The underlying principle of the rules is that preference should be accorded to Indian products and to imported articles held in stock in India, tempered by considerations of economy. The Government consider that if this principle is borne in mind by departments and officers who make purchases for the public service, it will go a long way to encourage State-aided and other industries in the province.

2. The rules regarding the purchase of articles for the public service also make it clear that the restrictions regarding price and quality do not apply to purchases made by one department from another. Orders have been issued from time to time making the purchase of jail-made articles compulsory on consuming departments. The jail industry is at present concerned with carpentry, book-binding, manufacture of oil, sealing wax, boot and sandals, tailoring, weaving blankets, cumby, twills, towels, tapes, etc., and dyeing, spinning, rope-making, mat-making, making of aluminium and iron vessels. The Government desire that industries started either by Government or with Government support and articles produced in institutions run for the public benefit like technological and industrial schools, workshops, etc., should also be similarly favoured.

3. The order of preference specified in paragraph 1 applies also to purchases of printing and stationery stores, required for the public service. Orders have been recently issued to the effect—

- (1) that the purchase of Government's requirements in black lead pencils should be made from the Madras Pencil Factory;
- (2) that Indian-made tape should be used for flat file boards in preference to other varieties; and
- (3) that superior sealing wax which was hitherto imported should be obtained from the Provincial Forest department.

Orders already exist that soaps manufactured in the Kerala Soap Factory should be purchased for departmental requirements.

4. The Government hope that local bodies and institutions receiving aid from Government will also give preference to articles manufactured in India in making purchases for their use.

Secretary to Government.

P. Tettiraveusamy, student, St. Joseph's College, Trichinopoly is dependent on his father who is a Railway Employee in Malaya. He is therefore dependent on a Malayan Government servant. In a similar case for assistance the Government were pleased to direct in their Memo No. 24574-4B, Edn. dated 4.6.45 that such applications should be forwarded to the Malayan Representative in accordance with letter No. F.127-3/4205 dated 31.5.44 from the Government of India. On a similar application for financial assistance, the applicant was informed in this office L.Dis.10500/44 dated 9.12.44 that he should apply to the P.T.O.

The underlying principle of the rules is that preference should be accorded to Indian products and to imported articles held in stock in India, tempered by considerations of economy. The Government consider that if this principle is borne in mind by departments and officers who make purchases for the public service, it will go a long way to encourage State-aided and other industries in the province.

10th August, 1945. 26123

Sir,

I have the honour to acknowledge the receipt of your
 letter No. 30881-B/45-2.Edn. dated the 6th August, 1945, with
 enclosures.

2. Mr. P. Thetharavusamy applied to me for assistance in May,
 1943. He was then 19 years of age and had completed his High
 School studies. He wished to undertake a course of study in a
 College. I could not promise him assistance as my scheme of
 assistance does not ordinarily permit the financing of fresh
 courses of study. I advised him to join one of the War Technicians'
 Schools where not only would he learn a trade but would also
 receive a stipend. He does not appear to have accepted my advice.

3. Mr. Thetharavusamy was, on a later date, asked to produce
 a letter from the Principal, St. Joseph's College, Trichinopoly,
 which he said he intended to join, confirming that he was a student
 of exceptional merit deserving of help. If such a letter were
 produced, I said that I might reconsider my decision in his case.
 No such letter reached me.

4. The only remittances which this applicant received in 1941 amounted to Rs.140/- and in 1940 to Rs.130/-. It appears evident from this that his father's emoluments would be quite inadequate to finance his son's studies in a College.

5. The enclosures to your letter under reference are returned herewith.

Sir,

In response to your memorandum No. 30881-B/45.

1. Edn. dated 10th. October, 1945. I beg to state that I am not studying in any institution, since I had failed in the Intermediate Examination held in March 1945. Owing to financial crisis I could not continue my studies and yet I have to pay a sum of Rs 418/- which is due to my college to cover up the boarding and college expenses for the academic year 1944-45. In the meantime I beg to bring to your notice that unless I pay the debt due to my college I would not be admitted.

Further, I have made up my mind to join the same institution in July 1946, provided you are kind enough to help me financially to prosecute my studies.

In fine I beg to request you to excuse me for the trouble I have given you and to consider my case favourably.

I beg to remain

G.O. No. 594, P.H., 25th February 1936

Town-Planning—Notification under section 14 (5) of the Town-Planning Act—Publication of relevant clauses and schedules relating to land acquisition in the scheme area—Ordered.

Order—No. 594, P.H., dated 25th February 1936.

Under sub-section (3) of section 14 of the Madras Town-Planning Act, 1920, the Local Government may, after considering the objections and suggestions, if any, and making such inquiry as they think fit, sanction a town-planning scheme with or without modifications. The sanction of the Local Government under the above sub-section shall be published in the Fort St. George Gazette. The Director of Town-Planning considers that the publication of only the sanction of the Government in the Fort St. George Gazette is not sufficient and suggests that at least the relevant clauses and schedules as relate to the acquisition of lands in the scheme area may also be published in the Fort St. George Gazette along with the sanction of the Government. As the above course will give the owners of the lands concerned adequate notice of the intended acquisition and will also be of help to the Land Acquisition Officer in ascertaining the lands to be acquired and the persons interested in such lands the Government accept the recommendation of the Director of Town-Planning.
