Subject:- Estimate of indigenous paper requirements for 1946-47.

Sir,

I have the honour to request you to kindly furnish this office with an estimate in the attached form of your requirements of indigenous paper (in tons) for the next financial year i.e. the period from 1st April 1946 to 31st March 1947. The varieties of paper asked for may please be restricted to those listed in the form referred to. With the exception of item 23, the total tonnage (fractions to be avoided as far as possible) required should be stated against each variety of paper. Information regarding the number of reams, size, or weight of paper is not required. Quantities for items 23 should be in rolls. Width of roll should be stated.

2. Correct stock in hand on 1st October 1945 should be shown without fail.

( ) for 7, 8, 9 & 10 only.

3. The estimate should comprise your total requirements which can be foreseen at the moment including those of the any private contractors etc. requiring paper for the execution of orders placed on them by you or your subordinate offices (but should exclude your office requirements).

Para 4 for 1-6 only.

4. The paper requirements of the various Local Bodies within your jurisdiction should also be included in your estimate. A list of such bodies entitled to receive their paper requirements out of the Government quota was forwarded with this office letter No.114/WPS/44, dated the 13th March 1945.

5. Any increase over your current financial year's (1945-46) requirements (revised estimate to be furnished in response to this office Memorandum No.129/WPS/45, dated the 23rd August 1945) should be explained clearly.

Para 6 for 7-9 only.

6. A statement showing the regional dis tribution of your requirements under each variety may also kindly be furnished as usual.

7. As regards item 22 (special varieties) complete details (including quantities) of the varieties of paper required should be given, it being explained why no other variety included in the list can be used as a suitable substitute.

8. As a result of the cessation of hostilities there may be a reduction in your establishments and wartime activities. Your paper requirements during 1946-47 may therefore be substantially less than those of the war years. Large reserve stocks would also not be required as a safeguard against unforeseen emergency. These facts may kindly be borne in view while framing an estimate which should represent your absolute minimum requirements.

9. The information asked for above may please be furnished in a complete and consolidated form so as to reach this office by the 5th November 1945, at the latest.

I have the honour to be, Sir,
Your most obedient servant,

R K Mitra 15.9.45

R.K. Mitra.
Controller of Ptg. & Sty., India.

Copy forwarded to the Political Department, New Delhi, with the request that the various Indian States may be asked to furnish to this office an estimate of their paper requirements for 1946-47 on the lines indicated in the letter above.

2. Bigger Indian States i.e. those requiring more than 100 tons of paper per annum may please be asked to furnish their estimates by the 5th November 1945 at the latest. Other states may do so by the 15th November 1945.

3. The H.E.H. the Nizam's, Mysore and Travancore Governments should furnish to this office an estimate of their requirements for only such varieties of paper as cannot be manufactured by the mills within their territories.

4. The various Indian States should also include in their consolidated estimates the paper requirements of the railways, if any, owned and managed by them. The requirements of such railways were heretofore collected through the Railway Board and arrangements made for supply from the Central Stationery Office direct. It has been decided to discontinue this hereafter and the State Governments will be expected to meet the requirements of their railways in the same way as they do now for their other establishments. The paper quotas for the Indian States for 1946-47 will accordingly be fixed inclusive of the requirement of their railways.

Sir,

Subject:- Stationery - paper - requirements of T.T. Devasthanams for the year 1946-47 - indent furnished.

Reference:- Govt.memorandum No.41574-2-B Education dated 28-9-45.

The enclosed statement shows the details of the estimated quantity of the paper etc., required for the entire administration of the Tirumalai, Tirupati Devasthanams for the year 1946-47. The increased quantity indented for under several items is chiefly due to the opening up of an Arts College, opening of a toll gate and bus service and the kalyan katta at Tirumalai. Further certain incomplete publications of the Oriental Research Institute which are kept in abeyance for want of paper have to be printed and completed. With the removal of restrictions on the printing of almanacs, both the Devasthanam almanacs and calendars have to be printed for the coming year and released for the use of the pilgrim public. The present indent includes also the requirements of the

Electrical branch. In these circumstances, I request that the entire indent is passed for supply.

p 19 infra

I enclose in duplicate indents showing the requirements of paper both for stationery and other than stationery purposes of cooperative institutions for the next financial year (from 1st April 1946 to 31st March 1947).

p 19 infra
p 9 below

2. Of the varieties of paper included in the indent for stationery requirements "Azurelaid Ledger" paper of 14lbs and 16 lbs, come under special varieties - vide item 22 of the schedule to the letter No.70/WPS/45 dated 19-9-45 of the controller of stationery and printing, New Delhi. Azurelaid ledger paper of 14 lbs. is required for permanent registers such as cash books, ledgers etc. of cooperative banks. 16 lbs. paper corresponding to the imported "Conqueror" paper or "Conquest" paper produced by the Bengal Paper Mills is required for bonds and other registered deeds. I request that special arrangements may kindly be made to secure these varieties of paper.

3. Paper for other than stationery requirements of cooperative institutions for the year 1946-47 comes to 15.3 tons. The varieties of paper required are (1) Royal (20"x27") 22 lbs, bleached paper for printing of journals, bulletins, annual administration reports etc. and (2) Watermarked (creamlaid) 10 lbs. paper for conduct of examinations, training classes, printing of notices, agenda, speeches, etc. If, watermarked (creamlaid paper is found to be scarce bleached printing paper may be supplied in its place.

4. In this connection, I may bring it to the notice of Government that out of the 101tons of paper indented on behalf of cooperative institutions for 1944-45, 51 tons are still due to societies. Of these 51 tons, 28 tons relate to special varieties of paper ("Azurelaid ledger" and "Conquest or Conqueror") intended for bonds and deeds etc. The Superintendent of Stationery, Madras, has offered to supply 51 tons of unbleached D.F. 20 lbs. paper towards the balance of the indent for 1944-45. The question of exchanging unbleached paper proposed to be supplied by the Superintendent for finer varieties, is under correspondence between myself, and the Provincial Paper Controller. The entire quantity of about 93¼ tons of paper allocated to cooperative institutions

PTO

8.18

for the year 1945-46 has yet to be received by them. Besides, a further quantity of 14¼ tons of paper allotted for 1945-46 to meet the requirements of cooperative societies for printing annual administration reports, journals, conducting training classes and examinations etc., remain to be supplied. I have addressed the Superintendent of stationery in the matter and am awaiting his reply.

5. In view of the large quantities of paper that are yet to be received by cooperative institutions in respect of their indents for 1944-45 and 1945-46 & the likelihood of the paper position easing in the near future there is a possibility that societies may at some future date be confronted with the large stocks of Government paper at comparatively higher rates. The present indent may, however, be included in the consolidated indent that will be forwarded to the Controller of Printing and Stationery, New Delhi. If any cut in the indent is found necessary at a later date, I shall submit a report to Government. I hope that in such an event, the Superintendent of Stationery may conveniently utilise the surplus paper for his future requirements.

2. During the current year, the requirements of paper of the Madras Port Trust and the Reserve Bank of India were met from the Govt., quota according to the instructions of the Govt. of India, War Transport Dept. and the Provl. Paper Controller respectively. The S. S is requested to state whether their requirements of these two bodies and also of the Universities have been

included in his indent for 1946-47. He is also requested to state whether provision has been made for supply of paper on payment of cost to certain bodies as was done this year, ~~and~~ whether the requirements of paper for rationing and for the Director of Publicity have been included. (Vide Govt. Memo 50403 B/45-13 Edn d 9.11.45) The S of S is also requested to state that during the next year, it may be found necessary to relax the existing orders regarding economy in the use of paper, especially as regards the printing of administration reports, Govt publications etc. He is requested to state whether any revision of the estimate submitted by him will be necessary on account of these facts.

3. The Supdt. of Stationery is requested to furnish details for the 4 tons of "Special Varieties" indented for, for 1946-47. His attention is invited to Para 6 and 7 of the letter from the C.P.&S., India No. 70/WS/45 d 13/9/45. He is requested to treat the refce., as specially urgent.

1. I submitted to Government two indents on behalf of co-operative institutions for the year 1945--46 -- one for the stationery requirements, which was submitted with my letter RC.12320/45.S. Dated 1--11--44 and the other for "other than stationery requirements" submitted with my letter Rc.9707/44.S. dated 31--1--45. The total tonnage of paper of the two indents comes to (93¼ plus 14½) 107¾ tons.

x pp9-12 (W)
x pp25-26 (JJ) cf

2. The indent for 1945--46 as shown in the Government memorandum cited relates only to the stationery requirements and does not take into account the second indent relating to other than stationery requirements. The indent for 1946--47 on the other hand, is a consolidated indent both for stationery

With reference to yours above, we have the honour to state that the excess quantity of paper required under item 22 (Special varieties) is due to the inclusion of colour paper used for the printing of the books and forms such as LF.Nos.37, 49 full-sheet and inner sheets, 40 half-sheet, 54 full-sheet and inner sheets, 55 outer and inner sheets, 60 and 181, and MF.Nos.25 second half-year, 27 second half-year and 83A. For want of colour paper, some of the above forms are being printed with coloured ink.

Since the Mysore Paper Mills. Ltd., are manufacturing the above varieties, we have indented for the same this year. Accordingly we have reduced the quantity for the unbleached paper under item 1.

Subject:- Indigenous paper requirements for 1946-47.

Reference your letter No.41574-B.Edn., dated the 9th November 1945 (received here on the 17th November 1945).

Sir,

It is observed from the estimate forwarded with the above quoted letter that about 1,120 tons of paper was lying in stock on the 1st October 1945. Further, it appears from your letter No.45918-B.Edn., dated the 26th October 1945, that over 1300 tons of paper was due from the various paper mills on the 1st October 1945 against your allocation for the current financial year. Assuming that this latter tonnage of 1300 (although it represents more than 6 months' requirements of your Government) will be received and consumed by the 31st March 1946, you will be left with a stock of about 1120 tons on the 1st April 1946. This tonnage represents about 6 months' requirements of your Government.

2. This stock is considered to be excessive. The reserve should be limited to 3 months' requirements. It is therefore requested that your estimate for 1946-47 may kindly be re-examined and modified to allow for a reserve stock of 550 tons.

3. The revised estimate should also include provision for the additional requirements of the various local bodies and of your Government referred to in the second sentence of para 1 of your letter dated the 9th November 1945 and should be furnished to this office not later than the 17th December 1945 failing which such provision as may be considered justifiable by this office will be made for your Government for 1946-47.

4. It is seen from the detailed break-down that about 29 tons of watermarked paper have been provisioned for the various Co-operative institutions etc. This is a special variety of paper manufactured with the help of a "Dandy Roll". No allocation for this paper exists for your Government in the current financial year. Unless you are in a position to furnish the name of the paper mill which possesses a "Dandy Roll" for manufacturing Watermarked paper, the said provision of 29 tons for Water-marked paper may kindly be included under Bleached/Unbleached in the revised estimate referred to in the preceding para. Allocation will then be made accordingly.

5. Tracing cloth, Tracing paper and Carbon paper included under "Special varieties" are not manufactured by the paper mills in India. These items should continue to be procured direct as heretofore.

I have the honour to be, Sir,

Sir,

STATIONERY - Indigenous Paper - Requirements for 1946-47 - Ref:- Government Endorsement No.41574-B/45-9, Edn., dated 11th December 1945.

Out of 1120 tons of paper in stock on 1st October 1945, approximately 600 tons are expected to be consumed for the preparation of electoral rolls etc., (both central and provincial), Thus a stock of about 520 tons would be left on 1st April 1946 and not 1120 tons as expected by the Controller. It has already been reported to Government in my letter No.B-3-4498/44 dated 7-9-1945 in reply to Government Endt. No.38730-B/45-1 Edn., dated 3-9-1945 that the requirements of the Madras Government of paper for election purposes will be met from the existing stock without asking for additional allocation.

2. The following additions may be made to the indent for 1946-47 for Government :--

Typewriting. .. 8 tons (Manifolding)
Special Varieties. .. 5 tons.

3. "Dandy Roll" required for the manufacture of Special -- Watermarked Paper for printing cheques is not available in India. Therefore this particular variety of paper is being received from England. However, Azurelaid and Creamlaid paper manufactured by the Titaghur Paper Mills Co.,Ltd., Calcutta, are watermarked -- "Government of Madras" with the year of manufacture.

4. The variation with reference to paragraph 5 of the lette from the Controller of Printing & Stationery, No.70/WPS/of 1945 dated 15-9-1945 is explained below against each variety of paper.

Variety of Paper.	Remarks.
Bleached or Unbleached.	The excess indent for 625 tons of Unbleached is in lieu of Badami.
Badami.	Badami has not been included in t indent for the following reasons. i. The Superintendent,Govt.Press, Madra prefers Unbleached in lieu of Badami. ii. The Indian Mills are in a better po tion to supply one variety in quick - succession. iii. There is no appreciable difference price between Unbleached and Badami. Thetotal requirements for 1945-46 against Bleached or Unbleached ~~or~~ and Ba is 2612 tons. The total requireme for 1946-47 is 2253 tons. Thus the a net decrease of 359 tons. This crease is mainly due to American Im Paper received during 1945-46 in ad tion to the entire quantity expecte be received from the various Indian ~~fax~~ before 31-3-1946 unlike short anticipated in previous years.
Cartridge.	The entire quantity indented for was received only in May 1945 ~~xx~~ i during 1945-46 and hence low inden 18½ tons.

With the Compliments of the Principal Information

Super-Calendered. 11½ tons of Super-Calendered Printing Paper indented for 1944-45 were received during 1945-46. This quantity will be issued to Co-operative Institutions for whom they were indented.

Typewriting. The Paper Directorate, New Delhi have arranged to supply 15 tons of Manifolding paper from Imported stock held in Bombay against an indent for 23¼ tons for 1945-46. As this quantity would be consumed by 31-3-1946, 8 tons have been -- claimed for 1946-47.

Duplicating. The stock of Duplicating special for Gestetner the purchase of which was sanctioned in G.O.No. Ms.1209 Edn., dated 9-8-1945 will be sufficient for 1946-47.

Map-Printing. Map-Printing manufactured by the Titaghur Paper Mills will not suit the requirements of the Director of Survey, -- Madras, and hence no indent.

Brown-Wrapping. The indent for 1946-47 is based on the stock on 1-10-1945 and the quantity expected to be received in full before 31-3-1946.

Kraft. No indent was made for 1946-47 as Brown wrapping will suit the requirements of the Government of Madras.

Blotting. No Remarks.

Pulp Boards. Duple~~x~~x Boards indented for printing ration cards.

Duplex Boards. Based on the requirements of the Superintendent, Government Press, Madras for printing ration cards.

Special Varieties. The excess of 5 tons is due to -- certain special varieties of paper which the Superintendent, Govt. Press, Madras was purchasing without the intervention of the Superintendent of Stationery, with reference ~~af~~ to para 8(4) of Stationery Manual, Volume I, which he is unable to obtain under the present conditions.

Besides I have also to bring the following turn of events to the notice of Government in this connection. The Ex-Officio President District Board hurriedly passed orders on 7-12-38 (in the matter of very serious charges framed against the Rural Medical Practitioner by me} after personal preliminary enquiry) disposing of them on the eve of his handing over charge to me on my re-election as President, District Board, and the order contained a suggestion that the ward-boy should be transferred elsewhere. I was considering about the further action to be taken on the order, but in the mean while the ward-boy applied for leave from 4--2--39 to 11--2--39 and again from 11-2-39 to 26-2-39 in --- continuation. His leave applications were received direct in this office on 5--2--39 and 13-2-39 while Rural Medical Practitioner kept quiet for some time and reported for the first time on 13-2-39 that the ward boy has applied for leave and that ~~the wardxboy~~ he has appointed one Subbaraya Boyan in his place with effect from 4--2--39.

Sub:- Allocation of paper & boards for the year 1946-47.

On the basis of the details of your requirements forwarded to this Directorate by the Provisioning authority, Controller of Printing & Stationery India, the quantities of the varieties specified therein have been allocated for supply by the various Paper & Board Mills. A statement showing the allocation of part of your requirements is attached, and the allocation in respect of the balance will be shortly communicated.

p 101 infra

2. It will be appreciated if orders are placed on the mills in a manner as will enable them to make and despatch paper against your allocation in an even flow throughout the financial year. Your orders covering 25% of your allocation on each mill should be sent to them without delay to enable them to manufacture and despatch this portion of your allocation during the first quarter ending June 1946.

3. As supplies of paper & board by the mills in question are made by them against contracts issued by this Directorate, it is essential that copies of all orders issued by you on the Paper Mills against this allocation are forwarded to this Directorate and the Controller of Supply Accounts New Delhi. To ensure that these instructions are invariably followed, the Paper Mills have been directed not to accept any order unless the original copy of the order is clearly marked as follows:-

Copy to:-

(i) Directorate General of Industries and Supplies, PAPER DIRECTORATE, New Delhi.

(ii) C.S.A., New Delhi.

Steps may therefore please be taken to ensure that all orders are marked in the manner indicated above.

4. The Paper Mills are not authorised to make any variation or alteration in qualities and quantities specified in the aforesaid statement of allocation. For this purpose you will be required to approach the

Reference your letter No.41574/45 C2-19, dated the 3rd May 1946 to the Director of Paper, Directorate General of Industires and Supplies, Paper Directorate, New Delhi, and copy to this office.

Sir,

Your estimated requirements in respect of typewriting paper for the year 1946-47, as intimated to this office in your letters No.41574-5B Education and 41574 B/45-11 Edn. dated the 9th November 1945 and 14th December 1945 respectively, came to 13¾ tons only as explained in the attached statement. This quantity was therefore, provisioned for by this office and has been allocated by the Directorate General of Industries and Supplies, (Paper Directorate) in your favour on the mills. Your statement that 8 tons of typewriting paper have been omitted in the allocation is therefore not understood.

para 5 p1 c/f

on p.1.c.f. Reasons should be given for any increase in the demand over the current Financial year's requirements. The Supdt. of Stationery has not stated why there is an increase of 656 tons in respect of paper "Bleached or unbleached".

p13 c/f

4. The variations between the indent for 1946-47 and that of the current year in respect of the requirements of local bodies will be known only after the remaining indents for paper are received. L.A. may be requested to explain the variations after all the indents are received.

p27 c/f

*(B)

Messrs. Hoe & Co., Madras have indented for 26¼ tons of "Special varieties"* for 1946-47 as against 2 tons in the current year. The reasons for the increase have not been given. L.A., may be requested to obtain the information.

5. The variations in the indents for paper submitted by the Registrar of Co-operative Societies are noted below:

p75 c/f (B) p19 c/f

Variety of paper.	Indent for '45-46. Tons.	Indent for '46-47. Tons.
Watermarked.	23.4.	27½
Cheque paper.	1.8	2¼
Special Varieties.	27.4	29.

He has not explained the variations. Dev. may be requested to obtain the information.

item 23 - p11 c/f

item 15 - p11 c/f

para 1 p1 c/f

6. The Commr. T.T.D. has given reasons for the increase in the indent in each case and requests that the entire indent may be passed for supply. He has not given details about the width of the "Waterproofed kraft" vide item 23 on p. 4 c.f. This may be called for. He has also indented for 150 yds., of "Unsensitized ferro paper", but in the letter of the C.P.& S. India there is no indication that this is to be indented for in terms of rolls of yard length. The Commr., may be asked to specify the weight of the paper required.

7. A comparison between the paper requirements of Govt. for the current year and the ~~previous~~ coming year shows certain variations.- vide cols. (4), (7) & (8) of the Statt. in the draft O.M. below. The S. of S. may be requested to give reasons for such variations.

10.

The Supdt. of Stationery has not stated in his letter whether in preparing his indent for 1946-47, he has taken into account the requirements of the following bodies whose demands for paper have to be met from the Government quota:-

(1) Madras Port Trust.
(2) Reserve Bank of India.
(3) Universities in the Province.

He was also authorised to supply paper on payment to certain bodies during the current year and those bodies may repeat their demands during next year. It is likely that rationing will continue for some time more and paper may be required for printing forms for the purpose. The S. of S may be asked whether he has taken into account all the items mentioned above in preparing his indent for paper for 1946-47. ~~A draft O.M. to the Supdt. of Stationery~~

The consolidated indent for the requirements of the panchayat boards (except those in the Coimbatore Dt) has been received from the Inspector. Some of the Pt Bds are reported to have sent their requirements only in reams and the Inspector also has consolidated them only in reams. There is no time available now to get information from the Supdt of Stationery regarding their weight as suggested by Inspector. The Inspector had consulted the Superintendent of Stationery for the particulars in connection with the indent for 1943-44 and the weight per ream of different varieties were sent in the form of a statement. As suggested by Inspector at A on page 22 of of (U) the qualities which possess the minimum weight are adopted and the weights adopted are noted against the respective items. The indent for the panchayat boards is consolidated with the indents of the South Kanara (x) and Vizagapatam Dt Bds and Walajapet Mply and is put up at (E). It may be sent to E&PH Dept for forwarding to the Chief Controller of printing and Stationery.

2. There is no substantial increase in the quantities indented for (1946-47 by local bodies) when compared with the indent for the current year in any item, except under water proofed craft ~~and it~~ which may be explained as due to more number of local bodies indenting for it. On the other hand there is a fall in the quantities due to the non receipt of indents from the municipalities of Saidapet, Cuddapah, Calicut, Cochin and Kumbakonam and from the panchayats in Coimbatore Dt. A

The explanation of Messrs Hoe & Co for the increase in their indent for special varieties of paper is on page 7 ante. It may also be sent to E&PH Dept.

Please see the letter of the Commissioner, Cochin Mysore on page 95 c.f. ante. 17.12.45 was the last date for the receipt of indents by the C.P & S, India. In view of the fact that this indent has been received too ~~late~~ it is for orders whether the Commr may be told that his indent has not been forwarded to the C.P. & S, India or whether E&PH may be requested to send a copy of the indent to C.P&S with the request ~~that~~ it may also be complied with.

(It is surprising that the urgent Govt. mem. of 8/10/45 calling for indents, reached the Comm's Office on 27.2.46 only — after nearly 4½ months & the Commr's laconic mention of this un-usual incident gives no indication as to how the delay occurred)

May be sent to E&PH with the request that it may be forwarded as a spl case

At the request of L.A., a supplemental indent for paper on account of the Panchayat Board in the Coimbatore D[istrict] was sent to the C.P.&S. India in Jan 1946 as a special case though it was long after the due date, viz, 17.12.45. Please see the letter from the C.P.&S. India on p.85 c.f. The indents of this Govt for paper have been consolidated and sent by the C.P.&S. to the G. of I in the Industries & Supplies Dept (Paper Directorate) for allocation to the Mills. Presumably the allocation to the Mills would have been finished by this time. The quantity of paper required by the M.C.L. Cochin is small and it may not be proper to send another supplemental indent for paper at this stage. The S.G.S may first be asked to state whether he can not meet the requirements of paper of the M.C.L. Cochin from out of the Govt quota for 1946-47.

A draft ~~reply~~ to the S.G.S is submitted.

The Titaghur Paper Mills Calcutta were able to despatch nearly 400 tons in quick succession between January and February 1947. It was therefore anticipated that the mills would complete their allocation for 1946-47. Now, nearly 762 tons of paper are due from this mill alone. This tonnage excludes nearly 33 tons despatched by them on 30-5-47 and 2-6-47, by rail. On account of the non-supply of large tonnage due from the Titaghur Paper mills the entire stock with the Government of Madras has been completely exhausted. Unless the balances due from the Titaghur Paper Mills and other mills mentioned above are ordered to be supplied as a special case the stock position of paper of the Government of Madras would be very unsatisfactory throughout the current and subsequent years. Requirements for 1947-48 were calculated on the assumption that the balances due from the various mills would be received before 31-3-47. The Titaghur Paper Mills Calcutta have not so far intimated as to the actual quantity of paper they propose to supply during the year 1947-48 against the allocation for 1946-47. The quantities held up by the other mills are not so great as to reflect any serious dislocation in the manufacture and supply by these mills. The present stock position of paper is so bad that the Government of Madras is resorting to purchase any paper available in the local market in Madras with the assurance to release an equivelent quantity from the quotad allotted to Government of Madras. As it is found impossible to get an adequate tonnage I request that immediate arrangements may kindly be made authorising the various mills mentioned above to supply the entire balance due against allocation for 1946-47 besides complying with the supply orders placed on the following mills from 1947-48.

1. Titaghur Paper Mills, Calcutta.
2. Mysore Paper Mills, Bhadravati.
3. Sirpur Paper Mills, Abid Road, Hyderabad, Deccan.
4. Punalur Paper Mills, Punalur.
