(2) ~~The University has fixed 14 hours of lecturing work per week for a member of the staff in a college. This excludes the time spent on correction of exercise or essays or the supervision of translation work or practical work in laboratories. Applying this rule, there is work in the English Dept. for ~~only~~ the existing staff of ~~2 Lecturers & 2 Asst. Lecturers~~, the tutors being assigned the composition and other miscellaneous work. There seems to be no justification for the employment of any addl. staff.~~

Govt. Victoria College. Palghat.

Chemistry Dept.

There are 1 Lecturer, 3 Asst Lecturers and 6 Demonstrators and they have 31 hours of lecturing work, 36 hours of practical work and 940 note books to be corrected. The proposal is for the employment of an addl Asst Lecturer.

Remark. Even granting the Director's statement that there is an increase of 8 hours of work besides 40 more note books to be corrected, there seems to be no justification for the addl staff, asked for.

(a) Whether selection Committees have been constituted to regulate admission into Government Colleges in the Province;

(b) if the selection committees do not exist and if Principals have been empowered to make admissions, whether any specific instructions have been issued to regulate admissions either on grounds of merit or communities or both;

(d) who is the authority competent to alter those instructions and scrutinise if they are being properly carried out; and

(e) whether the Government have under consideration any fresh proposals for regulating admissions into their colleges?

ANSWER.

(a) There are at present no selection committees to regulate admission into Government Colleges. The question is under consideration.

In connection with admissions to the Engineering Colleges and Medical Colleges in 1946-47, the Government directed that provisionally for this year, 20 percent of the total number of seats should be filled by students selected on merit, and that 80 percent should be regulated by the orders in the G.Os. referred to.

(d) In respect of admissions into Engineering Colleges, the Director of Public Instruction submits to Government every year a report so that the Government may satisfy themselves that the instructions issued by them are observed. Such reports are not being received in respect of the Arts Colleges. But, of course, any complaints in the matter will be gone into by Government.
