A loan of Rs.1 lakh was applied for in this Office letter C.A.D.C.
No.B-2/1063/45 dated 12-9-1945 addressed to the Secretary, Local Adminis-

this proposal also cannot be taken up until Government pass final orders on the proposal of the Police Department to use it as a parade ground. Hence the loan of Rs.1 lakh, applied for the construction of a Travellers' Bungalow, subsequently proposed to be utilized for developing the land into a play-ground, has been withdrawn in this Office letter W.D.C.No. L-1/771/46 dated 6-3-1946.

In this connection, I have to submit, that the loan of Rs.1.50 lakh applied for "Acquisition of sites for playgrounds" is quite different from the proposal mentioned in the above paragraph, and the entire loan applied for the former purpose may kindly be sanctioned.

The loan application cannot therefore be considered in connection with the Part II of the budget for 1946-7. Under the sub. With the above remarks the case may be returned to E.P.H. who has already made other arrangements for loans to be provided in the next year's budget for this scheme. A consolidated list of the schemes and Finance has suggested that a consolidated list of the schemes should be drawn up in the order of urgency, and only such schemes which the Corporation will be in a position to finance should be considered in connection with the Budget for 1946-7.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.
PART II SCHEME FOR 1946-7.

SUBJECT: LOAN TO CORPORATION OF MADRAS FOR SCHEMES PERTAINING TO EDUCATION AND PUBLIC HEALTH DEPARTMENT.

SUMMARY.

Head of account	Item of expenditure	Total amount of loan requested required. (Non-recurring). Rs.	Amount of loan required in 1946-7. (Non-recurring). Rs.

	Deduct for probable Savings (10%)	--	- 2,88,100
	Net provision	28,81,000	25,92,900

NOTE.

The Corporation of Madras has applied for loans for expenditure on several schemes such as provision of playgrounds for schools, improvements to water-supply and drainage systems, town-planning schemes and schemes for the relief of congestion. Some of the schemes are ready with sanctioned plans and estimates and in other cases, they will be ready in January 1946; while in certain others, details of the schemes have not been completely worked out. A selection has been made of the schemes which may be considered to be essential and can be taken up for execution in 1946-7, and these schemes are detailed in the annexure* to this note. The total amount of loan which will be required for the schemes selected will be Rs.28,81,000. Though the financial position of the Corporation is not quite satisfactory just at present, it is expected that it will improve by the time the annuities become ripe for payment. The ability of the Corporation to finance the loans will be again examined when they are actually sanctioned.

In view of the remunerative nature of some of these works and of the fact that all the works are expected to provide employment to the demobilised personnel, it is considered that a provision of Rs.28,81,000 may be made in 1946-7 for loans to the Corporation for the schemes in question.

M. V. SUBRAMANIAN,
Secretary to Government.
