The Secretary to Government,
Education & Public Health Department
Madras.

Enclosures: Roc.No. C2-10548/44 dated 30th July 1945;

Application. Sir,

Sub:- Education - Elementary - Salem Municipal Council -
construction of a building to accommodate III ward
boys school - application for grant - submitted.

I submit herewith an application for grant for the construction
of a building to accommodate III ward boys school for 150 pupils.

The III ward boys school is being conducted in a rented building.
The owner of the school building has given notice to vacate it and no
other suitable building is available in this ward for rent to house
the school. Further the building in question is dark and ill ventilated
and the roof leaky. The Inspecting Officers have also reported the
necessity for a suitable building.

It is therefore proposed to construct a building to accommodate
about 150 pupils in the Municipal land just north of the existing
building. Plans and estimates have been forwarded to the Director
of Public Instruction, Madras for approval. Copy of M.C.R. No. 540
dated 26-7-45 that the Government may be requested for half grant
is enclosed herewith.

I request that the Government may be pleased to sanction half
grant for the construction of a building to III ward boys school.

FORM OF APPLICATION FROM LOCAL BODIES FOR GRANTS FOR
ELEMENTARY SCHOOL AND MEDICAL BUILDINGS, WATER
SUPPLY AND DRAINAGE IN URBAN AND RURAL AREAS AND
ROADS AND BRIDGES INCLUDING VILLAGE ROADS AND
OTHER WORKS EXECUTED BY THEM.
=====

1. Name of the local body. Salem Municipality.
2. Name of the work Construction of a building for
III ward boys school.
3. Total estimated cost of the work. Rs.4800/-
4. Government share of the cost accord-
ing to any general or special orders
that may be applicable to the case. Rs.2400/-
5. Whether detailed plans and estimates
for the work have been accorded
technical sanction by the competent
authority? Awaiting sanction.
6. Has the site been selected and if so
whether it is already at the disposal
of the local body? Yes.
7. If not, is land acquisition necessary
and if so, what is the estimated cost
of acquisition and the Government's
share of it? Nil.
8. What steps, in detail, have been taken
to secure acquisition by Revenue autho-
rities any by what date is it antici-
pated that the land would be placed
at the disposal of the local body? Nil.
9. Can the local body give an assurance
that it has funds of its own available
for land acquisition or for immediate
expenditure on the work in the event
of Government sanctioning a grant for
either purpose? Yes.
10. Having regard the particulars under
items 7 and 9 what is the total
amount inclusive of Government grant
which the local body expects to spend
on land acquisition or on actual
construction within the financial
year for which budget provision is
to be made? Rs.4800/-
11. What is the Government share of item
10 and what is the amount of grant
likely to be drawn within the year? Moisty grant.
Rs.2400/-
12. What will be the probable total ex-
penditure and the Government grant
in each of the subsequent years
until the work is completed? Nil.
13. How the balance of the cost will be met. General funds of the Municipality

From

Dr. S.R.U. Savor, M.A., D.Sc., I.T.S.,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

SUB:-ELEMENTARY EDUCATION- Subsidy - Local Bodies -
Construction of elementary school buildings.

Ref:- Government Memo. No.30274-A/45, dated 12-10-1945.

In resubmitting the two applications for subsidy for the construction of elementary school buildings, from the Chairman, Municipal Council, Salem, I recommend that the proposal of constructing an additional building for the Andapet Higher Elementary School is recommended as the scheme is urgent. The request of the Commissioner for a subsidy of not exceeding Rs.2,250/- may be considered for inclusion in Part II of 1946-47.

Regarding the other scheme e.g. construction of an additional thatched shed to III ward boys' school, I do not recommend the proposal as it is not advisable to construct a thatched shed at an estimated cost of Rs.4,800/- although the scheme is equally urgent. The Commissioner may be asked to put forward a fresh proposal to construct a tiled shed. Plans and estimates relating to both the schemes have been received and they are under the scrutiny of the Divisional Inspector. As regards the remaining applications for building grants the remarks of the District Educational Officers are awaited. They will be submitted with my recommendations on receipt of the remarks of the District Educational Officers.

For 1946-47, it is necessary to consider only five works.

(i) *Municipal Council, Tuticorin—Extensions to two school buildings (Elementary School for Girls, Melur and Elementary School, for Boys, Serendakulam).*—The works estimated to cost Rs. 6,950 were approved and a subsidy equal to one-half of the cost was provided in the budget estimate for 1944-45. The Council was unable to take up the works. The estimates were revised in 1945-46 and a subsidy equal to one-half of the estimated cost of Rs. 11,900 was provided in the current year's budget. The Council has now reported that the works will be taken up this year and the grant claimed in 1946-47. The estimate as revised again with reference to current rates is Rs. 14,350. The Director of Public Instruction recommends a subsidy of one-half of this amount.

(ii) *Municipal Council, Ootacamund—Construction of a building for the Thalayatimund Elementary School.*—The estimate for this work is Rs. 5,650. The Director recommends a subsidy of Rs. 2,825.

(iii) *Municipal Council, Tirunelveli—Construction of a building for the Sindupondurai Elementary School and acquisition of lands for the Sindupondurai and the Kallanai Municipal Elementary schools.*—The estimated cost of the works is Rs. 12,410 and the Director of Public Instruction recommends a subsidy of Rs. 6,205.

(iv) *Municipal Council, Salem—Construction of an additional building for the Ammapet Higher Elementary Boys' School.*—The estimate is Rs. 4,500 and the subsidy payable is Rs. 2,250.

(v) *Municipal Council, Tadpatri—Construction of a building for the XI Ward Muhammadan Elementary School.*—The estimate for the work is Rs. 7,000. The Director of Public Instruction recommends a subsidy of Rs. 3,500.

2. It is proposed to provide a sum of Rs. 22,000 in the next year's budget, as noted in the summary at the top.

2. The subsidy sanctioned will be paid on the post execution system.

Subsidy - M. C. Salem - Elementary schools -
Construction of buildings.

C. No. 48274A/45 From the D. P. I., R. C. No. 3493-B/45, dt 24.10.45

In connection with the Part II scheme for 46-47, the Commr, Salem city, submitted to Govt applications for subsidies not exceeding one-half of the construction of buildings for the following city schools

Name of school	Estimated cost	Amount of grant
1. III Ward Boys' School	Rs 4,800	Rs 2,400
2. Ammapet H. E. Boys' School	Rs 4,500	Rs 2,250

The D. P. I. recommended that the applications might be rejected as they were not received in his office before the end of July as required in G.O. 1143 Edw. dt 13.8.32. The Director was, however, asked to consider the question of including in the Part II scheme for 46-47 such of the belated applications as were really urgent and for which plans and estimates were ready.

The Director now recommends the payment of a subsidy not exceeding Rs 2,250 towards the cost of construction of an additional building for the Ammapet H. E. School. The other half of the cost of the construction is proposed to be met from the general funds of the cl.

The D. P. I. states that the scheme is urgent. The present accommodation in the school is reported to be inadequate. The proposal may be admitted as a Part II scheme for 46-47.

As regards the proposal for the construction of a thatched shed for the III Ward Boys' School, the D. P. I. does not recommend it. As suggested by the D. P. I. the Commr. may be asked to submit fresh proposal for the construction of a tiled shed. This will have to be considered as a part II scheme for 46-47.

A draft memo is submitted. After issue, the file may be sent to L.A. and Finance for remarks.

Director, General 3 - memo to Mr. L. A. Dept.

Revised with reference to the actual spending balance
 on 1-4-46 and after taking into account the extra cost
 involved in the payment of salaries and allowances at
 enhanced rate, the balance of the scheme for 1945-46
 is expected to close with a deficit of Rs. 1,24,688 against
 the required minimum balance of Rs. 29,590. Against this
 deficit, the Ch. will get Rs. 88,843 from arrears toll contribution
 and some amount from entertainments tax and additional
 stamp duty. As at present the Ch. will not be in a position
 to meet its share of the cost of construction and additional

may be perused and passed on to Finance Dept.

The Edu. Edu. Budget of the Ch. provides for a capital expenditure of Rs. 26,000 and one item of the expenditure is construction of building for the Ammapet school. The contribution from the G. to the Edu. Edu. fund for 1946-47 is Rs. 66,000 against the standard contribution of Rs. 15,000. The increased contribution in 1946-47 should be taken to include the money from the Ch. for the additional building for the Ammapet school. No further contribution from the G. to the Edu. Edu. fund is possible as the G. for 1946-47 is expected to close with a deficit of Rs. 48,116 even after taking credit for the entire arrears toll compensation of Rs. 88,843.

With these resources the Ch. may be able to pay the balance
