SECRETARY, EDN. AND P.H. DEPT.

2 - APR 1947
GOVERNMENT OF MADRAS

My dear Subramanian,

REF:-Your D.O.No.13205-B2/47-2, Education, dated the 14th March 1947 regarding Craft allowances - training of teachers in crafts - opening of camps, etc.

In the copies of the minutes of the Hon'ble Minister for Education forwarded with your D.O. three suggestions have been made, namely:

(1) Giving of allowances of Rs.3 and 5 for those teachers who pass the Entrance and Final Spinning examinations; /2 NF

(2) Substituting the spinning, weaving, printing, dyeing, agriculture and other basic crafts in the place of the present Manual Training Classes in our Training Schools; and /3 NF

(3) Organizing craft camps during the vacation for training of teachers in spinning. /5 NF

Suggestions Nos.1 and 3 are already covered in my proposals to the Hon'ble Minister for Education, submitted in my letter R.C.No.436-B-1/47 dated 11-3-1947 (copy enclosed). The only difference between the recommendations made for training teachers proposed by me and that suggested by the Hon'ble Minister is that the Hon'ble Minister suggests the starting of four camps to train 50 teachers in each camp at a cost of Rs.150 for each camp in every district. I have, however, suggested that the courses for craft spinning may be started in all Teachers' Associations and Unions. It was also suggested that the courses will be for two months but this may be altered to one month according to the wishes of the Hon'ble Minister and in consideration of the fact that elementary schools have only one month vacation. I may also state that the inspecting officers have already been asked to arrange for the organization of the courses during the summer vacation. Such an arrangement will be sure to achieve the object instead of taking the responsibility of arranging camps by Government with

P /5 NF M

incidental delay and possibility of losing the coming vacation if camps are not arranged in time. I, therfore, suggest that my suggestions may be approved.

I am also enclosing herewith a copy of a Circular D.O. No.132 ADC, dated 26th February 1947 from the Assistant Development Commissioners to the Deputy Inspectors of Schools. The services of Spinning instructors offered in the circular may be utilised for running the summer schools in spinning conceived and circularised by me. I am accordingly asking the Inspecting officers to contact the Assistant Development Commissioners for the supply of the instructors. In my opinion, the firkas chosen as centres for ~~the summer schools~~ rural reconstruction alone need not be chosen as centres for the summer schools but these courses may be organised wherever facilities are arranged by the Inspecting Officers.

With regard to the suggestion No.2 referred to above, I will submit my remarks to Government separately.

Yours sincerely,

S.R.U.Savoor.

Dated 11th March 1947.

From

Dr. S.R.U.Savoor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Hon'ble Minister for Education,
Fort St. George, Madras.

Sir,

Ref: Hon'ble Minister's note dated 15--2--1947 enclosing syllabuses in the craft for spinning and suggesting that those who pass the Spinning Entrance course could be given Rs.3/- immediately and that those who pass the Final may be given the other Rs.2/- to make up the Rs.5/- which is going to be allowed for teachers who are qualified in a craft.

The Hon'ble Minister's note would imply that the allowance is to be given only to teachers who qualify themselves in spinning. This would be unfair because spinning is not the only craft to be taught in elementary schools. There are several teachers who are qualified in other crafts. Further, in the case of crafts other than spinning, no syllabus has been drawn up separately for an Entrance course and for a Final course. Hence, the teachers who qualify themselves for the spinning Entrance course would be at an advantage as compared to teachers who have qualified themselves or are going to qualify themselves in other crafts by passing the Government Technical Examinations. There should also be other teachers who in some craft or other ~~crafts~~ might have as much knowledge as is required for the Entrance course in spinning. But in the absence of a syllabus or an examination for such a course, these teachers would not get any allowance as is proposed to be given to those who pass the spinning Entrance course referred to above. It is not desirable to make this distinction between teachers and to give an undue advantage only to teachers who take up spinning.

I suggest for the Hon'ble Minister's consideration the following:

All teachers who have not got craft qualifications may be given an allowance of Rs.2/- from 1st April 1947 on condition that within one year they will qualify themselves in a craft suitable for elementary schools. This general increase of Rs.2/-

p.t.o.

would go to some extent to mitigate the present discontent of all teachers. At the end of the year such of the teachers who have fully qualified themselves in a craft can be given the full allowance of Rs.5/- from 1st April 1948 and those who have not qualified themselves can be deprived of the allowance of Rs.2/- Those who have got the craft qualifications may be allowed the Rs.5/- straight away.

I suggest that those who hold the Government Technical certificates of the Lower Grade in the following subjects, those who hold the spinning Final certificate and trained teachers who, during their two years' course of training, have undergone a full course of manual training, may be given Rs.5/- straightaway. There are many subjects in which teachers take Technical Examination Certificates, but for purposes of teaching in Elementary schools, certificates in the following subjects may be accepted:-

1. Agriculture.
2. Indian Music.
3. Modelling.
4. Engraving.
5. Weaving.
6. Lace-making.
7. Needle-work.
8. Dress-making and tailoring.
9. Embroidery.
10. Book-binding.

There is no Government Technical Examination in spinning either for the Entrance syllabus or for the Final syllabus. As suggested by the Hon'ble Minister, the certificates (final) given by the All India Spinners' Association or any other similar institution that a teacher has qualified himself, may be accepted as equivalent to a Technical Certificate in other parts. Only trained teachers will be eligible for the craft allowance.

As it is desirable that as many teachers as possible should get quickly qualified in a craft so that craft-centred training might be introduced in elementary schools as quickly as possible, it is essential that arrangements should be made both in recognised institutions and elsewhere to give short courses of training in crafts. For this purpose I am addressing a circular to all Inspecting Officers that Teachers' Associations and Unions may make their own arrangements for the coming Summer vacation to hold a two months' course in spinning or any other craft and to get as many teachers as possible for this training in a craft. It is not known whether Government will bear the cost of an instructor for this course. At the end of the course the instructor of one centre can be deputed by the Department to test the ability of the teachers who have undergone the course at another neighbouring centre.

Dear Sir,

Government intend to conduct training camps in this Summer for giving training in the craft of spinning for school teachers to enable such of them as are willing to take up the training in view of the additional allowance of Rs. 5/- to which they will be entitled. I would be glad if such a training camp is conducted inside the Firka chosen for Rural Reconstruction as it will fit in, with the atmosphere. Please enquire and report to me as to whether any suitable village and building(preferably a higher grade school building) can be taken up for the purpose and also give your general impression of the same. Training instruction will be given free and the teachers who wish to take up training must make their own arrangements in regard to other things. You may get into touch with the Deputy Inspector of Schools of the area in this connection and also the District Educational Officer, and give me particulars. Training will probably be in the month of May.

SIR,

Subject: Training in Crafts - Summer courses for Spinning
Conduct of - Craft Allowance to teachers.

.....

40240

In my letter Rc.No. 436 B1/47, dated 11-3-1947 to the Hon'ble Minister for Education, I submitted proposals for the conduct of Short Courses of training in crafts and for the grant of craft allowance to trained teachers who may be considered eligible for the allowance. The orders of Government have not yet been received.

In continuation of the above proposals I have the honour to submit the following further proposals for the orders of Government:-

1) In the matter of granting the craft allowance to trained teachers, there are two categories of eligible candidates, viz.,

(a) those who have already passed the Government Technical Examination in the respective subjects

(b) those who newly qualify themselves by attending the short courses in spinning or by passing the Government Technical examination.

In the case of (a) I presume they will be eligible for the allowance with effect from 1-1-1947 and in the case of (b) the day following the last day of the examination may be considered to be the date from which the allowance can be given.

2) I have also suggested to Government in my above letter that an examination might be conducted at the end of summer courses in craft training. Many of the centres have already started the course and others will begin shortly since the courses were proposed to be conducted during May 1947. I, therefore, propose for the consideration of Government that the test may be conducted by the Spinning Instructors at the end of the course in the presence of the Deputy Inspectors of Schools

p.t.o.

Schools concerned and that certificates may be issued by the respective Assistant Development Commissioners so as to enable the holders of the certificates to earn the carft allowance. The Assistant Development Commissioners may also be instructed to take early steps in this regard.

3) I solicit the favour of early orders of Government.

To

The Hon'ble Minister for Education,

Dear Sir,

In the recent Press Note regarding the Revision of Scales of Salaries of Teachers in Government Schools and Aided Schools an allowance of Rs.5/- for Craft Training is included. Scouter Teachers all over the Province have been anxious to know from the Provincial Headquarters at Madras whether they are eligible for the said allowance of Rs.5/-. While we feel that in the absence of any indication that Craft Training is intended to refer to a particular form of Training strictly defined it should include Scout Craft Training we would like to have the matter fully clarified. If Craft Training also embraces Scout Training then the Director is requested to issue a statement that teachers who are engaged in giving Scout training are entitled to the extra allowance of Rs.5/-. If any other interpretation is possible then we desire to plead with the authorities to include Scout Training as an addition to Craft Training by amending the recent order saying "Craft Training or Scout Training" and we urge that there are very compelling reasons why it should be done immediately.

1. Scout Training is training the boy in many handicrafts, Crafts as well as Citizenship and Self Help and Self Discipline and hence should

be valued more than Craft Training and should get even a better allowance.
2. Scout Training besides is Nation Building activity and should be encouraged and recognised as such by special recognition by Government.

3. The Training of Scout consists of 3 items viz 1) individual Training of the boy to become better citizens 2) Handicrafts as endeavoured by their Proficiency Badge Tests (3) Public Service. The second item referred to above is the Craft Training for which the allowance is now recommended.

We therefore request that the Government may be pleased to either clarify the position by saying that Craft Training also refers to Scout Training or issue separate orders giving the same allowance to Scout Training also.

Yours sincerely,

Hon. General Secretary.

2. Scout training cannot be treated as equivalent to craft training, since "craft" as used in G.O.78, Finance, dated 6-2-47 has reference to "industry" or "trade" and not to "skill" or "knowledge". It is therefore presumed that the Scout masters are ineligible for the allowance of Rs.5/- for craft training.

2. With regard to suggestion No.2, I have to say that it is not possible to give effect immediately to the proposal to substitute Basic crafts in the place of the present Manual Training classes in Training Schools. For one thing, the Manual Training staff in the Training schools should be retrained for a period of at least 3 months in a special training camp opened for the purpose. This retraining of the manual training staff cannot be undertaken now, in view of the fact that a number of teachers on the staff of the existing training schools are going to be trained at Periyanayakanpalayam and Vinayashram on Basic Education lines. I therefore suggest that the question of substitution of Basic crafts in the place of the present Manual training classes may be deferred for the present. The Basic Education Organizer is also of the same opinion.

Secretary, E. & P.H.

I have met a deputation representing all school teachers from the Tanjore District. They have raised the following points:

(1). On what basis and when the craft allowance will be given;

(2). Whether the women teachers who know sewing, needle-work and music will be entitled to craft allowance.

It is the desire of the Government that the teachers qualify themselves for craft and get the craft allowance as soon as possible. A test of reasonable efficiency in spinning and carding, if possessed by teachers, those teachers may be immediately ~~given Rs.3 as craft allowance and if they know the craft it well, they may even be given the whole amount~~ the craft allowance of Rs.5. may be paid to them. Such of those who produce certificates from associations like the A.I.S.A. or the Ramakrishna Vidyalaya or other institutions with some status, may be recognised as qualified and craft allowance given. This may be arranged for immediately.

Music teachers and others who know needle work may also be given the craft allowance as Music is also a craft which the women teachers learn in addition to their training.

The D.P.I. may be consulted immediately over this matter and he may be asked to formulate proposals in this regard.

Please see herewith a ~~representation~~ a syllabus for the craft of spinning which has been submitted to me by the Headmaster of the Gandhi Training School, Periyanaikanpalaiyam. It consists of two parts, Spinning entrance and Spinning final. Now that we have made training in a craft essential for all teachers in pursuance of our policy of introducing basic education in all our schools, it is necessary to provide for craft teachers in all our schools. Proposals may be invited from the D.P.I. in the matter. ~~Now~~ I understand, manual training has been introduced in most of the training schools. In view ~~of teaching well in one craft~~ of introduction of a craft, the manual training ~~schools~~ may not be necessary as they exist today. They may be converted into craft sections. The main craft must be spinning, weaving, printing and dyeing. We must also provide for agriculture. Any other crafts to suit local conditions may also be introduced. The D.P.I. may be asked to go through the latest syllabus of the basic education so that his proposals may be in accordance with the suggestions made in it.

Now that we have made up our minds to introduce basic education in our schools and have given inducement for all our teachers to learn some basic craft, it is necessary that we should provide opportunities for them for learning this craft. A scheme for the craft itself has been already sent to the office for getting the opinion of the D.P.I. I hope his opinion would have been received by this time. Draft orders may be put up in this regard.

p 2 ante
sent to D.P.I.

To enable the teachers to learn craft, ~~I think~~ we should provide for training camps in which to train them up. The syllabus for the camps may be the syllabus that we have already put up. The camp may last for one month. Even recognised non-official agencies like the A.I.S.A. and the various Ashrams may be used for teaching this craft. The camp may be for a period of one month and may have a strength of about 50. The craft expenses for the camp may be about Rs.100, i.e. not exceeding Rs.2 for an individual. That means the normal camp strength may not be above 50 and the expenses over Rs.100. Those who come and study in the camp may themselves meet the boarding expenses. We may have to open four camps per district. That may come to nearly 100 camps enabling the training of about 5,000 teachers. The Thaklis and Charkas and other individual equipments will have to be provided for by the trainees themselves and the other common equipments like carding etc. will be provided by the camps. The Craft instructor may be paid Rs 50/-

25 + 4
C
100 × 50 = 5000

While the D.P.I. may, in consultation with the District officers organise the camps during the summer recess, a note for the Standing Finance Committee may be prepared and submitted immediately. It will not be necessary to vote a separate contribution for the camps. These expenses may well be met by reappropriation from the funds allotted to training schools as craft also forms part of the training for all our teachers.

To the Assistant Development Commissioner (Sri R.Vinayagam Pillai).

You know that the Government have provided an allowance of Rs 5/- for craft for all elementary and secondary grade teachers. The Government want that training camps for this craft must be conducted in this summer in all Districts so that the teachers can be trained and brought in a line with Basic Education. It is proposed to train about 5,000 men in 100 centres. I shall be glad if you will kindly undertake this training and give me your estimate and requirements to run these camps to enable this Department to provide the necessary funds.

15918

I understand that in many parts of the country institutions like the A.I.S.A. and ashrams like the Gandhi Ashram, Kallupatti, Gandhi Ashram, Moongiladi, Chidambaram and Vedaranyam, have already trained some teachers in spinning and given certificates. These certificates also, I think, may be recognized as proper training in spinning. I shall be glad if you can kindly gather the list of ashrams in Andhra, Tamilnad & Malabar that have given such training which can be recognized for this purpose.

The proposal is to open training camps, to enable teachers to learn crafts like spinning, weaving, printing and dyeing with provision for agricultural courses and other crafts suitable for local conditions. This is proposed in view of the fact that the Govt have now decided to introduce basic education in the schools and have given some inducement for the teachers to learn some basic craft. H M (Edn) has referred in this connection to the existence of institutions like the A I S. A and ashrams like the Gandhi Ashram etc which have already trained some teachers in spinning and given certificates

The taklis and charkas and other individual equipments are stated to be provided by the trainees themselves while common equipment like carding etc will be provided by the camps; it is also necessary to have an instructor on Rs 50 for each camp.

3/ E&PH point out that though the DPI has only submitted proposals for converting 34 elementary schools in Coimbatore belt area into basic schools (separate file) (it can be arranged that a larger number teachers as now proposed by H M may be trained in camps and sent back to ordinary elementary schools and allowed to work there till such time as the schools are converted into basic schools.

E&PH accordingly propose to ask the DPI to submit detailed proposals on the lines of H M (Edn's) minute on pages 1, 3 5 & 7 and ask for an estimate of cost involved. Please see the D.P.I.'s D.O. on pp 7-8 c.f. The proposals ~~raised~~ in the file are noted on below:-

1. Craft allowance:-

The intention of the Government is to grant a Craft allowance of Rs 5/- to teachers ~~of~~ the Higher Elementary and Secondary ~~in~~ grades in Elementary schools ~~MMDKK~~ under Government and local bodies. The D.P.I. suggests that the Craft allowance should be paid not only to teachers who have undergone a course of training in Spinning but also to teachers who ~~was~~ are qualified in Crafts other than Spinning. He has suggested that 10 subjects may be taken as Crafts for this purpose. For orders whether teachers who are qualified in Spinning or in one or other of the 10 subjects specified by the D.P.I.

Para 1 on pg 9

may be granted the Craft Allowance.

The D.P.I. suggests that to begin with all teachers may be granted an allowance of Rs 2/- from 1-4-47 and given time for 1 year to qualify themselves in a Craft. If the teachers secure the requisite qualification, they will be paid Rs 5/- from 1-4-48; and the allowance of Rs 2/- granted this year will be withdrawn from those teachers who failed to qualify in a Craft. Those teachers who are qualified already in Craft Training may according to the Director be granted the allowance straightaway. The intention of the D.P.I. is apparently that all teachers in aided elementary and Panchayat schools and Lower Grade teachers in schools under local bodies and Government should also be given ~~this~~ the allowance of Rs 2/- in the first instance & Rs 5 from 1.4.48. As explained above this is not the intention of Government. H.M.(Edn.) has separately ~~raised~~ proposed ~~question~~ that teachers in aided elementary schools (i.e. Higher Ely. and Secondary grade) should also be granted a Craft allowance of Rs 5/-. It was estimated that the proposal would entail an addl. expenditure of Rs 30 lakhs. The matter is to be placed before the Standing Finance Committee. For orders:-

(i) whether the suggestion of the D.P.I. to grant the allowance of Rs 2/- to teachers in 1947-48 and of Rs 5/- to qualified teachers from 1-4-48 may be accepted;

and (ii) whether the allowances of Rs 2/- and 5/- should be granted only to Higher Elementary and Secondary Grade teachers in schools under Government and Local Bodies (which is the intention of the Government) or whether the allowances may be granted to all teachers as proposed by the D.P.I. in advance of the decision ~~should~~ to be taken by the Standing Finance Committee and the Cabinet ~~and~~ on the proposals at P above.

There is no justification for granting any portion of the allowance in advance of the qualification being acquired.

2. Entrance and final courses in Spinning:

Under H.M.'s orders the syllabuses drafted by the Headmaster, Gandhi Training School, Periyanaickenpalayam, were forwarded to the D.P.I. and he was asked to submit proposals for organising the course. The D.P.I. now reports that no Government Examinations in Spinning either for the entrance syllabus or for final syllabus ~~as~~ are at present conducted. From the D.P.I's letter it appears that he does not intend that special courses should be organised for spinning

by Government ~~in this regard~~. He suggests that the certificates issued by the All India Spinner's Association or Reg. any other institutions may be accepted. H.M. has already agreed that teachers who produce certificates from these Associations may be granted a Craft Allowance. In the circumstances the need for the Government opening these courses does not arise. For orders whether the D.P.I.'s views ~~may~~ will be ~~concurred in~~ accepted.

4. Organising Camps for giving Craft Training to Teachers

The intention of H.M. is to organise 100 camps for training 5000 teachers for 1 month during the vacation (50 teachers in each camp). He has addressed ~~the matter to~~ the Assistant Development Commissioner in the matter asking him to undertake the training. The D.P.I. considers that the training should be organised by Teacher's Associations and Unions. He has already issued instructions in the matter. In the circumstances it is for orders whether the action taken by him may be approved. The D.P.I. may be consulted as to the expenditure that will be involved in running the camps. On receipt of this reply further action may be taken to provide the necessary funds.

Four points are raised in this file.

1. H.M. has noted that Craft allowance should be given to teachers who are qualified in spinning. The D.P.I. has listed out 10 other subjects and recommends that teachers who are qualified in any of these subjects should also be granted a Craft allowance. Finance have agreed. For orders whether this recommendation may be accepted. [The Craft Allowance is to be granted to Secondary and Higher Elementary Grade teachers in Ely. schools under Govt. or local bodies. Such of these teachers who are at present qualified to receive the Craft Allowance may get the allowance from 1-1-47 i.e., the date on which the revised scales of pay will come into force. In the case of Aided Elementary Schools the teachers are not at present eligible for Craft Allowance. The question whether the Secondary and Higher Elementary Grade teachers in these schools may ~~should~~ also be granted a Craft allowance has been raised separately.]

Para 1 on p 14 ante

J 11 cf

2. The D.P.I. proposes that all teachers in all

11244-B2

schools may be granted an allowance of Rs 2/- to begin with, and given time to secure the qualification necessary for getting the Craft allowance. According to the D.P.I. the full allowance of Rs 5/- may be granted as soon as the teachers get themselves qualified. Secretary has recorded the view that the proposal of the D.P.I. need not be accepted. and that the allowance may be paid ~~from~~ after the teachers secure the requisite qualification For orders whether the proposal of the D.P.I. may be vetoed. [Secondary and Higher Elementary Grade teachers in schools under Government and Local Bodies ~~would~~ will be eligible for the craft allowance from 1-1-47 or from the date ~~from~~ on which they get themselves qualified.]

Cor p 9 c.f.

p 12 c.f.

~~Finance have~~ agreed with this view. p 14

3. The D.P.I. was asked to submit proposals for organising entrance and final courses in Spinning. The D.P.I. holds the view that ~~the~~ special courses need not be organised for Spinning and that it would be sufficient if the certificates issued by the A.I.S.A. ~~xxx~~ or by any other institution of similar status is accepted.

4. The Director has taken action to organise short courses of training for teachers in Spinning during this vacation. The scheme is explained in his D.O. on pp 7-8 c.f. The extra cost resulting from the proposal has not been worked out yet. The D.P.I. may be asked to report in due course the ~~cost of~~ extra expenditure involved on the organisation of the courses so that action may be taken for the provision of necessary funds.

Roc.No.2404 B1/(2)/51 dated 15-12-1951.

Sir,

Sub: Craft qualifications - Scout Training of teachers etc. as a craft qualification - Proposal to withdraw the concession - Submitted.

(R) pp 22-23 cf

Ref: G.Os.No.1062 Edn., dated 21-5-1947; Ms.No.2392 Edn., dated 22-7-1949 and Ms.No.3961 Edn., dated 21-12-1949. (V) (D) N 7-8

At the meeting of the N.C.C.State Advisory Board, the State Commissioner of the Bharat Scout Association and Guides stated that it was not the Scout Association that desired Scout Training to be treated as the equivalent of craft qualification. No such recommendations were made to Government at any time by my office also. From a perusal of para (1) of G.O.Ms.No.1062 Edn., dated 21-5-1947, it is to be inferred that the question should have been raised by some one. On enquiry I learn that the "United Board of Scouts and Guides" on one occasion tabled a motion to the effect that the Board should strongly support the suggestion made by the Boys' Scouts Association, that Government should recognise Scout Training as qualifying for craft allowance. This motion apparently was carried and submitted to Government for consideration. It was later accepted by the Government and embodied in their order Ms.No.1062 Edn., dated 21-5-1947.

2 However, I too hold the view that Scouting should not be included as one of the craft qualifications and **recommend** to the Government that the training of teachers in scouting and other allied subjects such as Blue Birds etc. etc. may not be recognised any more as a craft qualification and that the concession may be withdrawn accordingly with effect from the 1st January 1952 i.e. scout certificates issued after that date may not be recognised for purpose of craft qualification.

3 I request early orders of the Government in the matter.

Yours faithfully,

for Director of Public Instruction.

Though in April 1947, I did not favour the recognition of "Scouting" as a craft qualification, Government in order to encourage scout-training, accepted that training as sufficient for purposes of craft qualifications and issued orders accordingly in their order No. 1062 Education, dated 21-5-1947. On the strength of these orders and considering that the training received by teachers in 'Scouting' is adequate, I have recommended to the Government for the recognition of this subject as a craft qualification in my letters No.436 B1/47 dated 14-10-1948 and 7-11-1949, which was accepted by the Government.

pp. 1-2 ante

My latest recommendation to the Government to withdraw the above concession from future trainees is based on the suggestion of the Vice-Chancellor. The objection was, that a voluntary movement like 'Scouting' cannot succeed if those who not are taking to it, do so merely to acquire a qualification for earning an increment in the scale of pay and for the sake of the movement. ~~and.~~ It is noticed that a No. of those who undergo this training, do not actually organise troops or actively participate in scouting after training. This, in the opinion of the Vice-chancellor, is not good for scouting. I concur with this view.

However, as the acquisition of craft qualifications for earning increments in the scales of pay is now compulsory and as the Scout Association has also passed a resolution recently requesting that the craft allowance may be granted to the future trainees, the present practice of recognising certain scout and cub training certificates for that purpose, may continue, though I feel that it is demeaning to the spirit of scouting to consider those certificates as a means of earning increments in the time scales of pay. Junior Red-Cross certificates continue to be recognised for craft qualifications and hence the same concession may be continued for the scout training also.

P

Yours faithfully,

for Director of Public Instruction.
