Grant @ Lucknow and Allahabad Universities - For the development of libraries and Laboratories.

Sir,

Sir,

With reference to your letter No.1032-G3/47-I.P.H., dated the 23rd January, 1947, I am directed to say that the press message quoted by you is misleading. The Government of India have not sanctioned a sum of Rs.5 lakhs for the development of libraries and laboratories of the Universities of Lucknow, Allahabad etc. In October, 1946, the Government of the United Provinces, however, sent to the Development Board of the Government of India, a scheme for 'Grants to Educational institutions to improve libraries and laboratories' as part of their interim period programme for post-war development. The scheme has been approved with certain modifications and placed under "A" category.

It is open to the Government of Madras to frame similar schemes and send them to the Development Board for approval. Every scheme is

judged on its merits.

I have the honour to be,
Sir,
Your most obedient servant,

Chaitanya

Dated Lucknow, April 10, 1947.

SIR,

Education (A) }
DEPARTMENT

With reference to your letter No. 1032/G3-47-2-Edn., dated March 17, 1947, I am directed to say that as, during the last war, the libraries and laboratories of educational institutions of the province suffered greatly for lack of funds, the provincial Government requested the Central Government to sanction a new Post-War Development Scheme, classified as 'A', for giving assistance to educational institutions for the development of their libraries and laboratories, and to include the same in the interim plan for the period ending March 31, 1947. The Central Government accepted the proposal and accordingly sanctioned a subsidy of Rs. five lakhs non-recurring for payment, as grants to aided educational institutions, as detailed below, in the year 1946-47 :-

INSTITUTION	GRANT FOR	
	Libraries	Laboratories.
(1). University of Allahabad.	Rs. 50,000	Rs. 60,000
(2). University of Lucknow.	30,000	40,000

Please see herewith a cutting from the Indian Express. I wonder how the Government of India are making grants as mentioned in it for schools and colleges and if so, whether it will not be possible for us to get these grants. The necessary enquiries may be made in the Central Secretariat and reported to us.

institutions to improve libraries and laboratories" outside the scheme of post-war interim grants and that an advance grant was made as ~~which has been made for~~ available for all any other ^(post-war) Provincial schemes approved by the Govt of India as ^{an} interim scheme ~~was sanctioned for that scheme~~. There is however no objection to ~~the~~ asking for a special grant for a similar scheme in this Province. If the Govt. of India do not agree to make a special grant, the question of ^{creating} ~~including~~ the scheme as a post-war scheme for introduction in 1948-9 or subsequent year may then be considered.

It does not seem necessary to ~~have~~ have the scheme included in the 1947-8 programme of post-war schemes, as ~~the~~ in view of the Govt. of India's grant being smaller than the estimated expenditure for that year, it is separately proposed to curtail the programme and ~~reduce~~ ^{reduce} the total cost in that year.

'A' above

There is very little chance of ^{for} setting a special grant from the Central Govt. outside the 'block' grant for p.w. devt. schemes, as the G.O.I. have said that even grants for G.M.F. schemes should come out of the 'block' grant.

A scheme for the improvement of libraries in the province is separately under consideration and the S.P. & Dept. propose to introduce legislation for the purpose. In the present case, grants to universities for libraries as well as laboratories are contemplated. In view of 'B' above, the expense on this will have to be met from P.W. revenues, as the p.w. devt. schemes already

exceeds the 'block' grant of Rs. 6.25 crore provided by the G.O.I. even without taking account of G.M.F. schemes. The P.W. 1947-8 anticipates a deficit of Rs. 149 lakhs. This deficit will be met by expenditure on G.M.F. schemes (Agri & Indus) under the five year plan for which no provision has been made in the budget. The financial position in the next few years is not likely to improve very much in view of the loss of revenue due to the introduction of prohibition and addl. expense on p.w. devt. schemes, unless addl. revenue on a large scale is realised by ^{prol} taxation or central grants (by distribution of a share of Excise duties etc). In the circumstances, it is ~~essential~~ ^{necessary} to restrict new schemes to those that are really ^{essential} ~~essential~~. The S.P. & Dept. may be requested to consider whether the scheme in the present case is essential and if so to ask the S.P. to submit proposals for consideration as a post-war scheme for 1948-9 so that the scheme may take its chance along with other new schemes with reference to the availability of funds and relative urgency. The scheme is not urgent as to justify its introduction in the current year.

Post-war development scheme - Class A - is mainly a scheme eligible for advance grants. The grants will not be in addition to the block grants for P.W.R. schemes. There is no particular advantage in adding to our list of P.W. schemes as we are considering the contents of our 5 year Plan as a whole to bring the cost down to what is likely to be available after taking into account block grants from the Centre. For orders whether this department may agree with the remarks of the Finance Deptt. at A on p. 7 ante, and if so, the D.P.I. be asked to treat this as a Part II Scheme for 1948-49 and submit proposals therefor in time in August 1947. May be circulated to H.M. (Edn.). As no grant

from G.P. will be available for the scheme in this file and as the exm has to be met in full from Provincial funds, it is proposed the D.P.I. may be asked to submit the proposal as a Part II scheme for 1948-49. Subject to orders. The revised draft memo below is for approval.

The scheme was proposed as it was thought it would be financed from the Govt. of India. Now it is certain that such grants are not forthcoming; it is for consideration whether the scheme should be pushed through as an independent one for being treated as a Part II scheme for 1948-49.
