Sir,

Madras Educational Rules - Rule 113 - amendment to
- suggested.

For purpose of admission to training institutions the minimum age limit is fixed as 15, so that a teacher becomes 17 before he takes up work as a trained teacher. But the controlling authority is empowered under Rule 113(2) in very special circumstances to admit candidates whose age is below 15. I am of opinion that it is very undesirable to have boys or girls below 17 years as teachers of young children. The discretion vested in the controlling authority to admit to training candidates below 15 years of age should therefore be withdrawn. I therefore request that Government may be pleased to amend rule 113(2) of the Madras Educational Rules as follows:

p.t.o.

: 2 :

Sub para two of Rule 113(2) may be recast as follows:

"It shall, however, be in the power of the controlling authority in very special circumstances, to admit a candidate relaxing the upper age limit."
