SCHOOLS - European - Stipends to training students -
Agreement to be executed by students in connection with the-

G.O.No. 1230 Edn., dated 13-8-1945 regarding revival of
stipends to High and Middle grade students in European
Training schools.

The students under training in Training Institutions for
Europeans and Anglo Indians, prior to 1932 were required to enter into
a bond for the amount they actually took from Govt. viz Rs 720/- and
Rs 480/- for the middle and Lower Grades representing the total amount
of stipends sanctioned to each student for 2 years under training at
the rate of Rs 30/- and Rs 20/- p.m. Consequent on the revival of the
stipends to the students in European Training schools in the G.O.
referred to above, the Inspectress of European schools recommends that
these stipendiary students should be required to enter into bonds for
the amount they actually receive.

2. In the Indian Training schools, students have to enter into
bonds for double the amount they actually take though if a law suit is
instituted only the actual amount is claimed by Government. The --
practice of requiring the training students in Non- European schools
to enter into an agreement for double the amount drawn is in vogue for
a long time and that is followed with reference to the views of the
Government Solicitor, Madras on the subject - a copy of which is enclosed
The procedure suggested by the Inspectress of European schools is thus
not in accordance with that followed in non-European schools and for the
sake of uniformity, I suggest that the procedure adopted in the case of
stipendiaries in Non-European schools may be followed in the case of
European and Anglo Indian pupil teachers also. I request that Govern-
ment will be pleased to pass the necessary orders in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

M. S. S. S.

For Director of Public Instruction.

The following are the remarks of the Government Solicitor in
regard to the entry in the bond of the penal amount:--

"It will not be necessary to enter in the bond the actual amount
to be recovered. In the cases where the amount is uncertain, it is
usual to enter double the approximate amount and then if the bond has
to be put in force to recover the amount actually due up to the double
or the penal amount".

POST COPY OF TELEPHONIC MESSAGE DATED 30--3--1946.

18313

From the Director of Public Instruction, Madras.

To the Assistant Secretary to Government, Edn & P.H. Dept.

psante

Ref: Your T.M. dated 21--3--1946 regarding execution of bonds by students under training.

The practice of requiring students undergoing training in Training Schools for Indians to enter into bonds for double the amount they actually take is in vogue for a very long time and there does not appear to be any orders of Govt on the subject.
