Subsidy. Equipment - Secondary schools under local bodies - Part II scheme for ~~1947-8~~ 1948-9

Subsidies are paid to local bodies every year towards the purchase of equipment for secondary schools under their control. The DPI submits for consideration as a Part II scheme every year a list of new schemes for the purchase of equipment for which provision should be made in the next years budget

2 The Director states that the total amount required next year for such equipment schemes is Rs ~~73,800~~ 80,900 roundly and recommends that the amount may be included in the next years budget. A list of institutions on whose behalf the amount has been applied for will be found on pp 3-5 of. Only essential schemes have been included and the amount of subsidy proposed in each case is one half of the cost ~~of~~ the articles proposed to be purchased.

3. The provision of Rs 73800 recommended by the Director includes a sum of Rs 1500 towards the purchase of equipment for the manual training classes in tailoring proposed to be opened in the ~~Board~~ High schools at Valapad and Cherplacherry in Malabar. This has been submitted separately for consideration as a Part II scheme. Excluding this amount the total provision to be made is Rs 72,300.

K

4. Attention is solicited to the instructions in the Finance no note no 54303 B1-1 d 9.10-46. There is a rush for admissions in Secondary schools and the finances of local bodies will not permit the purchase of the necessary equipment entirely from their own funds. Unless the schools are properly equipped efficiency will suffer. In the circumstance

(b)

it is for consideration whether the scheme may be considered to be absolutely essential for the proper running of the Dept.

5. The remarks of Finance may be invited w.o.

E.& P.H. propose to bring forward the D.P.I's demand of Rs.72,300 (excluding the sum of Rs.1,500 towards the purchase of equipment for the manual training classes in tailoring proposed to be opened in the Board High Schools at Valapad and Cherplacherry in Malabar) for grants towards equipment for Secondary schools under local bodies as a Part II Scheme for 1947-8. The details of the amount proposed are on pp.2-5 C.F. which show that the demands are for 69 schools and vary from Rs.6~~4~~3 (lowest item 7 on p.2 C.F.) to Rs.3,587 (highest item 13 on p.3 C.F.)

items 68 and 69 on p.5 C.F.

2. The budget provision made for grants to local bodies for equipments to Secondary Schools in previous years was as under:-

3. According to the instructions recently issued with the approval of the H.P.M., Part II Schemes for 1947-8 should be restricted to those that are contemplated in the five-year post-war development plan and ~~that~~ Schemes outside the plan should be proposed only if they are required in connection with the Grow-More-Food Campaign or are fully remunerative (e.g.Electricity Schemes) or are absolutely essential for the proper running of departments. The details, on pp.2-5 C.F., do not, however, show that the equipments proposed for the several schools are abolutely essential for the proper running of the schools. It is presumed that the E.& P.H. are satisfied that the demand does not include equipments for opening of new courses in any of the schools. The only point for consideration is whether the ~~four time~~ demand of Rs.72,300/- cannot be ~~ax~~reduced in ~~consistence with~~ view of the imperative need for reducing expenditure ~~for~~ to finance more important schemes like extension of prohibition to ~~other~~ more districts, introduction of compulsory elementary education in more areas etc. The average of the provision allowed during pre-war years was Rs.13,640 (from ~~12x3x~~ 1935-6 to 1939-40), the average for war years was Rs.14,950 and it was only for 1946-7 a large provision of Rs.85,000 was allowed. Having regard to the provision allowed in previous years, excluding that for 1946-7, it is for orders whether Finance may suggest that the provision for 1947-8 may be reduced to a sum of Rs.15,000, and the amount distributed to the various local bodies in the order of urgency of the schemes.

The grants proposed in this case are not for new objects but only for the normal running of the schools. Such grants are sanctioned every year after treating the proposals as Part II schemes. The criterion laid down in this Depts reference dt 9.10.46 need not be applied to this case.

Edn (B)

Please see the Finance Dept's note above. They suggest that a provision of Rs 30.000 may be made in the BE for 1947-8 for equipment grants to secondary schools under local bodies against a sum of Rs 72.300 recommended by this Dept. The

60510/B1
9/11/46

number of secondary schools under the control of local bodies is increasing year after year on account of the opening new institutions and the cost of books science articles & furniture has also increased considerably than before. It is not therefore possible to regulate the provision to be made in the BE for 1947-8 with reference to the amounts sanctioned during the prewar period. Last year the DPI explained that the increase in the amount of subsidy proposed was due to the fact that on account of the war and the unsatisfactory financial position of local bodies schools were not adequately equipped during the past five years and that the managements proposed to supply the wants. The same position may be said to be continue even for the next year. It is therefore for consideration whether this Dept may press for a provision of atleast Rs 50.000.

The file may be circulated to HM (Edn) & HPM for orders.

In view of the extraordinary rush in High Secondary Schools, their equipment must be strengthened if there is to be proper education. This is not for buildings, which may be postponed, but for educational implements. We may press for the whole amount of Rs 72 800/- & this amount is to be distributed to nearly 70 schools. And that will show that the allotment we are asking for is not much at all.
