R.C.NO.934-A/45

Office of the
Director of Public Instruction,
Madras, Dated 21-9-1945.

28 SEP 1945

From
Dr. B. B. Dey, D.Sc. (Lond.), F.R.I.C.
Offg. Director of Public Instruction, Madras.

To
The Secretary to Government,
Education and Public Health Department.

Sir,
Sub: Presidency College, Madras - Additional provision for
equipping the laboratories to Library and for the purchase of furniture - requested.

I have the honour to state that on account of the very high cost of Scientific materials and the non-availability of the majority of special apparatus and chemicals the laboratories of the Presidency College have not only been not adding to their stocks but have been using up their accumulated reserves of apparatus and chemicals during the last six years with the consequence that there has been a great depletion of their stocks. The average amount spent on laboratory charges in the college per year from 1940-41 to 1944-45 works to Rs.33,000/- approximately. The strength of the college in 1935-36 was 760; and today the strength is 1325, showing almost a cent per cent increase within a period of ten years. Considering these facts I am of opinion that a special non-recurring grant of Rs.90,000/- should be made to the college to purchase the articles for the various laboratories as shown below. This grant may be spent over a period of 3 years beginning with 46-47. The distribution of the amount among the several laboratories will be generally as follows:-

For Physics Laboratory	...	Rs.40,000
For Chemistry	...	Rs.30,000
For Botany	...	Rs.10,000
For Zoology	...	Rs.10,000
Total	...	Rs.90,000/-

No amount has been included for the Geology section as I have submitted proposals for equipping this laboratory separately in my letter to Government RC.No.294-A/45, dated 2-7-45. As regards the recurring expenditure under Laboratory charges the amount now allotted is not at all sufficient in view of the high cost of the articles. The average for the last five years works to only about Rs.33,000/-. A recurring expenditure of at least Rs.50,000/- should be sanctioned from 1946-47 onwards to be distributed as follows:-

For Chemistry laboratory	...	Rs. 25,000
For Physics	...	Rs. 10,000
For Botany	...	Rs. 5,000
For Zoology	...	Rs. 5,000
For Geology	...	Rs. 5,000
Total		Rs. 50,000

I consider that this provision proposed above is reasonable on the basis of strength and of the average prices of scientific goods.

2. Similarly, the various Libraries of the College have also to be equipped with upto date books in different subjects. The average amount spent on the Library for the past six years comes to Rs.4,000/- a year approximately. This is sufficient. I recommend that a non-recurring expenditure of Rs.30,000/- may be sanctioned for the purpose. This amount

42381

Y

1508 E 24
25-9-45

F

5-9-45
R.G.

may also be spread over three years from 1946-47 onwards. and may be inclusive of the recurring expenditure in the three years. After the end of the third year the recurring expenditure may be raised to Rs.7500/- per year from 1949-50 onwards.

3. The college has now opened a canteen for the use of the students and the staff. It is urgently in need of some ~~furniture~~ furniture and I recommend that the Government may be pleased to sanction a non-recurring expenditure of Rs.3,000/- in 1946-47 for the purpose.

4. I am including the following provision in part II of my Budget Estimates for 1946-47.

Laboratory charges Non-recurring	Rs. 30,000
-do- Recurring	Rs. 20,000
Books and Periodicals non-recurring	Rs. 6,000
Purchase of furniture	Rs. 3,000
Total	Rs. 59,000

The normal recurring provision of Rs.30,000 for 'Laboratory charges' and Rs.4,000 for 'Books' will be included in Part I of the Budget Estimate for 1946-47.

I have the honour to be,
Sir,
Your most obedient servant,

for DIRECTOR OF PUBLIC INSTRUCTION.

College- Presidency, Madras. Canteen. Supply of furniture.
From the D.P. S. R.C. No. 934-A/45-3 21.9.45.

Memo No. 42381 of 45. 28.11.45.

The D.P. S. is requested to report.

- whether the canteen attached to the college is what arrangements are made for running of the canteen attached to the college.
- how the canteen attached to the Medical College and other ~~the~~ ^{other} colleges are run, and
- whether any equipment is provided at Govt. expense in the canteens referred to in (1) above.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS, DATED 28-11-45.

From

Dr. S.R.U.Savoor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sub:- Presidency College, Madras - Canteen - Supply of furniture.

Ref:- Government Memo. No.42381-C/45, 2-Edu., dated 2-11-1945.

54818

I have the honour to submit herewith a copy of the letter of the Secretary of the Canteen which explains the arrangements for running the canteen together with the statement of accounts for 1943-44 and 1944-45. A copy of the letter of the Principal, Medical College, Madras dated 19-11-45 showing how the canteen attached to that college is run is also submitted for the information of Government. There are no separate canteens run by any other college under this department and so no furniture from Provincial funds was purchased for the purpose hitherto.

I have the honour to be,
Sir,
Your most obedient servant,

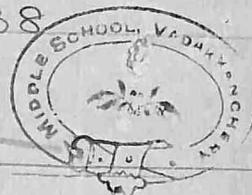

for Director of Public Instruction.

EDDY. 29.11. 29/11.

COPY of the letter S.12985. dated 19-11-1945 from the Principal,
Medical College, Madras to the Director.

Sub:- Medical College, Madras - Arrangements for
running the canteen.

A canteen is run in this college for the convenience
of the students and the staff on co-operative basis. Most of
the furniture has been purchased by the Madras Medical College
Co-operative Club. A few has been lent by the College and they
will be got back as soon as their supply is received.

The Presidency College Canteen which was started in January 1944, for providing mid-day lunch to students and staff of the College, is arranged by a Committee consisting of the Principal who is Ex-officio President, A Secretary and Treasurer, and ten members, of whom seven are from the staff and three are representatives of students. The Secretary and Treasurer and the ten members are nominated by the Principal. The following are the office bearers on this date:--

Secretary and Treasurer:

Mr. G.A. Srinivasan.

Members.

1. Mr. V. Venkatarama Ayyar.
2. T.N. Muthuswami Iyer.
3. K. Raghavan.
4. M.V. Sitarama Ayyar.
5. P.R. Subramanyam.

Members of the Staff.

6. O.P. Rangaswami.
 7. T. Krishnamoorti.
 8. R. Dayakisen. } Student.
 9. T.S. Ramakrishnan } Represen-
 10. Miss. Shrimethi Buch. } tatives.
- do--

The Canteen has issued shares of the value of two rupees each. A member may hold not more than ten shares. Almost all members of the staff and almost all students are share holders. 1550 shares were subscribed for, of which 136 shares have been withdrawn, by members who have left the College. The share Capital on this date is Rs. 2823-0-0. For each share, an admission fee of two annas is also levied, the amount collected under this head being Rs. 193-12-0.

The share capital has been utilised in purchasing the cooking vessels and brass tumblers, dabaras, aluminium plates and spoons. The admission fee is drawn upon for initial working expenses. The canteen has engaged the necessary staff, consisting of a Manager, a head cook, assistant cooks, servers and cleaners. On each working day, a menu consisting of a sweet, two or three savories and coffee and tea is prepared and sold to the members. The provisions are purchased by the Manager and the dealings are strictly on cash basis. The accounts are kept by him and are scrutinized daily by the Secretary and Treasurer. The audited statements of accounts for the period January - May 1944 and for the year ending 31st May 1945 are enclosed.

The students' common room is being utilized as the canteen eating room with a separate enclosure for women students. Four rooms of the College tiffin shed have been improvised as the canteen kitchen. The canteen is considerably handicapped by not having a spacious hall of its own, well ventilated kitchens adjoining the hall and suitable furniture and equipment of its own. The canteen committee decided at one of its meetings to request the Principal to send up proposals to Government for the provision of these wants.

A. Arts Colleges - Men -
4. Laboratory charges.

Additional provision for equipping laboratories.	17,000	90,000	17,000	30,000
Increased provision for equipping libraries.	..	18,000	..	6,000
Total	17,000	1,08,000	17,000	36,000

5. Books and Periodicals.

The Director of Public Instruction has proposed an increase in the provision made for equipment of the laboratories and for the purchase of books for the library attached to the Presidency College, Madras, for the reasons given below:-

Laboratories: The Director reports that on account of the very high cost of scientific materials and non-availability of the majority of special apparatus and chemicals the laboratories of the Presidency College have not only been not adding to their stocks but have been using up their accumulated reserves of apparatus and chemicals during the last six years with the consequence that there has been a great depletion of their stocks. He points out that the average amount spent on laboratory charges in the college for the last five years is Rs.33,000 and that this is found inadequate as the strength of the college has considerably increased (from 760 in 1935-36 to 1,325 in 1945-46). In the circumstances the Director recommends that the special non-recurring grant of Rs.90,000 spread over period of three years may be sanctioned and that the recurring expenditure may be increased from Rs.33

P 1

to Rs.50,000 per annum.

Libraries: The average amount spent for the past six years, comes to Rs.4,000/- a year approximately which is not sufficient. As the libraries have to be stocked with up-to-date books on the different subjects, the Director recommends that a non-recurring grant of Rs.30,000 spread over a period of three years, may be sanctioned from 1946-47. This amount will be inclusive of the recurring expenditure of Rs.4,000 and after the end of the third year, the question of increasing the provision for recurring expenditure will be examined.

This department supports the proposals of the Director of Public Instruction and recommends that provision may be made in the budget estimate for 1946-47 as shown in the summary at the top.

Part II scheme - 1946-47 E.L.M. Dept. (C)
College. Presidency. Madras. laboratories and libraries. Adequate provision for equipment - Purchase of furniture for the canteen. From the D.P. 9. No. 934/A/45-3 21.9.45.

In connection with the budget for 1946-7 the D.P. 9. has submitted proposals for increasing the provision for equipping the laboratories and libraries attached to the Presidency College, and 2) for the purchase of furniture for the college canteen.

2. Laboratories. In view of the large increase in the strength of the college (from 760 in 1935-6 to 1325 in 1945-6) the average expenditure (Rs. 33,000 for the last 5 yrs.) is reported to be inadequate. To provide for the large increase in the strength of the college and to replenish the stock of apparatus and chemicals which had been depleted during the last six years without replacements, the D.P. 9. recommends that a special non-recurring grant of Rs. 90,000, spread over a period of 3 years may be sanctioned from 1946-7 and that the recurring expenditure may be raised from Rs. 33,000 to Rs. 50,000 per annum. This may be accepted.

3. Libraries. The average expenditure for the last 6 years (Rs. 4000/-) is reported to be inadequate. The D.P. 9. recommends that this may be increased to Rs. 10,000 for a period of 3 years from

Part II Scheme for 1946-7.

Additional provision for equipping the laboratories and library of the Presidency College, Madras.

	Ultimate cost.		Cost in 1946-7.	
	Recur- ring. Rs.	Non-re- curring. Rs.	Recur- ring. Rs.	Non-re- curring. Rs.
37.b. Education - University - Government Arts Colleges - A. Art Colleges, Madras Men.				
b.A.4. Laboratory charges.	17,000	90,000	17,000	30,000
b.A.5. Books and Periodicals.	1,500	18,000	---	6,000
b. A.6. Other contingencies - Purchases and Repairs of furniture and bicycles.	...	3,000	..	3,000
Total.	17,000	1,11,000	17,000	39,000

The Director of Public Instruction has explained the necessity for the additional provision proposed by him to equip the laboratories, the library and the canteen of the Presidency College. The E & P.H. propose to treat the scheme as a Part II for 1946-7. The proposals may be accepted, subject to the following remarks:-

2. A demand for Rs.3,000 is made for furniture for the canteen started to have been opened recently for the use of the students and the staff. There are canteens run by the officials in the various Government departments and the Government provide them with accommodation only. Even the electric current charges are recovered from them. It is not clear who runs the canteens attached to the College. There is a canteen run in the Medical College presumably on a co-operative basis. It is not clear whether any equipment to that canteen is provided at Government expense. If the canteen is run by a private caterer, it should be possible for him to provide necessary furniture at his cost or to pay hire charges if furniture were provided by Government. As any expenditure on this account would become an inconvenient precedent, it does not seem that Finance can agree to the

from 1946-47 i.e. Rs. 6000 towards non-recurring expenditure and Rs. 4000 towards recurring expenditure. After the this proposal may be accepted. After the end of the third year. The D.P.I. recommends that the recurring expenditure may be raised to Rs. 7,500 a year. This may be settled later.

A Furniture for the College Canteen. No expenditure from Provincial funds has been sanctioned on the establishment and maintenance of canteens in other colleges. This item

may be ~~omitted~~ ^{also be} ~~proposed~~ ^{agreed to as the} ~~shilling~~ ^{may not be able to meet the expense.} 5. The following provision may be included in Part II

estimate for 1946-7:-

Laboratory.
Library
Canteen

Recurring
20,000

Non-recurring
30,000

3,9,000

demand without further details referred to above. E & P.H. may be requested to obtain necessary information and examine the demand further.

There seems to be little justification for a grant on this account.

Please see the Memo on p. 2 of and the D.P.'s reply on p. 3 of Reg. Except the canteen attached to the Presidency College, no canteens are run by any other college under the Education Deptt. In the Medical College canteen, a few articles of furniture are reported to have been lent by the college and that they will soon be taken back. Similarly, the Presidency College canteen may be required to purchase its own furniture. From the statement of receipts and charges on p. 6 of, it is seen that the canteen is working at a small profit. By a slight increase in the price of the articles sold, it should be possible to set apart a sufficient sum for the purchase and repairing furniture. For orders whether this item may be omitted.

The D.P.I. applied for a recurring addl.

provision of Rs. 20,000/- in 1946-47 under Lab. charges. A provision of Rs. 17,000/- only has been made in this respect, in the Part II scheme, apparently, under a mistaken impression that a recurring provision of Rs. 33,000/- (as against Rs. 30,000 actually made)

has been included in Part I under Laboratory charges. The amount provided for in the may now be sanctioned. A draft order is submitted.

Finance may see before issue.
