Ref:- No. B-6-4470/44.

(Madras) at Guindy,
Station Saidapet P.O., Dated the 8th December 19 45.

From (Name) C. W. Tremenhare Esquire, M.B.E.,
(Designation) Superintendent of Stationery.

To The Secretary to the Government of Madras,
EDUCATION & PUBLIC HEALTH -- Department.

Sir,

In accordance with the G.O.Ms.No.1732 Edn., dated 17-11-1944, steps were taken for carrying out all the fire precautionary measures suggested by the Chief Fire Officer by purchasing seven stirrup pumps and one bicycle at a cost of Rs.265/- Two messengers who received training from the Sub Officer in charge of Saidapet Fire Station were also appointed with effect from 1-2-1945 and 6-2-1945 respectively on a pay of Rs.12/- each per mensem plus the Dearness allowance.

The closing down of all the subsidiary schemes Government Offices and institutions in Madras, Vizagapatam Cocanada with immediate effect by the issue of one month's notice of discharge was ordered in G.O.No.1163-C.D.-C Public (Civil Defence) Department dated 7-5-1945.

In his letter T-13-ARP/ABK-74 dated 25-9-1945, Accountant-General enquired whether Government sanction had been obtained for the entertainment of the messengers beyond

P.T.O.

10-6-1945 with reference to G.O.No.1163-C.D.-C Public (Civil Defence) Department dated 7-5-1945.

In this office reply to the Accountant-General, it was stated that there was no A.R.P. scheme for the office and for carrying out Fire Precautionary Measures, two messengers were appointed with reference to G.O.No.1732 Edn., (Education & P.H. Department) dated 17-11-1944 and that the G.O. cited by him was not applicable to these messengers.

The Accountant-General in his subsequent reference dated 18-10-1945 has held that the appointment of the two messengers related to the A.R.P. measures sanctioned in G.O.No.1732 Edn., dated 17-11-1944 and the sanctions accorded with reference to this have automatically ceased to be operative by the issue of G.O.No.1163-C.D.-C.Public(Civil Defence) Department dated 7-5-1945. He suggests that the expenditure incurred subsequently on precautionary measures should have been debited to the office contingencies.

I consider that the continuance of the two messengers for carrying out Fire Precautionary Measures is absolutely essential till such time as the Stationery Stores continues to remain at Guindy as the place is far away from the reach of the facilities obtained in the City and consisting as the Stores of large quantities of different kinds of papers and boards etc., The present precaution has no bearing on the general A.R.P. -- scheme departmentally maintained in other offices.

In the circumstances, I request that the Government will be pleased to sanction the continuance of the staff of two messengers for the period the Stationery Office and Stores are situated at Guindy. There is no objection to the Accountant General's suggestion that the expenditure should be met from Office Contingencies.
