recently stated that the question will be considered ^{when} after the stores go
back to their original place in the First Line Beach ^{and resume work under normal conditions} (The Superintendent
of Stationery stated in that connection that the financial aspect of the
retention of those posts can be gauged correctly only after the stores
go back to their original place and resume working under normal conditions.)
Hence the posts may be continued for a further period of one year from
1-6-47.
