O, when statistics of North & South Malabar are taken into account. This dept. may suggest that an addl D.E.O. for this dt. be refused. As the number of schools in Guntur dt. exceed 2,200, Fin. may agree for an addl D.E.O. for that district.

(Notes on Part II schemes are due in this dept. on 14.12.45)

Guntur may have one. Tinnevelly is rather more doubtful. But Fin. need not object.

Finance may agree with E & PH that the necessity for the appointment of Personal Assistants to the bifurcated districts of Guntur and Tinnevelly may be considered after the report called for in para 2 of Go 672 Edn d 28.3.46 is received. It seems however, ~~necessary~~ desirable to inform the D.P.I accordingly, so that he may not ask for appointment of P.As to these districts when he submits proposals for redistribution of work in these districts.

To The Secretary to the Government of Madras,

Education and Public Health *Department.*
Fort St. George, Madras.

Sir, pp37-38

I have the honour to state that in G.O.No. Ms.818-Education dated 16th April 1946 Government sanctioned the post of an additional District Educational Officer for Guntur District. The present jurisdictions of the two District Educational Officers, Guntur North and South as reported in my letter R.C.No.1109-A/45 dated 10.6.1946 and the number of schools under the jurisdiction of each District Educational Officer are furnished below:

1. District	Guntur North	Guntur South
2. Jurisdiction over Taluks:	1. Palnad 2. Sattenapalle 3. Guntur 4. Tenali 5. Repalle.	1. Ongole 2. Bapatla 3. Narasaraopet 4. Vinukonda.
3. No. of Schools:-		
(a) Elementary	1154	1074
(b) Secondary	42	21
(c) Training	4	3
(d) Special	1	1

(P.T.O.)

66

The Divisional Inspector reports that a redistribution of work between the District Educational Officers, Guntur North and South, is necessary as the number of Secondary schools in Guntur North is large and as the District Educational Officer finds it difficult to conduct the annual inspection of these schools in addition to heavy correspondence and other special work. The number of Secondary and Training schools under the jurisdiction of the Guntur North is 47 as against 25 under the jurisdiction of the Guntur South. 80 Elementary Schools are also in excess of the number under the jurisdiction of the District Educational Officer, Guntur South. 47 Secondary and special schools are too many for one officer and in the interest of efficiency, I consider it necessary to redistribute the jurisdiction of the District Educational Officers, Guntur North and South, by removing Repalle Taluk from the jurisdiction of the District Educational Officer North and including it in the jurisdiction of the District Educational Officer, Guntur South. Repalle Taluk is adjacent to Bapatla Taluk and the route to schools in Repalle taluk, it is reported, may be taken either through Nidubrolu of Bapatla Taluk or Tenali Taluk. The transfer of a taluk other than Repalle is not feasible and will not give the relief necessary for the District Educational Officer, Guntur North.

The number of schools under the jurisdiction of the District Educational Officers Guntur North and South after the redistribution of jurisdiction suggested above will be as follows:-

District	**Guntur North.**		**Guntur South.**	
	Palnad, Sattenapalli, Guntur and Tenali Taluks.		Repalle, Ongole, Bapatla Narasaraopet and Vinukonda taluks.	
Jurisdiction: No. of schools				
Elementary	948		1280	
Secondary Schools	35	38	28	34
Training Schools	2		5	
Special Schools.	1		1	

The number of elementary schools is on the increase in Guntur South and this increase will not affect the work of the District Educational Officer as the elementary schools are under the direct control of the Deputy Inspectors. In the circumstances I request that Government may be pleased to approve of my proposal for the redistribution of the jurisdiction between the District Educational Officers, Guntur North and South as recommended above.

Sub:--Accommodation--Office of the District Educational Officer, Tinnevelly East--shifting of Headquarters to Tuticorin--Dropping of--Proposals submitted.

27538

In their memorandum No.27838-A4 Edn. dated 17-12-48 Government approved the slection of Tuticorin as the Head quarters of the District Educational Officer, Tinnevelly East.

The Divisional Inspector of Schools, Madurai, has reported that it has been found very difficult to get a suitable accommodation for the office in Tuticorin. It has also been reported that Tinnevelly is more centrally located than Tuticorin is, and that it is more convenient to continue the Office in Tinnevelly itself.

The Office is now accommodated in Tinnevelly in a Public building viz the old District Judges Quarters involving no expenditure from public funds. But if the Office is to be shifted to Tuticorin it will entail expenditure on rent etc., In the circumstances I am inclined to allow the Office to continue in Tinnevelly itself as a permanent measure. I therefore request that you may kindly approve the selection of Tinnevelly as the headquarters of the Office of the District Educational Officer, Tinnevelly East for the main reasons that a suitable public building has been secured for the Office and that Tinnevelly is as central as Tuticorin.

Yours faithfully,

For Director of Public Instruction
