(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

The Divisional Inspector, Coimbatore has reported that due to the prevalence of plague in Dharamapuri Town there was a considerable fall in the average attendance in the Sri Vidyasala and Virupakshipuram aided Elementary Schools during the months of October, November and December 1945. He has therefore recommended that the low attendance in the schools during the above period may be condoned and grant assessed for all the teachers who were actually employed during that period. It does not appear that the managements had reported the prevalence of the epidemic season to the Departmental officers and requested for the closure of the schools.
