(3) The Government sanctioned the employment of an Assistant Lecturer in Urdu in the Government Muhammadan College in connection with the opening of group D in the Intermediate. The additional expenditure will be met by re-appropriation and a token sum of Rs. 100 is included as the expenditure is on a "new service".

(4) The Government approved the Director's proposal to provide for the teaching of French in the Government College, Coimbatore, and the employment of an Assistant Lecturer for the purpose. The additional expenditure will be met by re-appropriation and a token sum of Rs. 100 is included as the expenditure is ona "new service".

(5) The Government sanctioned the employment of certain additional staff in the Queen Marry's College Madras in connection with the increased admissions into the college. The entire expenditure will be met by reappropriation and a token sum of Rs. 100 is included as the expenditure is on a "new service

(6) The Government approved the Director's proposal to provide for the teachingof Household Arts as an optional subject in the Intermediate in the Queen Marry's College, Madras and

and sanctioned the staff and other incidental expenditure necessary for the purpose. The additional expenditure will be met by re-appropriation and a token sum of Rs.100 is included as the expenditure is on a "new service".

(7) The Government sanctioned the opening of a degree course in Highway Engineering in the College of Engineering, Guindy, and the necessary staff, equipment &c., therefor. The additional expenditure will be met by reappropriation and a token grant is included as the expenditure is on a 'new service'.

Go No 945 Edn 23.6.45 (C)

(8) The Government sanctioned the opening of a degree course in Electrical Communications Engineering in the Engineering College and the necessary staff. The additional expenditure will be met by re-appropriation and a token grant is included as the expenditure is on a "new service".

Go 1176 Edn 1.8.45 (HH)

(9) The Government permitted Sri K.Srinivasan, Professor of Electrical Engineering, College of Engg., Guindy, to conduct research work in optimum wireless frequencies and other wireless data and sanctioned the purchase of equipment necessary therefor. As the expenditure is on a "new service" a token sum of Rs.100 is included.

Go not publd.

(10) The Government sanctioned the opening of a College of Technology called the "Arthur Hope College of Technology" at Coimbatore and the necessary staff and equipment &c for the college. The extra amount required will be met by reappropriation anda token sum of Rs.100 is included as the expenditure is on "new service".

Go not publd.

(11) The Government approved the proposal of the D.P.I. to grant stipendsto poor girls reading in standards IV and V in aided ele. schools for boys in certain backward districts. ~~But as the order takes effect from 1-1-46~~ A token sum of Rs.100 is included as the expenditure is on a "new service".

Goto: 182 Edn 25.1.46 (E)

(12) The Govt. approved the proposal of the D.P.I. that in the case of aided ele. schoolshaving 10 sections or more grant might be assessed for an addl. teacher. The extra expre., will be met from the normal allotment for grants for these schools. As the expre. is on a "new service" a token sum of Rs.100 has been included.

Goto: 93 Edn 11.1.46 (F)

(13) The Govt. sanctioned a grant of Rs.43,100 to the Y.M.C.A. College for the construction of a swimming pool. They also sanctioned the payment of a half grant not exceeding Rs.79,175/- to the Madras college towards certain items of improvements in the college. The extra expenditure will be met by re-appropriation and a token sum of Rs.100 is included as the expenditure is on a "new service".

Go not publd. (B)

(14) With a view to encourage managements of private aided institutions to pay dearness allowance to their staff at rates admissible to Govt. servants the Govt. directed that the expre. incurred by the managements on payment of the allowance at rates not exceeding those admissible to Govt. servants in assessing teaching grants payable to them should be taken into account under the provisions of the Grant-in-Aid Code instead of upto one half of the rates as was done till now and that grants should be disbursed in the current year on this basis with reference to the expenditure incurred by them in 1944-45. The additional ultimate expenditure is Rs.10.56 lakhs recurring and the expenditure in the current year is Rs.3.88 lakhs. As the expenditure is on a "new service" a token sum of Rs.100/- is included in the supplementary estimate.

Govt (G)

(15) The amount of subsidy payable to each local body towards the cost of maintenance of secondary schools was fixed at a lump sum in 1931. As there has been a rise in the number of secondary schools maintained by "poorer" district boards proportionately with the general rise all round in the number of such schools since the subsidies were fixed and such a rise entails a comparatively greater strain on the resources of poorer district boards the Govt. sanctioned additional subsidy to six selected district boards. As this is a "new service" a token sum of Rs.100/- is included in the supplementary estimate.

(J)

(16) The Govt. sanctioned a subsidy not exceeding Rs.37,500 to the Ml. Cl. Guntur, towards one half of the actual cost of the purchase of Science equipment and furni for the Lady Hope Municipal College in the current year. this is a "new service" a token sum of Rs.100 is included in the supplementary estimate.

Go no. 42 Edn 8.1.46 (K)

(17) The Govt. have sanctioned the introduction of

(XXII)

compulsory education in selected villages in each District in the current at a cost of Rs.20 lakhs. With a view to enabling the children attending schools in the compulsory areas to derive the full benefit of the education imparted to them in schools the Govt. have decided that books and slates should be supplied to such of these children as are poor and have undertaken to sanction subsidies to Dt. Bds. towards the expre. involved on the supply of books and slates. The subsidy will be paid from the appropriation of Rs.20 lakhs made for the compulsory education scheme. As the expenditure has been treated as one on a "new service" a token sum of Rs.100/- has been included in the supplementary estimate.

(18) The Govt. have sanctioned the opening of training classes in four centres in the Presidency for the training of about 200 soldiers as H.E. grade teachers. The extra cost if any in the current year on account of these classes will be met from the existing budget allotment. As the expenditure is treated as one on a "new service" a token grant of Rs.100 has been included in the supplementary estimate.

(19) Please see ~~item~~ the remarks under item (14) overleaf. Sanction was accorded to pay dearness or war allowance to the staff employed in European and Anglo-Indian Schools governed by the Code of Regulations for European and Anglo-Indian Schools at the full rates admissible to Govt.servants ~~and~~ the entire expenditure on it ~~xhx to be~~ being taken into account as an item of admissible expenditure for the purpose of sanctioning grants to the managements. The additional ultimate expenditure is Rs.2,12,700/- and the recurring expenditure in the current year is Rs.67,400/-. As the expenditure has been treated as ~~one on~~ a 'new service' a token sum of Rs.100/- has been included in the supplementary estimate.

2/ The D.P.I. has surrendered a large amount under Grant XV. The Finance Dept. may be requested to say whether the amounts required under items (1) and (2) above may not be met from savings surrendered and a token grant obtained in respect of these items also. (ii)	Do. ..	Do. ..	C. Maintenance of Municipal and Union Surveys— 2. Other charges		24,000
(iii)	Do. ..	c. Assignments and Compensations.	C. Other charges		27,000
			Total		70,600

Explanatory Note.

Items (i) *and* (ii).—The increase is due to higher rates of dearness and war allowances.

Item (iii).—The additional appropriation is needed mainly to meet the increased payments to local bodies on account of fishery rentals, tree-tax and ground-rent.

A lease of certain lands in Tanjore district was cancelled by the Government. On the lessee's application, the Government sanctioned the payment to him of a sum of Rs. 1,158-14-0, which was the estimated net loss incurred by him as a result of the cancellation of the lease. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required in the current year has been met from savings within the grant.

(2) GRANT II—PROVINCIAL EXCISE.

Estimate of the amount required for further expenditure.

	RS.
Authorised	4,81,800
Total of sums charged	*1,13,600*

Summary.

	Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of expenditure for 1945-6. Charged.	Authorised.
	(1)	(2)	(3)	(4)	(5)
				RS.	RS.

			(2) 3. Allowances and honoraria. ..		3,25,600
			(3) 4. Contingencies..		13,000
(ii)	Do.	e. Compensations ..	A. Indian States and other Governments.	*1,13,600*	1,30,000
			Total ..	*1,13,600*	4,81,800

Explanatory Note.

Items (i) (1) *and* (i) (3).—The actual expenditure is somewhat larger than was anticipated in the budget. The estimate is based on the latest actuals.

Item (i) (2).—The increase is due to higher rates of dearness and war allowances.

Item (ii).—The additional expenditure is due to the large increase in the exports of spirituous preparations, etc., on which duty is refunded to the Governments into whose jurisdiction the imports are made.

(3) GRANT III—STAMPS.

Estimate of the amount required for further expenditure.

	RS.
Authorised	74,900
Total of sums charged	*Nil.*

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1945-6. Charged.	Authorised.
(1)	(2)	(3)	(4)	(5)
			RS.	RS.
9. Stamps—Non-Judicial.	a. Charges for the sale of stamps.	A. Ordinary areas—2. Mufassal ..	..	74,900

Explanatory Note.

The estimate is based on the latest actuals and includes a sum of Rs. 20,000 as additional discount to stamp vendors owing to the sale of stamps of higher denominations as a result of the levy of the surcharge duty on transfers of property in the mufassal with effect from 30th October 1945 and the increase in the rate of the duty in Madras City from 1st January 1946.

(4) GRANT IV—FOREST.

Estimate of the amount required for further expenditure.

	RS.
Authorised	10,04,800
Total of sums charged	*42,800*

Summary.

	Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1945-6. Charged.	Authorised.

(xii)	Do. ..	d. Charges in England.	D. Post-war Reconstruction—Training in the United Kingdom and the United States of America— Stipends	..	1,200
			Total ..	*42,800*	10,04,800

Explanatory Note.

Item (i).—The increase is mainly due to the payment of war allowance to officers.

Item (ii).—The increase is mainly the result of extraction of larger quantities of sandalwood, hardwood logs and firewood in certain divisions. Payment in the current year of certain transport charges, etc., relating to previous years also contributes to the increase. The additional appropriation also includes expenditure on hay and silage making, which is on a "new service".

Item (iii).—The increase is mainly due to higher rates of dearness allowance.

Item (iv) (1).—The increase results mainly from the rise in the cost of labour and the provision required for the following items of work :—

(*a*) Metalling of the road from Adivaram to Muthukulam dam site in Palghat.
(*b*) Construction of new roads in the Javadis in the Vellore West and East Divisions.
(*c*) Completion of the Thenkara-Attapadi and Silent Valley road in Palghat.
(*d*) Metalling of the Kanamallepalle-Mandapampalli roads in the Cuddapah North Division.
(*e*) Improvements to the Ballepalli-Kangumalugu road aud the Rajampet-Tummalabylu road in the Cuddapah South Division.
(*f*) Extension of the Godikota Valley road in the Cuddapah South Division.
(*g*) Repairs to roads in the Tunacadavu and Pollachi Ranges.

The expenditure on item (*a*) above is on a "new service".

Item (iv) (2).—The increase is mainly due to the higher prices of building materials and to the provision made for the following items of work :—

(*a*) Special repairs of some buildings in Coimbatore, Salem and Bellary Circles.
(*b*) Acquisition of land for constructing subordinates' quarters at Nilambur.
(*c*) Improvements to the Forest dispensary at Nilambur.
(*d*) Construction of a garage to the circuit house at Nilambur, of a settlement at Basavapuram and of quarters for subordinates at Kotagiri, Ponnakandam, Mudungayar and Parasugoundapalayam.
(*e*) Repairs to the pump and pipe-line at Manantoddy.
(*f*) Completion of the drain in the Forest Colony at Bishopsdown.
(*g*) Construction of wells at Basavapuram and in the rest-house compound at Dornal.
(*h*) Extension of the telephone line in the South Coimbatore Division.

Item (v).—The additional appropriation is required mainly for planting operations in the Hagari Plantation Division.

Item (vi).—The additional appropriation is required for carrying out fuel planting operations mainly in the Chingleput, Madura and Trichinopoly Casuarina Divisions. The expenditure is on a "new service".

Item (vii).—The Government approved the proposals of the Chief Conservator of Forests that eight candidates might be selected for appointment by direct recruitment as Assistant Conservators of Forests and that these candidates should not be ousted from service when war service personnel become available for appointment as Assistant Conservators but should be retained in temporary vacancies or as supernumerary officers if there were no such vacancies. They have also sanctioned certain staff to assist the Conservator on special duty in connexion with further forest reservation. As the expenditure on each of the items is on "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (viii).—The increase under "charged" is mainly due to the payment of war allowance to officers. The increase under "authorised" is due to the higher rates of dearness and war allowances and to the payment of travelling allowance to the temporary Conservator on special duty and his staff for the full year.

Item (ix).—The Government sanctioned the grant of a sum of Rs. 500 to each of the serving Foresters deputed in 1945 for training at the Madras Forest College, Coimbatore, for the purchase of the compulsory initial equipment required during the course of training. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (x).—The appropriation is required on account of the re-opening of the Madras Forest College, Coimbatore. The expenditure is on a "new service".

Item (xi).—The increase is mainly due to the higher rates of dearness allowance paid to menials and to the larger provision required under 'service postage and telegram charges' in connexion with fuel supply.

Item (xii).—The amount represents the stipends on account of two Assistant Conservators deputed for technical training in the United Kingdom and the United States of America.

		Total ..	*8,000*	25,14,900

Explanatory Note.

Item (i).—The additional appropriation is required for the payment to local bodies of the net proceeds from the Entertainments Tax, which have been ordered to be assigned to them with effect from 1st April 1945.

Item (ii).—The additional appropriation is required to meet the cost of stamps obtained from the Security Printing Press, Nasik.

Item (iii).—The additional appropriation is required for the payment to the Madras Race Club of the commission of one per cent on the total amount collected by it every year as betting tax from book-makers. No provision was made on this account in the budget for the year.

Item (iv) (1).—The increase is due to the appointment of an Indian Civil Service Officer as the Additional Joint Secretary to the Board of Revenue.

Item (iv) (2).—The increase is due to the appointment of additional staff and to higher rates of dearness and war allowances. The additional appropriation required is Rs. 1,85,200, out of which Rs. 31,900 has been met from savings within the grant.

Item (iv) (3).—The increase is due to the appointment of additional staff in the Commercial Taxes Department and the purchase of additional record racks in the Commercial Tax Offices.

Explanatory Note.

Item (i).—The additional appropriation is required to carry out urgent protective works, to meet expenditure on higher rates of dearness allowance and for the execution of special repairs to Gannavaram aqueduct.

Items (ii) *and* (iii).—The additional appropriation is required for urgent special repair works, higher rates of dearness allowance and increased cost of labour and materials.

Item (iv).—The additional appropriation is required to carry out extensive repairs to drains.

Items (v) *to* (xi), (xiii), (xxi) *and* (xxxii).—The additional appropriation is required to provide for higher rates of dearness allowance, the completion of certain urgent works and other inevitable payments.

Items (xii), (xxii), (xxxiii), (xxxiv), (xlv) *and* (lvi).—The additional appropriation is based on actual requirements.

Items (xiv) *to* (xviii), (xxv) *and* (xxvi).—Owing to favourable weather conditions, there was good progress on these works and consequently larger payments are expected.

Items (xix) *and* (xxiii).—The additional appropriation is required to provide for higher rates for earthwork and higher rates of dearness allowance.

Item (xx).—The additional appropriation is required to carry out a sanctioned work and for higher rates of dearness allowance.

Items (xxiv) *and* (xxvii).—The additional appropriation is required to provide for urgent repair works.

Items (xxviii) *and* (xxix).—The additional appropriation is required to provide for the repair of damages caused by the severe cyclone of October 1945.

Item (xxx).—The additional appropriation is required for completion of the work in the current year.

Item (xxxi).—The additional amount is required to provide for certain urgent works.

Item (xxxv).—This is a Grow More Food work sanctioned by the Government. As the expenditure is on a "new service", a token sum of Rs. 100 is provided. The balance of the amount required in the current year has been met from savings within the grant.

Item (xxxvi).—The additional appropriation is required for certain special repair works.

Item (xxxvii).—The additional appropriation is required for urgent flood repair works.

Item (xxxviii).—The additional appropriation is based on the modified grant for the Cauvery Delta System under Maintenance and Repairs.

Items (xxxix) *to* (xlii).—The additional appropriation is required in connexion with the investigation of the Ramapadasagara Project, the Poondi Research Institute, the Kattalai high level channel and other schemes. In connexion with the investigation of the Ramapadasagara Project, the Government have also sanctioned revenue staff at a cost of about Rs. 78,700.

Items (xliii) *and* (xliv).—The additional appropriation is required for extensive conservancy and flood repair works necessitated by the damage caused by the severe cyclone of October 1945.

Item (xlvi).—The additional appropriation is required to meet increased expenditure not anticipated at the time of framing the budget and for the construction of wells in land colonies to be established for ex-service men.

Items (xlvii) *to* (xlix) *and* (li) *to* (liii).—The increase is due to the large number of repair works undertaken during the current year in the districts of Nellore, Chingleput, North Arcot, Madura and Salem, the execution of works undertaken under the Madras Irrigation Works Act, 1943, and the enhanced schedule of rates now prevailing.

Item (l).—The increase is mainly due to higher rates of dearness allowance.

Item (liv).—The additional appropriation is required to meet the expenditure on the work, which has since been transferred from "68. Construction of irrigation, etc., Works" to "19. Construction of Irrigation, etc., Works."

Item (lv).—This is a new work sanctioned by the Government under the Grow More Food Campaign. As the expenditure is on a "new service", a token sum of Rs. 100 is provided. The balance of the amount required in the current year has been met from savings within the grant.

Explanatory Note.

Interest on Permanent Loans—Madras Government 3 per cent loan, 1953, and 3 per cent loan, 1958.—In 1944–5 a large amount of interest was left undrawn by holders of the scrip. It is anticipated that most of this will be drawn during the current year.

Interest on Permanent Loans—Madras Government 3 per cent loan, 1960.—Discount on loans and other items.—The charges are those relating to the new loan raised during the year. No provision was made for them in the budget for 1945–6.

Transfers—Deduct—Interest transferred to Commercial Departments.—Owing to reduction in the total capital outlay on which interest is charged, it is now anticipated that the amount debitable to the Commercial Departments by credit to this head will be less than that originally provided for in the budget.

		Total ..	*1,51,600*	2,65,300

Explanatory Note.

Item (i) (1).—The increase is due to the grant of war service increment to the Commandant of the Bodyguard.

Item (i) (2).—The increase is due to the supply of rations to the Bodyguard at the cost of the Madras Government from 1st December 1945, as the Bodyguard ceased to be employed on defence duties under the War Department and the supply of free rations by the War Department therefore ceased.

Item (ii).—The increase is due to higher rates of dearness and war allowances.

Item (iii).—The increase is due to higher rates of dearness and war allowances and increased cost of commodities.

Item (iv) (1).—The increase is the result of the transfer from " 64. B. Civil Defence " to this head of two-thirds of the pay of the Deputy Secretary to Government, Public Department, owing to the closure of A.R.P. measures.

Item (iv) (2).—The increase is due to higher rates of dearness and war allowances, payment of holiday travelling allowance to the staff and travelling allowance to non-official members of the Post-war Reconstruction General Committee and the adjustment of the cost of furniture purchased from the Director of Civil Defence.

Item (v) (1).—The increase is due to the employment of an Additional Assistant Secretary in the place of Under Secretary for the period from 9th July 1945 to 18th September 1945, and to the permanent Assistant Secretary going on leave for two months.

Item (v) (2).—The increase is due to higher rates of dearness and war allowances and the purchase of a new bicycle and accessories and repair of furniture.

Items (vi) (1) *and* (vi) (2).—The increase arises from the employment of an Additional Assistant Secretary and subordinate staff to cope with the increase of work in the department.

Item (vi) (3).—The increase is chiefly due to higher rates of dearness and war allowances and the purchase of furniture for the additional staff.

Item (vii) (1).—In order to cope with the increase of work, the Government have sanctioned the employment of an Additional Assistant Secretary and necessary subordinate staff. As the expenditure is on a " new service ", a token appropriation is included in the supplementary estimate.

Item (vii) (2).—The additional appropriation is required on account of higher rates of dearness and war allowances and increased expenditure under contingencies.

Items (viii) (1) *and* (viii) (2).—These amounts represent the pay and allowances of the present Secretary for whom provision has to be made under ' charged. '

Item (ix).—Payment of higher rates of dearness allowance to menials, larger expenditure on telephones, purchase of books for the Secretariat Library and on postage in connexion with election work account for the increase.

Item (x) (1).—The additional appropriation is required mainly on account of higher rates of dearness and war allowances and increased expenditure on payment of rental, call charges, etc., to the Telephone Department.

Item (x) (2).—The additional appropriation is required on account of higher rates of dearness and war allowances and the employment of five additional temporary junior assistants for a period of three months.

Item (xi) (1).—The increase results from the conversion of the post of Special Development Officer first into that of a Joint Secretary on a higher scale of pay and then into that of Additional Secretary (Planning and Development) and the creation of the post of Industrial Adviser during the year.

Item (xi) (2).—The increase is due to expenditure on travelling allowance of the Industrial Adviser, for which no provision was originally made, and to the increased touring of the other officers.

Item (xii) (1).—The amount represents the pay of the Special Officer, for whom provision was made in the budget under " charged ".

Item (xii) (2).—The increase is due to the conversion of a post of steno-typist to that of an upper division clerk and the employment of an additional upper division clerk.

Item (xii) (3).—The increase is due to the provision required for the travelling allowance of the Special Officer under " authorized " and increased expenditure under contingencies.

Item (xiii) (1).—The increase is due to the leave taken by the Chairman and the permanent Secretary of the Commission and to the appointment of an Additional Assistant Secretary for work connected with the recruitment of war service candidates.

Item (xiii) (2).—The increase is due to higher rates of dearness and war allowances.

Item (xiv) (1).—The increase is due to the appointment of a Special Officer in connexion with a proposal then under consideration to levy Agricultural Income-tax and the transfer of debit of the cost of the Statistical Branch from " 64. B. Civil Defence " to this head.

Item (xiv) (2).—The increase is due to the transfer of debit of the cost of the Statistical Branch from " 64-B. Civil Defence " to this head, the employment of additional staff and the grant of officiating allowance to lower division clerks on promotion to upper division.

Item (xiv) (3).—The increase under ' charged ' is due to the grant of war allowance, for which no provision was made in the budget for 1945-6. The increase under ' authorized ' is due to higher rates of dearness and war allowances, purchase of calculating machines and additional furniture in the Board's office and in the Statistical Branch and expenditure on the printing of a fodder and grazing atlas.

Explanatory Note.

Item (i) (1).—The increase is due to the re-employment of listed post-holders as Collectors and the employment of Deputy Collectors as acting Collectors in I.C.S. vacancies.

Item (i) (2).—As the cost of living in the Saidapet Municipal and Sembiam Panchayat Board areas was as high as in Madras City, the Government decided in March 1945 to treat these areas as on a par with Madras City for the purpose of special allowances. Government servants who were employed in Government offices and institutions in these areas and in the Engineering College, Guindy, and in Madras City and resided in the above areas or within the municipal limits of Madras City, were granted Madras House Allowance, or Presidency Allowance, as the case may be. These allowances could not be drawn by certain Government servants who were drawing pay in the pre-1933 scales of pay which were not common for Government servants employed in the City and in the mufassal. These classes of Government servants employed in the above areas were, therefore, permitted to draw with effect from 1st April 1945 the corresponding pre-1933 City scales of pay, particulars of which are given below. The extra cost involved under this sanction will be distributed under several heads of account as Government servants eligible for this concession are employed in various departments of Government. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Items (i) (3) *to* (i) (5), (ii), (iv) (1) to (iv) (5), (v) (1) *to* (v) (4), (vi) *and* (vii).—The increase is chiefly due to the following causes :—

(1) Employment of staff for derequisitioning work for the Central Government, for reclassification of irrigation sources in the Cauvery-Mettur Project area, Tanjore district, and for preparation of a list of assessees under the proposals for the levy of agricultural income-tax which were under consideration. The cost of the staff employed for derequisitioning work will be recovered from the Central Government in full.

(2) Grant of dearness allowance to village establishments and higher rates of dearness and war allowances to Government servants and increased expenditure on travelling allowance and on remuneration to copyists and examiners.

(3) Increased expenditure under service postage and telegrams owing to the increase in the volume of correspondence relating to post-war problems and price control.

(4) Outbreak of plague in Harpanahalli town.

The Government have decided that officers of the Indian Services who visit the United Kingdom on key leave and who are detained in that country beyond six months through no fault of their own and on that account become liable to United Kingdom income-tax should be given a refund of a sum equal to the additional income-tax actually paid by them. The concession will apply with retrospective effect to all officers who were granted key leave after the 1st February 1944 and is subject to certain conditions. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate under item (i) (5).

Item (iii).—The amount represents the additional appropriation required to meet the expenditure on the following schemes which are "new services" :—

(*a*) Creation of the post of Deputy Director of Resettlement and Employment of the rank of a District Collector ;

(*b*) Staff for the maintenance of Ex-servicemen's Centres ; and

(*c*) Schemes for the establishment of ex-servicemen's land colonies in the following places :—

(i) Kalavapudi in West Godavari district ;

(ii) Siddarampuram and Bukkarayasamundram in Anantapur district ;

(iii) Sennaleri and Enadavadi in North Arcot district ;

(iv) Gangaikondan in Tinnevelly district ; and

(v) Manivilundan in Salem district ;

and also the expenditure on the proposed ex-servicemen's colony in Piduguralla in Guntur district.

Item (viii) (1).—The amount represents the additional expenditure incurred on the special staff employed in Salem district for investigation work connected with land colonization schemes for ex-servicemen in that district.

Items (viii) (2) *and* (viii) (3).—The Government have decided that the expenditure relating to the special revenue staff for the acquisition of land for the Wynaad and Araku Valley Land Colonization schemes should be debited to "25. General Administration—District Administration and Miscellaneous—u. Other Establishments." The amounts required for expenditure in 1945-6 under the various sub-heads are indicated in the summary above.

Item (ix).—The increase is due to the transfer from '64-B. Civil Defence' to this head of the expenditure on "Hope Cultural Centres" in certain villages.

Item (x).—In connection with the enquiry into rural indebtedness the Government have sanctioned the employment of additional staff. The total additional appropriation required is Rs. 19,900. The expenditure is on a "new service."

Item (xi).—The additional appropriation of Rs. 56,300 is required to meet the anticipated additional expenditure on the grant of subsidies to ryots for the reclamation of lands in the Cauvery-Mettur Project area in Tanjore district and on the reclamation of lands for wet cultivation in Trichinopoly district, after allowing for the recovery of a portion of the cost from the Government of India.

Item (xii).—The additional appropriation of Rs. 4,200 is required to meet the further expenditure on account of the grant of subsidies under the accelerated scheme for the sinking of new wells introduced in February 1946 in the districts of Chingleput, North Arcot, South Arcot, Chittoor, Vizagapatam, Nellore and Salem and the Ceded Districts, after allowing for the recovery of a portion of the cost from the Government of India.

Explanatory Note.

Items (i) *and* (ii).—The additional appropriation is necessary to meet increased expenditure due to higher rates of dearness and war allowances.

Item (iii) (1).—The additional appropriation is necessary on account of the employment of Additional Magistrates and staff in many districts. The expenditure on the following schemes is on a "new service":—

(*a*) Employment of temporary Additional Assistant Public Prosecutors in the districts of Guntur, Tanjore and Bellary;

(*b*) Employment of peons for all Assistant Public Prosecutors; and

(*c*) Employment of lower division clerks to assist the Senior Assistant Public Prosecutor, Grade I, in each district.

Item (iii) (2).—The additional appropriation is necessary on account of higher rates of dearness allowance for the staff in Criminal Courts and increased expenditure under travelling allowance.

Item (iii) (3).—The additional appropriation is necessary to meet the increased expenditure under contingencies due to higher rates of dearness allowance for the menial staff paid from contingencies and to meet increased expenditure on account of the appointment of additional magistrates and staff, Additional Assistant Public Prosecutors and clerks to Senior Assistant Public Prosecutors.

Item (iii) (4).—The additional appropriation is necessary to pay the larger amount of compensation due to local bodies and others in lieu of magisterial fines.

Explanatory Note.

Item (i) (1).—The increase is due to changes in personnel and payment of charge allowances.

Items (i) (2) *and* (iii).—The increase is due to higher rates of dearness and war allowances.

Item (ii) (1).—The additional appropriation arises from higher rates of dearness and war allowances and the payment of rewards to Police officers.

Item (ii) (2).—The additional apppropriation results from larger expenditure under rates and taxes, electric current, rent for private quarters, good conduct pay to police telephone operators and purchase and upkeep of horses. The purchase of V.H.F. radio equipment has also contributed to the increase.

Item (iv).—The increase is due to changes in personnel and higher rates of dearness and war allowances.

Item (v) (1).—The token sum is on account of the creation of a post of Deputy Inspector-General, Administration, in the office of the Inspector-General of Police. The expenditure is on a "new service."

Items (v) (2), (vi), (viii), (x), (xi) (1), (xi) (3), (xii) (1), (xii) (2) *and* (xiii) (1).—The additional appropriation is based on the latest actuals and the probable requirements for the year.

Item (vii) (1).—The additional appropriation is made up of four token sums of Rs. 100 each on account of the following items, which are "new services" :—

(1) Employment of additional police staff as a result of the reorganization of the Bapatla and Tenali Circles in Guntur district ;

(2) Enlistment of 1,200 constables to strengthen the taluk police ;

(3) Employment of additional staff as a result of the bifurcation of the Vizagapatam Police district ; and

(4) Employment of an additional staff of 1 head constable and 150 constables to strengthen the existing Police stations in Guntur district.

Item (vii) (2).—The increase under 'charged' results from the grant of higher rates of travelling allowance. The increase under 'authorised' is due to higher rates of dearness and war allowances and to the inclusion of provision for the training of officiating Sub-Inspectors in the Police Training School, Vellore, and for the periodical grants for renewal of uniforms. The expenditure on the uniform renewal grants and on the training of officiating Sub-Inspectors is on a "new service".

Item (vii) (3).—In July last, at the request of the Inspector-General of Police, the Government sanctioned a grant of Rs. 450 to meet the initial expenditure on equipment, etc., in connection with the formation of Boy Scout Groups in the Armed Reserve lines of Tinnevelly district for the sons of head constables and constables. The object was to promote *esprit de corps* and the Government considered that the proposal deserved encouragement as a good many of the children of Policemen join the Police force when they grow up and would be better Policemen for their scout training. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (vii) (4).—This is a token appropriation in respect of the expenditure on the purchase of the 'Pootheri Cottages' in Calicut, which is on a "new service".

Item (vii) (5).—This token appropriation relates to the supply of leather polish to head constables and constables at Government cost, which is a "new service".

Item (ix).—This token appropriation is on account of the reopening of the Central Recruits School, Vizianagram, the expenditure on which is on a "new service".

Items (xi) (2), (xii) (3) *and* (xiii) (2).—The increase under 'charged' is based on actual requirements, and the increase under 'authorised' is due to higher rates of dearness and war allowances.

Items (xiv) (1) *and* (xiv) (2).—The supplementary estimate is based on the latest modifications proposed by the High Commissioner for India, London.

Explanatory Note.

Item (i).—The Government sanctioned a recurring grant of Rs. 1,17,400 per annum to the Andhra University towards the cost of granting revised scales of pay to its teaching staff. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the expenditure in the current year has been met from savings within the grant.

Item (ii).—The Government have sanctioned a non-recurring grant of Rs. 1·38 lakhs to the Annamalai University for extensions to its Science buildings. The grant was subsequently raised to Rs. 2·25 lakhs. The additional expenditure in the current year has been met from savings within the grant.

A recurring grant equal to two-thirds of the actual cost, subject to a minimum of Rs. 1·33 lakhs and a maximum of Rs. 2 lakhs a year was sanctioned for the Engineering College opened by the Annamalai University. The Government have since agreed to make it a block grant of Rs. 2 lakhs a year. The additional expenditure has been met from savings within the grant.

As the expenditure on both the above grants is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (iii).—The Government sanctioned the employment of two Assistant Lecturers, one in the Government Muhammadan College, Madras, for teaching Urdu, and another in the Government College, Coimbatore, for teaching French. As the expenditure is on a "new service", a token sum of Rs. 100 in respect of each of these cases is included in the supplementary estimate.

Item (iv).—The Government sanctioned the employment of certain additional staff in the Queen Mary's College, Madras, in connexion with the increased admissions to the college and for the teaching of Household Arts as an optional subject in the Intermediate classes. As the expenditure in each case is on a "new service", a token appropriation of Rs. 100 in respect of each of these cases is included in the supplementary estimate.

Items (v), (viii), (ix), (x) (1), (xii), (xvi), (xvii) (1) *and* (xvii) (2).—The Government directed that the expenditure incurred by managements of private aided educational institutions on the payment of dearness or war allowance to the members of their staff up to the rates admissible to Government servants should be taken into account for assessing teaching grants payable under the provisions of the Grant-in-Aid Code and the Code of Regulations for European Schools, instead of up to half of those rates as was done previously. The concession was allowed in respect of the grants payable for 1944-5 in the current year. The ultimate additional recurring expenditure in respect of non-European and European aided educational institutions is Rs. 10·56 lakhs and Rs. 2·13 lakhs respectively, and the expenditure in the current year is Rs. 3·88 lakhs and Rs. 0·67 lakh respectively. A token sum of Rs. 100 is included in the estimate under each item, as the expenditure is on a "new service". The balance of the expenditure in the current year has been met from savings within the grant.

Items (vi) (1), (vi) (2) *and* (vi) (3).—The Government sanctioned the opening of degree courses in Highway Engineering and Electrical Communications Engineering in the Engineering College, Guindy, and also the necessary staff, equipment, etc., therefor. They also permitted the Professor of Electrical Engineering in the College to conduct research work in optimum wireless frequencies and other wireless data and sanctioned the purchase of the necessary equipment. As the expenditure on these items is on a "new service", a token appropriation of Rs. 100 in respect of each is included in the supplementary estimate.

Item (vii).—In order to assist in meeting the demand that will arise in the post-war period for a larger number of Engineers for carrying out the various schemes, the Government sanctioned the opening of a College of Technology, called the Arthur Hope College of Technology at Coimbatore and the necessary staff and equipment, etc., for the College. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (x) (2).—The Government sanctioned a grant of Rs. 32,200 to the Ramakrishna Mission High School, Thyagarayanagar, towards half of the expenditure already incurred on the construction of buildings. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the expenditure in the current year has been met from savings under the grant.

Item (xi) (1).—The Government raised the fixed lump sum subsidies payable towards the cost of maintenance of secondary schools in the case of six "poor" District Boards. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (xi) (2).—The Government sanctioned the payment of a subsidy not exceeding Rs. 37,500 to the Guntur Municipal Council towards the purchase of furniture and science equipment for the Lady Hope College, Guntur, in the current year. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the additional expenditure has been met from savings within the grant.

Item (xiii) (1).—The Government approved the proposal of the Director of Public Instruction that in the case of aided elementary schools having 10 sections or more, the teaching grant might be assessed allowing for an additional teacher. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (xiii) (2).—The Government sanctioned the proposal of the Director of Public Instruction that stipends should be granted to poor girls reading in standards IV and V in aided elementary schools for boys in certain backward districts. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (xiv).—The Government sanctioned the payment of subsidies to District Boards towards the expenditure involved on the supply of books and slates to poor children attending schools in compulsory areas. The initial expenditure is estimated at Rs. 1·67 lakhs and the amount has been found from the sanctioned appropriation for the introduction of compulsory elementry education. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (xv).—The Government sanctioned the opening of training classes in four centres for the training of 200 demobilised soldiers as Elementary Grade teachers. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (xviii) (1).—The Government sanctioned a grant of Rs. 1,22,275 to the Y.M.C.A. College of Physical Education, Saidapet, towards the construction of a swimming pool and certain other improvements in the college. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the expenditure has been met from savings within the grant.

Item (xviii) (2).—In pursuance of the Central Government's scheme of sending students at Government expense for training in advanced courses of technical and scientific studies to meet probable post-war needs, it was decided in consultation with the Central Government that the Madras Government should sponsor for the purpose 49 students who are not in Government service. Accordingly 49 students were selected in September 1945 for being sent abroad for higher studies. The cost in the first year of the grant of equipment and travelling allowances and stipends to the 49 candidates was estimated at Rs. 7,30,100, of which half will be met by the Provincial Government and the remaining half by the Central Government. Four out of the 49 candidates have since relinquished their scholarships. Thirty-four of these candidates have actually sailed for the United Kingdom or the United States of America as the case may be. The remaining 11 candidates have not been able to sail because of the difficulty in securing passages and in getting admission. It is also proposed to grant them allowances from 1st January 1946 until they actually sail. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

		Total ..	*46,400*	28,54,900

Explanatory Note.

Item (i).—The increase under 'authorised' is due to more touring by officers and higher rates of dearness and war allowances. The increase under 'charged' is due to adjustment of the cost of the Surgeon-General's passages in the current year.

Item (ii) (1).—The additional appropriation under 'charged' is required to meet the pay of I.M.S. officers reverted to civil employ and the leave salary paid to I.M.S. officers while on active service. The increase under 'authorised' is due to the debit of leave salary of officers who proceeded on leave preparatory to retirement or for rest and recuperation of health.

Items (ii) (2), (iii) (3), (iv) (2), (v) *and* (x) (1).—The excess is due mainly to one or other of the following reasons :—

(1) Higher rates of dearness and war allowances and travelling allowance.
(2) Grant of travelling allowance on leave for rest and recuperation of health.
(3) Adjustment of leave salaries of officers deputed for military duty.
(4) Grant of higher rates of leave allowance and ration, dhoby and uniform allowances of the nursing staff.
(5) Travelling allowance to certain officers deputed for training and to attend certain conferences.

Item (iii) (1).—The excess is chiefly due to the following three reasons :—

(1) A post of Civil Surgeon previously held by an honorary surgeon is now held by a Provincial Officer.
(2) Sanctioning of two additional posts of Civil Assistant Surgeons (one in the Government Hospital for Women and Children and the other in the Government Stanley Hospital, Madras).
(3) Conversion of an honorary post in the Government Hospital for Women and Children, Madras, into a paid one.

The following schemes, which are "new services", were sanctioned during the current year :—

(1) Conversion of certain Sub-Assistant Surgeons' posts into Civil Assistant Surgeons' posts.
(2) Creation of additional posts of Matrons.
(3) Raising of the status of the posts of Radium Assistants in the Government General Hospital, Madras, to that of gazetted officers' posts.
(4) Sanction of a leave reserve for the posts of Matron, Sister Tutor, etc.

Item (iii) (2).—The Government sanctioned the two new schemes mentioned below. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate.

(1) Employment of specially trained sisters and staff nurses for theatre work in certain Government Medical Institutions. The additional expenditure of Rs. 13,200 in the current year has been met from savings.

(2) Training of compounders with stipends. The additional expenditure of Rs. 3,300 in the current year has been met from savings within the grant.

Item (iii) (4).—The increase is mainly due to the following reasons :—

(i) Employment of additional menials, grant of increased pay to tailors, increased rate of cleaning charges for nurses' quarters and increased consumption of water and electricity.

(ii) *Provincialisation of the Rajah Sir Ramaswami Mudaliar's Lying-in-Hospital.*—This hospital was taken over by the Government with effect from 13th November 1945. The expenditure (Rs. 43,000 in the current year) is on a " new service ". Part of the additional expenditure comes under the head of contingencies.

Items (iii) (5) *and* (6), (iv) (3), (5), (6), (7) *and* (x) (2).—The additional appropriation required is mainly on account of one or other of the following reasons :—

(1) Increase in the number of in-patients.

(2) Provision for the Blood Bank Organisation.

(3) Payment of higher rates for diet articles, drugs, etc., on account of rise in prices.

(4) Purchase of penicillin and catgut at a total cost of Rs. 46,000 for Vizagapatam and Ootacamund Hospitals.

(5) Purchase of an anaesthetic apparatus for the operation theatre of the Government General Hospital, Madras, at a cost of Rs. 15,460.

(6) Provision of mobile units at Nellore.

The expenditure on items (5) and (6) is on a " new service ".

Item (iv) (1).—The Government sanctioned the employment of additional staff in the Tuberculosis Sanatorium, Tambaram. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate.

Item (iv) (4).—The excess is due to improvements and repairs carried out to the hospitals at Mangalore, Palamcottah and Trichinopoly and to certain institutions newly taken over by the Government from local bodies.

Item (vi) (1).—The increase is due to higher rates of contribution and grants to local bodies.

Item (vi) (2).—The Government sanctioned (1) the grant of Rs. 40,175 to the Vaniyambadi Municipal Council for the construction of a Women's and Children's Hospital, and (2) a grant of Rs. 6,250 to the Bellary District Board for the construction of dispensary buildings. The additional appropriation is required to meet the amounts payable in the current year. The expenditure on item (2) is on a " new service ".

Item (vii) (1).—The excess is due to the payment of increased maintenance grants to certain medical institutions.

Item (vii) (2).—The additional appropriation is required to meet (1) increased capitation grants sanctioned to Leper Asylums in accordance with the daily average of in-patients, and (2) a capitation grant of Rs. 2,900 sanctioned to the new Leper Asylum at Kodur. The expenditure on item (2) is on a " new service ".

Item (vii) (3).—A half grant subject to a maximum of Rs. 9,000 was sanctioned to the Vishrantipuram Tuberculosis Sanatorium, Rajahmundry, towards the installation of X-ray and electric plant. The expenditure is on a " new service ".

A grant not exceeding Rs. 2½ lakhs was sanctioned to the management of the Missionary Medical College for Women, Vellore, towards the cost of building schemes. A sum of Rs. 80,000 paid in the current year has been met from savings within the grant. The expenditure is on a " new service ".

Item (viii).—The Government sanctioned the training of additional midwives in connexion with the post-war development schemes. The expenditure expected during the year is Rs. 2,200.

Item (ix).—The Government sanctioned the grant of study leave in India to two medical officers and the deputation of another medical officer for higher studies abroad. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate.

Item (xi) (1).—The additional appropriation is based on the requirements reported by the Accountant-General, India Office, London.

Item (xi) (2).—The additional appropriation is required to meet the pay of officers deputed to the United Kingdom for higher studies and is based on requirements reported by the High Commissioner for India, London. The expenditure involved in the deputation of the officers is on a " new service ".

Items (xi) (3) *and* (ix) (4).—The increase in expenditure is due to the reversion of I.M.S. officers from military to civil employ, and the additional appropriation is based on the requirements reported by the High Commissioner for India, London.

			Total ..	*23,300*	7,05,300

Explanatory Note.

Item (i).—The increased provision is due to the appointment of an I.M.S. Officer as Director of Public Health.

Item (ii).—The Government have sanctioned a leave reserve and epidemic reserve of forty posts in the cadre of Health Inspectors. As the expenditure is on a " new service ", a token sum of Rs. 100 is included under ' Pay of establishments '. The increase under allowances is mainly due to higher rates of dearness and war allowances.

Item (iii).—The Government have sanctioned a scheme for the expansion and re-organization of the Poonamallee Health Unit at an estimated cost of Rs. 54,700 recurring. They have also sanctioned the construction of septic tank latrines in Salem district at an estimated cost of Rs. 25,000. The expenditure during the current year on these schemes will be met from savings within the grant. As the expenditure on the two schemes is on a " new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (iv).—The Government have sanctioned a scheme for the control of plague in the Nilgiris district. The scheme provides for a plague training and research unit to operate along with the District Control Scheme and is estimated to cost Rs. 97,200 recurring and Rs. 5,000 non-recurring. As the expenditure is on a " new service ", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the amount required in the current year will be met from the savings under the grant.

Item (v).—The establishment of a Central Bureau of Nutrition in charge of an Assistant Director of Public Health and of two Regional Units each in charge of a First class Health Officer has been sanctioned during the current year. As the expenditure is on a " new service ", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (vi).—The Government have sanctioned the payment to the Malabar District Board of a grant not exceeding Rs. 42,000 equivalent to the actual expenditure on the construction of sluices, etc., as permanent anti-malarial measures in and around Vayitiri, Malabar district. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate.

Item (vii).—The increase in expenditure under ' A Bubonic Plague ' is due to higher rates of dearness and war allowances and to the intensive measures adopted for the control of the disease in many districts in the Province.

Item (viii).—The increased expenditure is due to—

(1) anti-malarial schemes sanctioned for the Tungabhadra Project area,
(2) intensive distribution of quinine and quinine substitutes,
(3) purchase of eight motor trucks for the anti-malarial organization,
(4) purchase of sprayers, D.D.T. and pyrethrum extract for malaria control work,
(5) revision of the pay of entomological assistants, laboratory and field assistants,

(6) canalization of Buggavanka in Cuddapah Municipality,
(7) anti-malarial operations in Chengam taluk, North Arcot district, and
(8) re-organization of the malaria branch of the Public Health Department.

The expenditure on items (1), (3), (5), (6), (7) and (8) above is on a " new service ".

Item (ix).—The excess expenditure is due mainly to purchase of penicillin, the employment of additional staff in the Institute, grant of house allowance and presidency allowance to the staff of the Institute, inclusion of the Blood Bank Section in the normal establishment, higher rates of dearness allowance, increased expenditure under hire charges of calves, reversion to the method of despatch of parcels by parcel post instead of pattern post, installation of additional telephones, extra demand for cholera vaccine lymph and other preparations, increase in the cost of Tetanus Anti-Toxin serum, etc., and increased transport and freight charges.

Item (x).—The following schemes connected with rural water-supply works have been sanctioned :—

(1) training course for rural wells sub-overseers,
(2) water-supply works for panchayat areas with a population of above 5,000 and below 10,000.

The expenditure on these items is on a " new service ", and a token appropriation of Rs. 100 is included in the supplementary estimate.

Explanatory Note.

Item (i).—The increase is due to the employment of an additional Headquarters Deputy Director of Agriculture for district work, demonstration and propaganda. As the expenditure is on a " new service ", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (ii) (1).—The Government sanctioned the employment of three Regional Deputy Directors with necessary staff. As the expenditure is on a " new service ", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (ii) (2).—The increase is due to the war allowance paid to an I.A.S. Officer.

Item (iii).—The expenditure on the employment of nine Gazetted Superintendents for nine Research Stations and on the vocational training of serving soldiers is on a " new service ", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iv).—The Government sanctioned the opening of an Agricultural farm in connection with the Wynaad Land Colonization Scheme. As the expenditure is on a " new service ", a token grant of Rs. 100 is included in the supplementary estimate.

Items (v) (1) *and* (v) (2).—The additional appropriations are required to meet the anticipated expenditure in the current year on the Araku Valley Land Colonization scheme, the expenditure on which is on a " new service."

Item (vi) (1).—The Government have sanctioned the conversion of the ten tractors already available in the Agricultural Department and 20 tractors proposed to be acquired from the American surplus stores into mobile pumping units for supply to ryots at concessional hire charges. The expenditure on the conversion has been estimated at Rs. 58,000. As the expenditure is on a " new service ", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (vi) (2).—The additional appropriation is required to meet the expenditure on the scheme for the free distribution of manures and seeds in the cyclone-affected areas, which is on a " new service ".

Item (vii).—The appropriation relates to the anticipated expenditure on the scheme for the training of fieldmen and maistries. The Central Government bear half the cost of the scheme.

Item (viii).—The increase is due to the purchase of work animals.

Items (ix) (1) *to* (ix) (4).—The appropriations under these items represent the anticipated expenditure on the Agricultural College opened at Bapatla in the current year. The expenditure is on a " new service ".

Item (x).—The Government sanctioned the three schemes shown below. The expenditure is on a " new service ", and a token appropriation of Rs. 100 is included in the supplementary estimate.

(1) Scheme for crop-cutting experiments in Coimbatore district.

		(2) D. Stores for India	..	3,000
		Total ..	..	1,94,700

Explanatory Note.

Items (i) (1) to (i) (4).—The Government have sanctioned a District Veterinary Officer with the necessary staff for Madras City, two Deputy Directors of Veterinary Services and six District Veterinary Officers and the requisite staff so that more attention may be given to livestock improvement and cattle diseases. The additional appropriation is required on account of this additional staff. The expenditure is on a " new service ".

Item (ii).—A Veterinary Assistant Surgeon has been deputed to undergo specialised training in Animal Nutrition Research at the Imperial Veterinary Research Institute, Izatnagar, for a period of two years. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate.

Item (iii) (1).—The Government have sanctioned the creation temporarily for a period of one year of a post of additional Lecturer in the Madras Veterinary College to be in charge of the training of Stockmen-Compounders. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate.

Item (iii) (2).—The additional appropriation is required on account of (1) purchase of microscopes and other scientific stores, (2) higher rates of dearness allowance for menials, (3) purchase of vessels for the Veterinary College Hostel and Hosur Hostel and repairs to the Tennis Court in the Veterinary College, (4) advertisement charges for invitation of applications for admission to the Madras Veterinary College, (5) increased expenditure under office expenses due to high prices, (6) increase in the cost of fodder articles and (7) purchase of books and periodicals.

Item (iv).—The scheme for research on the etiology of circling disease in sheep was sanctioned for a period of 21 months. It was started in July 1945 and suspended from 1st February 1946 to be continued later during the next rainy season. The expenditure is on a " new service ".

Item (v).—The increase is due to sanction of equipment allowances to Government servants deputed for training abroad, including the equipment allowance drawn by a Veterinary Assistant Surgeon in the Serum section deputed for training abroad.

Item (vi).—The increase is due to (1) increase in the number of livestock at the Research Stations and abnormal increase in the cost of fodder articles, (2) higher rates of war and dearness allowances for the staff and menials, (3) repairs to buildings, (4) special repairs to tanks at the Livestock Research Station, Hosur, (5) purchase of work bulls and cows, (6) purchase of an Electrolux Refrigerator, (7) purchase of necessary deadstock, (8) purchase of a Ford chassis, (9) purchase of articles for the expansion of the Poultry Farm at Teynampet, Madras, and (10) increase in the cost of stores and in wages to coolies and fodder cultivation in a large area, partly offset by (1) savings under travelling allowance due to debit of travelling allowance of the Poultry Development Officer to a separate head of account, and (2) savings in the provision for the extension of the Livestock Research Station, Lam, Guntur, due to delay in the requisitioning of land.

Item (vii) (1).—The increase is due to (1) opening of one of the District Poultry Farms sanctioned in August 1945, (2) starting of Poultry Centres, (3) cost of incubators, (4) inclusion of more breeding bulls in the Premium Scheme and the enhancement of premium rates, (5) purchase of hand-shears for sale to shepherds, (6) higher rates of dearness and war allowances for the staff, and (7) grant of subsidy on account of heifer calves in connexion with the Krishna Dairy Farm and inclusion of more calves in this scheme. The increased expenditure is partly offset by savings under maintenance of cattle due to the removal of young bulls from the scheme. The Government have sanctioned a scheme for expansion of the Poultry Unit at Lam and for the opening of new poultry farms in three districts. They also sanctioned the enhancement of the premium rates for breeding bulls. The expenditure on each of these two schemes is on a " new service ".

Item (vii) (2).—The expenditure is on the scheme for grant of subsidy to owners of calves in Madras City, which is on a " new service ".

Item (vii) (3).—The Government have sanctioned the proposal of the Director of Veterinary Services to open a sheep farm in Bellary district. As the expenditure is on a " new service ", a token sum of Rs. 100 is included in the supplementary estimate. The Director of Veterinary Services has reported that the scheme has not been started yet as the lands for the construction of buildings have not yet been acquired.

Item (viii).—The excess is due to (1) the special grant sanctioned to Bellary District Board towards 3/4th of the cost of four breeding bulls purchased by it, (2) increased contribution to Tanjore District Board, (3) payment of subsidy to the American Arcot Mission for poultry

improvement for the last quarter of 1944–5, (4) contribution to Kangayampatti Land Colonisation Society for poultry improvement, and (5) contribution to Mangalagiri Co-operative Egg Marketing Society for poultry improvement. The expenditure relating to the grant sanctioned to the Mangalagiri Co-operative Egg Marketing Society is on a " new service ".

Item (ix) (1).—The excess is due to the reversion of a Senior Officer to the Veterinary Department from military duty and the grant to him of leave out of India.

Item (ix) (2).—The excess is due to provision for expenditure on stores.

(vi) Do. ..	Do.	2. Other grants—Non-recurring.	..	12,000
		Total ..	..	7,18,100

Explanatory Note.

Item (i) (1).—The additional appropriation is required to meet the cost of special staff sanctioned for the Royalaseema Co-operation Enquiry Committee and in the Registrar's office for the revision of the Brochure on Cottage Industries.

Item (i) (2).—The increase is mainly due to the tours of the Joint Registrar to Bombay, Delhi and Poona in connexion with the meetings of the Agricultural Policy and Co-operative Planning Committee set up by the Government of India, the journeys of the members of the Royalaseema Co-operation Enquiry Committee and higher rates of dearness and war allowances.

Item (ii) (1).—The increase is the result of revision of the pay of Junior Inspectors, Senior Inspectors and Co-operative Sub-Registrars and employment of additional staff in district offices and for audit of stores and other societies. The supplementary estimate also includes provision for the scheme for extending the activities of the Madras Milk Supply Union and for improving the milk supply to Madras City. This expenditure is on a " new service ".

Item (ii) (2).—The increase is due to the additional expenditure on travelling allowance for the additional staff and to higher rates of dearness and war allowances.

Items (iii) (1) *and* (iii) (2).—The increase in expenditure is necessitated by the debit of the pay of the two Provincial touring lecturers to members of the Armed Forces to this head and the employment of two Deputy Registrars at the release centres at Bangalore and Madukkarai. The increase is also necessitated by the employment of a technical expert to examine the scheme for the establishment of co-operative workshops for demobilised soldiers and the employment of one Joint Registrar, one Technical Adviser and seven Deputy Registrars with the necessary subordinate staff in connexion with the organization of Labour Contract Societies for ex-servicemen which is on a " new service ".

Item (iii) (3).—An additional appropriation under this item is required mainly for the purchase of furniture for the staff sanctioned in connexion with the establishment of Labour Contract Societies.

Item (iv) (1) *to* (iv) (3).—The Government sanctioned a scheme for supplying milk free of cost to priority consumers in Madras City through the Maternity and Child Welfare Centres under the Corporation of Madras. The expenditure is on a " new service ".

Items (v) *and* (vi).—The increased provision is necessitated by the sanction of additional subsidies to certain co-operative institutions, including hand-made paper manufacturing societies, toy manufacturing societies, stone-carvers' societies, mat weavers' societies, etc. A scheme has also been sanctioned for the organization of co-operative societies for the collection and marketing of eggs and for the grant of subsidies to such societies. This expenditure is on a " new service ".

Explanatory Note.

Item (i) (1).—The amount included under "charged" is required to meet the war allowance of the Director.

Item (i) (2).—The Government sanctioned the payment of a sum of Rs. 700 as their share of the cost of the investigation instituted by the Joint Mica Mission into the cost of producing mica in this Province. The expenditure is on a "new service."

Item (ii).—The Government have sanctioned the purchase of additional plant and machinery for the District Engineering Branch at a cost of Rs. 4·14 lakhs. The expenditure is on a "new service", and a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the expenditure to be incurred in the current year has been met from savings within the grant.

Item (iii).—The Government have sanctioned the employment of two Inspectors with a staff of one clerk and two peons for work connected with the inspection of the existing Industrial Schools and the organisation and establishment of new Industrial Schools and Polytechnics. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iv).—An Automobile and Radio Institute has been opened at Coimbatore under the name "Arthur Hope Polytechnic". Mr. G. D. Naidu has placed at the disposal of the Government a sum of one and a half lakhs of rupees in Government bonds and machinery valued at about Rs. 2 lakhs for use in working the Institute. Necessary staff and other working expenses have been sanctioned by the Government. The expenditure is on a "new service" and a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v).—During the year, the following schemes were sanctioned in connection with the development of the sericultural industry :—

(1) Employment of an Assistant Sericultural Expert for research on mulberry cultivation.

(2) Deputation of the Sericultural Expert to China for a period of three months to study improved methods of silk-worm rearing and to purchase good silk-worm seeds.

(3) Construction of buildings for the offices of the Sericultural Expert and of the Assistant Sericultural Experts at Kollegal.

(4) Establishment of five silk farms in selected places in the Ceded Districts and the Northern Circars.

(5) Establishment of an Eri Silk Farm at Kudligi in Bellary district.

The expenditure on all these items is on a "new service".

During the year, a revised procedure in regard to the debit of expenditure on Sericultural schemes was adopted in order to arrive at a correct estimate of the cost of producing disease-free seeds. This is the reason for the increase in expenditure under the items 'Propagation and supply of disease-free seeds' and 'Control and marketing'. Besides the token appropriation of Rs. 100 in respect of items of "new service", an additional appropriation of Rs. 2,41,500 is included in the supplementary estimate.

Items (vi) *to* (viii).—The additional appropriation required in respect of 'Interest on capital outlay' is based on the actual figures for capital outlay.

Item (ix).—The Government have sanctioned the organisation of a Demonstration party in North Arcot district to demonstrate to the people the process of manufacture of glue. They have also sanctioned the employment of a special officer for the manufacture of photographic paper on a semi-commercial scale. In order to investigate the production on a small scale of starch and starch conversion products from tapioca and sweet potatoes and to evolve methods of extraction of starch from tubers growing in the Agency tracts of Vizagapatam district, they have sanctioned a special staff consisting of a Chemist and a Laboratory boy, and an annual expenditure of Rs. 6,500 on chemicals, laboratory appliances, travelling allowance, etc. The expenditure on each of these items is on a "new service". The additional appropriation of Rs. 2,700 under 'Investigation of minerals' is required to meet the pay of an additional Chemist and the cost of chemicals, equipment, etc., sanctioned in connection with the investigation of minerals which is being carried on by Dr. Gopal Rao.

Item (x).—In order to cope with the increased work arising out of textile control, the Government have sanctioned the appointment of an I.C.S. Officer as Joint Provincial Textile Commissioner and the employment of eight Gazetted Inspecting Assistant Textile Commissioners and eight Textile Control Officers with necessary office staff. The staff in the office of the Provincial Textile Commissioner has also been augmented to deal with the increased work in the office. An additional appropriation of Rs. 6,300 under 'charged' and Rs. 11,800 under 'authorised' is included in the supplementary estimate. The expenditure is on a "new service".

Item (xi).—With a view to implementing the decisions reached at the silk conference of representatives of the Central, Provincial and State Governments held at Bombay in May 1945, and ratified by this Government subsequently, schemes were formulated by the Provincial Textile Commissioner for control and distribution of raw silk and for control of the sale of silk fabrics. The Government approved the schemes and promulgated the necessary control orders under the Defence of India Rules. The employment of the necessary gazetted and non-gazetted executive and ministerial staff for the enforcement and working of the schemes was also sanctioned. An additional appropriation of Rs. 15,700 is included in the supplementary estimate. The expenditure is on a "new service".

Item (xii).—The additional appropriation required under this head includes the actual expenditure during the year on—

(1) manufacture of new boring sets for putting down trial borings in the sites proposed for land colonies for ex-servicemen,

(2) special staff employed for the preparation of plans and estimates for opening new polytechnics and Industrial schools,

(3) training of pre-release service personnel in cottage and small scale industries, and

(4) payment of equipment allowance and travelling allowance to Government servants deputed for technical training abroad.

Item (xiii) (1).—The supplementary appropriation required under 'Coir Retting' is due to the purchase of husk and equipment for the Coir School, Beypore.

Item (xiii) (2).—The amount included under 'Ceramic Industry' is for constructing a Ceramic Factory at Gudur and for conducting new demonstrations. During the year the Government sanctioned the construction of a shed for additional accommodation for the Ceramic section in the School of Arts and Crafts, Madras, the purchase of equipment at a cost of Rs. 17,000, and the revision of the scale of pay of the Ceramic Assistant in the School.

Item (xiii) (3).—The Government sanctioned the employment of a Glass Technologist on contract for a period of two years to conduct a survey of the raw materials available for the development of the glass industry and to explore the possibility of manufacturing glass. The proposal of the Director of Industries and Commerce to organise a centre for training students in the manufacture of glass bangles and glass beads on improved lines was also approved. Besides the cost of the special staff, the scheme involves an expenditure of Rs. 8,650 on non-recurring items and Rs. 5,000 on recurring items. As these two items of expenditure are on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (xiv).—The appropriation of Rs. 23,00,000 required is in respect of the following items :—

	RS.
Subscription by the Government to shares of—	
(*a*) Fertilisers and Chemicals, Travancore, Limited	20,00,000
(*b*) Radio and Electricals, Limited, Madras	2,00,000
(*c*) National Chemicals, Limited, Masulipatam	1,00,000
Total	23,00,000

Item (xv).—The Government have sanctioned the installation of a Hydrogenation Factory at Calicut. This involves a capital outlay of Rs. 9,18,400 on buildings, machinery, etc., besides the expenditure on working expenses and special staff. A sum of Rs. 14,200 is required for expenditure on this account during the current year.

Explanatory Note.

Item (i).—The Government sanctioned the employment of an understudy to the Factory Overseer in the Government Quinine Factory, Naduvattam. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (ii).—With a view to increasing the output of shark liver oil and of fish food in this Province, the Government sanctioned the proposal of the Director of Industries and Commerce for intensive deep-sea fishing operations on the East and West Coasts of this Province. According to the scheme, deep-sea fishing operations will be conducted in 46 centres in all, instead of in 28 centres as at present. The employment of additional staff for work in connection with the expansion of deep-sea fishing operations and the operations of the fishing vessel "Lady Nicholson" has also been sanctioned. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iii).—The Government sanctioned a subsidy of Rs. 500 and a loan of Rs. 1,500 for the development of a private fish farm in Kovilanur village, Vriddhachalam taluk, South Arcot district. As the expenditure of Rs. 500 on the subsidy is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iv).—During the year the Director's proposals for the manufacture and supply of smoked and cured fish for the civil markets in India and Ceylon were sanctioned. One Special Officer and necessary staff were sanctioned for working the scheme. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v) (1).—In order to increase the fish food supply in the Nilgiris area, the Government sanctioned a scheme submitted by the Director of Industries and Commerce for the establisment of a fish farm for Mirror Carp at Ootacamund. Necessary staff for working the scheme was also sanctioned. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v) (2).—During the year the Government sanctioned the establishment of a Public Health Fish Unit together with the necessary staff for the breeding of larvicidal fish. As the expenditure on account of the scheme is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v) (3).—During the year the Government approved the proposals of the Director of Industries and Commerce for the revival of the Fisheries Technological Station at Calicut for conducting research on the different methods of preserving fish on scientific lines. As the expenditure on the scheme is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v) (4).—With a view to obtaining substantial results within a reasonable time in the development of the fishing industry in general and the grow-more-fish campaign in rural areas in particular, which depend for their success on a proper dissemination of adequate information regarding fish and fisheries and on the efficacy of the methods of publicity, the Government sanctioned the scheme submitted by the Director of Industries and Commerce for the establishment of a Fisheries Propaganda Unit and the appointment of a Fishery Information Officer and staff. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v) (5).—During the year the Government sanctioned an expenditure not exceeding Rs. 75,000 towards half the cost of the supply of wood, yarn and cloth to the distressed fishermen in North Vizagapatam district who were affected by the cyclone and floods of 1943. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Explanatory Note.

Item (i) (1).—The increase is due to the appointment of additional staff in the office of the Deputy Inspector-General of Police, Railways and C.I.D., Madras, for work relating to Criminal Tribes Settlements.

Item (i) (2).—The additional appropriation is required to meet—

(1) Higher rates of dearness and war allowances.

(2) Presidency allowance to clerks appointed in leave vacancies.

(3) Payment of equipment grant of Rs. 500 and enhanced rate of conveyance allowance to the Personal Assistant to the Commissioner of Labour.

(4) Cost of increased touring by the Assistant Commissioner of Labour for hearing workmen's compensation cases.

(5) Increased expenditure on travelling allowances of members of the Provincial Advisory Board and District Advisory Committees.

The Government of India have arranged for the Calcutta University to hold short-term training courses for the training of Labour Officers. There will be two courses in a year—July to November and December to April—to which Government nominees are to be deputed. The Central Government have undertaken to pay to the University the cost of the training of the Government nominees, viz., tuition fees, examination fees and also a lump sum of Rs. 1,500 for each course. Provincial Governments who depute their officers have to repay the fees and

proportionate parts of the lump sum to the Central Government on the basis of the actual number of candidates deputed to attend the course. The Madras Government have agreed to depute one of their Labour Officers for the Social Service Course commencing in December 1945 and his name has been accepted by the Government of India. The estimated cost of the training of the officer including travelling allowance, compensatory and house allowances, and cost of the substitute, etc., is approximately Rs. 3,000. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required in the current year has been met from savings within the grant.

Item (i) (3).—The additional appropriation represents the contribution payable to the Government of India in the current year towards the cost of the Regional and Sub-Regional Employment Exchanges established or proposed to be established in this Province. The Madras Government have agreed to bear 40 per cent of the total cost. They have also agreed to provide at their cost the accommodation required for these Exchanges. The estimated cost of the Exchanges to Provincial revenues during the current year is Rs. 78,400. A provision of Rs. 4,000 already exists in the current year's budget. The additional appropriation of Rs. 74,400 required is included in the supplementary estimate.

Item (ii).—The additional appropriation is required for the following reasons :—

(1) Appointment of additional staff for supervising the supply of midday meals, and increase in the rate of dearness and war allowances.

(2) Grant of travelling allowance to the Labour Conciliation Officers, Madura and Bezwada, for which no provision was made in the budget, and increased touring by the Labour Conciliation Officer, Calicut.

(3) Increase in the rate of dearness allowance to menials, grant of a larger number of scholarships and increased expenditure under service postage stamps and money-order commission for remitting scholarships and the pay of teachers.

Item (iii).—The increase is due to the appointment of an adjudicator to settle the disputes between the Buckingham and Carnatic Mills and their workers.

Item (iv).—The increase is due to the following causes :—

(1) Appointment of additional teachers.

(2) Construction of additional sheds on account of the increase in the strength of the schools.

(3) Increase in the rates of dearness and war allowances and the cost of books, payment of higher rents for some of the schools, and the grant of arrear transfer travelling allowance to teachers.

(4) Supply of more equipment on account of increase in the strength of the schools.

Item (v).—The savings anticipated in the budget did not fully materialize.

Item (vi).—The increase is due to higher rates of travelling, dearness and war allowances and increased expenditure under boarding grants.

Item (vii).—The increase is mainly the result of higher rates of travelling, dearness and war allowances. Employment of additional staff and increased expenditure on construction of wells and on repairs to buildings also contribute to the increase in some of the settlements. Besides, larger expenditure is anticipated in connexion with the sandal industry and weaving of dhurries for the Police department in the Aziznagar Settlement, agricultural farming and weaving industry in the Siddhapuram Settlement and quarrying work carried on in the Sitanagaram Settlement. The increase under Stuartpuram Settlement is due to increase in the supervision charges payable to the Salvation Army for the management of the settlement. An increase in the amount to be paid to the Bombay Government for reclamation of Donga Dasaris is anticipated.

Item (viii).—The increase is due to the following causes :—

(1) Higher rates of dearness and war allowances.

(2) Larger expenditure on travelling allowance as a result of the formation of three new circles.

(3) Payment of increased rent for office accommodation and the purchase of furniture for three new circle offices.

(4) Payment of equipment grant and steamer fare to an Assistant Inspectress of Factories deputed for training in the United Kingdom.

Item (ix)—The additional appropriation is required for the following reasons :—

(1) Appointment of an additional Inspector of Boilers for the newly formed Circle at Guntur and the appointment of substitutes in leave and deputation vacancies.

(2) Employment of additional staff and grant of higher rates of dearness and war allowances.

(3) Increase in the rate of dearness allowance to menials and increased expenditure on contingencies for the newly opened Guntur Circle.

Item (x) (1).—The increased expenditure is due to the holding of special meetings of the S.S.L.C. Board and to higher rates of dearness and war allowances.

Items (x) (2) and (x) (3).—A larger number of candidates than was anticipated was registered for the S.S.L.C. Examination of 1945 and more Examiners, examination centres and Superintendents were therefore necessary. There was also an increase in the number of examiners for the VIII Standard Public Examination on account of the inclusion of English as an optional subject. There was also an addition of one paper in the second language for the S.S.L.C. Examination. These factors account for the increased expenditure.

Items (xi) (1) *and* (xi) (2).—The increased expenditure arises from payment of travelling allowance and leave salary to clerks in the office of the Registrar-General of Births and Deaths and Marriages, employment of additional staff for work relating to vital statistics and payment of higher rates of dearness allowance.

Items (xii) *and* (xiii) (1).—The additional appropriation is required to meet the cost of additional staff sanctioned during the course of the year to cope with increased work.

Item (xiii) (2).—The increase is due mainly to the grant of—

(*a*) higher rates of dearness and war allowances to staff, and

(*b*) travelling allowance to the members of the Divisional Development Committees in respect of journeys undertaken by them for attending the meetings of the Committee.

Item (xiv).—As a result of the appointment of additional staff to provide for the expanding activities of the Corps in the City as well as in the mufassal the provision in the budget is inadequate. The total additional appropriation required in the current year under the several sub-heads is now estimated at Rs. 97,600 and this amount is included in the supplementary estimate.

Items (xv) (1) *to* (xv) (3).—The increase is due to reversion of all sections of the Fire Services to peace-time working from 1st July 1945 and the consequent transfer of debit of charges from "64-B. Civil Defence" to this major head. The budget provided for the expenditure of the Western Region only under this major head.

Item (xv) (4).—The increase is partly due to the provision of Rs. 50,000 for purchase of spare parts for reserve stock and Rs. 2,83,200 for expenditure during the current year on account of purchase of 38 chassis and conversion of them into Mobile Tank Units, and partly to the change in classification mentioned above.

The supplementary estimate also provides for expenditure on the following items which are "new services":—

(i) Payment of compensation to the Masulipatam Municipality for the accidental damage caused by a Madras Fire Services tender to the railing of the static tank in Robertsonpet and also the cost of repairs to the trailer pump.

(ii) Purchase of trailer pumps and suction hose for the use of the Madras Fire Services.

Item (xv) (5).—The additional recoveries anticipated are due to the revised arrangements for the recovery of the cost of fire protection at the Madras and Vizagapatam Harbours.

Item (xvi).—The additional appropriation is based on the requirements reported by the High Commissioner for India and is mainly due to more officers being on leave and deputation out of India than was anticipated.

The Government of India have drawn up a provisional scheme for the training of personnel under the Ministry of Labour and National Service in the United Kingdom for labour administration in the post-war period. As an experimental measure the Government of India proposed to send three batches of 20 officers each, of which eight will be from the Provincial Governments and the rest from the Central Government. The period of training would be about six to eight months for each course. The Government of India were informed that the Madras Government would depute three officers. The estimated cost of the training of these officers including passage, travelling allowances, subsistence allowance, outfit allowance and cost of the substitutes, etc., is approximately Rs. 20,100. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate under "Leave salaries and deputation pay". The balance of the amount required in the current year has been met from savings within the grant.

Explanatory Note.

a. Original Works—Buildings.

Items (i) (1) *and* (i) (2).—The Government have approved the construction of office buildings and quarters for the staff of the Governor's Secretariat. The estimated cost of these works is Rs. 58,000 and Rs. 1,26,000 respectively. As the expenditure on each of the items is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required in the current year has been met from savings within the grant.

Item (ii) (1).—As the portions of the Secretariat buildings now occupied by certain departments will be required for the use of the Secretariat of the Legislative Assembly and Council when the Legislature begins to function, the Government have approved the purchase of military land to

the north of the existing Secretariat buildings at a cost of Rs. 13,600 and the construction of extensions to the Secretariat buildings at a cost of Rs. 5·50 lakhs. The expenditure is on a "new service" and the amount required for the current year is Rs. 2,07,000. A sum of Rs. 2,300 is included in the supplementary estimate and the balance has been met from savings within the grant.

Item (ii) (2).—The need for quarters for the staff of the Deputy Tahsildar's office at Vayitri has been much felt for a long time. The Government have sanctioned the construction of these quarters at a cost of Rs. 48,000. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Items (iii) (1) *to* (iii) (3).—The estimated cost of the works is Rs. 40,000, 40,000 and 1,40,000 respectively. The expenditure on these works is on a "new service", and a token appropriation of Rs. 100 for each is included in the supplementary estimate.

Item (iii) (4).—The Government have approved an expenditure of Rs. 2,200 on laying the foundation stone for the work. The cost of the work is likely to exceed Rs. 30,000. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service".

Item (iii) (5).—The estimated cost of the work is Rs. 46,000. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Items (iv) (1) *to* (iv) (5).—The estimated cost of the works is Rs. 3·60 lakhs, Rs. 11·65 lakhs, Rs. 62,500, Rs. 17·25 lakhs and Rs. 9·50 lakhs respectively. As the expenditure on these works is on a "new service", a token appropriation of Rs. 100 for each is included in the supplementary estimate.

Item (v).—The estimated cost of the work is Rs. 38,000. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (vi).—The need for an inspection bungalow at Tsandole has been much felt for a long time. The Government have now approved the construction of a bungalow at a cost of Rs. 36,000. An expenditure of Rs. 1,000 will be incurred during the current year. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance has been met from savings within the grant.

Item (vii) (1).—An Agricultural College has been opened at Bapatla during the current year. An expenditure of Rs. 30,000 will be incurred during the current year. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance has been met from savings within the grant.

Item (vii) (2).—The amount is required to meet urgent works in progress in connexion with the formation of land colonies for ex-servicemen.

b. Original Works—Communications.

Items (viii) (1) *to* (viii) (3).—Each of these works is estimated to cost more than Rs. 30,000 and the expenditure is on a "new service". The amounts required for expenditure in the current year are included in the supplementary estimate.

Item (viii) (4).—In order to avoid a dangerous rock at miles 8/4 on the Kodaikanal Ghat road, a diversion road has been sanctioned at a cost of Rs. 47,000. The expenditure is on a "new service". The amount of Rs. 33,000 required for expenditure during the current year is included in the supplementary estimate.

Item (viii) (5).—The portion of the Tirumushi-Satyavedu road from Tiruvallur Railway Station to Tiruvallur town carries heavy traffic and in order to avoid the dust nuisance, it is proposed to provide improved surfacing to the road at a cost of Rs. 39,000. The amount required to meet the pay of the watchmen employed to guard the materials obtained for the work is included in the supplementary estimate. The expenditure is on a "new service".

Item (viii) (6).—This work has been transferred to the Public Works Department for execution during the current year. The amount of Rs. 10,800 required for expenditure is included in the supplementary estimate.

Items (viii) (7) *to* (viii) (9).—The works have been sanctioned during the current year. The amounts included in the supplementary estimate are required for expenditure during the current year.

Items (viii) (10) *and* (viii) (11).—These are new works sanctioned in the current year. As the expenditure is on a "new service", a token sum for each is included in the supplementary estimate.

Item (viii) (12).—Owing to the enormous increase in traffic on the Coimbatore-Mettupalayam road, it is proposed to cement-concrete the road at a cost of Rs. 20 lakhs. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (viii) (13).—The Government propose to finance the work from the Central Road Fund and the cost exceeds Rs. 30,000. The expenditure is on a "new service". An appropriation of Rs. 2,100 required for expenditure in the current year is included in the supplementary estimate.

Items (viii) (14) *to* (viii) (18):—These works are in progress. The amount included in the supplementary estimate against each of the works is required for expenditure during the current year.

Items (viii) (19) *to* (viii) (24), (ix) (3) *and* (ix) (4).—These works relate to roads of military importance and the expenditure thereon is debitable finally to the Central Road Fund Reserve of the Government of India. According to the latest instructions issued in consultation with the Accountant General, the expenditure has to be debited to "50. Civil Works" in the first instance and the subsequent recoveries have to be credited under "XXXIX. Civil Works". The amount included in the supplementary estimate is for writing back the expenditure to "50. Civil Works".

For details of the several items of work under item (viii) (19), see the Annexure.

Item (viii) (25).—The amount is required to complete the work.

Item (viii) (26).—The amounts are required for road works in connection with land colonization schemes for ex-servicemen.

Item (ix) (1).—The metalling of the roadway on the right bank of the Akanda Godavari river has been sanctioned during the current year. As the cost exceeds Rs. 30,000, the expenditure is on a "new service". The amount required for expenditure during the current year is included in the supplementary estimate.

Item (ix) (2).—The amount is required for the completion of a work in progress.

c. Original Works—Miscellaneous.

Item (x).—With a view to avoiding erosion of the road along the beach of Vizagapatam a sea wall was put up. A portion of the wall in Maharanipeta limits has been damaged. The reconstruction of the damaged portion of the wall at a cost of Rs. 89,000 has been sanctioned during the current year. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance required for expenditure during the current year has been met from savings within the grant.

d. Repairs.

Item (xi) (1):—The additional appropriation is required for extra painting and distempering of the main buildings in Madras and Guindy, and for meeting enhanced municipal taxes relating to Government House, Ootacamund.

Item (xi) (2).—The additional appropriation is required for repairs to the buildings and fans in the High Court.

Item (xi) (3).—A large number of Government buildings in the Dowlaishwaram and Bezwada circles were damaged by the severe cyclone of October 1945. The additional appropriation is required for repairing the damages caused by the cyclone, and for carrying out other special repairs to the buildings.

Item (xi) (4).—The appropriation is required for maintenance of roads of military importance. According to the latest instructions issued in consultation with the Accountant General, the expenditure has to be debited to "50. Civil Works" in the first instance and the subsequent receipts from the Central Road Fund have to be credited to "XXXIX Civil Works". The appropriation is provided for writing back the expenditure to "50. Civil Works".

Item (xi) (5).—The appropriation of Rs. 8,400 is required to carry out the work of controlling gullies in the Golf Course, Saidapet.

Item (xii) (1).—The appropriation of Rs. 4,900 is required for the execution of urgent repairs not contemplated in the budget.

Item (xii) (2).—Out of the additional appropriation of Rs. 62,400 required under this head for the maintenance of lorries, road rollers, etc., Rs. 60,100 has been met from savings within the grant. The balance is included in the supplementary estimate.

Items (xiii) (1) *and* (xiii) (2).—The amounts included for these items represent the latest requirements reported by the High Commissioner for India and the Chief Engineer, P.W.D. (General, Buildings and Defence).

Explanatory Note.

Item (i).—The Government have sanctioned a third Deputy Chief Engineer (Irrigation) of the grade of an Executive Engineer, a third Additional Assistant Engineer and additional staff in the office of the Chief Engineer (Irrigation) to cope with all round increase of work in that office. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance required in the current year has been met from savings within the grant.

Item (ii).—The creation of two new posts of Superintending Engineers, for the West Roads Circle and North-East Roads Circle, and the higher rate of pay drawn by the present Superintending Engineer, East Roads Circle, account for the additional appropriation required under this head.

Item (iii) (1).—The Government have sanctioned a special division and two subdivisions for works relating to cement-concreting the Coimbatore-Mettupalayam road. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iii) (2).—An additional appropriation of Rs. 3,06,200 is required under this head mainly on account of higher rates of dearness and war allowances. A sum of Rs. 37,400 is included in the supplementary estimate; the balance has been met from savings within the grant.

Item (iii) (3).—The increase is due to the sanction of two new posts of Superintending Engineers, West and North-East Circles, with the necessary staff in the course of the year to cope with the increase of work. The expenditure is on a "new service".

Item (iv) (1).—The additional appropriation (Rs. 19,400) is required to meet the expenditure as a result of the continuance of the Road Development Engineer and his subordinate officers, payment of leave salaries to Superintending Engineers and the employment of the following additional staff sanctioned in the course of the year 1945-6:—

(1) Assistant Engineers appointed under the Road Development Engineer for the preparation of detailed plans and estimates for works to be executed during the first two years after the war.

(2) Special Executive Engineer for working out the scheme for execution of post-war road works with mechanical equipment, particularly that connected with the supply of road metal.

(3) Special Superintending Engineer for work relating to the organization of the Highways Department and for the scrutiny and co-ordination of post-war project schemes received from the Road Development Engineer and other Superintending Engineers.

Item (iv) (2).—The additional appropriation is required on account of the up-grading of the office of the Chief Engineer (Communications) into the 'A' class, and employment of additional staff in the offices of the Chief Engineer (Communications), Special Executive Engineer and the Road Development Engineer.

Item (iv) (3).—The additional appropriation is due to increase in the expenditure under travelling allowance, war and dearness allowances as a result of the employment of the additional staff mentioned in items (iv) (1) and (iv) (2) above, and also to the purchase of furniture for the Chief Engineer's office.

Out of the total expenditure of Rs. 1,14,600 required under items (iv) (1) to (iv) (3), the expenditure which is connected with the employment of staff (Road Development Engineer, Special Executive Engineer, etc., and their establishment) employed for post-war road projects and first phase detailed estimates will be debited to the allocations from the Central Road Fund. The expenditure on the employment of 11 Assistant Engineers, 17 Supervisors, etc., under the Road Development Engineer is on a "new service".

Item (v).—An electrical division with two Assistant Engineers, four supervisors and other subordinate staff was constituted for the speedy execution of airfield electrical works. The entire cost of the staff will be recovered from the Government of India. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (vi).—The additional appropriation is required to meet the cost of 106 lorries purchased for the East Roads Circle and the cost of furniture required for road divisions and other newly sanctioned divisions.

Item (vii).—The Government have sanctioned the purchase of tools and plant as detailed below for the execution of the post-war road programme at an estimated cost of Rs. 168·38 lakhs. The expenditure likely to be incurred in the current year is noted against each.

Serial number and description of machinery.	Sanctioned estimate.	Expenditure likely to be incurred in the current year.

Explanatory Note.

Item (i) (1).—On the recommendation of the Chief Engineer (Communications), a grant of Rs. 23,062 has been sanctioned for the work in the current year.

Item (i) (2).—A grant of Rs. 13,988 has been sanctioned for the work in the current year as it was considered urgent.

Item (i) (3).—The Collector considered that the work should be treated as urgent. A grant of Rs. 20,550 has been sanctioned for the work in the current year.

The grants sanctioned in the current year for all the three items mentioned above come to Rs. 57,600 in all. As the expenditure on each of the works is on a "new service", a token sum of Rs. 100 in each case is included in the supplementary estimate. The balance of the amount required has been met from savings within the grant.

Item (i) (4) *to* (i) (8).—The Government have, as a special case, agreed to give a grant equal to 75 per cent of the expenditure on the provision of dustless surfaces to the five roads mentioned against these items. The total cost of the works is estimated at Rs. 95,200 and the grant to be paid to the Council comes to Rs. 71,400. Works on the Kistna Canal Right Bank road and on the Tank Bund road have been taken up and the Government have sanctioned a grant of Rs. 8,585 for the work in the current year. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required has been met from savings within the grant.

Item (ii).—The Government directed Collectors to arrange for the early provision of amenities such as wells, roads, etc., in villages which had specially distinguished themselves by sending an exceptionally large number of recruits to the Armed Forces. The Collector of North Arcot suggested that the two village road works specified in the margin might be carried out in the current year as amenities for the villages concerned. The North Arcot District Board, in whose jurisdiction the villages lie, could not meet the expenditure out of its own funds. The Government have sanctioned a full grant of Rs. 31,700 for the purpose.

(vi) Do.	Do.	Post-war Reconstruction—Allowances—Travelling allowance.	..	200
		Total ..	..	6,68,500

Explanatory Note.

Item (i).—The additional appropriation is required to meet the contribution payable to the Cauvery-Mettur Project for the use of water for the generation of electricity at Mettur, the cost of power purchased for the Mettur System from Pykara due to the low level of water in the Mettur Lake, higher rates of dearness allowance, and increased expenditure due to the general expansion of the system.

Item (ii).—The increase is due to the sanctioning of additional posts after the fixing of the budget estimates.

Item (iii).—The increase is mainly due to write-off of loss in Pasumalai Stores, employment of more work-charged staff and the grant of higher rates of dearness allowance.

Item (iv).—The increase is due to higher rates of dearness and war allowances and proportionate increase in travelling allowance chargeable to the scheme on account of the conversion of the post of Executive Engineer (Electrical), Bezwada, to that of Superintending Engineer, Andhra Power System.

Item (v).—The increase results from larger expenditure on leave allowances and the employment of additional staff of one Assistant Engineer and one Executive Engineer, Electrical and Mechanical Division. The expenditure on the additional staff is on a "new service".

Item (vi).—The provision is for the payment of allowances in connexion with the deputation of an officer of the Electricity Department for training abroad.

Explanatory Note.

The Government have undertaken to distribute milk or milk powder to children and mothers in the famine relief centres opened in Vizagapatam district and those proposed to be opened in Bellary and Anantapur districts. The Regional Food Commissioner, Madras Region, has been requested to allot for this purpose 50 tons of "Milk Maid Brand" sweetened condensed milk (Nestle's Milk Products) to this Government. Out of this consignment, the Nestles Company have been asked to supply 2 tons to the Collector of Vizagapatam for distribution in that district. It is also proposed to supply 1 ton of milk to each of the Collectors of Bellary and Anantapur for the present. In addition to this consignment, the Government of India have also been requested to supply a total of 1,400 tons of milk powder for use in this Province. The exact cost of the milk or milk powder is not known. The cost of the 50 tons of condensed milk indented for from the Regional Food Commissioner is estimated at Rs. 82,800 and it will be met from the provision made in the budget for 1945–6 for famine relief measures. As this expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

(vii) Do.	e. Printing at private presses.	....	..	2,90,700
		Total ..	*1,16,400*	13,58,700

Explanatory Note.

Items (i), (ii), (iii) *and* (iv).—The increase in expenditure under the head "Stationery" is due to the despatch of stationery in connexion with the general elections to the Legislatures, the repair of a large number of typewriters, payment in the current year for paper supplied by paper mills in the previous year and larger deliveries of stationery ordered from abroad.

Items (v) (1) *and* (v) (2), (vi) *and* (vii).—The increase in expenditure under the head "Government Presses" is due to the adjustment in the current year of a portion of the cost of printing work done for the High Court during the previous year, employment of additional establishment for printing electoral rolls, the expenditure on which is treated as on a "new service", and heavy expenditure on the printing of electoral rolls at private presses.

Explanatory Note.

Item (i).—The boat owners of Calingapatam and Bandarupeta villages, Chicacole taluk, dismantled their boats for security reasons. Subsequently a cyclone washed away all the planks of the dismantled boats with the result that they were left without boats. The boat owners requested the Government to purchase and supply them with enough salwood to enable each of them to provide himself with a boat. On the recommendation of the Board of Revenue an *ex gratia* expenditure of Rs. 10,000 was sanctioned for the purchase and distribution of 1,386 cubic feet of salwood for the construction of boats. The number of boat owners for whom a free grant of timber is required is 33. Steps are being taken to purchase the necessary timber from Orissa Province. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (ii).—The Government sanctioned money grants to members of the fighting services domiciled in this Presidency who had distinguished themselves by conspicuous gallantry in the field, on the following scale :—

Decoration.	Amount of grant (each).
	Rs.
(*a*) Victoria Cross and George Cross awarded at any time during this war ..	7,500
(*b*) Distinguished Service Order, Indian Order of Merit and George Medal awarded at any time during this war	5,000
(*c*) Military Cross, Distinguished Service Cross and Distinguished Flying Cross awarded before the 9th February 1945	5,000
(*d*) Indian Distinguished Service Medal and Conspicuous Gallantry Medal awarded on or after the 15th February 1944	5,000
(*e*) Military Cross, Distinguished Service Cross and Distinguished Flying Cross awarded after the 9th February 1945	2,500
(*f*) Indian Distinguished Service Medal and Conspicuous Gallantry Medal awarded between the 3rd September 1939 and the 14th February 1944.	2,500
(*g*) Military Medal, Distinguished Service Medal and Distinguished Flying Medal awarded at any time during this war	2,500

A soldier, sailor or airman who wins two different decorations or a decoration and a bar will be given the two monetary grants appropriate to the decorations won, but not more, even if he wins more decorations and/or bars: provided that if a person has won more than two decorations and/or bars, the money grants appropriate to the two highest decorations won by him will be given, but the two money grants once sanctioned will not be enhanced even if he wins a higher decoration subsequently. The total expenditure for the year is estimated at Rs. 2,75,000 and this has been met from savings within the grant. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iii).—The supplementary appropriation is required to meet the additional expenditure on account of the pay and sterling overseas pay of an I.C.S. Officer appointed as Deputy Commissioner of Civil Supplies (Fuel).

Item (iv).—The budget estimate for 1945–6 provides for a transfer to the Revenue Reserve Fund of Rs. 10 crores. An improvement of Rs. 90,75,000 is anticipated in the revenue account in view of the latest forecast received from the Government of India of the Madras Province's share of income-tax receipts. The Government anticipate that it will be possible to transfer whole of this amount in round lakhs to the Revenue Reserve Fund. Rs. 90 lakhs is therefore included in the supplementary estimate of expenditure. The amount to be actually transferred to the Fund in the final accounts of the year will be the amount of the actual revenue surplus in round lakhs.

(ix) Do.	Do.	II. Industries Department ..	..	100
		Total ..	*50,300*	1,000

Explanatory Note.

Item (i).—Expenditure has been sanctioned on improvements or reconstruction of temporary huts for the additional Armed Reserves for the following districts:—

(*a*) East Godavari (Rajahmundry).

(*b*) Tinnevelly district (Palamcottah).

(*a*) *above*.—As the revised estimate of Rs. 45,200 for the above work provided for a complete reconstruction at greatly increased cost, this expenditure is on a "new service."

(*b*) *above*.—The latest revised estimate of Rs. 1,30,000 sanctioned for the work provided for new items of expenditure not contemplated in the previous estimates, such as masonry compound walls in lieu of tatties for backyards of huts, etc., which involved a large increase in the estimate. The expenditure has therefore been treated as a "new service."

The additional appropriation provides for token sums of Rs. 100 each for the improvements or reconstruction of the huts in the two districts noted above.

Item (ii).—In April 1944 the War Transport Department made a bulk allotment of 16 controlled motor vehicles to this Government. Out of these nine were intended for the Police Department, two for the Department of Agriculture and five for the Public Works Department (Communications). As this was a bulk allotment the vehicles had to be taken delivery of at Bombay without the intervention of dealers. At the request of the Provincial Motor Transport Controller the Inspector-General of Police deputed a police party consisting of one Sergeant and eighteen men to take delivery of these vehicles and bring them by road to Madras. The expenditure incurred on bringing the vehicles to Madras and on construction of bodies for the vehicles allotted to the Police Department was Rs. 66,881-15-0. As the expenditure is large, it is on a "new service", and a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (iii).—The pay of untrained constables on coastal patrol duty was increased from Rs. 15 to Rs. 20 per mensem. This involves an extra cost of Rs. 1,25,580 per annum. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (iv).—This is due to increased expenditure on account of changes in the personnel holding certain posts and higher rates of dearness and war allowances.

Item (v).—The Director of Publicity was authorized to incur an expenditure of Rs. 17,500 on the travelling allowance of officials and honorary workers of the National War Front Organization invited to attend the farewell meeting held at Government House, Madras, in September 1945. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the expenditure will be met from savings within the grant.

At the instance of the Government of India, Information and Broadcasting Department, the Field Publicity Organization (subsequently known as the Publicity Department) was introduced in this Province in July 1945. The Publicity Department consisted of three layers: Mobile Publicity Units in the districts, Regional Publicity Organization and Provincial Publicity Organization. The Government of India agreed to meet 2/3 of the recurring and ½ of the non-recurring expenditure on account of the working of the Publicity Department in this Province subject to certain maxima. With the cessation of hostilities the Madras Government considered it no longer necessary to continue the Organization and ordered the abolition of the Mobile Publicity Units and the Regional Publicity Organization in the districts in December 1945 and the Provincial Publicity Organization with effect from 1st March 1946, retaining only a skeleton staff to attend to the work connected with the winding up of the organization. The anticipated expenditure on the Publicity Department from the date of its inception till 1st March 1946 is Rs. 9,36,900. As this expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure met from Savings within the grant.

Item (vi).—The Government have sanctioned the appointment of three additional third grade Motor Vehicle Inspectors. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the amount required will be met from savings within the grant.

Item (vii).—The Government sanctioned in July 1945 a scheme for the procurement of sheep and goats through Civil Officers for supply to Defence Services for export as well as local consumption in the districts of Trichinopoly, Tinnevelly and Vizagapatam. The total expenditure on the scheme during the current year is estimated at Rs. 95,300. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The entire expenditure on the scheme is recoverable from the Central Government.

Item (viii) (1).—The additional appropriation is required to meet the pay of the District Supply Officers and Personal Assistants to the Collectors of Malabar, Coimbatore and Vizagapatam and the Special Deputy Commissioner in the office of the Board of Revenue (Civil Supplies) in connexion with procurement and rationing of foodgrains.

Item (viii) (2).—A token sum of Rs. 100 is included in the supplementary estimate in respect of the cost of the additional establishments sanctioned for work connected with intensive procurement and rationing in several districts in the Presidency and for other purposes.

A list of the establishments sanctioned is given in the Appendix. The additional expenditure in the current year on these establishments has been met from savings within the grant.

Item (viii) (3).—The additional appropriation is mainly for payment of war allowance and travelling allowance of the officers mentioned in item (viii) (1) above.

Item (ix).—The token appropriation relates to the following "new services":—

(1) Appointment of an Assistant Paper Controller and of the additional staff sanctioned for administering the various control orders relating to paper in this Province, and

(2) Appointment of staff for work connected with the distribution of sole leather to manufacturers of footwear in this Province.

The cost of the additional staff for these purposes in the current year is estimated at Rs. 26,600 and the balance will be met from savings within the grant.

72. Capital Outlay on Industrial Development ..	a. Cinchona	..	600

Explanatory Note.

The Government have sanctioned the following new schemes in the course of the year :—

(1) Construction of quarters for three fieldmen and two overseers and 14 blocks of ten quarters each for labourers in the Anamalai Plantations at an estimated cost of Rs. 2,70,100.

(2) Plantations of cinchona by the short-term method in about 1,055 acres on the Anamalais and the Nilgiris at an estimated cost of Rs. 47,91,200.

(3) Construction of quarters for a storekeeper and an upper division clerk in the Naduvattam Plantations and for a head accountant and two supervisors in the Anamalai Plantations at an estimated cost of Rs. 58,600.

(4) Employment of one Divisional Accountant, one Assistant Engineer, one Supervisor, one head clerk, etc., for work connected with the construction of a modern quinine factory on the Anamalais.

(5) Formation of a road in Divisions IV and V of the Anamalai Plantations at an estimated cost of Rs. 38,000.

(6) Plantation of cinchona by the normal method in an area of 2,550 acres on the Anamalais and 300 acres on the Nilgiris at an estimated cost of Rs. 93,82,800.

As the expenditure on each of the above items is on a "new service", a token appropriation of Rs. 100 in respect of each is included in the supplementary estimate.

		Total ..	*5,000*	700

Explanatory Note.

Item (i).—An estimate for Rs. 4,12,200 was sanctioned for the purchase of power transformers and cubicles for use in the Hydro-Electric and Thermal Systems of the Electricity Department as a review of the transformer position in the department showed that placing of orders for the equipment for the operating systems was imperative and could not be delayed.

Item (ii).—Sanction was accorded to the grant of higher starting pay to Junior Engineers and Supervisors in view of the difficulty in obtaining qualified men for the posts.

Item (iii).—An estimate for Rs. 60,000 was sanctioned for the construction in advance of a manufacturing yard for transmission line towers at the Mettur workshops, and an estimate for Rs. 20,000 for installation of additional machinery at the workshops was also sanctioned to cope with the increase of work.

Item (iv).—For the extension of Mettur power from Tiruppattur to Kuppam, sanction was accorded to an estimate for Rs. 9·42 lakhs initially, rising to Rs. 11·52 lakhs in eight years.

Item (v).—The additional appropriation is required for the payment of additional compensation awarded by the Court for land acquired for the Project from Kattalamadai Estate.

Item (vi).—The Government sanctioned an estimate for Rs. 193·1 lakhs initially, rising to Rs. 268 lakhs in five years, for the Moyar Hydro-Electric Scheme.

Item (vii).—An estimate for Rs. 77·5 lakhs was sanctioned for the Madras-Mettur Interconnexion Scheme. The amount was subsequently reduced to Rs. 64 lakhs, as a portion of the estimate was included in Pykara Extensions and Madras Thermal Station Extensions.

Item (viii).—The Government sanctioned an estimate of Rs. 22·91 lakhs initially, rising to Rs. 27 lakhs in five years, for extensions to the Vizagapatam Power House.

The expenditure on each of the above items except item (v) is on a "new service". A token appropriation of Rs. 100 in respect of each of the "new services" has been included in the supplementary estimate, and the remainder of the expenditure on them in the current year has been met from savings within the grant.

(ix)	Do.	Do.	Loans to Salur Estate ..	..	2,00,000
			Total ..	..	68,30,700

Explanatory Note.

Item (i) (1).—The additional appropriation is required on account of new loans granted to the Corporation of Madras for construction and improvement of foot-paths, and improved surfacing of roads.

Item (i) (2).—The additional appropriation is required for financing the following schemes which the Corporation of Madras had to carry out during the year :—

	Rs.
Improvements to the Cooum	2,59,500
Pumping plants for drainage pumping stations	1,50,000
Beggar home	83,000
Construction of water tables and terminal connexions	30,000
Conservancy cattle depot in Theagarayanagar	20,000
Improvements to tenements in Jagannathapuram	16,500
Laying sewers in certain streets	12,900
Midday meals centre at Royapetta	12,500
Purchase of water meters	10,000
Improvements to burning and burial grounds	10,000
Extension of Food Analyst's Laboratory	7,000
	6,11,400

Besides these, the Corporation was given a loan of Rs. 17,400 towards its share of the outstanding balance of the expenditure on the Poondi Reservoir Scheme. A sum of Rs. 1,20,000 has also to be provided now to wipe off the credit taken in the budget for probable savings.

Item (ii).—The Government approved a scheme for metalling the road from Prakkilanka to Polavaram along the right flood bank of Akanda Godavari River in West Godavari district as the execution of this work was considered to be urgently necessary both from the administrative point of view and also for the convenience of the public. The West Godavari District Board has applied for a loan of Rs. 40,500 to meet the cost of metalling the portion of this road within its limits. An additional appropriation of Rs. 40,500 for this purpose is included in the supplementary estimate.

Item (iii).—The Government have sanctioned loans to certain municipalities in the current year to enable them to undertake urgent schemes connected with the improvement of electrical undertakings, construction of markets, bus-stands, office buildings, etc. These schemes were ordered to be held up for the duration of the war. In view of the cessation of hostilities and the need to prevent unemployment, the local bodies were allowed to proceed with these works in the current year.

Item (iv).—The additional appropriation is required for a loan to the Virudhunagar Municipal Council for acquisition of lands in the Kathalampatti Extension Town-Planning Scheme area.

Item (v).—The bulk of the additional appropriation is required on account of the heavy demands from the ryots for loans for the purchase of seed and manure supplied under the State Trading Schemes of the Agricultural Department. It includes Rs. 1,00,000 urgently required by the Collector of Vizagapatam for loans under special rules for the purchase of seed and manure in the cyclone-affected areas of the district.

Item (vi).—In view of the unsatisfactory position of their finances it was found necessary to sanction advances to cover deficits to a larger number of local bodies, including the Madras Corporation, than was anticipated in the budget.

Item (vii).—The Government have sanctioned a scheme for the reclamation of patta lands in sixteen villages in the Cauvery-Mettur Project area through the agency of Land Reclamation Co-operative Societies. According to this scheme the Societies will borrow funds from the Government for advancing long-term loans to ryots for reclamation purposes. The Societies require a loan of Rs. 25,000 during the current year. The Government have approved a scheme submitted by the Registrar of Co-operative Societies for the formation of a new colony for the weaver members of the Yemmiganur Weavers' Co-operative Society in Bellary district with residential accommodation and other living amenities. To start with, the Society proposes to acquire a site and construct 200 houses for the use of its members. The Government have sanctioned a loan of Rupees one lakh to the Society towards the cost of the scheme. The loan is repayable in twenty equated annual instalments to cover principal and interest and will carry interest at $3\frac{1}{2}$ per cent per annum. The financial position of the Society is reported to be sound and no difficulty is anticipated in the regular repayment of the loan instalments. Out of the loan of Rupees one lakh, Rs. 25,000 is required for disbursement during the current year. The expenditure is on a "new service."

Item (viii).—The Government sanctioned in 1944–5 the payment to the Royalaseema Moola Khadi Prathisthapanam, Tadpatri, of a subsidy of Rs. 1,991, a grant of Rs. 4,626 and a loan of Rs. 4,000 for the development of hand-spinning in famine areas. The loan is repayable at the end of three years from the date of disbursement with interest at $3\frac{1}{2}$ per cent per annum. The hand-spinning centres were opened towards the close of 1944–5 and the loan was not disbursed until the current year. As savings are not available under the grant, the amount is included in the supplementary estimate.

Item (ix).—A loan of Rs. 2,00,000 was granted to the Court of Wards representing the Salur Estate to enable the Court to pay off debts due by the Estate. As there are no savings available within the grant, the amount is included in the supplementary estimate.
