Rec.196 A2/46.

Office of the
Director of Public Instruction
Madras, Dated 16-4-1946

From
Dr. S.R.U. Saviour, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To
The Secretary to Government,
Education and Public Health Department, Madras.

Sub: College - Engineering, Guindy - Indent for Europe Stores in 1946-47 - Purchase of Frequency Control Apparatus.

The original indent estimate for the Frequency Control Apparatus (item 10 of the Europe Stores indent for 1946-47) is £.180/-. The Director-General, India Store Department, Blackpool-reports that the present price of the apparatus is much in excess of the indent estimate. He has forwarded for selection the competitive tenders received from The British Thompson-Houston Co., Ltd. and Messrs. Metropolitan - Vickers Electrical Expert Co., Ltd. for the supply of the frequency Controller. The Principal, Engineering College, Guindy, after scrutinising the tenders, recommends that the tender from The British Thomson-Houston Co., Ltd. be accepted as it is more satisfactory on technical grounds. This firm has offered to supply a frequency controller and a voltage controller for £.297-10-0 each. The cost of both the controllers comes to £.595/-.

2. The voltage controller is not included in the Europe Stores indent for 1946-47. The Principal reports that, although the frequency Controller alone was indented for in the first instance, it was his intention to get the voltage controller at a subsequent date. A voltage controller, by stabilising the supply voltage, shortens the time for the tests and helps in securing greater accuracy of test results in the laboratory. I therefore request that Government may kindly approve the proposal to purchase a voltage controller also for the College of Engineering, Guindy, at a cost of £.297-10-0.

3. The period quoted for delivery is 70 weeks, which will involve payment in the financial year 1948-49 or later. The tender has stipulated that the price to be invoiced shall be that ruling on the date of despatch of the equipment. Allowing, therefore, for a possible price variation of 10 per cent, a provision of £.655/- will be required for getting the Frequency and the voltage Controllers. I request the permission of Government to instruct the Director-General to accept the tender of the British Thomson-Houston Co. Ltd. and to place the order for the Controllers in anticipation of the provision of funds in 1948-49 or later.

I have the honour to be,
Sir,
your most obedient servant,

[Signature]

Order Ms. ^{Edn.} No. 1036, dated 17. 5- 1947
~~Resolution Rout.~~

In the circumstances explained
of by the D.P.O. in his letter cited above
I am sanctioning his proposal that a
current controller and a voltage controller should
be purchased for the use of the Eng. Co.
of Guindy, at a cost not exceeding £
(six hundred and fifty five pounds)
also permit the D.P.O. to instruct
Director General, India Home Dept, B
to accept the tender of the British
Houston Coy Ltd and to place the order
for the controllers in anticipation of the
availability of funds in 1948-9 or later.

ASST. SECRETARY TO GOVERNMENT
8 - MAY 1947
